

OFFICIAL STATEMENT DATED AUGUST 17, 2005

NEW ISSUE, BOOK-ENTRY ONLY

Moody's Rating: Aaa (Underlying Aa2)
(See "Other Certificate Information—Rating.")

In the opinion of Orrick, Herrington & Sutcliffe LLP, Certificate Counsel, based upon an analysis of existing laws, regulations, rulings, and court decisions and assuming, among other matters, compliance with certain covenants, interest represented by the Certificates is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended. In the further opinion of Certificate Counsel, interest represented by the Certificates is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Certificate Counsel observes that such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. Certificate Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of the interest represented by, the Certificates. See "Tax Matters" herein.

\$16,615,000

STATE OF WASHINGTON

CERTIFICATES OF PARTICIPATION, SERIES 2005D

**Evidencing and Representing Undivided Proportionate Interests
of the Owners Thereof
in Base Rent Payments to be Made by the State of Washington
Pursuant to the Master Financing Lease**

**DATED: DATE OF INITIAL DELIVERY
(EXPECTED TO BE SEPTEMBER 1, 2005)**

DUE: JULY 1, AS SHOWN ON PAGE i HEREOF

The State of Washington Certificates of Participation, Series 2005D (the "Certificates"), will be executed and delivered in fully registered form and, when executed and delivered, will be registered initially in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the Certificates. Individual purchases of the Certificates will be made in book-entry form only, in denominations of \$5,000 and any integral multiple thereof. Purchasers will not receive certificates representing their beneficial ownership interests in the Certificates purchased, except as described herein.

The interest evidenced and represented by the Certificates is payable semiannually on each January 1 and July 1, beginning on July 1, 2006. Principal and interest evidenced and represented by the Certificates is payable directly to DTC by The Bank of New York, as Fiscal Agent for the Certificates (the "Fiscal Agent"). Upon receipt of payments of principal and interest represented by the Certificates, DTC in turn is obligated to remit such payments to the DTC Participants (as described herein) for subsequent disbursement to the purchasers of beneficial ownership interests in the Certificates.

The Certificates are subject to optional prepayment prior to their respective Principal Payment Dates. In addition, the Certificates are subject to extraordinary mandatory prepayment and may be subject to mandatory sinking fund prepayment prior to their respective Principal Payment Dates if Term Certificates are specified. See "The Certificates—Prepayment."

The Certificates are being executed and delivered to finance and/or refinance the acquisition or construction of certain real property for the benefit of certain State Agencies and Local Agencies (collectively, the "Agencies") and to fund issuance costs with respect to the Certificates. The Certificates are being executed and delivered by the Fiscal Agent pursuant to a Trust Agreement among the Fiscal Agent, the State Treasurer and the Washington Finance Officers Association (the "Corporation"), a Washington non-profit corporation. The Certificates represent undivided proportionate interests in Base Rent Payments to be made by the State of Washington (the "state") under the Master Financing Lease between the Corporation and the state.

Except as otherwise described herein, Base Rent Payments due from the state under the Master Financing Lease are payable from Agency Rent Payments to be made pursuant to the Financing Leases, each between the state and the applicable Agency. In the event that the Local Agency fails to make any payment due under its Financing Lease, the State Treasurer is obligated to withhold an amount sufficient to make such payment from the Local Agency's share, if any, of state revenues or other amounts authorized or required by law to be distributed by the state to the Local Agency, if otherwise legally permissible. Upon the failure of the Local Agency to make any Agency Rent Payment, the State Treasurer is further obligated, to the extent of legally available appropriated funds and subject to any Executive Order reduction, to make such payment on behalf of the Local Agency.

THE MASTER FINANCING LEASE, INCLUDING THE RELATED STATE AGENCY FINANCING LEASE ADDENDA, CONSTITUTES A SPECIAL LIMITED OBLIGATION OF THE STATE PAYABLE SOLELY FROM THE SOURCES AND SUBJECT TO THE LIMITATIONS SET FORTH THEREIN. NONE OF THE BASE RENT PAYMENTS, AGENCY RENT PAYMENTS NOR THE CERTIFICATES CONSTITUTE OR REPRESENT DEBT OR GENERAL OBLIGATIONS OF THE STATE OR ANY STATE AGENCY, AND NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER OF THE STATE OR ANY STATE AGENCY IS PLEDGED TO THE PAYMENT OF ANY SUCH PAYMENTS OF THE PRINCIPAL OR INTEREST EVIDENCED AND REPRESENTED BY THE CERTIFICATES. THE STATE WILL NOT BE OBLIGATED TO PAY THE SAME EXCEPT FROM AGENCY RENT PAYMENTS AND OTHER AMOUNTS AS PROVIDED IN THE MASTER FINANCING LEASE. PAYMENTS BY THE STATE TREASURER OF ANY AGENCY RENT PAYMENTS ON BEHALF OF A LOCAL AGENCY AND PAYMENTS BY A STATE AGENCY OF ITS AGENCY RENT PAYMENTS ARE SUBJECT TO APPROPRIATION BY THE STATE LEGISLATURE AND EXECUTIVE ORDER REDUCTION BY THE GOVERNOR. A DETERMINATION BY THE STATE LEGISLATURE NOT TO APPROPRIATE, OR ANY EXECUTIVE ORDER REDUCTION BY THE GOVERNOR, WOULD NOT CONSTITUTE AN EVENT OF DEFAULT UNDER THE TRUST AGREEMENT, THE MASTER FINANCING LEASE OR ANY STATE AGENCY FINANCING LEASE ADDENDA.

Payment of the principal of and interest on the Certificates when due will be insured by a municipal bond insurance policy to be issued simultaneously with the delivery of the Certificates by XL Capital Assurance Inc.

This cover page contains certain information for quick reference only, and is not a summary of this issue. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision.

The Certificates are offered when, as and if executed and delivered, and are subject to receipt of the legal opinion of Orrick, Herrington & Sutcliffe LLP, Seattle, Washington, Certificate Counsel to the state, and certain other conditions. It is expected that the Certificates will be available for delivery through the facilities of DTC in New York, New York, or to the Fiscal Agent on behalf of DTC by Fast Automated Securities Transfer on or about September 1, 2005.

No dealer, broker, sales representative, or other person has been authorized to give any information or make any representations other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the state. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Certificates by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. The information set forth herein has been obtained from sources which are believed to be current and reliable but is not guaranteed as to its accuracy or completeness. The statements and information herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale of the securities offered hereby shall under any circumstances create an implication that there has been no change in the affairs of the state of Washington, or any other party described herein, since the date hereof. Neither this Official Statement nor any statement made herein is to be construed as a contract with the purchasers of any of the Certificates.

XL Capital Assurance Inc. (the “Insurer”) accepts no responsibility for the accuracy or completeness of this Official Statement or any other information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding the Insurer and its affiliates set forth under the heading “Other Certificate Information—Insurance.” In addition, the Insurer makes no representation regarding the Certificates or the advisability of investing in the Certificates.

Certain statements included or incorporated by reference in this Official Statement, including but not limited to Appendix A, constitute “forward looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as “plan,” “expect,” “forecast,” “estimate,” “budget,” or other similar words. The achievement of certain results or other expectations contained in such forward looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward looking statements. The state does not plan to issue any updates or revisions to those forward looking statements if or when its expectations or events, conditions or circumstances on which such statements are based occur.

*Information set forth in this summary is qualified by the entire Official Statement.
A full review of the entire Official Statement should be made by potential investors.*

SUMMARY DESCRIPTION OF THE CERTIFICATES

Certificates:	The State of Washington Certificates of Participation, Series 2005D, represent undivided proportionate interests in Base Rent Payments to be made by the State of Washington (the “state”) pursuant to the Master Financing Lease between the Washington Finance Officers Association (the “Corporation”), which is a Washington nonprofit corporation, and the state. The Certificates are dated their date of initial delivery, which is expected to be September 1, 2005.
Interest Payments:	The interest component of Base Rent Payments is payable semiannually on each January 1 and July 1, beginning on July 1, 2006.
Principal Payments:	The Principal Component of Base Rent Payments is payable annually on July 1, beginning July 1, 2006, through and including July 1, 2025.
Prepayment:	The Certificates are subject to optional and extraordinary mandatory prepayment prior to their respective Principal Payment Dates. See “The Certificates—Prepayment.”
Form of Certificates:	The Certificates will be executed and delivered in fully registered, book-entry only form in denominations of \$5,000 or any integral multiple thereof.
Fiscal Agent:	The Bank of New York will act as Fiscal Agent for the Certificates (the “Fiscal Agent”). Payments of principal and interest represented by the Certificates will be paid to the Fiscal Agent which in turn will be obligated to remit such payments to the Depository Trust Company (“DTC”). DTC will be obligated to remit payments to its Participants, who in turn will be obligated to remit such payments to the beneficial owners in accordance with the operational arrangements then in effect at DTC.
Security:	Except as otherwise described herein, Base Rent Payments due from the state under the Master Financing Lease are payable from Agency Rent Payments to be made pursuant to the Financing Leases each between the state and the Agency. The obligation of each State Agency to make its Agency Rent Payments is subject to appropriation by the State Legislature and Executive Order reduction by the Governor. The State shall not be obligated to pay the Base Rent Payments allocable to State Agencies other than from appropriated funds of the respective State Agencies. Payment of the Agency Rent Payments of the Local Agency is secured by the full faith and credit of the Local Agency. In the event that the Local Agency fails to make any payment due under its Financing Lease the State Treasurer is obligated to withhold an amount sufficient to make such payment from the Local Agency’s share, if any, of state revenues or other amounts authorized or required by law to be distributed by the state to the Local Agency, if otherwise legally permissible. Upon the failure of the Local Agency to make any Agency Rent Payment the State Treasurer is further obligated, to the extent

of legally available appropriated funds and subject to any Executive Order reduction, to make such payment on behalf of the Local Agency.

THE MASTER FINANCING LEASE, INCLUDING THE RELATED STATE AGENCY FINANCING LEASE ADDENDA, CONSTITUTES A SPECIAL LIMITED OBLIGATION OF THE STATE PAYABLE SOLELY FROM THE SOURCES AND SUBJECT TO THE LIMITATIONS SET FORTH THEREIN. NONE OF THE BASE RENT PAYMENTS, AGENCY RENT PAYMENTS NOR THE CERTIFICATES CONSTITUTE OR REPRESENT DEBT OR GENERAL OBLIGATIONS OF THE STATE OR ANY STATE AGENCY, AND NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER OF THE STATE OR ANY STATE AGENCY IS PLEDGED TO THE PAYMENT OF ANY SUCH PAYMENTS OF THE PRINCIPAL OR INTEREST EVIDENCED AND REPRESENTED BY THE CERTIFICATES. THE STATE WILL NOT BE OBLIGATED TO PAY THE SAME EXCEPT FROM AGENCY RENT PAYMENTS AND OTHER AMOUNTS AS PROVIDED IN THE MASTER FINANCING LEASE. PAYMENTS BY THE STATE TREASURER OF ANY AGENCY RENT PAYMENTS ON BEHALF OF A LOCAL AGENCY AND PAYMENTS BY A STATE AGENCY OF ITS AGENCY RENT PAYMENTS ARE SUBJECT TO APPROPRIATION BY THE STATE LEGISLATURE AND EXECUTIVE ORDER REDUCTION BY THE GOVERNOR. A DETERMINATION BY THE STATE LEGISLATURE NOT TO APPROPRIATE, OR ANY EXECUTIVE ORDER REDUCTION BY THE GOVERNOR, WOULD NOT CONSTITUTE AN EVENT OF DEFAULT UNDER THE TRUST AGREEMENT, THE MASTER FINANCING LEASE OR ANY STATE AGENCY FINANCING LEASE ADDENDA.

The Corporation has assigned and transferred to the Fiscal Agent all of its right, title and interest in, to and under the Master Financing Lease, the Site Leases, the Financing Leases, and the Property pursuant to a Master Assignment between the Corporation and the Fiscal Agent.

- Purpose: The Certificates are being executed and delivered to finance and/or refinance the acquisition and construction of certain real property for the benefit of the Agencies and to fund issuance costs with respect to the Certificates. See “The Projects and Participating Agencies” and “Sources and Uses of Funds.”
- Legal Opinion: The Certificates are offered when, as and if executed and delivered, subject to the approving legal opinion of Orrick, Herrington & Sutcliffe LLP, Seattle, Washington, Certificate Counsel, and certain other conditions. The proposed form of such opinion is set forth in Appendix C.
- Certificate Ratings: The Certificates have been rated “Aaa” (underlying “Aa2”) by Moody’s Investors Service. See “Other Certificate Information—Rating.”
- Continuing Disclosure: The state will enter into an undertaking for the benefit of the holders of the Certificates to provide certain financial information and operating data to certain information repositories annually and to provide notice to each of those repositories or to the Municipal Securities Rulemaking Board and to a state information depository for the state, if one is created, of certain events pursuant to the requirements of Section (b)(5)(i) of Securities and Exchange Commission Rule 15c2-12 (the “Rule”). See “Continuing Disclosure Undertaking.”

OFFICIAL STATEMENT

\$16,615,000

STATE OF WASHINGTON

CERTIFICATES OF PARTICIPATION, SERIES 2005D

Evidencing and Representing Undivided Proportionate Interests of the Owners Thereof in Base Rent Payments to be Made by the State of Washington Pursuant to the Master Financing Lease

INTRODUCTION

This Official Statement, including the cover hereof and the appendices hereto, was prepared to provide certain information relating to the sale and delivery by the State of Washington (the “state”) of the above-captioned certificates of participation (the “Certificates”). Capitalized terms used herein, if not specifically defined, are used as defined in Appendix I to the Trust Agreement, referred to below.

The proceeds of the Certificates will be used to finance and/or refinance the acquisition or construction of certain real property (the “Projects”) for the benefit of the State Board for Community and Technical Colleges (acting for and on behalf of Green River Community College, Columbia Basin College and Tacoma Community College (together, the “Colleges”)) and the State Department of Transportation (together with the State Board for Community and Technical Colleges, the “State Agencies”), and Adams County (the “Local Agency” and together with the State Agencies, the “Agencies”) and to fund issuance costs with respect to the Certificates.

The Certificates are being executed and delivered by the Fiscal Agent pursuant to a Trust Agreement with respect to the Certificates (the “Trust Agreement”), dated as of the Dated Date, among the Fiscal Agent, the State Treasurer and the Washington Finance Officers Association (the “Corporation”), a Washington nonprofit corporation. The Certificates represent undivided proportionate interests in Base Rent Payments to be made under a Master Financing Lease (the “Master Financing Lease”) dated as of the Dated Date, between the Corporation and the state. The Bank of New York will act as Fiscal Agent for the Certificates (the “Fiscal Agent”).

The respective parcels of the real property on which the respective Projects of the participating Agencies are located (collectively, the “Sites”) are being leased to the Corporation by the respective Agencies pursuant to separate Site Leases, each dated as of the Dated Date (the “Site Leases”), between each such Agency and the Corporation. Pursuant to the Master Financing Lease, the state is leasing the Sites and the Projects thereon (collectively, the “Property”) from the Corporation. The state in turn is subleasing each parcel of Property back to the related Agency pursuant to a separate Local Financing Lease or State Financing Lease Addenda (collectively, the “Financing Leases”), each dated as of the Dated Date, between the state and the respective Agencies. Each Agency will make Agency Rent Payments to the state pursuant to its Financing Lease for the sublease of its respective parcel of the Property.

The Agency Rent Payments payable by the participating Agencies pursuant to the Financing Leases are, in the aggregate, at least equal to the corresponding Base Rent Payments payable by the state pursuant to the Master Financing Lease. Pursuant to the Master Assignment (the “Master Assignment”), dated as of the Dated Date, the Corporation is assigning and transferring to the Fiscal Agent, without recourse, all of its rights to the Sites pursuant to the Site Leases, all of its rights to receive the Base Rent Payments from the state pursuant to the Master Financing Lease, its right to take all actions, exercise all remedies and give all consents under and pursuant to the Site Leases and the Master Financing Lease, and all of its remaining

right, title and interest in, to and under the Site Leases, the Master Financing Lease, the Financing Leases, and the Property. For summaries of the Trust Agreement, the Master Financing Lease, the Financing Leases, the Master Assignment, and the Site Leases, see Appendix B—Definitions and Summary of Certain Legal Documents.

Except as otherwise described herein, Base Rent Payments due from the state under the Master Financing Lease are payable from Agency Rent Payments to be made pursuant to the Financing Leases. The obligation of each State Agency to make its Agency Rent Payments is subject to appropriation by the State Legislature and Executive Order reduction by the Governor. The State shall not be obligated to pay the Base Rent Payments allocable to State Agencies other than from appropriated funds of the respective State Agencies. Payment of the Agency Rent Payments of the Local Agency is secured by the full faith and credit of the Local Agency. In the event that the Local Agency fails to make any payment due under its Financing Lease the State Treasurer is obligated to withhold an amount sufficient to make such payment from the Local Agency's share, if any, of state revenues or other amounts authorized or required by law to be distributed by the state to the Local Agency, if otherwise legally permissible. Upon the failure of the Local Agency to make any Agency Rent Payment the State Treasurer is further obligated, to the extent of legally available appropriated funds and subject to any Executive Order reduction, to make such payment on behalf of the Local Agency.

Numerous state agencies including, in particular, the Office of the State Treasurer, the Department of Revenue, the State Attorney General, the Office of Economic and Revenue Forecast Council, the Department of Retirement Systems, and the Office of Financial Management, have assisted the State Finance Committee (the "Committee") in assembling the information contained herein.

Certain financial information regarding the state has been taken or derived from the audited financial statements and other financial reports of the state. Reference should be made to said audited financial statements and other financial reports, and their accompanying notes, for complete information. Copies thereof are available for inspection at the Office of the State Treasurer upon request.

The summaries and descriptions herein of the Certificates, the Trust Agreement, the Master Financing Lease, the Financing Leases, the Master Assignment, the Site Leases, the Committee's authorizing resolutions, and certain provisions of state law do not purport to be complete and are qualified in their entirety by reference to the complete provisions thereof, copies of which are available for inspection at the Office of the State Treasurer upon request. Any statements herein involving estimates, projections or forecasts are to be construed as such, rather than as statements of fact or representations that such estimates, projections or forecasts will be realized.

State Finance Committee

The Committee is composed of the Governor, Lieutenant Governor and State Treasurer, the latter being designated by law as Chairman. Pursuant to Chapter 3, Laws of 1981 (RCW 43.33.030), the Office of the State Treasurer provides administrative support to the Committee. By statutory provision, the Committee is delegated authority to supervise and control the issuance of all state bonds and approve all financing contracts and certificate of participation issues. A Deputy State Treasurer acts as recording officer for the Committee and is responsible for the administration of its official duties in accordance with prescribed policies of the Committee.

THE CERTIFICATES

Authorization

The state is authorized by chapter 39.94 RCW, as amended (the "Act"), to enter into financing contracts, for the state and its agencies or on behalf of certain local agencies specified in the Act, to acquire real and

personal property to be used by the state or its agencies or such local agencies, and to issue certificates of participation in those contracts. Financing contracts may include, but are not limited to, conditional sales contracts, financing leases, lease purchase contracts, and refinancing contracts that provide for payment by the state over a term of more than one year.

All financing contracts of the state must be approved by the Committee, and financing contracts for the acquisition of real property by the state must receive the prior approval of the State Legislature. The Washington Supreme Court in *State Department of Ecology v. State Finance Committee*, 116 Wn.2d 246, 804 P.2d 1241 (1991), held that a financing contract for the state's Department of Ecology did not create debt within the meaning of Article 8, Section 1, of the Washington State Constitution.

By Resolution No. 987, adopted on October 7, 2003, the Committee authorized and approved the execution and delivery of certificates of participation (including the Certificates) in series from time to time in payments to be made by the state pursuant to (among other things) the Financing Leases. On July 12, 2005, the Committee approved a Finance Plan under which the aggregate principal amount for certificates of participation issued for the state during the 2005-2007 Biennium was set at \$316,500,100 plus financing expenses and required reserves, including certificates expected to be issued to finance acquisition of real estate and equipment for state agencies and local governments.

Pursuant to Chapter 488, Laws of 2005, Regular Session, Section 909-5, the State Legislature authorized the State Board for Community and Technical Colleges to enter into a financing contract on behalf of the Green River Community College (Section 909-5(f)) and Columbia Basin College (Section 909(d)). Pursuant to Chapter 313, Laws of 2005, Regular Session, Section 304-5(a), the State Legislature authorized the Department of Transportation to enter into a financing contract for its project. Further, the State Finance Committee, by Resolution No. 1018 adopted on July 12, 2005, approved the issuance of Certificates for the Department of Transportation project. The Board of Commissioners of Adams County approved the Local Agency Financing Lease, by Resolution No. R-23-05 adopted on April 4, 2005.

General Description

The Certificates represent undivided proportionate interests in Base Rent Payments to be made by the state pursuant to the Master Financing Lease. The Certificates will be dated as of their date of initial delivery. The principal components of Base Rent Payments (the "Principal Components") evidenced and represented by the Certificates will be payable on the dates (each a "Principal Payment Date") and in the amounts as shown on page i of this Official Statement. The Certificates will be executed and delivered as fully registered certificates without coupons in denominations of \$5,000 or any integral multiple thereof.

The interest component of Base Rent Payments will be payable semiannually on January 1 and July 1 of each year (each an "Interest Payment Date" and together with Principal Payment Dates, "Certificate Payment Dates"), beginning on July 1, 2006, at the rates shown on page i of this Official Statement. Such interest will be computed using a 360-day year comprised of twelve 30-day months. The interest component of the Base Rent Payments will be payable to the person whose name appears on the certificate register of the Fiscal Agent as of the close of business on the 15th day of the month immediately preceding the month in which the Interest Payment Date occurs (the "Record Date"), whether or not such day is a business day. Interest is to be paid by check or draft mailed by first class mail on each Interest Payment Date to each Owner at the address as it appears on the certificate register of the Fiscal Agent, or at the request of any Owner of at least \$1,000,000 in aggregate principal amount of Certificates, by wire transfer within the United States of America of immediately available funds to the bank account specified in writing by such Owner to the Fiscal Agent no later than the applicable Record Date.

Payment of the Principal Component or Prepayment Price evidenced and represented by each Certificate is required to be made on the Principal Payment Date upon presentation and surrender thereof at the principal corporate trust office of the Fiscal Agent.

So long as the Depository Trust Company (“DTC”) book-entry system is used for the Certificates, principal and interest represented by the Certificates will be paid to DTC for distribution to its Participants and payment to the beneficial owners of the Certificates. See Appendix E—Book-Entry System.

Prepayment

Optional Prepayment. The Certificates with Principal Payment Dates on and after July 1, 2016, are subject to optional prepayment prior to their respective Principal Payment Dates, beginning July 1, 2015, upon the exercise by the state of its option to prepay the Principal Components evidenced and represented by those Certificates, at par plus accrued interest, if any, evidenced and represented thereby to the Prepayment Date, without premium.

Extraordinary Mandatory Prepayment. The Certificates are subject to prepayment on any date prior to their respective Principal Payment Dates, as a whole, or in part by lot in Authorized Denominations, upon certain governmental takings, loss of title and casualty loss, from amounts deposited in the Prepayment Account in the amount of the Principal Component evidenced and represented thereby being prepaid, plus accrued interest evidenced and represented thereby to the Prepayment Date, without premium.

Selection of Certificates for Prepayment. If the Certificates are in book-entry form at the time of prepayment, and less than all of the Base Rent Payments are being prepaid, the Fiscal Agent will direct DTC to instruct the DTC Participants to select such Certificates for prepayment *pro rata* among all Owners of the Principal Payment Date being prepaid. Neither the state nor the Fiscal Agent will have responsibility to insure that DTC or its participants properly select such Certificates for prepayment. If the Certificates are not then in book-entry form at the time of mandatory prepayment, the Fiscal Agent shall select such Certificates for prepayment, *pro rata* among Owners, to the greatest extent possible, subject to maintaining Authorized Denominations.

Notice of Prepayment. Notice of prepayment is required to be given by the Fiscal Agent not less than thirty (30) nor more than sixty (60) days prior to the Prepayment Date, to the State Treasurer, the Owner of each Certificate affected at the address shown on the Certificate Register on the date such notice is mailed, the Securities Depositories and one or more Information Services. Each notice of prepayment must state the date of such notice, the date of execution and delivery of the Certificates, the Prepayment Date, the Prepayment Prices, the place or places of prepayment (including the name and appropriate address or addresses of the Fiscal Agent), the CUSIP number of the Certificates being prepaid, the source of the funds to be used for such prepayment, the Principal Component due evidenced and represented by the Certificates, the distinctive certificate numbers of the Certificates or portions thereof to be prepaid, the rate or rates of interest evidenced and represented by the Certificates to be prepaid, and the Principal Payment Dates of the Certificates to be prepaid. The notice also must state that the interest evidenced and represented by the Certificates designated for prepayment will cease to accrue from and after such Prepayment Date, and that on said date there will become due and payable with respect to each of the prepaid Certificates the Prepayment Price of the Certificate to be prepaid, and interest, if any, accrued thereon to the Prepayment Date. Such notice will require that such Certificates be then surrendered at the address or addresses of the Fiscal Agent specified in the prepayment notice.

Partial Prepayment. Upon surrender of any Certificate prepaid in part only, the Fiscal Agent is required to provide a replacement Certificate or Certificates evidencing and representing a principal amount equal to the portion of the Principal Component evidenced and represented by such Certificate not prepaid, and deliver it to the Owner thereof. The Certificate so surrendered is required to be cancelled by the Fiscal Agent.

Book-Entry System

The Certificates initially will be delivered under a book-entry only system, registered in the name of Cede & Co., as nominee of DTC, acting as depository for the Certificates. Individual purchases of the Certificates will be made in book-entry form only. Purchasers will not receive certificates representing their beneficial ownership interests in the Certificates. For information about the DTC book-entry system, see Appendix E—Book-Entry System.

Defeasance

If money and/or certain types of securities maturing at such times and bearing interest to be earned thereon in amounts sufficient to prepay the principal and interest evidenced and represented by any or all of the Certificates in accordance with their terms and the terms of the Trust Agreement and the Master Financing Lease are set aside irrevocably in a special trust account to effect such prepayment and are pledged for such purpose, then no further payments are required to be made to pay or secure the payment of such principal and interest evidenced and represented by such Certificates, and such Certificates will be deemed thereafter not to be outstanding. See Appendix B—Definitions and Summary of Certain Legal Documents.

SOURCES AND USES OF FUNDS

Proceeds of the Certificates will be used to acquire or construct certain real property projects for two State Agencies and one Local Agency as described below under “The Projects and Participating Agencies,” to refund the outstanding Certificates of Participation, Series 1996A, dated March 1, 1996, (the “1996A Certificates”), and to fund issuance costs with respect to the Certificates.

The following table shows the sources and uses of funds:

Sources of Funds

Principal Component of Certificates	\$ 16,615,000
Transfers from Prior Issue Debt Service Funds	<u>106,651</u>
Total Sources	<u>\$ 16,721,651</u>

Uses of Funds

Deposit to Project Fund—State Agencies	\$ 10,121,373
Deposit to Project Fund—Local Agency	2,441,360
Deposit to Escrow Account	3,811,243
Net Original Issue Discount	46,349
Estimated Costs of Issuance and Underwriting	<u>301,326</u>
Total Uses	<u>\$ 16,721,651</u>

Refunding Plan

The 1996A Certificates to be refunded are scheduled to mature on the dates and bear interest at the rates set forth below:

<u>Maturity</u>	<u>Principal</u>	<u>Interest Rate</u>
4/1/2006	\$ 375,000	5.35%
4/1/2009*	1,265,000	5.60%
4/1/2016*	2,040,000	6.00%

* Represent Term Certificates, subject to mandatory redemption beginning April 1, 2007, and April 1, 2010, respectively.

Proceeds of the Certificates will be deposited to an escrow account held by The Bank of New York, as Escrow Agent and Fiscal Agent for the 1996A Certificates, and will be invested in direct, noncallable, obligations of the United States of America (“Government Obligations”). Funds deposited to the escrow account will be sufficient, together with interest earnings thereon, to provide for payment of interest on the 1996A Certificates through April 1, 2006, payment of scheduled principal on April 1, 2006, and prepayment of the 1996A Certificates on April 1, 2006, the first optional call date, at a price of par.

Since all payments of principal and interest on the 1996A Certificates will be provided for from moneys and securities on deposit with the Escrow Agent, the liens and covenants of the 1996A Certificates will terminate and be discharged and released.

THE PROJECTS AND PARTICIPATING AGENCIES

State Agencies—State Board for Community and Technical Colleges

The Project. The State Board for Community and Technical Colleges is entering into financing contracts on behalf of three colleges, as described below.

The Green River Community College project consists of the acquisition of a condominium interest in an office building in Kent, Washington. The total cost of the project is approximately \$8,000,000, of which \$4,850,000 will be paid from proceeds of the Certificates and the balance will be paid from other funds of the college. The acquisition was completed in August 2005, and proceeds of the Certificates will be used to reimburse the agency. The term of the financing lease for Green River Community College is 20 years.

The Columbia Basin College (“Columbia Basin”) projects consist of renovation to a student center, at a cost estimated at \$1,500,000, and the refunding of the outstanding 1996A Certificates allocable to Columbia Basin, the proceeds of which financed the construction of a 35,000 square-foot training facility for Columbia Basin on its main campus in Pasco, Franklin County. The Sites of these two projects have been encumbered previously by a certificates of participation financing in 2000, as described below. See “Cross Default with the 2000 Financing Contract.”

The construction contract for the renovation of the student center has been awarded, construction was started in June 2005, and completion is scheduled for September 2005. The term of the financing lease for Columbia Basin is 15 years.

Approximately \$3,800,000 of the proceeds of the Certificates will be used to advance refund all of the outstanding 1996A Certificates, issued on behalf of Columbia Basin and Tacoma Community College. A portion of the proceeds from the 1996A Certificates was used to construct the training facility described above, and a portion of the proceeds for the 1996A Certificates was used to purchase a 13,000 square-foot building and ten acres of land for an instructional facility for Tacoma Community College, in Gig Harbor. The remaining term of the financing lease for Columbia Basin is six years, and the remaining term of the financing lease for Tacoma Community College is 11 years.

The Agency. In 1967, the State Legislature created a system of community colleges in Washington and established a State Board of Community College Education, with members appointed by the Governor representing the state’s eight congressional districts at the time. The State Legislature also established local boards governing individual colleges with board members appointed by the Governor. In 1991, the State Legislature made significant changes to the two-year college system and the title of the board was changed to the State Board for Community and Technical Colleges (the “State Board”).

The State Board’s primary responsibility is to submit single system operating and capital budget requests to the Governor and the State Legislature, to represent the two-year colleges on state-level policy issues, to

allocate funds to the colleges, to provide research and information about the two-year college system, and to provide policy guidance to the colleges.

The State Board office is administered by an executive director, who is appointed by the State Board. Earl Hale was appointed as Executive Director by the State Board in 1987. He previously served as the Deputy Director of the State Board and has been with the agency in a variety of roles since 1970. The State Board's office is located in Olympia and is divided into three divisions: administrative services, educational services and financial services. Three division directors lead the divisions and report directly to the executive director.

Appropriations and full-time equivalent ("FTE") employment for the State Board in the current and prior two biennia are shown below.

<u>Biennium</u>	<u>State Appropriations</u>	<u>FTE Employees</u>
2005-2007	\$1,140,000,000	12,014
2003-2005	1,025,814,000	11,297
2001-2003	1,050,517,000	11,843

The Colleges. Green River Community College is a two-year public college that offers degrees and certificates in academic and professional/technical programs, as well as courses in continuing education and developmental education. The main campus of the college is located on approximately 250 acres in King County, and began its operations at this site in 1965. The college has a core of approximately 135 full-time faculty and 250 part-time faculty. The student population is approximately 9,600 full-time and part-time students.

Columbia Basin College is a two-year comprehensive community college that has served Benton and Franklin Counties since 1955. The College moved to its current campus in 1957 and has since added 17 permanent buildings. The enrollment of the College was more than 7,000 students per quarter in 2005 at two locations: the main campus in Pasco, Washington, and a branch campus in Richland, Washington.

Tacoma Community College is a comprehensive state-supported two-year college serving residents in Tacoma, Pierce County and a portion of the Olympic Peninsula. The main campus of the college is located on approximately 150 acres in Tacoma, and began its operations in 1965. Current enrollment is approximately 4,653 full-time equivalent students, and employment includes 130 full-time and 478 part-time faculty members.

State Agencies—Department of Transportation

The Project. The Department of Transportation project consists of the acquisition of approximately 40 acres of land to be used for future construction of an office building in Thurston County. The purchase price for the land totals \$4,046,373, \$275,000 of which will be paid from agency funds and \$3,771,373 of which will be paid from proceeds of the Certificates. The land acquisition was completed in July 2005, and proceeds of the Certificates will be used to reimburse the agency. The term of the financing lease for the Department of Transportation is 20 years.

The Agency. The Department of Transportation was formed by the State Legislature in 1905 to design, build, operate, and maintain the state and interstate highway systems, State Ferry System, support transit, rail, park and ride lots, special needs transportation, and aviation. The Department of Transportation is responsible for maintaining 12 mountain passes, more than 3,000 bridges, 34 tunnels, 43 safety rest areas, 54 weigh stations, 97,500 acres of roadside land, 42,500 culverts and outfalls, and 33,500 catch basins.

Until June 30, 2005, the seven-member Washington State Transportation Commission was the governing board for the Department of Transportation. As a result of legislation affecting the governance of the

department, the Department of Transportation became a cabinet agency effective July 1, 2005, and Secretary of Transportation Doug MacDonald now serves at the discretion of the Governor. The Department of Transportation continues to work with and in support of the Washington State Transportation Commission on transportation policy and programs for the state.

Appropriations and full-time equivalent (“FTE”) employment for the Department of Transportation in the current and prior two biennia are shown below.

<u>Biennium</u>	<u>State Appropriations</u>	<u>FTE Employees</u>
2005-2007	\$4,625,668,000	7,579.1
2003-2005	3,862,224,000	7,259.0
2001-2003	2,792,484,647	6,677.9

Local Agency—Adams County

The Project. Adams County will enter into a financing lease to provide for renovation of a building to house county services in the city of Othello, Washington. The total cost of the project is estimated to be \$3,800,000, of which approximately \$2,441,360 will be paid from proceeds of the Certificates and approximately \$1,358,640 will be paid by the County. The construction contract is in place, construction started in July 2005, and completion is scheduled for March 2006. The term of the financing lease for Adams County is 20 years.

The Agency. Adams County is located in the southeastern region of the state. The County is organized pursuant to Chapter 36 RCW. The county is the 16th largest of the state’s 39 counties, with a current population of approximately 17,000. The two largest incorporated cities in Adams County are Othello and Ritzville, which serves as the County seat. The County’s economy is primarily agricultural, with wheat the most important crop.

SOURCES OF PAYMENT AND SECURITY FOR THE CERTIFICATES

Base Rent Payments

The Certificates will evidence and represent undivided proportionate interests in the Base Rent Payments payable by the state pursuant to the Master Financing Lease. Pursuant to the Master Financing Lease, the Corporation will lease the Property to the state. In consideration thereof the state is required to make Base Rent Payments to the Fiscal Agent, as assignee of the Corporation, during the term of the Master Financing Lease. Base Rent Payments are composed of Principal Components and/or Interest Components. Base Rent Payments are due on each Certificate Payment Date.

Except as otherwise described below, Base Rent Payments due from the state under the Master Financing Lease are payable solely from Agency Rent Payments to be made by the respective Agencies pursuant to the related Financing Leases. The total of the Agency Rent Payments payable by the participating Agencies on each Agency Rent Payment Date pursuant to the Financing Leases is at least equal to the Base Rent Payments payable by the state pursuant to the Master Financing Lease on the next succeeding Base Rent Payment Date. Agency Rent Payments are due one month prior to the corresponding Base Rent Payment Date.

Pursuant to the Master Assignment, the Corporation is assigning and transferring to the Fiscal Agent, without recourse, all of its rights to receive the Base Rent Payments from the state pursuant to the Master Financing Lease, its right to take all actions, exercise all remedies and give all consents under and pursuant to the Master Financing Lease and all of its remaining right, title and interest in, to and under the Master Financing Lease, the Site Leases and the Financing Leases, and in and to the Property.

State Intercept

In the event that the Local Agency fails to make any Agency Rent Payment due under its Financing Lease, the State Treasurer is obligated pursuant to the Master Financing Lease to withhold an amount sufficient to make such payment from the Local Agency's share, if any, of state revenues or other amounts authorized or required by law to be distributed by the state to the Local Agency, including but not limited to leasehold excise taxes, sales and use taxes, excise taxes, property taxes, and liquor control board receipts; *provided*, that the use of any such revenues or amounts to make such payments is otherwise authorized or permitted by state law. Such withholding will continue until all such payments due under the Local Agency Financing Lease have been made. Amounts withheld by the State Treasurer will be applied to make any such payment due under the Local Agency Financing Lease on behalf of the Local Agency, or to reimburse the State Treasurer for any such payment made by the State Treasurer.

THERE CAN BE NO ASSURANCE AS TO THE AVAILABILITY OF FUNDS FOR INTERCEPT BY THE STATE TREASURER WITH RESPECT TO THE LOCAL AGENCY UPON ITS FAILURE TO MAKE ANY AGENCY RENT PAYMENT PURSUANT TO ITS LOCAL AGENCY FINANCING LEASE.

Conditional State Payment Obligation

Upon the failure of the Local Agency to make any Agency Rent Payment pursuant to its Local Agency Financing Lease, the State Treasurer is obligated, to the extent of legally available appropriated funds and subject to any Executive Order reduction, to make such payment on behalf of the Local Agency within ten (10) Business Days after such Agency Rent Payment was due.

The State Treasurer currently has appropriation authority sufficient to make any such payments that may come due within the current biennium. The State Treasurer has covenanted in the Master Financing Lease to include in its biennial budget all scheduled Agency Rent Payments due during such biennium pursuant to any Local Agency Financing Lease with the Local Agency and to use its best efforts to obtain appropriations by the State Legislature in amounts sufficient to make any such payments.

Limited Obligations of State

THE MASTER FINANCING LEASE AND THE STATE AGENCY FINANCING LEASE ADDENDA CONSTITUTE A SPECIAL, LIMITED OBLIGATION OF THE STATE PAYABLE SOLELY FROM THE SOURCES AND SUBJECT TO THE LIMITATIONS SET FORTH THEREIN. NEITHER THE BASE RENT PAYMENTS NOR THE CERTIFICATES CONSTITUTE OR REPRESENT DEBT OR GENERAL OBLIGATIONS OF THE STATE, AND NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER OF THE STATE IS PLEDGED TO THE PAYMENT OF ANY BASE RENT PAYMENTS OR THE PRINCIPAL OR INTEREST EVIDENCED AND REPRESENTED BY THE CERTIFICATES. THE STATE WILL NOT BE OBLIGATED TO PAY THE SAME EXCEPT FROM AGENCY RENT PAYMENTS AND OTHER AMOUNTS AS PROVIDED IN THE MASTER FINANCING LEASE.

Non-Appropriation and Executive Order Reduction

PAYMENTS BY THE STATE TREASURER OF ANY AGENCY RENT PAYMENTS ON BEHALF OF A LOCAL AGENCY AND PAYMENTS BY A STATE AGENCY OF ITS AGENCY RENT PAYMENTS ARE SUBJECT TO APPROPRIATION BY THE STATE LEGISLATURE AND EXECUTIVE ORDER REDUCTION BY THE GOVERNOR. A DETERMINATION BY THE STATE LEGISLATURE NOT TO APPROPRIATE, OR ANY EXECUTIVE ORDER REDUCTION BY THE GOVERNOR, WOULD NOT CONSTITUTE AN EVENT OF DEFAULT UNDER THE TRUST AGREEMENT, THE MASTER FINANCING LEASE OR ANY STATE FINANCING LEASE ADDENDA.

Permitted Termination Events; Remedies

Under each State Agency Financing Lease Addendum, each of the following constitutes a "Permitted Termination Event":

- (i) the State Legislature elects not to appropriate sufficient funds within any biennial budget for the purpose of paying the Agency Rent Payments due during the next occurring biennium; or
- (ii) the Governor of the state issues an Executive Order mandating an emergency reduction in state funding;

provided, that the applicable Agency delivers written notice thereof to the State Treasurer as required by its Financing Lease.

Upon the occurrence of a Permitted Termination Event, subject to the provisions of the Master Financing Lease and State Financing Lease Addenda, the state may terminate a State Financing Lease Addendum and the related obligation of the State Treasurer under the Master Financing Lease.

The occurrence of a Permitted Termination Event does not constitute an Agency Event of Default, a Master Financing Lease Event of Default or an Event of Default, and remedies of re-entry and re-letting during the term of the Site Lease are the sole remedies available to the State Treasurer and the Corporation upon such occurrence. See “Master Financing Lease—Permitted Termination Events” and “State Agency Financing Lease Addenda—Permitted Termination Events” in Appendix B.

Cross-Default With the 2000 Financing Contract

The Columbia Basin Sites are located on a portion of Columbia Basin’s Pasco campus that has been leased by the State Agency to the Corporation in connection with the execution and delivery of \$5,275,000 State of Washington Certificates of Participation, State Board for Community and Technical Colleges, Series 2000A. Pursuant to the terms of a Ground Lease dated as of June 15, 2000 (the “2000 Ground Lease”), the Columbia Basin Sites and much of the rest of Columbia Basin’s Pasco campus (the “2000 Parcel”) have been leased by the State Agency to the Corporation for a term of 25 years. The 2000 Parcel, including the Columbia Basin Sites, has also been subleased by the Corporation to the State pursuant to an Agency Financing Contract dated as of June 15, 2000 (the “2000 Financing Contract”) for a term of approximately 20 years. Both the 2000 Ground Lease and the 2000 Financing Contract remain in effect as of the date of this Official Statement.

The terms of the 2000 Financing Contract allow the State Agency to finance additional improvements on all or a portion of the 2000 Parcel. The 2000 Financing Contract provides that in the event the State Agency elects to execute an additional agency financing contract (such as the Columbia Basin Financing Leases), the Owners of the Certificates may be granted an interest in the 2000 Parcel through a sublease of all or any portion of the 2000 Parcel. Accordingly, each of the Columbia Basin Site Leases function as a sublease of the Columbia Basin Sites to the Corporation during the term of the 2000 Ground Lease and as a direct lease of the Columbia Basin Sites to the Corporation in the event the 2000 Ground Lease expires pursuant to its terms or for any other reason is not in effect or does not cover the Columbia Basin Sites. See “Site Leases—The Columbia Basin Site Leases” in Appendix B.

The 2000 Financing Contract conditions the sublease of the Site in connection with the execution and delivery of the Certificates on, among other things, the inclusion of any default under the 2000 Financing Contract as an Event of Default under the Lease. Events of default under the 2000 Financing Contract include (i) a failure by Columbia Basin to make any payment of rent at the time and manner required to be paid under the 2000 Financing Contract; (ii) a failure by Columbia Basin to make any payment of its financial obligations under the Lease; and (iii) a failure by Columbia Basin to observe and perform any covenant, condition or agreement on its part set forth in the 2000 Financing Contract (except for clauses (i) and (ii) above) for a period of 30 days after written notice of such failure is given to Columbia Basin. See “The Financing Leases—Agency Event of Default—The Columbia Basin State Agency Financing Leases” in Appendix B for a discussion of Events of Default under the Lease.

Agency Rent Payments

Pursuant to each Financing Lease, the Agency is required to make Agency Rent Payments to the state with respect to its Property. Agency Rent Payments are composed of principal and interest components and are payable, during the term of the applicable Financing Lease, on each June 1 and December 1 immediately preceding the related Certificate Payment Date.

The Agency Rent Payments payable by the participating Agencies pursuant to the Financing Leases in the aggregate are at least equal to the corresponding Base Rent Payments payable by the state pursuant to the Master Financing Lease.

The State Agencies have covenanted in the respective Financing Leases to take such action as may be necessary to include all the Agency Rent Payments due thereunder in its annual budget and to make the necessary annual appropriations for all such Agency Rent Payments.

The obligation of the Local Agency to make its Agency Rent Payments is a direct and general obligation of the Local Agency to which the full faith and credit of the Local Agency is pledged. The Local Agency has covenanted and agreed that it will levy taxes, to the extent permitted by law, in such amounts and at such times as necessary, within and as a part of the tax levy permitted to the Local Agency without a vote of its electors, to provide funds, together with other money legally available for that purpose, to make its Agency Rent Payments.

Substitution of Real Property

Under the Master Financing Lease and the corresponding provisions of the Financing Leases, the State Treasurer may substitute and consent to the substitution, for a parcel of Property, of another parcel or parcels of real property by first filing with the Fiscal Agent, as Assignee of the Corporation:

- (i) an Opinion of Counsel to the effect that such substitution (a) is permitted under the Master Financing Lease, and (b) in and of itself, will not adversely effect the exclusion from gross income for federal income tax purposes of the Interest Component of the Certificates;
- (ii) an appraisal or other written evidence from an independent, disinterested real property appraiser acceptable to the State Treasurer and the Fiscal Agent to the effect that such substitute Property has an estimated fair rental value for the remaining term of the respective Financing Lease equal to or greater than the Agency Rent Payments due thereunder from time to time thereafter;
- (iii) a certificate of the Agency to the effect that such substitute Property is free and clear of any mortgages, deeds of trust, liens, or other similar encumbrances, other than Permitted Encumbrances, and is essential to the Agency's ability to carry out its governmental functions and responsibilities; and
- (iv) written evidence from each Rating Agency then rating the Certificates that such substitution, in and of itself, will not result in the suspension, reduction or withdrawal of any ratings on the Certificates by such Rating Agency.

Release of Real Property

Under the Master Financing Lease and corresponding provisions of the Financing Leases, the State Treasurer may release and consent to the release of a portion of the Property leased under any Site Lease, and subleased under and pursuant to the Master Financing Lease and the related Financing Lease, by first filing with the Fiscal Agent, as assignee of the Corporation:

- (i) an Opinion of Counsel to the effect that such release (a) is permitted under the Master Financing Lease, and (b) in and of itself, will not adversely effect the exclusion from gross income for federal income tax purposes of the Interest Component of the Certificates;

- (ii) an appraisal or other written evidence from an independent, disinterested real property appraiser acceptable to the State Treasurer and the Fiscal Agent to the effect that the remaining portion of the Property has an estimated fair rental value for the remaining term of the respective Financing Lease equal to or greater than the Agency Rent Payments due from time to time thereunder;
- (iii) provision by such Agency of any necessary easements, reciprocal agreements or other rights as may be necessary to provide comparable pedestrian and vehicular access, and other uses and amenities (including but not limited to water, sewer, electrical, gas, telephone, and other utilities) as existed prior to such release; and
- (iv) written evidence from each Rating Agency then rating the Certificates that such release, in and of itself, will not result in the suspension, reduction or withdrawal of any ratings on the Certificates by such Rating Agency.

Base Rent Payments and Agency Rent Payments Not Subject to Abatement

The Base Rent Payments payable by the state pursuant to the Master Financing Lease, and the Agency Rent Payments payable by the respective Agencies pursuant to the Financing Leases, are *not* subject to abatement upon damage to or destruction of any of the Property, nor are such payments otherwise subject to diminution, reduction, postponement, counterclaim, defense, or set-off as a result of any dispute, claim or right of action by, against or among the state, the Corporation, the Fiscal Agent, any Agency, and/or any other Person, or for any other reason.

Acceleration

The Certificates may be subject to acceleration upon the occurrence of an Event of Default under the Master Financing Lease. However, the Certificates are not subject to acceleration upon the occurrence of an Agency Event of Default under any related Financing Lease. See Appendix B—Definitions and Summary of Certain Legal Documents.

Limitations on Exercise of Remedies

Upon the occurrence of an Event of Default under the Master Financing Lease or the Financing Leases, the Fiscal Agent, as assignee of the Corporation, may pursue any available legal or equitable remedy, which may include suing for rent as the same becomes due or re-entering the Property for the benefit of the owners of the Certificates, and terminating the Master Financing Lease or the Financing Leases, as appropriate, and accelerating the unpaid rent or suing for damages.

However, the remedies provided in the Master Financing Lease, the Financing Leases and/or the Trust Agreement may be unenforceable under certain circumstances due to the application of principles of equity to state or federal laws relating to bankruptcy, moratorium, reorganization, and creditors' rights generally and to limitations on remedies against the state and the Agencies under the laws of the State of Washington. Moreover, due to the essential governmental nature of the Property or portions thereof, it is not certain whether a court would permit the exercise of the remedy of re-letting with respect thereto. In addition, the enforcement of remedies provided in the Master Financing Lease, the Financing Leases and the Trust Agreement could prove both expensive and time-consuming. In any event, although the Fiscal Agent has the right, upon the occurrence of an Event of Default or an Agency Event of Default, to re-enter and re-let the applicable Property, it is unknown whether any such re-entry, re-letting or other disposition would result in the collection of amounts sufficient to make the related Agency Rent Payments. Moreover, the Fiscal Agent would not be obligated to re-let the Property in a manner so as to preserve the tax-exempt nature of interest represented by the Certificates.

Additional Certificates

Each Agency may make additions or improvements to or alterations of the applicable Project so long as such additional improvements are constructed and installed in accordance with applicable laws and regulations and do not diminish the value or usefulness of the Property.

The State Treasurer may enter into additional Master Financing Leases with the Corporation to finance all or any portion of the costs of such additions or improvements so long as such leases do not reduce the obligation of the state to make Base Rent Payments under the Master Financing Lease and will not, in the opinion of Certificate Counsel, adversely affect the tax-exempt status of the Interest Component of Base Rent Payments evidenced and represented by the Certificates. If the State Treasurer enters into any additional Master Financing Lease for this purpose, the Corporation may be granted an interest in the Property under an additional Site Lease of all or any portion of the Property, which leasehold interest may be assigned to the Fiscal Agent for the benefit of owners of certificates of participation in such additional Master Financing Lease. The owners of certificates of participation in any additional Master Financing Lease will be secured proportionally, without preference, with the Owners with respect to any payments received by the Fiscal Agent in regards to the Property following the occurrence of an Event of Default or Permitted Termination Event.

Payment History

The principal and interest represented by certificates of participation in lease or other payment obligations that are payable by the state always have been paid when due. The state has never failed to appropriate funds to meet its lease, installment sale or other payment obligations with respect to outstanding certificates of participation therein.

WASHINGTON FINANCE OFFICERS ASSOCIATION

The Washington Finance Officers Association is a Washington nonprofit corporation the members of which consist of state and local government finance officials in the state. The Corporation was formed primarily for educational purposes, including promoting the improvement of government finance in the state. The Corporation acts as the nominal purchaser, seller, lessee, and sublessor in connection with various certificate of participation financings undertaken by the State Treasurer for the benefit of state and local government agencies. In connection with the Certificates, the Corporation is acting as the lessee under the Site Lease, and as lessor under the Master Financing Lease. As of the closing, the Corporation will irrevocably assign and transfer all of its right, title and interest in and to the Site Leases, the Master Financing Lease and the Financing Leases to the Fiscal Agent, and will thereafter have no rights or interest with respect to the Certificates, the Projects, the Master Financing Lease, the Financing Leases, or the Site Leases. The Corporation has not participated in the preparation of this Official Statement, and is not responsible for any of the statements or information herein.

INITIATIVE AND REFERENDUM

Under the State Constitution, the voters of the state have the ability to initiate legislation and to modify, approve and reject existing statutes through the powers of initiative and referendum. Initiatives and referenda are submitted to the voters upon receipt of a petition signed by at least eight percent (initiatives) and four percent (referenda) of the number of voters registered and voting for the office of Governor at the preceding regular gubernatorial election. Any law approved in this manner by a majority of the voters may not be amended or repealed by the State Legislature within a period of two years following enactment, except by a vote of two-thirds of all the members elected to each house of the State Legislature. After two years, the law is subject to amendment or repeal by the State Legislature in the same manner as other laws. The State Constitution may not be amended by initiative or referendum.

Initiative 776

Initiative Measure No. 776 (“I-776”) was approved by voters on November 5, 2002. I-776 reduced combined license tab fees for light trucks from between \$37 and \$55 per year, depending upon vehicle weight, to \$30 per year. I-776 also repealed certain government-imposed excise taxes and fees levied on motor vehicles, including, among others, (i) local option vehicle license fees of up to \$15 per year imposed by counties or qualified cities or towns with voter approval, and (ii) voter-approved high capacity transportation motor vehicle excise taxes (“high capacity transportation MVET”) imposed by regional transit authorities (including the high capacity transportation MVET of 0.3 percent of vehicle value currently imposed by Sound Transit). Pierce County, the City of Tacoma, King County, and several individual voters challenged I-776 as a violation of two state constitutional provisions, the single subject rule and the prohibition on passage of laws impairing existing contracts. The latter claim arose from certain general obligation bonds issued by King County that included a specific pledge of revenues repealed by I-776. On December 4, 2002, the superior court granted the plaintiffs’ request for preliminary injunction against implementing I-776. On October 30, 2003, the Washington State Supreme Court ruled that I-776 did not violate either state constitutional provision. I-776 went into effect thereafter. The case has been remanded back to the Superior Court for determination of issues remaining in the case, including whether I-776’s repeal of the MVET would impair existing Sound Transit bond contracts, which include a pledge of the MVET. The Superior Court upheld the constitutionality and legality of I-776 with regard to all remaining issues except the question of impairment to Sound Transit’s bonds. The court held that prohibiting Sound Transit from collecting the MVET would be an impairment of the bond contracts. The decision of the Superior Court has been appealed to the Washington Supreme Court.

Future Initiative Legislation

Other tax and fee initiative measures may be filed, but it cannot be predicted whether any such initiatives might gain sufficient signatures to qualify for submission to the State Legislature and/or the voters, or, if submitted, would ultimately be approved.

ECONOMIC AND REVENUE FORECASTS

Revenue, budgetary and economic information concerning the state government and Washington State as a whole is contained in Appendix A. Pursuant to state law the Office of Economic and Revenue Forecast Council (the “Council”) provides state economic and tax revenue results and forecasts on a quarterly basis. The most recent release of data occurred on June 16, 2005. A press release summarizing the results of the June 16, 2005, economic results and forecasts is available on the state’s website (www.erfc.wa.gov). The next forecast will be released on or about September 15, 2005. Copies of the report and subsequent reports are available from the Office of Economic and Revenue Forecast Council, P.O. Box 40912, Olympia, Washington 98504-0912. See Appendix A—General and Economic Information—Revenues, Expenditures and Fiscal Controls—State Economic and Revenue Forecasting Process.

CERTAIN STATEMENTS INCLUDED OR INCORPORATED BY REFERENCE IN THIS OFFICIAL STATEMENT, INCLUDING BUT NOT LIMITED TO APPENDIX A, CONSTITUTE “FORWARD LOOKING STATEMENTS” WITHIN THE MEANING OF THE UNITED STATES PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995, SECTION 21E OF THE UNITED STATES SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, AND SECTION 27A OF THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED. SUCH STATEMENTS ARE GENERALLY IDENTIFIABLE BY THE TERMINOLOGY USED SUCH AS “PLAN,” “EXPECT,” “FORECAST,” “ESTIMATE,” “BUDGET,” OR OTHER SIMILAR WORDS. THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE

OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD LOOKING STATEMENTS. THE STATE DOES NOT PLAN TO ISSUE ANY UPDATES OR REVISIONS TO THOSE FORWARD LOOKING STATEMENTS IF OR WHEN ITS EXPECTATIONS OR EVENTS, CONDITIONS OR CIRCUMSTANCES ON WHICH SUCH STATEMENTS ARE BASED OCCUR.

LITIGATION

There is no litigation now pending against the state to the knowledge of the Deputy State Treasurer based on an inquiry with the Attorney General's Office in any way restraining or enjoining the sale, issuance, execution, or delivery of the Certificates or in any other manner affecting the validity of the Certificates, the Trust Agreement, the Site Leases, the Financing Leases, or the Master Financing Lease or of the proceedings or authority pursuant to which they are to be executed and delivered.

The state and its agencies are parties to numerous routine legal proceedings that normally occur in governmental operations. At any given point in time, there may be numerous lawsuits involving state agencies which could impact expenditures. There is a recurring volume of tort and other claims for compensation and damages against the state and some specific state agencies, including the Departments of Transportation, Corrections, Social and Health Services, and the University of Washington. There are risk management funds reserved by the state for these claims and insurance is available to pay a portion of damages for certain types of claims. There has been a trend in recent years of higher jury verdicts on certain types of damage claims. The collective impact of these claims, however, is not likely to have a material impact on state revenues or expenditures.

During the reporting period, there were a number of lawsuits challenging the management and administration of state programs. Some lawsuits seek an expansion of program social services for certain constituents. In *Allen v. Western State Hospital*, for instance, the Washington Protection and Advocacy System has filed a class action lawsuit on behalf of patients with developmental disabilities at Western State Hospital alleging that the state programs are inadequate and the state has failed to provide community-based services when appropriate. The trial has been stayed pending further review of whether program changes and funding requests to the State Legislature by the Department of Social and Health Services will resolve claims. A similar lawsuit, *Marr v. Eastern State Hospital*, has been filed on behalf of patients at Eastern State Hospital. In *Pierce County, et al. v. DSHS*, plaintiffs seek damages and injunctive relief in a challenge to the state's mental health system. Plaintiffs assert that the state agency and the State Legislature have failed in their duty to provide care for the mentally ill and developmentally disabled. Trial is scheduled to begin on November 7, 2005. *Arc, et al. v. Quasim* and *Boyle v. Braddock* are two actions filed on behalf of persons with developmental disabilities that are seeking access to Medicaid-funded services. Both actions were denied class certification, dismissed at the trial court level and appealed to the United States Court of Appeals in the Ninth Circuit. At the suggestion of the Ninth Circuit, the parties have engaged in mediation in an attempt to resolve the relevant issues. The Ninth Circuit recently affirmed the orders denying class certifications, but held that Arc had representational standing to pursue the claims. The Ninth Circuit also affirmed the trial court's ruling that upheld the cap on enrollment in the Medicaid waiver, but remanded for trial on Plaintiffs' claim that the state, by offering institutional care but not community-based care, violates the Americans with Disabilities Act. If these claims are not resolved by mediation, it is difficult to estimate with any certainty the potential costs of program changes that may be necessary to comply with whatever order is finally entered. None of these lawsuits, however, are expected to have a material impact on state revenues or expenditures. If relief is granted in any of the actions, there would be a need to reprioritize agency program expenditures in the budget process to provide necessary changes in program support.

Over the past ten years, the state has reported on the recurring litigation challenging the state's business and occupation tax structure (referred to as the interstate manufacturers litigation). This litigation represents the

claims of corporate taxpayers for business and occupation tax refunds from periods from 1980 to the present. In the most recent round of this litigation, the United States Supreme Court denied *certiorari* review of an April 1999 decision by the State Supreme Court. *W.R. Grace & Co. - Conn. and Chrysler Motors Corporation v. State of Washington, Department of Rev., and Buffelen Woodworking Co., et al. v. State of Washington, Department of Rev.* The State Supreme Court denied claims for a refund except to the extent the taxpayers could demonstrate entitlement to credits against their state tax liability measured by gross receipt of taxes paid to other taxing jurisdictions outside of the state. The taxpayers continue to use other refund claims to try to re-present the issue to the United States Supreme Court. Sizeable refund awards, however, are considered remote.

In *Estate of Hemphill*, several thousand estates in Washington sought refunds from the Department of Revenue of estate taxes previously paid. The plaintiffs asserted that the June 2001 changes to the federal Internal Revenue Code which phase out the federal credit allowed to state death taxes must be read consistently with Initiative 402, which enacted the state's pick-up estate tax in 1981. The estates sought refunds and a declaration that the state estate tax will be completely phased out in January 2005. The Superior Court granted summary judgment in favor of the Department. The court held that the state law was not amended by the June 2001 federal legislation because the state law incorporates by reference the provisions in the IRS code that existed prior to the June 2001 legislation. The case was appealed directly to the Washington State Supreme Court, which issued its opinion on February 3, 2005, reversing the superior court and granting all of the relief requested by plaintiffs. The refunds due the plaintiff were approximately \$152 million. In the 2005 legislative session, the State Legislature enacted a stand-alone estate tax which applies to estates of decedents who die on or after May 17, 2005, and whose gross estates exceed \$1.5 million in 2005 or \$2 million thereafter.

In a class action against the Department of Personnel, *WPEA v. State*, employees in "common classes" in general government agencies and higher education institutions seek back pay and current adjustments to rectify salary differentials between each set of common classes. The salary differentials amount to approximately \$10 million per year, beginning in 1996. Plaintiffs' claims, which are based on equal protection violations, were rejected by the Superior Court. The Court of Appeals reversed and held that the salary differentials constitute an equal protection violation. The state has filed a petition for review with the Washington Supreme Court. If the Supreme Court declines to review the decision or affirms the decision, the State Legislature would have to reprioritize program expenditures in the budget process.

In the past there has been periodic litigation involving reimbursement for state-paid medical care. Currently, there is one lawsuit which raises issues such as eligibility for Medicaid benefits and the proper formula for cost reimbursement. It is difficult to predict whether this case, *Spokane County v. DSHS*, will result in any significant amount of reimbursement under the theories presented. The plaintiffs allege that mental health services were provided to individuals who were improperly terminated and should have been included in the applicable formula for payments to the Regional Support Networks. The case was filed in July 2003, and very little action has been taken by the Plaintiffs to pursue the matter. The amount of damages claimed is uncertain, although the damage claim is likely to be in the millions of dollars. A second lawsuit, *Capital Medical Center et al v. DSHS*, involves claims by hospitals that provided emergency medical care to uninsured individuals under a now-discontinued state program. The program required that coverage would begin only after the individual had incurred a minimum of \$2,000 in emergency medical expenses, and the Department rules required that this amount remain a patient liability. The 26 plaintiff hospitals are now claiming that the requirement was only an eligibility condition, and that they should be reimbursed from the amounts deducted from their bills to satisfy the requirement. As with the case discussed above, it is difficult to predict the outcome, but if there is an unfavorable result, the judgment against the department could be as high as \$40 million. In a recently filed action, *Regency Pacific v. DSHS*, 59 nursing homes claim improper and inadequate Medicaid reimbursement due to alleged errors in the Department's rate calculation dating back to 2002. The Department is evaluating what the

potential claims may be in this matter. If any of these cases results in substantial judgments or settlements, there may be a need to reprioritize agency program expenditures in the budget process.

In the school funding arena, *School Districts' Alliance For Adequate Funding of Special Education v. State* was recently filed in Thurston County Superior Court by a coalition of eleven school districts. The case alleges that the State Legislature underfunded special education by approximately \$178 million dollars during the 2001-03 Biennium. The districts have requested a declaration from the court that the formula and process the state uses to fund special education is flawed and an order directing the State Legislature to meet its constitutional requirement to fully fund special education. A trial date of October 3, 2005, has been established. If the state is unsuccessful in the litigation and the court grants the plaintiffs' requested relief, the State Legislature would have to perform a review of the costs of special education and potentially have to reprioritize program expenditures in the budget process. There is also a threatened legal challenge to the state's current process of funding all basic education. Such an action could pose potentially greater costs than the special education case. The basic education lawsuit is expected sometime in late 2005 or 2006.

In January 2001, Washington Treaty Tribes and the United States renewed a lawsuit in federal district court against the state raising the issue of whether the Indian Treaties include a right of environmental protection for salmon habitat. This matter is referred to as Phase II of *U.S. v. Washington*. The case involves the specific question of whether the Treaty "right of taking fish" imposes a duty to ensure that roadway culverts do not reduce the number of salmon available for harvest. The case has been in settlement discussions for the past two years, trial has now been set for July 2006. The Washington State Department of Transportation, the agency with the greatest exposure in the case, currently has estimated that the cost of fixing the existing fish passage barriers will be at least several hundred million dollars over the next 20 years. However, many of these projects and the related expenditures are expected to be carried out by the state whether or not plaintiffs are successful in this matter. Accordingly, it cannot be predicted whether a settlement or any judgment would require a different amount or schedule of expenditures than have already been estimated and expected to be spent by the state.

On July 20, 2005, a group of plaintiffs filed suit in the Superior Court in Snohomish County in an attempt to challenge the legality of certain tax increases passed in the 2005 legislative session. The group consists of the Washington State Farm Bureau Federation, the Washington State Grange, the National Federation of Independent Business, the Building Industry Association of Washington, the Evergreen Freedom Foundation, the Washington Association of Realtors, and an individual voter. The complaint challenges the constitutionality of SSB 6078, which temporarily amended the requirement in RCW 43.135.035 of a two-thirds vote of both houses of the Legislature for tax increases. Plaintiffs allege that SSB 6078 violates the prohibition, in Article II, Sec. 37, of the Washington State Constitution, which prohibits revising or amending an act by mere reference to its title. According to plaintiffs, SSB 6078 also amends RCW 43.135.080 without setting forth that provision in full. Plaintiffs also challenge provisions in SSB 6078 which amend how the limit on state expenditures is calculated and adjusted, and they challenge the total budget amount that was adopted by the 2005 State Legislature based on the amended expenditure limit. Finally, plaintiffs challenge whether certain transfers of state funds impacted the state's expenditure limit. Plaintiffs are seeking a declaration that SSB 6078 is unconstitutional and void, that certain tax increases adopted through the changed voting requirements in SSB 6078 are also illegal and void, and that the identified fund transfers did not result in an increase in the state expenditure limit. An answer has been filed by the state.

APPROVAL OF LEGAL PROCEEDINGS

Certain legal matters incident to the authorization, issuance and sale by the state of the Certificates are subject to the approval of legality by Orrick, Herrington & Sutcliffe LLP ("Certificate Counsel"), and

certain other conditions. The proposed form of the legal opinion of Certificate Counsel is set forth in Appendix C hereto.

Certificate Counsel will deliver a legal opinion to the state to the effect that the statements in the section of this Official Statement entitled “The Certificates” and “Sources of Payment and Security for the Certificates,” but only insofar as such statements summarize or describe the terms of the Certificates, the Trust Agreement, the Master Financing Lease, the Financing Leases, and the Assignment, are accurate in all material aspects. Certificate Counsel does not assume any responsibility or liability for the accuracy or completeness of this Official Statement. The payment of compensation to Certificate Counsel is contingent upon the successful delivery of the Certificates to, and full payment for the Certificates by, the successful bidders.

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP, Certificate Counsel, based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest represented by the Certificates is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the “Code”). Certificate Counsel is of the further opinion that such interest is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Certificate Counsel observes that such interest is included in adjusted current earnings when calculating federal corporate alternative minimum taxable income. A complete copy of the proposed form of opinion of Certificate Counsel is set forth in Appendix C hereto.

To the extent the issue price of the Certificates payable on any given Principal Payment Date is less than the amount to be paid with respect to such Certificate on such date (excluding amounts stated to be interest and payable at least annually over the term of such Certificates), the difference constitutes “original issue discount,” the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest with respect to the Certificates which is excluded from gross income for federal income tax purposes. For this purpose, the issue price of Certificates of a particular Principal Payment Date is the first price at which a substantial amount of the Certificates of such Principal Payment Date is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to Certificates of a particular Principal Payment Date accrues daily over the term to such payment date on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Certificates to determine taxable gain or loss upon disposition (including sale, prepayment or payment on the final Principal Payment Date) of such Certificates. Beneficial Owners of the Certificates should consult their own tax advisors with respect to the tax consequences of ownership of Certificates with original issue discount, including the treatment of Beneficial Owners who do not purchase such Certificates in the original offering to the public at the first price at which a substantial amount of such Certificates is sold to the public.

Certificates purchased, whether at original issuance or otherwise, for an amount greater than their final principal amount (or, in some cases, at their earlier call date) (“Premium Certificates”) will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of obligations, like the Premium Certificates, the interest with respect to which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner’s basis in a Premium Certificate, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Certificates should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating the exclusion from gross income for federal income tax purposes of interest with respect to obligations such as the Certificates. The state and the Agencies have covenanted to comply with certain restrictions, conditions and requirements designed to insure that interest with respect to the Certificates will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest with respect to the Certificates being included in gross income for federal income tax purposes, possibly from the date of original delivery of the Certificates. The opinion of Certificate Counsel assumes the accuracy of these representations and compliance with these covenants. Certificate Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring), or any other matters coming to Certificate Counsel's attention after the date of delivery of the Certificates may adversely affect the value of, or the tax status of interest represented by, the Certificates.

Certain requirements and procedures contained or referred to in the Master Financing Lease, the Financing Leases, the Trust Agreement, the Tax Certificate, and other relevant documents may be changed and certain actions (including, without limitation, defeasance of the Certificates) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. Certificate Counsel expresses no opinion as to any Certificate or the interest represented thereby if any such change occurs or action is taken or omitted upon the advice or approval of Certificate Counsel other than Orrick, Herrington & Sutcliffe LLP.

Although Certificate Counsel is of the opinion that interest represented by the Certificates is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of interest represented by, the Certificates may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Certificate Counsel expresses no opinion regarding any such other tax consequences.

Future legislation, if enacted into law, or clarification of the Code may cause interest represented by the Certificates to be subject, directly or indirectly, to federal income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such future legislation or clarification of the Code may also affect the market price for, or marketability of, the Certificates. Prospective purchasers of the Certificates should consult their own tax advisers regarding any pending or proposed federal tax legislation, as to which Certificate Counsel expresses no opinion.

The opinion of Certificate Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Certificate Counsel's judgment as to the proper treatment of the Certificates for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Certificate Counsel cannot give and has not given any opinion or assurance about the future activities of the state or the Agencies, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The state and the Agencies have covenanted, however, to comply with the requirements of the Code.

Certificate Counsel's engagement with respect to the Certificates ends with the delivery of the Certificates, and, unless separately engaged, Certificate Counsel is not obligated to defend the state, the Agencies or the Beneficial Owners regarding the tax-exempt status of the Certificates in the event of an audit examination by the IRS. Under current procedures, parties other than the state and the Agencies and their appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt Certificates is difficult, obtaining an independent review of IRS positions with which the state and the Agencies legitimately disagrees may not be practicable. Any action of the IRS, including but not limited to selection of the Certificates for audit, or the course or result of such audit, or an

audit of bonds or other obligations presenting similar tax issues may affect the market price for, or the marketability of, the Certificates, and may cause the state, the Agencies or the Beneficial Owners to incur significant expense.

CONTINUING DISCLOSURE UNDERTAKING

In accordance with paragraph (b)(5) of Securities and Exchange Commission (the “SEC”) Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the “Rule”), the State Treasurer, on behalf of the Committee, has agreed in the Master Financing Lease to enter into a written undertaking in the form of a Disclosure Agreement for the benefit of the holders of the Certificates (the “Undertaking”).

Annual Disclosure Report. The state covenants and agrees that not later than seven months after the end of each fiscal year (the “Submission Date”), beginning January 31, 2006, for the fiscal year ended June 30, 2005, the state will provide or cause to be provided to each then existing nationally recognized municipal securities information repository (“NRMSIR”) and to the state information depository for the state of Washington, if one is created (“SID”), an annual report (the “Annual Disclosure Report”), which will consist of the following:

- (i) audited financial statements of the state prepared (except as noted in the financial statements) in accordance with generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board, as such principles may be changed from time to time, except that if the audited financial statements are not available by the Submission Date, the Annual Disclosure Report will contain unaudited financial statements in a format similar to the audited financial statements most recently prepared for the state, and the state’s audited financial statements will be filed in the same manner as the Annual Disclosure Report when and if they become available;
- (ii) financial and operating data for the state as set forth in Appendix A to this Official Statement;
- (iii) a summary of the state debt structure by revenue pledge; and
- (iv) a narrative explanation of any reasons for any amendments to this Undertaking made during the previous fiscal year and the effect of such amendments on the Annual Disclosure Report being provided.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the state, or of any related entity, that have been submitted to each of the NRMSIRs and the SID, if any, or to the SEC. If the document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board (“MSRB”). The state will identify clearly each document so included by reference.

The Annual Disclosure Report may be submitted as a single document or as separate documents comprising a package and may include by reference other information as provided herein; provided, that any audited financial statements may be submitted separately from the balance of the Annual Disclosure Report and later than the Submission Date if such statements are not available by the Submission Date.

If the state’s fiscal year changes, the state may adjust the Submission Date by giving notice of such change in the same manner as notice is given of the occurrence of a Material Event.

The state agrees to provide or cause to be provided, in a timely manner, to each NRMSIR or to the MSRB and to the SID, if any, notice of its failure to provide the Annual Disclosure Report on or prior to the Submission Date.

Material Events. The state agrees to provide or cause to be provided to the SID, if any, and to each NRMSIR or to the MSRB, timely notice of the occurrence of any of the following events with respect to the Certificates, if material (the “Material Events”):

- (i) principal and interest payment delinquencies;
- (ii) nonpayment-related defaults;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;
- (vi) adverse tax opinions or events affecting the tax-exempt status of the Certificates;
- (vii) modifications to rights of holders of the Certificates;
- (viii) optional, contingent or unscheduled Certificate calls (other than scheduled mandatory sinking fund redemptions for which notice is given pursuant to Exchange Act Release 34-23856);
- (ix) defeasances;
- (x) release, substitution or sale of property securing the repayment of the Certificates; and
- (xi) rating changes.

Termination or Modification of Undertaking. The state’s obligations under the Undertaking will terminate upon the legal defeasance, prior prepayment or payment in full of all of the Certificates. The Undertaking, or any provision hereof, will be null and void if the state:

- (i) obtains an opinion of nationally recognized bond counsel to the effect that those portions of the Rule which require the Undertaking, or any such provision, have been repealed retroactively or otherwise do not apply to the Certificates; and
- (ii) notifies each then existing NRMSIR and the SID, if any, of such opinion and the cancellation of the Undertaking.

The state may amend the Undertaking without the consent of any holder of any Certificate or any other person or entity under the circumstances and in the manner permitted by the Rule. The State Treasurer will give notice to each NRMSIR or the MSRB and the SID, if any, of the substance of any such amendment, including a brief statement of the reasons therefor.

If the amendment changes the type of Annual Disclosure Report to be provided, the Annual Disclosure Report containing the amended financial information will include a narrative explanation of the effect of that change on the type of information to be provided (or in the case of a change of accounting principles, the presentation of such information). In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements:

- (i) notice of such change will be given in the same manner as for a Material Event, and
- (ii) the Annual Disclosure Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Remedies; Beneficiaries. The right to enforce the provisions of the Undertaking will be limited to a right to obtain specific enforcement of the state’s obligations thereunder, and any failure by the state to comply with the provisions of the Undertaking will not be a default with respect to the Certificates. The

Undertaking inures to the benefit of the State Treasurer and any holder of the Certificates, and does not inure to the benefit of or create any rights in any other person.

Additional Information. Nothing in the Undertaking will be deemed to prevent the state from disseminating any other information, using the means of dissemination set forth in the Undertaking or any other means of communication, or including any other information in any Annual Disclosure Report or notice of occurrence of a Material Event, in addition to that which is required by the Undertaking. If the state chooses to include any information in any Annual Disclosure Report or notice of the occurrence of a Material Event in addition to that specifically required by the Undertaking, the state will have no obligation to update such information or to include it in any future Annual Disclosure Report or notice of occurrence of a Material Event.

Prior Compliance. The state has complied in all material respects with all prior written undertakings under the Rule.

OTHER CERTIFICATE INFORMATION

Insurance

The following information has been supplied by the Insurer for inclusion in this Official Statement. No representation is made by the state or the Underwriter as to the accuracy or completeness of the information.

The Insurer accepts no responsibility for the accuracy or completeness of this Official Statement or any other information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding the Insurer and its affiliates set forth under this heading. In addition, the Insurer makes no representation regarding the Certificates or the advisability of investing in the Certificates.

General. XL Capital Assurance Inc. (the “Insurer” or “XLCA”) is a monoline financial guaranty insurance company incorporated under the laws of the State of New York. The Insurer is currently licensed to do insurance business in, and is subject to the insurance regulation and supervision by, all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and Singapore.

The Insurer is an indirect wholly owned subsidiary of XL Capital Ltd, a Cayman Islands corporation (“XL Capital Ltd”). Through its subsidiaries, XL Capital Ltd is a leading provider of insurance and reinsurance coverages and financial products to industrial, commercial and professional service firms, insurance companies and other enterprises on a worldwide basis. The common stock of XL Capital Ltd is publicly traded in the United States and listed on the New York Stock Exchange (NYSE: XL). **XL Capital Ltd is not obligated to pay the debts of or claims against the Insurer.**

The Insurer was formerly known as The London Assurance of America Inc. (“London”), which was incorporated on July 25, 1991, under the laws of the State of New York. On February 22, 2001, XL Reinsurance America Inc. (“XL Re”) acquired 100 percent of the stock of London. XL Re merged its former financial guaranty subsidiary, known as XL Capital Assurance Inc. (formed September 13, 1999) with and into London, with London as the surviving entity. London immediately changed its name to XL Capital Assurance Inc. All previous business of London was 100 percent reinsured to Royal Indemnity Company, the previous owner at the time of acquisition.

Reinsurance. The Insurer has entered into a facultative quota share reinsurance agreement with XL Financial Assurance Ltd (“XLFA”), an insurance company organized under the laws of Bermuda, and an affiliate of the Insurer. Pursuant to this reinsurance agreement, the Insurer expects to cede up to 90 percent

of its business to XLFA. The Insurer may also cede reinsurance to third parties on a transaction-specific basis, which cessions may be any or a combination of quota share, first loss or excess of loss. Such reinsurance is used by the Insurer as a risk management device and to comply with statutory and rating agency requirements and does not alter or limit the Insurer's obligations under any financial guaranty insurance policy. With respect to any transaction insured by XLCA, the percentage of risk ceded to XLFA may be less than 90 percent depending on certain factors including, without limitation, whether XLCA has obtained third party reinsurance covering the risk. As a result, there can be no assurance as to the percentage reinsured by XLFA of any given financial guaranty insurance policy issued by XLCA, including the Policy.

Based on the audited financials of XLFA, as of December 31, 2004, XLFA had total assets, liabilities, redeemable preferred shares and shareholders' equity of \$1,173,450,000, \$558,655,000, \$39,000,000 and \$575,795,000, respectively, determined in accordance with generally accepted accounting principles in the United States ("US GAAP"). XLFA's insurance financial strength is rated "Aaa" by Moody's and "AAA" by S&P and Fitch Inc. In addition, XLFA has obtained a financial enhancement rating of "AAA" from S&P.

The obligations of XLFA to the Insurer under the reinsurance agreement described above are unconditionally guaranteed by XL Insurance (Bermuda) Ltd ("XLI"), a Bermuda company and one of the world's leading excess commercial insurers. XLI is a wholly owned indirect subsidiary of XL Capital Ltd. In addition to A.M. Best's rating of "A+" (Negative Outlook), XLI's insurance financial strength rating is "Aa2" (Outlook Negative) by Moody's, "AA-" by Standard & Poor's and "AA" (Ratings Watch Negative) by Fitch. The ratings of XLFA and XLI are not recommendations to buy, sell or hold securities, including the Certificates, and are subject to revision or withdrawal at any time by Moody's, Standard & Poor's or Fitch.

Notwithstanding the capital support provided to the Insurer described in this section, the Certificate holders will have direct recourse against the Insurer only, and neither XLFA nor XLI will be directly liable to the Certificate holders.

Financial Strength and Financial Enhancement Ratings of XLCA. The Insurer's insurance financial strength is rated "Aaa" by Moody's and "AAA" by Standard & Poor's and Fitch, Inc. ("Fitch"). In addition, XLCA has obtained a financial enhancement rating of "AAA" from Standard & Poor's. These ratings reflect Moody's, Standard & Poor's and Fitch's current assessment of the Insurer's creditworthiness and claims-paying ability as well as the reinsurance arrangement with XLFA described under "Reinsurance" above.

The above ratings are not recommendations to buy, sell or hold securities, including the Certificates, and are subject to revision or withdrawal at any time by Moody's, Standard & Poor's or Fitch. Any downward revision or withdrawal of these ratings may have an adverse effect on the market price of the Certificates. The Insurer does not guaranty the market price of the Certificates nor does it guaranty that the ratings on the Certificates will not be revised or withdrawn.

Capitalization of the Insurer. Based on the audited financials of XLCA, as of December 31, 2004, XLCA had total assets, liabilities, and shareholder's equity of \$827,815,000, \$593,849,000, and \$233,966,000, respectively, determined in accordance with U.S. GAAP.

Based on the audited statutory financial statements for XLCA as of December 31, 2004, filed with the State of New York Insurance Department, XLCA has total admitted assets of \$341,937,000, total liabilities of \$143,494,000 and total capital and surplus of \$198,443,000 determined in accordance with statutory accounting practices prescribed or permitted by insurance regulatory authorities ("SAP").

Incorporation by Reference of Financials. For further information concerning XLCA and XLFA, see the financial statements of XLCA and XLFA, and the notes thereto, incorporated by reference in this Official Statement. The financial statements of XLCA and XLFA are included as exhibits to the periodic reports filed with the Securities and Exchange Commission (the “Commission”) by XL Capital Ltd and may be reviewed at the EDGAR website maintained by the Commission. All financial statements of XLCA and XLFA included in, or as exhibits to, documents filed by XL Capital Ltd pursuant to Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 on or prior to the date of this Official Statement, or after the date of this Official Statement but prior to termination of the offering of the Certificates, shall be deemed incorporated by reference in this Official Statement. Except for the financial statements of XLCA and XLFA, no other information contained in XL Capital Ltd’s reports filed with the Commission is incorporated by reference. Copies of the statutory quarterly and annual statements filed with the State of New York Insurance Department by XLCA are available upon request to the State of New York Insurance Department.

Regulation of the Insurer. The Insurer is regulated by the Superintendent of Insurance of the State of New York. In addition, the Insurer is subject to regulation by the insurance laws and regulations of the other jurisdictions in which it is licensed. As a financial guaranty insurance company licensed in the State of New York, the Insurer is subject to Article 69 of the New York Insurance Law, which, among other things, limits the business of each insurer to financial guaranty insurance and related lines, prescribes minimum standards of solvency, including minimum capital requirements, establishes contingency, loss and unearned premium reserve requirements, requires the maintenance of minimum surplus to policyholders and limits the aggregate amount of insurance which may be written and the maximum size of any single risk exposure which may be assumed. The Insurer is also required to file detailed annual financial statements with the New York Insurance Department and similar supervisory agencies in each of the other jurisdictions in which it is licensed.

The extent of state insurance regulation and supervision varies by jurisdiction, but New York and most other jurisdictions have laws and regulations prescribing permitted investments and governing the payment of dividends, transactions with affiliates, mergers, consolidations, acquisitions or sales of assets and incurrence of liabilities for borrowings.

THE FINANCIAL GUARANTY INSURANCE POLICIES ISSUED BY THE INSURER, INCLUDING THE INSURANCE POLICY, ARE NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

The principal executive offices of the Insurer are located at 1221 Avenue of the Americas, New York, New York 10020 and its telephone number at this address is (212) 478-3400.

Rating

The Certificates have been assigned a rating of “Aaa” by Moody’s Investors Service (“Moody’s”), as noted on the cover of this Official Statement, conditioned upon the issuance of the Insurance Policy by the Insurer at the closing of the Certificates. The Certificates have been assigned an underlying rating of “Aa2” by Moody’s, as noted on the cover of this Official Statement. The state has furnished certain information and materials to Moody’s regarding the Certificates and the state. Such rating reflects only the view of such rating agency and is not be a recommendation to buy, sell or hold the Certificates. Generally, rating agencies base their ratings on the information and materials furnished to them and on their own investigations, studies and assumptions. An explanation of the significance of such rating may be obtained from Moody’s Investors Service, located at 99 Church Street, New York, New York 10007-2296.

There is no assurance that such rating will be maintained for any given period of time or that it may not be raised, lowered, suspended, or withdrawn entirely by the rating agency if, in its judgment, circumstances warrant. Any such downward change in or suspension or withdrawal of such rating may have an adverse

effect on the market price of the Certificates. The state undertakes no responsibility to oppose any such change or withdrawal.

Financial Advisor

Susan D. Musselman, Inc. has served as financial advisor to the state relative to the preparation of the Certificates for sale, timing of the sale and other factors relating to the Certificates. The financial advisor has not audited, authenticated or otherwise verified the information set forth in this Official Statement or other information provided relative to the Certificates. Susan D. Musselman, Inc. makes no guaranty, warranty or other representation on any matter related to the information contained in the Official Statement. The financial advisor is an independent financial advisory firm and is not engaged in the business of underwriting, marketing, trading, or distributing municipal securities.

The payment of compensation to the financial advisor is contingent upon the successful delivery of the Certificates to, and full payment for the Certificates by, the underwriter.

Underwriter of the Certificates

The Certificates are being purchased by Morgan Stanley DW, Inc. (the “Underwriter”) at a price of \$16,376,880.74. The Underwriter has represented that the Certificates will be reoffered at the prices or yields set forth on page i of this Official Statement. The Underwriter may offer and sell the Certificates to certain dealers (including dealers depositing Certificates into investment trusts) and others at prices lower than the initial offering prices set forth on the cover hereof, and such initial offering prices may be changed from time to time by the Underwriter. After the initial public offering, the public offering prices may be varied from time to time.

Official Statement

Upon delivery of the Certificates to the successful bidder, the State Finance Committee by its Chairman, the State Treasurer, or his authorized representative, will approve or have approved the Official Statement, and also will deliver a certificate to the effect that the Preliminary Official Statement did not as of its date, and the Official Statement does not as of the date of such delivery, contain any untrue statement of a material fact required to be stated therein or necessary to make the statements therein, in the light of circumstances under which they were made, not misleading, and no event affecting the Certificates has occurred since the date of the Official Statement which should be disclosed in the Official Statement for the purpose for which it is to be used or which it is necessary to disclose therein in order to make the statements and information therein not misleading in any material respect (except that in no event will any representation be made with respect to information herein regarding DTC and its book-entry only system).

Excerpts from the state's 2004 Comprehensive Annual Financial Report ("CAFR") are attached as Appendix D. Copies of the state's entire 2004 CAFR are available on the Office of Financial Management's website at <http://www.ofm.wa.gov/accounting/financial.htm> or upon request from the Office of the State Treasurer.

THE STATE OF WASHINGTON

/s/

Deputy Treasurer

APPENDIX A
GENERAL AND ECONOMIC INFORMATION

This page left blank intentionally

INTRODUCTION

State Overview

The state of Washington (the “state”) is located in the northwest corner of the contiguous 48 states and is the 20th largest state by land area and the 15th largest state by population. Based on the U.S. Census Bureau’s 2000 Census, the state’s resident population is 5,894,121, an increase of 21.1 percent over 1990.

The state capital is Olympia, and its largest city is Seattle. Seattle is situated on Puget Sound and is part of the international trade, manufacturing, high technology, and business service corridor that extends from Everett to Tacoma. The Pacific Coast/Puget Sound region of the state includes approximately 75 percent of the population, the bulk of industrial activity and most of the state’s forests, which are important to the timber and paper industries. The balance of the state includes agricultural areas primarily devoted to grain, apple and other fruit orchards and dairy operations.

In recent years the state’s economy has diversified, with employment in the trade and service sectors representing an increasing percentage of total employment relative to the manufacturing sector.

For an assessment of the current economic and budgetary outlook of the state, see “Outlook for the 2003-05 and 2005-07 Biennia.” For certain economic and demographic information with respect to the state, see “Economic Information.”

State Finance Committee

The State Finance Committee (the “Committee”) is composed of the Governor, Lieutenant Governor and State Treasurer, the latter being designated by law as Chairman. The Office of the State Treasurer provides administrative support to the Committee. By statutory provision, the Committee is delegated authority to supervise and control the issuance of all state bonds. A Deputy State Treasurer acts as recording officer for the Committee and is responsible for the administration of official duties in accordance with prescribed policies of the Committee.

REVENUES, EXPENDITURES AND FISCAL CONTROLS

Revenues

The state’s tax revenues are comprised primarily of excise and *ad valorem* taxes. By constitutional provision, the aggregate of all regular (nonvoted) tax levies upon real and personal property by the state and local taxing districts may not exceed one percent of the true and fair value of such property. Excess levies are subject to voter approval.

Excise Taxes. Certain select sales and gross receipts taxes accounted for approximately 59.39 percent of total state tax revenues for the fiscal year ending June 30, 2004.

The retail sales tax and its companion use tax represent the largest source of state tax revenue, accounting for 47.59 percent of total collections. The retail sales and use tax is applied to a broad base of tangible personal property and selected services purchased by consumers, including construction (labor and materials), some machinery and supplies used by businesses, services and repair of real and personal property, and other transactions not taxed in many other states. Among the various items not subject to this tax are most personal services, motor vehicle fuel, food for off-premises consumption, trade-ins, manufacturing machinery, and purchases for resale. The current state retail sales and use tax rate is 6.5 percent.

Business and occupation tax collections represented approximately 15.86 percent of total state taxes for the fiscal year ending June 30, 2004. The business and occupation tax is applied to gross receipts of all business activities conducted within the state. Business and occupation tax rates include a principal rate of 0.484 percent of gross income for manufacturing and wholesaling businesses. Retail firms pay 0.471 percent, and services pay 1.5 percent.

The motor vehicle fuel tax represented approximately 7.07 percent of all state taxes for Fiscal Year 2004. The tax rate on December 31, 2004, was 28 cents per gallon.

Property Taxes. The state's property tax is levied against the true and fair value of property as determined by the Department of Revenue. The property tax for local taxing districts is levied against the assessed value as determined by county assessors. For property taxes payable in 2003, assessed value averaged 91.8 percent of fair market value.

The state property tax levy represented approximately 11.66 percent of all state tax revenues for Fiscal Year 2004. The state property tax levy is limited to the lesser of 101 percent or 100 percent plus the percentage change in inflation (as measured by the Implicit Price Deflator for Personal Consumption (the "IPD")) of the dollar amount of property taxes levied in the highest of the three most recent years plus an additional dollar amount calculated by multiplying the increase in assessed value resulting from new construction and improvements by the property tax rate for the preceding year. The state levy rate for taxes due in 2004 was \$2.759 per \$1,000 of true and fair property value.

By statute, all of the state's property tax levy is dedicated to the support of public schools.

Income Tax. The State Constitution, as interpreted by the State Supreme Court, prohibits the imposition of a graduated tax on net income.

Tax Collection. Four state agencies are responsible for administering the major state taxes: the Department of Revenue, the Department of Licensing, the Liquor Control Board, and the Office of the Insurance Commissioner. The State Treasurer receives the revenues from the collecting agencies and deposits and distributes the funds as required by law. Almost all state agencies collect some form of revenue. For state budget purposes, however, the definition of tax generally excludes such revenue sources as license fees, liquor profits, lottery receipts, charges for service such as tuition, federal grants and revenue sharing, and proceeds of bond issues.

State Expenditure and Revenue Limitation—Initiative 601. Initiative 601, passed by the voters in November 1993, places limits on state taxation and General Fund-State government expenditures and sets forth a series of guidelines for limiting revenue and expenditure increases and stabilizing long-range budget planning.

Under Initiative 601, the state generally is prohibited from increasing expenditures from the General Fund-State during any fiscal year by more than the fiscal growth factor, which is calculated annually and is defined as the average of the sum of inflation and population change for each of the three prior fiscal years. The inflation index used for the computation of the fiscal growth factor is the IPD, which is determined from the same data used to establish the U.S. gross national product. This growth factor is used to determine a state spending limit for programs and expenditures supported by the General Fund-State. The spending limit became operational on July 1, 1995, based on the population and inflation growth factor determined in November 1994, which is based upon data accumulated for Fiscal Years 1992, 1993 and 1994. Annual adjustments to the expenditure limit are made by the Expenditure Limit Committee ("ELC"), which is comprised of members from the Office of Financial Management ("OFM"), legislative fiscal committees and the Office of the Attorney General. The annual adjustment to the limit is based on the previous year's actual General Fund-State expenditure and changes in population and inflation growth. The fiscal growth factors for the 1997-99 Biennium were 4.05 percent for Fiscal

Year 1998 and 4.18 percent for Fiscal Year 1999. The fiscal growth factors for the 1999-01 Biennium are 3.32 percent for Fiscal Year 2000 and 2.87 percent for Fiscal Year 2001. The fiscal growth factors for the 2001-03 Biennium are 2.79 percent for Fiscal Year 2002 and 3.29 percent for Fiscal Year 2003. However, statutory changes to the expenditure limit adopted in the 2000 Legislative Session make it possible for the effective rate of increase in expenditures to be higher than the fiscal growth factors (Engrossed House Bill 3169 (“EHB 3169”)).

Initiative 601 also directs the ELC to make downward adjustments in the expenditure limit for costs of any state program or function that is shifted from the General Fund-State to another funding source, or for moneys that are transferred from the General Fund-State to another fund or account. In the event costs of a federal, state or local government program are transferred to or from the state by court order or legislative enactment, under the Initiative the expenditure limit may be increased or decreased accordingly by the ELC. Restrictions are placed on the addition or transfer of functions to local governments unless there is reimbursement.

The statutory changes to the expenditure limit adopted in the 2000 Legislative Session (EHB 3169) now allow the spending limit to be increased when revenues from another fund or account are transferred to the General Fund-State. As a result of this change, growth in General Fund-State expenditures can exceed the Initiative 601 fiscal growth factors to the extent that surplus revenues in other accounts are available for transfer to the General Fund-State.

Initiative 601 in its original form also limited revenue increases. It required that any action by the Legislature to raise state revenues be taken only if approved by a two-thirds vote of both houses of the Legislature. In the 2002 Legislative Session, a change to this provision was adopted (as a part of the Supplemental Budget Bill) which allows revenues to be increased with a simple majority vote. This provision applied to actions taken through June 30, 2003.

Initiative 601 abolished the Budget Stabilization Account and created two new reserve funds (the Emergency Reserve Fund and the Education Construction Fund) for depositing revenues in excess of the spending limit. Initiative 728, adopted by voters in November 2000, added a third fund, the Student Achievement Fund, which captures a portion of revenues in excess of the spending limit. Ending balances in the Budget Stabilization Account were transferred to the General Fund-State (\$100 million) and the Pension Reserve Account (\$25 million) in the fiscal year ending June 1996.

Initiative 601 in its original form allowed the Legislature to access and appropriate money from the Emergency Reserve Fund (“ERF”) based on a two-thirds majority. A measure adopted in the 2002 Legislative Session temporarily allows access to money in the ERF based on a simple majority. EHB 3169, adopted in the 2000 Legislative Session, provides the Office of the State Treasurer with the authority to transfer monies between the General Fund-State and the ERF at the conclusion of each fiscal year, to ensure that revenues deposited in the ERF for that year are exactly equal to the amount of revenues collected in excess of the expenditure limit for that year. During the 2003 special session, the Legislature authorized the transfer of the ERF balance to the General Fund-State in Fiscal Year 2004.

Most of Initiative 601, including the General Fund-State expenditure limit, became effective July 1, 1995. Two provisions of the initiative became effective on December 1, 1993: the requirement for supermajority legislative approval of fee increases beyond the fiscal year growth factor, and a restriction on new taxes being imposed without voter approval. At the beginning of Fiscal Year 1996 (July 1, 1995), the requirement for voter approval for new tax measures expired. Taxes now can be enacted with a two-thirds majority of both houses of the Legislature if resulting General Fund-State expenditures do not exceed the spending limit. Voter approval still would be required to exceed the spending limit. However, the Supplemental Budget Bill passed in the 2002 Legislative Session allows revenue increases to occur based on a simple majority vote for any action taken through June 30, 2003.

Finally, EHB 3169 changes the threshold for spillover of money from the Emergency Reserve Fund to the Education Construction Fund from five percent of biennial revenues to five percent of annual revenues and gives the State Treasurer the authority to make the appropriate end-of-year reconciliations between the funds.

In the 2005 legislative session, the I-601 statute was again changed to allow revenue increases to be passed with a simple majority for funding the 2005-07 Biennial Budget. SSB 6078 will also change the calculation of the I-601 expenditure limit, but not until the 2007-09 Biennium, basing it on average growth in state personal income for the prior ten fiscal years. In addition, the calculation will be based not just on the state General Fund, but will also include related funds or “near-General Fund” accounts, including the Health Services Account, Violence Reduction and Drug Enforcement Account, Public Safety and Education Account, Water Quality Account, and Student Achievement Account.

State Nontax Revenue. The largest components of state nontax revenue include such items as revenues derived from the sale of supplies, materials and services, fines and forfeitures, income from property, transfer of lottery proceeds, and income from liquor sales.

Federal Grants. Legislative appropriations for federal programs are designated specifically from federal revenue sources. To the extent that federal funds are not received, the appropriated expenditures may not be incurred.

Expenditures

Expenditures of general state revenues are made pursuant to constitutional and statutory mandates. Most general state revenue is deposited in the General Fund-State. For a breakdown of expenditures by function, see the table titled “Washington State Expenditures” below.

State Funding of Basic Education. The state’s expenditures for public schools are mandated by the state constitutional requirement for support of the common schools. In 1976, Seattle School District No. 1 brought suit against the state to require the state, under the State Constitution, to make “ample provision for common schools.” The decision, upheld by the State Supreme Court in 1978, required the state to ensure that each public school district would receive the funds needed to provide a basic education. The Court ordered the Legislature to decide the level of program funding and the funding mechanism.

The Legislature has passed four major pieces of legislation to further ensure stability and predictability for school funding.

- (i) *The Basic Education Act* was passed in 1977, before the Supreme Court ruling, and describes course offerings, teacher contract hours, and core student/staff ratios. The Supreme Court recognized the passage of this Act in its opinion, but specifically declined to comment upon its adequacy.
- (ii) *The Levy Lid Act*, also passed in 1977 and last amended in 1992, addresses property tax issues affecting basic education funding by limiting local property tax levies and providing for the gradual equalization of levy capacity per student throughout the state.
- (iii) In 1981, legislation limiting local compensation increases to those authorized by the state was passed. Since personnel costs comprise over 80 percent of the public school budget, this legislation provides state financial decision-makers with an important cost containment tool.
- (iv) *The School Financial Improvement Act* amended the Levy Lid Act in 1987. The amended act provided for state assistance to equalize tax rates for local levies, established a state-wide salary allocation schedule with mandated minimum salaries for teachers and required school districts to maintain minimum teacher/student ratios.

Social and Health Services. The Department of Social and Health Services (“DSHS”) is the primary human service agency in the state; its expenditures account for the second largest category of state budget expenditures. DSHS provides services that are essential for the physical safety, security and survival of individuals and families, including protective services for children, the aged and mentally disabled people, as well as for people in institutions and other residential care facilities.

The largest expenditure within DSHS is the Medical Assistance program. Through this program, necessary medical care is made available to recipients of cash assistance programs, beneficiaries of Supplemental Security Income and other eligible people with low incomes who do not qualify for income assistance. In addition to support from the General Fund-State, funding is received from the federal government for those people and services covered under Medicaid (Title XIX of the Social Security Act). The Medical Assistance budget has grown significantly in recent years. Growth in the number of eligible recipient groups, such as pregnant women and children, and growth in other eligible populations, such as disabled people, has resulted in increased expenditures. Rising health care costs and requirements to provide higher payments to hospitals also have added to the increase in this budget.

The Economic Services program provides support to families with limited incomes and disabled people who cannot work. The federal government is providing funds for the Temporary Assistance for Needy Families program and in several other smaller programs.

DSHS also provides other social service programs. It is responsible for supporting community mental health programs and operating state psychiatric hospitals, institutions for the developmentally disabled, nursing homes, institutions for juvenile rehabilitation, child welfare service programs, child support enforcement activities, drug and substance abuse treatment programs, and vocational rehabilitation services.

Corrections. The Department of Corrections operates 15 correctional institutions, including two prerelease facilities and 15 work-training release facilities. The rapid growth in inmate population (the primary cost driver) is, in part, the result of various crime initiatives enacted in the state. These include the Omnibus Drug Act of 1989, the Community Protection Act of 1990, Initiative 593—“Three Strikes and You’re Out,” approved by Washington voters in November 1993, and the Violence Prevention Act of 1994. Over the past several years the Department of Corrections has constructed nearly 5,000 new prison beds. The last major construction of a new facility was the Stafford Creek Corrections Center, a 1,936-bed, multi-custody facility that opened in April 2000 near Aberdeen, approximately 50 miles west of Olympia. In 2007, an expansion at the Washington Penitentiary in Walla Walla will open an additional 568 close custody and intensive management beds. Even with the additional prison beds, the Department of Corrections continues to have overcrowding issues, and relies on renting prison beds from out-of-state. As of the end of April 2005, approximately 540 inmates have been transported to prisons in Nevada, Colorado, Arizona, and Minnesota. In addition, the state rents 474 beds from local jurisdictions in Washington. The 2005 Legislature funded the construction of a new 1,258-bed prison expansion at the Coyote Ridge Correctional Center, which is scheduled to be completed by June 2006 and operational for the 2007-09 Biennium..

Budgeting, Accounting and Fiscal Controls

Budgeting. The state operates on a July 1 to June 30 fiscal year and on a biennial budget basis, the constitutionally prescribed period. Formulation of the state’s operating budget is initiated by OFM, the Governor’s budget agency, with the distribution of instructions to all state agencies establishing guidelines and information requirements. Development of agency budgets begins approximately nine months prior to the regular legislative sessions, which convene in odd-numbered years. Formal budget requests are forwarded by each agency to the Director of the OFM in the summer. The budget requests are revised and evaluated by the Director of the OFM and his or her staff, and alternative

methods of delivering services are examined and evaluated. Following this evaluation, recommended budget levels are prepared for the Governor by the Director of the OFM. These recommendations, based on the priorities of the administration, are the result of an examination of the relative merits of each program, projections of caseload, enrollment and population statistics, an assessment of the state's overall priorities, and the availability of revenue. The Expenditure Limit Committee, staffed by Senate Ways and Means, House Appropriations, and OFM have the responsibility for calculation and adoption of the expenditure limit each November.

Budget tables and statistics provided by the OFM for inclusion in this Official Statement are based on generally accepted accounting principles ("GAAP"). GAAP provides that the recognition and inclusion of revenues occur when they are measurable and earned, regardless of when the funds are received. Given the nature of the state's revenue collection, on an accrual basis revenues are available for expenditure prior to receipt. Recognizing that the expenditure of funds prior to receipt of offsetting revenue would erode the state's cash balance, the Legislature enacted laws which limited the expenditure of funds to the amount of revenue actually received or money on deposit over the course of the biennium. These limitations do not apply to the state's general obligation bonds.

The Governor reviews the OFM's operating budget recommendations and accepts or modifies them. Following final decisions by the Governor the budget document is published as the Governor's budget and presented to the Legislature for consideration in December of even-numbered years. The formal budget presentation to the Legislature is delivered by the Governor the following January during the first week of the legislative session. This presentation outlines the administration's primary goals and offers recommendations for the adoption of the budget to achieve those objectives.

Subsequent to the introduction of revenue and expenditure measures that embody the Governor's proposed operating budget, the Legislature engages in extensive budget deliberations and committee hearings. Legislative authorizations of long-term debt also are considered to finance a portion of the capital budget. Upon adoption of revenue and expenditure legislation by the House of Representatives and the Senate, the bills are transmitted to the Governor, who has constitutional authority to veto sections of the bills and append in writing the reasons therefor.

During a biennium, supplemental budget requests may be submitted to the Legislature during either the regular annual session or any extraordinary session, subject to the approval of the Governor.

Accounting. The state's accounting records are maintained in conformance with GAAP, as promulgated by the Governmental Accounting Standards Board ("GASB"). GAAP accounting is mandated by RCW 43.88.037. The state's Comprehensive Annual Financial Report ("CAFR") is accounted on a GAAP basis. The accounting system produces monthly financial statements at the state-wide combined level and at the agency level, which are used in the preparation of the state's fiscal year CAFR, including its 2004 CAFR. The state's fiscal 2004 CAFR contains Annual Financial Statements prepared in accordance with GAAP as promulgated by GASB (the "2004 Annual Financial Statements"), a copy of which has been filed with each nationally recognized municipal securities information repository ("NRMSIR"). Excerpts from the state's 2004 CAFR are attached as Appendix D. Copies of the state's entire 2004 CAFR are available on the Office of Financial Management's website at <http://www.ofm.wa.gov/cafr/2004/cafr04toc.htm> or upon request from the Office of the State Treasurer.

The Government Finance Officers Association of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the state for its CAFR for each of the Fiscal Years 1987 through 2004. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report, the content of which conforms to program standards. Such reports must satisfy both GAAP and applicable legal requirements.

Fiscal Controls. To ensure that the budget remains in balance, fiscal controls are exercised during the biennium through an allotment process, which requires each agency to submit a monthly expenditure plan. This expenditure plan must be approved by the OFM and provides the authority for agencies to spend funds within statutory maximums specified in the legislatively adopted budget. Reports are available that compare actual agency expenditures to estimates.

The 2005-07 Biennium began July 1, 2005. State law requires a balanced biennial budget. If at any time during the fiscal period the Governor projects a cash deficit because disbursements will exceed the aggregate of estimated receipts plus beginning cash surplus, the Governor is required to make across-the-board reductions in allotments in order to prevent a cash deficit, thereby reducing expenditures of appropriated funds, unless the Legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Across-the-board reductions occur only in those funds estimated to have a cash deficit. For example, if the General Fund-State were projected to have a deficit, the portion of an agency's budget provided by the General Fund-State would be subject to reduction. Across-the-board reductions are placed in reserve status until needed to avert a budget deficit; if the deficit does not materialize, the across-the-board reductions are returned to the agencies.

Debt Issuance Policy

All state general obligation debt and other evidence of indebtedness is authorized by the Legislature and issued under the authority granted to the Committee by the Legislature.

In 1996, the Committee adopted a Debt Issuance Policy that, among other things, addresses the roles and responsibilities of the Committee and the State Treasurer, standards of conduct and appointment of professional service providers. The Debt Issuance Policy also addresses methods of sale, appointments of underwriters, pricing and allocation of negotiated sales, and refunding savings thresholds.

Under "Conditions of Sale," the Debt Issuance Policy generally calls for (i) level debt service, i.e. approximately equal amounts per year, (ii) fixed interest rates and (iii) debt life shorter than or equal to estimated useful life of the facility financed. These conditions may not apply in all cases.

State Investment Programs

The State Treasurer's Office is responsible for the investment management of the state's operating funds totaling approximately \$2 billion to \$3 billion from time to time through its Treasurer's Cash Management Account (the "CMA"). The Treasurer also is responsible for administering the Washington State Local Government Investment Pool (the "LGIP"), an approximately \$5 billion fund that invests money on behalf of more than 400 cities, counties and special municipal districts.

Permissible investments for both funds include U.S. government and agency securities, bankers acceptances, high quality commercial paper, repurchase and reverse repurchase agreements, and certificates of deposits with qualified state depositories.

Treasurer's Cash Management Account. The CMA is a nonvoluntary pool of state agency funds; agencies are not permitted to make discretionary withdrawals for alternative investment purposes. The CMA may invest in securities with maturities out to ten years. The average life of the CMA generally ranges from one to two years.

In its management of the CMA pursuant to the Investment Policy adopted by the State Treasurer in January 2001, the State Treasurer sets its investment objectives pursuant to modern portfolio theory. To manage state funds more efficiently and effectively, the State Treasurer's CMA investments are separated into two portfolios, each with its own risk objectives. The policy sets forth, *inter alia*, the practices, procedures and restrictions applicable to the investment of funds and specifically denominates eligible investments and certain restrictions on portfolio composition. Internal controls and reporting

requirements are mandated by the Investment Policy to allow for oversight and monitoring of performance.

Local Government Investment Pool. The LGIP, authorized by chapter 43.250 RCW, is a voluntary pool which provides its participants the opportunity to take advantage of the economies of scale inherent in pooling. It also is intended to offer participants increased safety of principal and the ability to achieve a higher investment yield than otherwise would be available to them. The LGIP is a conservatively managed, highly liquid pool comparable to a SEC Rule 2a-7 money market fund, restricted to investments with maturities of 397 days or less. The average life generally ranges from 30 to 60 days.

The LGIP adheres to the traditional principles applicable to the prudent investment of public funds, which are, in order of priority: (i) the safety of principal, (ii) the assurance of sufficient liquidity to meet cash flow demands and (iii) the attainment of the highest possible yield within the constraints of the first two goals. Historically, both the CMA and the LGIP have had sufficient liquidity to meet all cash flow demands.

Asset Liability Management

Up to ten percent of the state's total general obligation debt may be in variable rate form under a policy adopted by the Committee in July 1995. The purpose of this feature of debt management policy is to coordinate state debt and investment practices through asset liability management, which is defined as the management of the exposure to interest rate risk through active management of certain financial elements of the state's balance sheet. Coordinating the management of state debt and state investment is expected to reduce the volatility and the impact of interest rate changes in the General Fund-State.

Historically, state debt has been issued in long-term, fixed-rate form, while state investments have been made on a short-term basis. The issuance of some variable rate debt is intended to provide a closer match of interest expense to interest income.

State Economic and Revenue Forecasting Process

To assist in its financial planning, the state prepares quarterly economic forecasts derived from national econometric models. The Legislature, through enactment of Chapter 138, Laws of 1984 (RCW 82.01.130), established the Office of Forecast Council (the "Forecast Council") in the Department of Revenue, and in 1990, the Legislature established the Forecast Council as an independent body. The Forecast Council consists of six members, two appointed by the Governor and two appointed from each of the political caucuses of the Senate and House of Representatives. The Forecast Council approves the official revenue forecast for the state. The Forecast Council law requires a review of financial performance eight times during the biennium and requires action if changing economic conditions affect the budget. This "early warning" system gives policy makers time to reduce expenditures or raise taxes during economic downturns and provides the option of increasing financial reserves or dealing with emergent spending needs in periods of economic growth.

In mid-February (or March in odd-numbered years), June, September, and November, subject to the approval of the Forecast Council, the forecast supervisor uses forecasts of the U.S. economy to prepare an official state economic and revenue forecast and two unofficial forecasts, one based upon optimistic economic and revenue assumptions and one based upon pessimistic economic and revenue assumptions. The groundwork for these quarterly forecasts is undertaken in conjunction with the results of monthly state revenue collections, using a formally created economic and revenue forecast workgroup. This group consists of lead staff members representing the Department of Revenue and the OFM, as well as staff representatives of the legislative fiscal committees.

The quarterly forecast process starts with a preliminary review of the Forecast Council's findings by the workgroup. At approximately the same time, the Governor's Council of Economic Advisors is convened to provide a view of the state and national economy from outside state government. These views and cumulative and recent revenue performance are taken into account in the preparation of forecast scenarios. The Forecast Council meets to consider the economic outlook and, after a two-week interval, considers the revenue forecast and pessimistic and optimistic projections.

The state forecast by the Forecast Council that is discussed and analyzed in this Appendix A is the state forecast that was released in March 2005. This forecast is the basis for the projections described under "Summary of Recent and Projected Operating Results" and "Outlook for the 2003-05 and 2005-07 Biennia." The next forecast will be released on or about June 16, 2005. Copies of the report and subsequent reports may be obtained from the Office of Economic and Revenue Forecast Council (www.erfc.wa.gov).

SUMMARY OF RECENT AND PROJECTED OPERATING RESULTS

The following tables display projected revenues and expenditures for the 2003-05 and 2005-07 Biennia. Revenues for the 2003-05 and 2005-07 Biennia are based on the June 2005 Forecast. Expenditures for the 2003-05 and 2005-07 Biennia are based on the 2005 Supplemental Operating Budget and the 2005-07 Operating Budget passed by the Legislature in April 2005 and signed by the Governor on May 17, 2005. The outlook for the 2003-05 and 2005-07 Biennia immediately follows the tables.

OUTLOOK FOR THE 2003-05 AND 2005-07 BIENNIA

U.S. Economic Forecast

The June 2005 economic and revenue forecast incorporated the advance Gross Domestic Product (“GDP”) estimate for the first quarter of 2005. According to the advance estimate, real GDP grew at a 3.1 percent rate in the first quarter of 2005, down from 3.8 percent in the fourth quarter. The decline in final sales was even sharper, from 3.4 percent to 1.9 percent. Consumers, whose spending increased at a 3.5 percent rate, more than accounted for all the growth in final sales. Fixed investment growth slowed to 5.0 percent in the first quarter from 10.5 percent in the fourth quarter, due primarily to a slowdown in the growth rate of business spending on equipment and software from 18.4 percent to 6.9 percent. Net exports subtracted nearly 1.5 percentage points from GDP growth in the first quarter, as the 7.0 percent increase in exports in the first quarter was overwhelmed by the 14.7 percent increase in imports. Government spending increased just 0.6 percent in the first quarter.

Payroll employment growth slowed to 1.4 percent in the first quarter from 1.7 percent in the fourth quarter, but the unemployment rate declined from 5.43 percent to 5.27 percent. Inflation, as measured by the Consumer Price Index, slowed to 2.4 percent in the first quarter of 2005 from 3.6 percent in the fourth quarter. For once, core inflation in the first quarter was slightly higher at 2.6 percent, as both food and energy inflation moderated. Housing starts increased at a 21.4 percent annual rate, from 1.975 million units in the fourth quarter of 2004 to 2.085 million units in the first quarter of 2005, while the mortgage rate increased from 5.73 percent to 5.75 percent. Housing starts in the U.S. have not been this strong since 1978. On May 3rd, the Federal Open Market Committee (“FOMC”) raised its target for the federal funds rate by 25 basis points to 3.00 percent. The new national forecast indicates slightly weaker GDP and employment growth than the forecast adopted in March, but the personal income forecast is stronger due to higher inflation.

The June forecast assumes that the underlying trend is for slower growth, but that the economy has dipped earlier than anticipated under the weight of high oil prices. Assuming that oil prices hold in the region of \$50 per barrel, growth is expected to stabilize in the second quarter and most likely improve in the third. The strong employment report for April (released after the forecast was completed) suggests that the improvement may come through even more quickly, in the second quarter. But the underlying trend heading into 2006 is expected again to be towards softer growth. The key reasons to anticipate weaker growth next year are an easing of spending growth by a stretched consumer and a softer housing market. GDP growth is expected to slow to 3.4 percent this year from 4.4 percent in 2004. Slower growth is expected in the next two years as the recovery matures. The forecast calls for growth rates of 2.9 percent per year in 2006 and 2007. Nonfarm payroll employment rose 1.1 percent in 2004, which was the first significant increase in four years. The forecast assumes employment growth will improve to 1.6 percent this year, slowing to 1.4 percent in 2006 and 0.9 percent in 2007. The unemployment rate also improved in 2004 for the first time in four years, declining to 5.53 percent from 5.99 percent in 2003. The unemployment rate is expected to decline again this year, to 5.18 percent. Unemployment is expected to be little changed during the next two years, with rates of 5.19 percent and 5.26 percent in 2006 and 2007, respectively. Inflation, as measured by the implicit price deflator for personal consumption expenditures, accelerated to 2.2 percent in 2004 from 1.9 percent in 2003 and 1.4 percent in 2002. Rising energy costs continue to boost overall inflation. Excluding food and energy, inflation increased to 1.5 percent in 2004 from 1.3 percent in 2003. Energy will add to inflation again this year, but will help restrain inflation in 2006 and 2007 as prices finally decline. The forecast expects inflation rates of 2.3 percent in 2005, declining to 2.0 percent per year in 2006 and 2007. The forecast assumes 25-basis-point increases in the federal funds at each FOMC meeting through November, pushing the funds rate to 4.00 percent by year end.

Washington State Economic Forecast

The state's employment growth rate improved to 3.7 percent in the first quarter of 2005 from an also strong 3.4 percent in the fourth quarter of 2004. The state has not experienced such an increase in employment since 1997, in the middle of the last aerospace upturn. Manufacturing employment rose 2.8 percent in the first quarter, following a 3.6 percent increase in the fourth quarter. The strong manufacturing employment growth in the first quarter was mostly due to aerospace employment, which rose at an 11.4 percent rate, the second consecutive double-digit increase. Manufacturing employment other than aerospace rose only 0.2 percent rate, though. Every nonmanufacturing sector expanded in the first quarter, led by the strong construction sector, which grew 14.0 percent following an 11.9 percent increase in the fourth quarter. Trade, transportation and utilities employment growth was also strong, with a 5.0 percent growth rate, as was information, up 4.2 percent, led by an 8.2 percent increase in software employment. Professional and business services employment grew 4.1 percent, and education and health services employment increased 3.5 percent. Financial activities employment and leisure and hospitality employment both grew 1.5 percent and other services employment rose 1.4 percent. In the public sector, federal government employment increased 7.2 percent, but state and local government employment inched up at a 0.6 percent rate.

Washington's personal income in the fourth quarter of 2004 was \$6.115 billion (2.5 percent) lower than the estimate made in March, of which \$0.987 billion was due to the error in the non-recurring Microsoft dividend estimate. The revision to total personal income in the fourth quarter, excluding the dividend error, was a reduction of \$5.128 billion (2.3 percent). Nonwage personal income, excluding the special dividend, was \$1.072 billion (1.1 percent) below the March estimate, while total wages were \$4.056 billion (3.3 percent) lower. Software wages were \$0.108 billion (2.3 percent) higher than expected, but non-software wages were \$4.164 billion (3.6 percent) lower.

The number of housing units authorized by building permit declined by 6,000 from 57,800 in the fourth quarter of 2004 to a still strong 51,700 in the first quarter of 2005. Housing has not been this strong in the state since 1990. The strength recently has been mostly in the single family market, where permits rose by 400 from 39,100 to 39,500. Multi-family permits fell 6,400, though, from 57,800 to 51,700.

The forecast also reflects Seattle consumer price data through April 2005. After trailing the national average during 2002, 2003 and 2004, Seattle inflation increased in the first four months of this year, rising at an annual rate of 7.2 percent compared to 4.8 percent for the U.S. city average.

The state aerospace employment forecast is essentially unchanged since February, except to recognize slightly stronger growth through May, which adds about 400 jobs. That difference is maintained through the end of 2007. The forecast now expects an increase of 14,100 from the first quarter of 2004 through the fourth quarter of 2007. The software wage forecast is virtually identical to the assumption made in March. Microsoft stock options are expected to continue to decline, but income from stock grants will grow. Software employment is expected to increase 3,900 from the first quarter of 2005 to the fourth quarter of 2007, compared to 4,400 in the March forecast. As in March, the forecast reflects the AT&T Wireless-Cingular merger. The forecast assumes a total reduction of 2,500 jobs during the last three quarters of 2005. Also as in March, the forecast for state personal income includes the special \$3.00 Microsoft dividend that was paid in December. In March, the state's share of the \$99.400 billion U.S. total was assumed to be \$23.446 billion. The actual Bureau of Economic Analysis estimate for the state was \$22.459 billion, a difference of about \$1 billion. Since the dividend was nonrecurring, the discrepancy only affected fourth quarter 2004 personal income.

Nonfarm payroll employment in the state increased 1.7 percent in 2004, following a 0.1 percent rise in 2003 and declines in 2001 and 2002. The forecast continues to expect a relatively weak recovery, due to the sluggish U.S. economy and only a modest upturn in aerospace. The forecast expects

employment growth to improve to 2.8 percent this year, then retreat to 2.1 percent in 2006 and 1.8 percent in 2007. Personal income growth in the state, excluding the special Microsoft dividend, improved to 4.3 percent in 2004 from 2.8 percent in 2003 and is expected to continue to improve to 5.3 percent this year and 6.7 percent next year, slowing slightly to 6.2 percent in 2007. Housing activity remains very strong. Housing permits increased by 7,300 in 2004 to 50,100, which is the highest annual total since 1979. The strength in housing has been mostly in the single family market, which continues to benefit from low mortgage rates. Higher mortgage rates are expected to depress the single family market during the next three years. Partially offsetting this will be stronger population growth, which should boost multi-family activity. The forecast expects housing permits to decline to 48,300 in 2005, 46,800 in 2006, and 46,300 in 2007. The state's weak economy has slowed inflation in the area in spite of soaring energy costs. Inflation, as measured by the Seattle consumer price index, declined in 2004 to 1.2 percent from 1.6 percent in 2003. The strengthening local economy should result in somewhat higher inflation in the next three years. The forecast expects inflation rates of 3.4 percent in 2005, 2.5 percent in 2006, and 2.2 percent in 2007.

Alternative Economic Forecasts

The Washington State Economic and Revenue Forecast Council also provided an optimistic forecast and a pessimistic forecast in June 2005.

Optimistic Forecast. Six assumptions distinguish the optimistic scenario from the baseline forecast. First, productivity is stronger. Underlying this assumption is the view that the information-driven technology boom, which appears to have accelerated in recent years, continues. Second, foreign economic growth is stronger. A stronger world economy boosts US exports and strengthens domestic manufacturing. Third, business investment is stronger. Fourth, the federal government budget deficit is lower. Fifth, housing starts are stronger. And finally, the optimistic scenario assumes that oil prices run about \$5 per barrel lower than in the baseline. These assumptions produce a rosier outlook, with the economy growing 0.3 percentage point faster than in the baseline during 2005 and 1.1 percentage points faster during 2006. Although economic growth and labor markets are stronger, inflation is lower because of the stronger dollar and the higher productivity gains. The lower inflation rate allows the Federal Reserve to keep the federal funds rate below the baseline value. Since productivity growth is higher, potential GDP is higher and remains so throughout the forecast period. Job growth is also stronger. Nonfarm employment is 503,000 higher than in the baseline at the end of 2005 and 1,549,000 higher at the end of 2006. Because job growth is strong, the unemployment rate stays below its baseline rate over the forecast period. For the state, the optimistic forecast assumes a more typical, vigorous aerospace employment expansion than the modest growth assumed in the baseline. Washington's wages also grow faster than in the baseline. The strong economy raises Seattle CPI inflation above the baseline forecast in the optimistic scenario, in spite of strong productivity growth. The initial level of personal income in the state is also higher in the optimistic scenario, and population growth and construction employment growth are stronger. By the end of the 2005-07 Biennium, nonagricultural employment in the state is higher by 67,500 jobs than in the baseline forecast and personal income is \$12.9 billion higher. The optimistic scenario generated \$58 million (0.2 percent) more revenue in the current biennium and \$1.080 billion (4.3 percent) more revenue in the next biennium than did the baseline forecast.

Pessimistic Forecast. The pessimistic alternative assumes that there is less spare capacity than thought, both globally and in the US economy. It also assumes that the dollar weakens rapidly, as foreign investors avoid the spiraling trade deficit and lose confidence in the dollar. Interest rates rise as foreign investors diversify away from the dollar, and the federal deficit widens relative to the baseline. The falling dollar adds to the upward pressure on inflation. The FOMC responds by accelerating the pace of tightening. Despite the more aggressive tightening, the stock and bond markets both slip on signs that the FOMC may have let inflation build up an unstoppable momentum. The FOMC cannot permit this acceleration to continue, and so raises rates further in 2006. Between

the higher interest rates and persistently high energy prices, consumer confidence begins to waver. Consumers rein in discretionary spending and the US economy slows. At the same time, hiring lags, causing the unemployment rate to climb. The economy does not sink into recession in the pessimistic alternative, but merely fails to come as close to its potential as in the baseline, with GDP growth coming in 0.3 percentage point below the baseline rate in 2005 and 1.4 percentage points lower in 2006. At the state level, the recovery in aerospace employment is much slower than in the baseline. Data revisions show that the initial level of state personal income is lower than was assumed in the baseline. Population growth is also slower in this scenario. Construction employment begins to decline again in the second half of 2005, rather than continuing to rise as in the baseline. Because of the weak economy, wage growth in the state and Seattle inflation are weaker than in the baseline forecast, in spite of the higher inflation assumption in the national pessimistic forecast. By the end of the 2005-07 Biennium, nonagricultural employment in the state is 72,600 lower than the baseline forecast, and personal income is \$11.4 billion lower. The pessimistic scenario produced \$63 million (0.3 percent) less revenue in the 2003-05 Biennium and \$931 million (3.7 percent) less revenue in the 2005-07 Biennium than did the baseline forecast.

Budgetary Outlook

For the 2003-05 Biennium, General Fund-State revenues are projected to be \$24.243 billion, an increase of 8.5 percent from the 2001-03 Biennium, plus a carry-forward of \$405 million. This figure includes \$195 million for noneconomic changes for the estate and agrilink taxes, as well as \$452 million in revenue from other funds that was deposited into the General Fund. The balance sheet has also been updated for \$155 million in adjustments, which again are attributable to prior biennium recoveries and a one-time charge to the working capital reserve.

The operating budget for the 2003-05 Biennium calls for an overall expenditure level of \$23.7 billion for General Fund-State, which is an increase of \$1.1 billion or 4.2 percent over the 2001-03 Biennium. This is among the smallest of the biennial growth rates in the past decade, and is within the \$23.91 billion expenditure limit imposed by Initiative 601.

In the 2003-05 Biennium, 54 percent of the General Fund-State budget will go to support public schools and higher education. Most of the increase in public school funding covers the increased cost of teacher and staff health benefits for increases in K-12 enrollment. Higher education funding provided for at least 1,800 student enrollment increases in public universities and colleges and increases in need grants.

The spending for human service delivery systems provided by the Department of Social and Health Services made up approximately 28 percent of the state budget. The largest program in the Human Services budget is the Medical Assistance Program, which comprised 30 percent of the Human Services budget in the 2003-05 Biennium.

For the 2005-07 Biennium, General Fund-State revenues are projected to be \$25.6 billion, a 5.6 percent increase from the 2003-05 Biennium, plus a carry-forward of \$977 million. This figure includes \$354 million of new or revised revenue sources passed by the 2005 legislature, including an increase to the liquor liter tax, the extension of sales tax to warranties, an adjustment to the high-tech business and occupations tax credit, and a number of other small changes. Also included is \$219 million in shift of revenue from other funds into the General Fund.

The operating budget for the 2005-07 Biennium contains an overall expenditure level of \$25.95 billion for General Fund-State, which is an increase of \$2.3 billion or 9.6 percent over the 2003-05 Biennium. This expenditure level is within the \$26.04 billion expenditure limit imposed by Initiative 601.

In the 2005-07 Biennium, 53 percent of the General Fund-State budget will go to support public schools and higher education. Most of the public school funding covers the increased cost of teacher and staff health benefits for increases in K-12 enrollment. The higher education funding provided for at least 7,900 student enrollment increases in public two- and four-year colleges and universities, and increases in need grants.

The spending for human service delivery systems provided by DSHS makes up approximately 36 percent of the state budget. Washington's WorkFirst program has helped more than 153,000 people get off and stay off welfare since the program began in 1997. Welfare caseloads have dropped by 40 percent and the percentage of the state's population on welfare is at the lowest point in more than 30 years. Most program participants who go to work earn more than \$8 an hour. The largest DSHS program is the Medical Assistance Program, which, at \$3.1 billion, comprises 39 percent of the 2005-07 DSHS budget.

The 2005-07 Biennial Budget contains compensation increases for K-12 teachers and state employees, including salary cost-of-living increases ("COLAs"), partial salary survey implementation, pension rate increases, and health benefit rate increases. The COLAs are the first in four years for state employees and K-12 teachers. The 2005-07 Biennium also marks the effective date of collective bargaining and wider union representation among classified employees of state government.

The following tables provide the General Fund-State budget for the 2003-05 and 2005-07 Biennia.

State Transportation Budget

The Legislature passed the state transportation budget for the 2003-05 Biennium on April 26, 2003, and the Governor signed the bill on May 19, 2003. The total \$4.8 billion budget bill contained funding for \$2.9 billion in capital expenditures, including \$2.6 billion for the Department of Transportation capital funding for roads, bridges, ferries, rail, and transit improvements. The bill also contained funding for the Washington State Patrol, the Department of Licensing and other transportation agencies.

The state gas tax historically has been pledged for debt service retirement of transportation bonds. An increase in the state gas tax to 31 cents per gallon went into effect on July 1, 2005.

The Legislature passed the state transportation budget for the 2005-07 Biennium on April 24, 2005, and the Governor signed the bill on May 9, 2005. The total \$5.9 billion budget bill contained funding for \$3.7 billion in capital expenditures, including \$3.4 billion for the Department of Transportation capital funding for roads, bridges, ferries, rail, and transit improvements. The bill also contained funding for the Washington State Patrol, the Department of Licensing and other transportation agencies.

CAPITAL BUDGET AND STATE DEBT

State Capital Budget

The state's 2003-05 biennial capital budget adopted by the 2003 Legislature provided for \$2.57 billion expenditures in new projects. Of this total, \$1.35 billion in expenditures are to be funded from the sale of general obligation bonds that are subject to the state's statutory debt limit.

The 2003-05 biennial capital budget provides for \$798 million for higher education projects, \$540 million for K-12 education and \$386 million for natural resource projects. Other capital funds are divided across the remaining state governmental functions. The 2004 Supplemental Capital Budget provided another \$150 million in funding, primarily for higher education facilities and for projects that protect the state's water resources. The 2005 Supplemental Capital Budget provided an additional \$213 million, most of which was additional funding from the Public Works Assistance Account program.

The state's 2005-07 biennial capital budget adopted by the 2005 Legislature provided for \$3.27 billion expenditures in new projects. Of this total, \$1.56 billion in expenditures are to be funded from the sale of general obligation bonds that are subject to the state's statutory debt limit.

The 2005-07 biennial capital budget provides for \$1.400 billion for higher education projects, \$900 million for K-12 education and \$1.272 billion for natural resource projects. Other capital funds are divided across the remaining state governmental functions.

General Obligation Debt

General Obligation Debt Authority. The State Constitution and enabling statutes authorize by three different means the incurrence of state general obligation debt, the payment of which is secured by a pledge of the state's full faith, credit and taxing power:

- (i) by the affirmative vote of 60 percent of both houses of the Legislature, without voter consent (in which case the amount of such debt is generally but not always subject to both constitutional and statutory limitations; see "General Obligation Debt Limitations" below);
- (ii) by the affirmative vote of 50 percent of both houses of the Legislature and a majority of the voters voting thereon (in which case the amount of the debt so approved is not subject to other constitutional limitations, but is subject to statutory limitations; see "General Obligation Debt Limitations" below); or
- (iii) by a body designated by statute (currently the Committee) without limitation as to amount, without approval of the Legislature (except as to appropriation of the sums borrowed) and without the approval of the voters; however, such debt:
 - (a) may be incurred only to meet temporary deficiencies of the State Treasury, to preserve the best interests of the state in the conduct of the various state institutions, departments, bureaus, and agencies during each fiscal year;
 - (b) must be discharged, other than by refunding, within 12 months of the date of incurrence;
 - (c) may be incurred only to provide for appropriations already made by the Legislature; or
 - (d) may be incurred to refund outstanding obligations of the state.

The State Constitution also permits the state to incur additional debt to repel invasion, suppress insurrection or to defend the state in war.

General Obligation Debt Limitations. With certain exceptions noted below, the amount of state general obligation debt which may be incurred by the means described in the section entitled “General Obligation Debt Authority” above is limited by constitutional and statutory restrictions. The limitations in both cases are imposed by prohibiting the issuance of new debt if the new debt would cause the maximum annual debt service on all thereafter outstanding general obligation debt to exceed a specified percentage of the arithmetic mean of general state revenues for the preceding three fiscal years. These are limitations on the incurrence of new debt and are not limitations on the amount of debt service which may be paid by the state in future years.

“General state revenues” is defined for purposes of the constitutional limitation as including all state money received in the State Treasury from each and every source whatsoever, with certain exceptions that include (i) fees and revenues derived from the operation of any facility; (ii) earmarked gifts, grants, donations, and aid; (iii) money for retirement system funds and performance bonds; (iv) money from trust funds, proceeds from sale of bonds or other indebtedness; and (v) taxes levied for specific purposes. For purposes of the statutory debt limitation, “general state revenues” also includes (i) the state lottery revenues, and (ii) revenues deposited in the state general fund and the student achievement fund that are derived from property taxes levied by the state for the support of common schools.

The constitutional and statutory limitations, which are overlapping, are summarized as follows:

- (i) *The Constitutional Limitation.* Under Article VIII, Section 1 of the State Constitution, new general obligation debt may not be issued if the new debt would cause maximum annual debt service on all thereafter outstanding general obligation debt to exceed nine percent of the arithmetic mean of general state revenues for the preceding three fiscal years. Excluded from the calculation are the following types of general obligation debt:
 - (a) debt payable primarily from excise taxes levied on motor vehicle fuels, income received from the investment of the permanent common school fund and revenue received from license fees on motor vehicles;
 - (b) debt which has been refunded;
 - (c) debt issued after approval of both houses of the Legislature and a majority of those voting in a general or special election;
 - (d) debt issued to meet temporary deficiencies in the State Treasury (described in “General Obligation Debt Authority” above);
 - (e) debt issued in the form of bond anticipation notes;
 - (f) debt issued to fund or refund debt of the State Building Authority (no longer in existence);
 - (g) debt issued to pay “current expenses of [S]tate government;”
 - (h) debt payable solely from the revenues of particular public improvements (revenue debt of the state), and
 - (i) any state guarantee of voter-approved general obligation debt of school districts in the state.

- (ii) *The Statutory Limitation.* Under chapter 39.42 RCW, new general obligation debt may not be issued if the new debt would cause maximum annual debt service on all thereafter outstanding general obligation debt to exceed seven percent (as contrasted with the nine percent limitation in the State Constitution) of the arithmetic mean of general state revenues for the preceding three fiscal years.

The percentage limitation and the general obligation debt excluded from calculation of the limitation under this state statute have changed from time to time. The types of general obligation debt currently excluded from the calculation are the same as those excluded from the calculation under the constitutional limitation with the following exceptions:

- (a) general obligation debt issued after approval of both houses of the Legislature and a majority of the voters, which is included rather than excluded as described above under “The Constitutional Limitation;”
- (b) general obligation debt issued prior to July 1, 1993, pursuant to statute which requires that the State Treasury be reimbursed for the full debt service on such debt from money other than general state revenues or from special excise taxes imposed under chapter 67.40 RCW (“reimbursement bonds”);
- (c) general obligation debt issued after July 1, 1993, pursuant to statute which requires that the State Treasury be reimbursed for the full debt service on such debt from (1) moneys outside the State Treasury (except for higher education operation fees); (2) higher education building fees; (3) indirect cost recovered from federal grants and contracts; and (4) University of Washington hospital patient fees;
- (d) general obligation debt issued to finance certain improvements to the state capitol east plaza garage pursuant to RCW 43.99Q.070;
- (e) general obligation debt issued to finance the rehabilitation of the state legislative building to the extent such debt is paid from the capitol building construction account pursuant to RCW 43.99Q.140(2)(b); and
- (f) general obligation debt issued to finance transportation projects pursuant to Chapter 147, Laws of 2003, section 7.

Current General Obligation Debt Capacity. By applying the statutory limitation on general obligation debt, which is currently the more restrictive of the constitutional and statutory limitations, the state’s estimated general obligation debt capacity (excluding Committee-authorized short-term debt described above) is calculated as follows:

Estimated arithmetic mean of general state revenues for fiscal years ending June 30, 2003, 2004, and 2005 (1)	\$ 11,000,725,954
7% of such arithmetic mean (maximum annual debt service on general obligation debt to be outstanding may not exceed this sum).....	\$ 770,050,817
Maximum annual debt service on outstanding general obligation debt (8/30/2005).....	\$ 657,000,832
Uncommitted portion of debt service limitation (8/30/2005).....	\$ 113,049,985
Remaining state general obligation principal debt capacity after sale of current and projected issues (assuming a 25-year amortization and an interest rate of 6.00% on future issues) (2)	\$ 1,445,158,216

-
- (1) Preliminary, subject to change. The arithmetic means of general state revenues for fiscal years ending a) June 30, 2002, 2003, and 2004; b) June 30, 2001, 2002, and 2003; c) June 30, 2000, 2001, and 2002; d) June 30, 1999, 2000, and 2001; e) June 30, 1998, 1999, and 2000; f) June 30, 1997, 1998, and 1999; and g) June 30, 1996, 1997, and 1998, were \$9,932,495,848.84, \$9,129,881,312.38, \$8,885,895,256, \$8,655,884,795, \$8,305,755,187, \$7,918,308,401, and \$7,559,859,280, respectively. Source: "Certification of the Debt Limitation of the State of Washington" for fiscal years 1999 through 2004.
- (2) The amount of debt that can be issued under this debt limitation calculation is subject to numerous factors, including state revenues, debt structure and interest rates, and may vary over time.

Use of Short-Term General Obligation Debt Authority (Certificates of Indebtedness and Bond Anticipation Notes). Chapter 39.42 RCW and the respective bond acts of the state delegate to the Committee the authority to issue, in the name of the state, temporary notes in anticipation of the sale of bonds. Pursuant to statutory authority and resolution of the Committee, such notes are general obligations of the state. Principal of and interest on such notes are excluded from the constitutional and statutory debt limitations. The state has no bond anticipation notes currently outstanding.

Article VIII of the State Constitution and chapter 39.42 RCW provide for the issuance of certificates of indebtedness to meet temporary deficiencies in the State Treasury. Such indebtedness must be retired other than by refunding within twelve months of the date of issue. Principal and interest on certificates of indebtedness is excluded from constitutional and statutory debt limitations. The state has no certificates of indebtedness currently outstanding and does not anticipate any external short-term borrowing during the current biennium.

Motor Vehicle Fuel Tax Obligations

As of August 30, 2005, there will be outstanding \$2,584,288,801 motor vehicle fuel tax bonds secured by a pledge of, and first payable from, excise taxes levied against motor vehicle and special fuels. Additionally, these bonds are secured by the full faith, credit and taxing power of the state. Such bonds are not subject to the constitutional or statutory debt limitation.

Motor Vehicle Fuel Tax Rates. Chapter 49, Laws of 1983, 1st Ex. Sess., established a motor vehicle fuel tax at a fixed cents-per-gallon rate. Effective April 1, 1990, the fuel tax was raised to 22 cents per gallon from 18 cents. Effective April 1, 1991, the fuel tax was raised to 23 cents per gallon. Effective July 1, 2003, the fuel tax was raised to 28 cents per gallon. The State Legislature enacted Engrossed Substitute Senate Bill 6103, Chapter 314, Laws of 2005 (ESSB 6103) during its 2005 regular session. Among other things, ESSB 6103 provides for incremental increases in the tax rate on motor vehicle fuels and special fuels that total nine and a half cents per gallon over a period of four years. The initial increase in the tax rate for motor vehicle fuels and special fuels of three cents per gallon (from

28 cents per gallon to 31 cents per gallon) became effective on July 1, 2005. The tax rate for both types of fuels would increase an additional three cents per gallon on July 1, 2006, two cents per gallon on July 1, 2007, and one and one-half cents per gallon on July 1, 2008.

The net tax amounts (after payment of refunds and administrative expenses) accruing from the increases in tax rates enacted by ESSB 6103 for motor vehicle and special fuels are to be distributed to certain local governments and to the state. The state is to receive 83.3334 percent of the net tax amounts from each of the tax rate increases effective on July 1, 2005, and July 1, 2006, and 100 percent of the net tax amounts from the tax rate increases effective on July 1, 2007, and July 1, 2008. The net tax amounts distributable to the state are to be deposited in the Transportation Partnership Account in the Motor Vehicle Fund. Amounts deposited in the Transportation Partnership Account must be used only for projects or improvements identified as 2005 transportation partnership projects or improvements in the omnibus transportation appropriations act, Chapter 313, Laws of 2005, including any principal and interest on bonds authorized for those projects or improvements.

The tax rate increases enacted by ESSB 6103 relating to motor vehicle fuels only would be repealed if proposed Initiative No. 912 ("I-912") is approved by the voters at the November 2005 election. I-912 does not purport to repeal any of the increases in special fuels taxes enacted by ESSB 6103.

Revenue Available for Debt Service. The following table presents the state's motor vehicle fuel excise tax collection experience at various rates per gallon, including a revenue projection based upon the tax rate of 31 cents per gallon tax effective July 1, 2005, and the allocations of excise tax pledged for bond principal and interest payments.

	Revenue Pledge	County-City Allocation⁽¹⁾	State Allocation⁽²⁾
July 1, 1991 – June 30, 1992	\$610,681,244	\$81,153,690	\$305,143,075
July 1, 1992 – June 30, 1993	596,015,283	79,888,937	297,161,376
July 1, 1993 – June 30, 1994	614,890,069	82,418,884	306,571,969
July 1, 1994 – June 30, 1995	615,525,077	82,503,999	306,888,571
July 1, 1995 – June 30, 1996	655,427,980	87,887,898	327,133,159
July 1, 1996 – June 30, 1997	672,095,589	89,661,476	336,186,110
July 1, 1997 – June 30, 1998	688,474,782	91,846,557	344,379,077
July 1, 1998 – June 30, 1999	712,559,355	95,059,580	356,426,320
July 1, 1999 – June 30, 2000	721,684,773	96,276,797	365,130,833
July 1, 2000 – June 30, 2001	723,945,995	96,578,457	366,272,623
July 1, 2001 – June 30, 2002	720,305,001	96,092,728	364,429,773
July 1, 2002 – June 30, 2003	732,805,981	97,760,429	370,749,618
July 1, 2003 – June 30, 2004	882,671,375	99,866,758	512,808,590
July 1, 2004 – June 30, 2005 ⁽³⁾	905,846,435	99,265,533	538,209,753
July 1, 2005 – June 30, 2006 ⁽³⁾	996,637,685	100,397,089	611,790,565

(1) Allocation of excise tax revenues first used for payment of debt service for county-city urban program (RCW 47.26.404, 47.26.4252, 47.26.4254, and 47.26.505).

(2) Allocation of excise tax revenues first used for payment of debt service for ferry vessels, State Route 90 and the state highway bonds.

(3) Department of Transportation forecast (June 2005). If proposed Initiative 912 qualifies to be placed on the ballot in November 2005 and is approved by the electorate, the Department of Transportation estimates that the July 1, 2005—June 30, 2006, Revenue Pledge, County-City Allocation and State Allocation would be \$964,327,167, \$100,397,089 and \$580,076,633, respectively.

Revenue Pledge and Distribution Percentages. Each legislative act authorizing the issuance and sale of motor vehicle fuel tax bonds provides that the principal of and interest on such bonds are secured

by a pledge of the excise taxes levied on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW (formerly by chapters 82.36 and 82.40 RCW). That pledge constitutes a charge against the revenues from such motor vehicle and special fuels excise taxes equal to the charge of any other general obligation bonds of the state that have been and may hereafter be authorized that also pledge motor vehicle and special fuels excise taxes for their payment. By statutory provision the Legislature has covenanted to continue to levy that excise tax in amounts sufficient to pay, when due, the principal and interest on all of those bonds issued under the respective legislative authorizations. All motor vehicle fuel tax general obligation bonds of the state are further secured by a pledge of the full faith, credit and taxing power of the state. The act authorizing the issuance of refunding bonds requires, as to bonds to be refunded that are secured by motor vehicle fuel taxes, that the refunding bonds be secured by the same taxes in addition to the pledge of the state's full faith and credit and taxing power.

The Legislature has established a statutory scheme for the distribution and expenditure for various purposes of specified percentages of motor vehicle and special fuels excise taxes received in the motor vehicle fund. However, the Legislature has provided that nothing in those provisions may be construed to violate the terms and conditions of any highway construction bond issues authorized by statute and whose payment is by such statute pledged to be paid from any excise taxes on motor vehicle and special fuels. With the pledge of the aggregate of motor vehicle and special fuels excise taxes for payment of the principal of and interest on all motor vehicle fuel tax bonds currently authorized, that statutory scheme can be characterized as a mandate as to which portion of such excise taxes should first be used to transfer funds to the Highway and Ferry Bond Retirement Funds.

Sources of Repayment

The Legislature is obligated to appropriate money for state debt service requirements. Appropriations providing for the payment of bond principal and interest requirements on each series of bonds normally are included in the omnibus appropriation act or occasionally in another appropriation act of each biennial session. In addition, it has been the practice to provide in each omnibus appropriation act an appropriation of such additional money as may be required to satisfy bond covenants and laws for reserves, surplus funds and other "set-asides."

Generally, each bond statute provides that on or before June 30 of each year the Committee shall certify to the State Treasurer the amount required for payment of bond principal and interest for the ensuing fiscal year. For bonds authorized before the First Extraordinary Session of the 1977 Legislature on July 1 (in some instances on June 30), the State Treasurer was required to transfer those funds from any state general revenues, component or dedicated revenues, depending on the revenue pledge, to the specified bond fund. For bonds authorized during the 1977 First Extraordinary Legislative Session and for all subsequent authorizations made prior to the 1989 Legislative Session, the State Treasurer must transfer the funds necessary to pay debt service to the respective bond redemption funds not less than 30 days prior to the principal or interest payment date. For bonds authorized during and since the 1989 Legislative Session, the State Treasurer must transfer the funds necessary to pay debt service to the respective bond redemption funds on the principal or interest payment date.

The statutes(s) authorizing the bonds and other general obligations of the state require the Committee to certify annually the amount needed to provide for payment of debt service and require the State Treasurer to deposit "general state revenues" in such amount into the General Obligation Bond Retirement Fund from time to time. The term "general state revenues" is defined in Article VIII in the State Constitution. Not all money deposited in the General Fund-State constitutes general state revenues.

The following table presents general state revenues (statutory) for fiscal years since 1999:

**GENERAL STATE REVENUES
STATUTORY
(in Millions)**

<u>Fiscal Year</u>	<u>General State Revenues</u>
2004	\$ 11,457.616
2003	9,397.528
2002	8,942.343
2001	9,049.773
2000	8,655.570
1999	8,252.312

Some general obligation bond statutes provide that the General Fund-State will be reimbursed from discrete revenues which are not considered general state revenues. For example, tuition fees charged by institutions of higher education must reimburse the General Fund-State for payment of debt service for a number of higher education construction bonds. Other similar reimbursement requirements apply to hospital patient fees (for University of Washington Hospital Construction Bonds) and lease-rental proceeds (for Washington State University Research Center Bonds). All of these required reimbursements have been made to date.

In addition, special hotel-motel tax proceeds collected in King County are pledged to reimburse the General Fund-State debt service payments for the 1983 State Convention and Trade Center Bonds.

For motor vehicle fuel tax bonds, at least one year prior to the date any interest is due and payable on those bonds or prior to the maturity date of any bonds, the Committee estimates, subject to the provisions of the pledge of revenue, the percentage of the monthly receipts of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels that will be necessary to meet interest or bond payments when due. Each month as such funds are paid into the Motor Vehicle Fund, the State Treasurer must transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels in the Motor Vehicle Fund to the Highway Bond Retirement Fund and the Ferry Bond Retirement Fund, the latter of which is to be used for payment of the principal of and interest on the state ferry bonds when due. If in any month it appears that the estimated percentage of money so transferred is insufficient to meet the requirements for interest and bond retirement, the State Treasurer must notify the Committee, and the Committee must adjust its estimates so that all requirements for interest and principal of all bonds issued will be fully met at all times.

The state retains and expects to continue to retain a minimum surplus of funds in the Highway Bond Retirement Fund pending the development of clear estimates of the consequences of energy conservation measures and more definite Department of Transportation revenue projections.

With respect to state ferry bonds, concurrent with the distribution of motor vehicle and special fuel tax revenue to the Ferry Bond Retirement Fund, the State Treasurer must transfer a like amount of funds from the Puget Sound Capital Construction Account to the Motor Vehicle Fund.

State Bonds Outstanding

The following table summarizes as of August 30, 2005, the state's general obligation bonds and general obligation bonds secured by motor vehicle fuel tax revenue.

General Obligation Bonds.....	\$ 7,731,117,072
Motor Vehicle Fuel Tax General Obligation.....	2,584,288,801
	<u>\$ 10,315,405,874</u>

An additional \$2,871,438,029 principal amount of general obligation bonds and \$7,990,256,199 principal amount of motor vehicle fuel tax general obligation bonds will be authorized but unissued as of August 30, 2005. Issuance of additional general obligation bonds is subject to constitutional and statutory debt limitations. By statute, additional general obligation bonds (with certain exceptions) may not be issued if, after giving effect thereto, maximum annual debt service would exceed seven percent of the three-year average of general state revenues. State motor vehicle fuel tax general obligation bonds and certain other bonds are not subject to that limitation.

The maximum annual debt service on all outstanding general obligation bonds is covered 14.76 times by general state revenues of \$11.458 billion for the fiscal year ending June 30, 2004. Coverage of the projected annual debt service on all outstanding motor vehicle fuel tax general obligation bonds is 4.44 times based upon estimated gasoline tax revenues of \$905.846 million for the fiscal year ending June 30, 2005.

Schedules

Schedules Nos. 1 through 3 show debt service on outstanding and proposed general obligation bonds and motor vehicle fuel tax bonds and analyses of the various types of revenues pledged to secure these bonds.

State Bonded Debt by Source of Payments

General Obligation

Payable from General State Revenues	\$6,596,205,712 ⁽¹⁾	
First Payable from Other Sources	3,719,200,162 ⁽²⁾	
Limited Obligation	0	\$10,315,405,874

	General Obligation Debt		
	Payable From General State Revenues	First Payable from Other Sources	Total State Bonded Debt
Debt to True Market Value.....	1.13%	0.64%	1.76%
Per Capita Debt.....	\$1,091.78	\$615.59	\$1,707.37

(1) Outstanding bonds as of August 30, 2005.

(2) Certain state general obligation bonds are payable first from sources other than general state revenues (\$1,134,911,360 from tuition fees, patient fees, admissions taxes, parking taxes, certain King County sales and use taxes, or hotel and motel taxes) and are additionally full faith and credit obligations of the state.

OTHER OBLIGATIONS

Workers' Compensation Program

The Workers' Compensation Program insures approximately 70 percent of the work force in the state, excluding self-insured employers and their employees, against work-related accidents and medical claims. The program has three main components: Accident, Medical Aid and Supplemental Pension. Accident Fund premiums are paid by employers while premiums for the Medical Aid and Supplemental Pension Funds are shared equally by employers and employees. A separate pension fund sufficient to pay future pension obligations is established in the Accident Fund and not through separate premium assessments. The Supplemental Pension component covers both state fund and self-insured employees. The Accident, Medical Aid and Pension components are designed to be self-sustaining; assets are accumulated to fund future benefits.

The Supplemental Pension Fund was adopted by the Legislature in 1973 to provide inflation adjustment payments for time lost for the temporarily disabled and pension benefits for the permanently disabled. This plan operates on a current, "pay-as-you-go" basis. GAAP formerly required those liabilities be recorded as long-term debt and allowed expected employer and employee contributions to be shown as an asset. GASB now requires the Supplemental Cost of Living Benefit to be characterized as an obligation of the Workers' Compensation Fund, a special enterprise fund, but does not permit employer and employee future contributions to be shown as an offsetting asset. This accounting change has no impact on the fund's liability to pay supplemental cost of living benefits, nor does it affect its ability to make those payments. The potential future liability of the fund to pay all claims for Supplemental Cost of Living Benefits for all employees is estimated to be \$4.5 billion; however, the state's obligation to its own employees is substantially lower, and the state anticipates contributions from the private sector will be sufficient to satisfy all liabilities for nonpublic employees.

Certificates of Participation/Financing Contracts

The following table displays outstanding state certificates of participation/financing contracts as of July 31, 2005.

		2005-2007

	\$ 592,767,742	\$ 155,700,257	

The 1989 Legislature authorized financing contracts for personal and real property. The state currently has in place a program that provides for the financing of equipment and real estate projects by competitive sale of certificates of participation in master financing contracts. The state's obligations are subject to appropriation.

State Unemployment Compensation Fund

Currently, unemployed workers are entitled to up to 30 weeks of regular unemployment insurance benefits, with a maximum state liability of \$14,880 per unemployed worker. The maximum and minimum weekly benefit amounts payable are defined as percentages of the state's average weekly wage in covered employment. The maximum is now \$496; the minimum is \$109.

Legislative changes in 1984 improved the revenue-generating capacity of the unemployment insurance financing provisions. Collections under prior law could only meet the average annual benefit costs of the state's benefit provisions, and the reserve fund level (fund balance as a percent of total wages) could increase only during periods of low unemployment.

The experience rating system enacted in 1984 provided for six tax schedules with average yields ranging from 2.3 percent to 4.0 percent of taxable wages, depending on the reserve fund level. Each schedule has a maximum tax rate of 5.4 percent to conform to federal requirements. The highest tax schedule is in effect when the reserve fund level is below one percent of total wages, which was the case in 1985, 1986 and 1987. Growth in the trust fund triggered tax schedules with lower yields. The lowest tax schedule was in effect from 1990 through 1993. The reserve fund level continued to increase until June 30, 1993, after which it decreased slightly from 4.4 percent to 4.2 percent.

The 1993 Legislature concluded that the trust fund level was higher than necessary. In 1993, the Legislature enacted the new, lower tax schedule AA, and the 1995 Legislature enacted lower trust fund controls.

Changes in benefit and financing provisions were enacted by the legislature in 2003. The new law will place limits on the maximum weekly benefit amount and will reduce the computed benefit amounts for some claimants. The new financing provisions will not take effect until 2005. The department is in the process of analyzing the impact of changes in the financing provisions.

UNEMPLOYMENT COMPENSATION FUND (Dollars in Millions)

	Beginning Balance	Receipts	Disbursements	June 30 Balance*

* As of September 30 beginning FY 2000.

** As a percent of total wages for the preceding calendar year.

State Retirement Systems

The table below presents details regarding liabilities and assumptions of the Washington State Retirement System Funds. These retirement plans are defined benefit plans, providing monthly cash payments in accordance with a specific schedule but providing neither pre-retirement nor post-retirement medical benefits. The benefit amount may be determined by a combination of service and/or salary. The state also participates in the Judicial Retirement System and the Volunteer Fire-Fighter System, which are minor in relation to those illustrated.

The Office of the State Actuary is overseen by the Select Committee on Pension Policy and performs all actuarial services for the Department of Retirement Systems, including all studies required by law. The tables included hereunder have been reviewed by the State Actuary and will be subject to revision at subsequent dates.

The pertinent items disclosed below are as follows:

- (i) *Contribution Rates.* These are rates of contribution developed based upon the 2003 valuations, expressed as a percentage of the active members' compensation.
- (ii) *Unfunded Actuarial Present Value of Fully Projected Benefits.* This is the unfunded actuarial present value of the state's total commitment to pensions, including the unfunded actuarial present value of benefits accrued to date for active, inactive and retired members, and the actuarial present value of projected future accruals for active members. (Contribution rates are derived from this data.)
- (iii) *Unfunded Actuarial Present Value of Credited Projected Benefits.* This is the amount by which liabilities exceed assets. Liabilities are calculated by the Credited Projected Benefits Method. Benefits are projected to retirement, including future salary increases but only service earned to date.
- (iv) *Funding Ratio.* The Funding Ratio is assets divided by liabilities. Liabilities are calculated by the Credited Projected Benefits Method.
- (v) *Unfunded Actuarial Accrued Liability-Entry Age Cost Method.* This is a portion of the unfunded actuarial present value of fully projected benefits. The only significance of this item is in developing the contribution rates for the systems. Contributions toward the Unfunded Actuarial Accrued Liability have been developed as a level percentage of expected future payrolls. The current statute, chapter 41.45 RCW, requires the existing Unfunded Actuarial Accrued Liability, as well as future gains or losses, and benefit increases to be fully funded by the dates shown in the following table.

The Public Employees' Retirement System ("PERS"), the Teachers' Retirement System ("TRS"), the School Employees' Retirement System ("SERS"), and the Law Enforcement and Firefighters' Retirement System ("LEOFF") each include more than one plan. In the table below, contribution rates are shown for members entering before October 1, 1977 (Plan 1), and after October 1, 1977 (Plan 2). Plan 3 members do not make contributions to the Defined Benefit portion of the plan. SERS Plan 2/3 is composed of school employees hired on or after October 1, 1977, who were previously included in PERS Plan 2. School employees hired before October 1, 1977, remain in PERS Plan 1. A portion of the employer contribution for Plan 2/3 employees of SERS, PERS and TRS is contributed to the respective Plan 1.

At least once every six years, the State Actuary is required to perform studies in which the demographic assumptions used in each system are evaluated. These studies were performed for the 1995-2000 period. As a result of these studies, significant changes were made in these assumptions and in the asset valuation method. The results shown below reflect the new assumptions.

The major economic assumptions used, developed and adopted by the Pension Funding Council, are as follows:

- (i) ultimate rate of assumed investment return: 8.0 percent per annum;
- (ii) general salary increases: 4.5 percent per annum;
- (iii) rate of Consumer Price Index increase: 3.5 percent (where applicable).

CONTRIBUTION RATES AND UNFUNDED LIABILITIES—RETIREMENT SYSTEMS

Remaining Funding Period for Unfunded Actuarial Accrued Liability (Entry Age Cost Method)	June 30, 2024		June 30, 2024		June 30, 2024		NA		NA	

(1) Contribution rate for members entering system before October 1, 1977 (Plan 1).

(2) Contribution rate for members entering system after October 1, 1977 (applies to Plan 2 members, not Plan 3 members).

(3) The Public Employees Retirement System and School Employees Retirement System cover employees of the state and its political subdivisions as provided by statute. The figures shown above for Unfunded Actuarial Present Value of Fully Projected Benefits, Unfunded Actuarial Present Value of Credited Projected Benefits, and Unfunded Actuarial Accrued Liability represent the state's portion only, approximately 53 percent for PERS and SERS. The contribution rate in respect of the Unfunded Actuarial Accrued Liability is paid by all employers, and all these contributions go into the Public Employees Retirement System Plan 1, which covers both public and school employees.

(4) Contribution rates are effective July 1, 2005 (September 1, 2005, for the Teachers Retirement System and the School Employees Retirement System).

ECONOMIC INFORMATION

This section provides certain information concerning the economic condition of the state. The demographic information and statistical data which are provided do not necessarily present all factors which may have a bearing on the state's fiscal and economic affairs.

Overview

Population. The 2000 U.S. census count of the state's population was 5,894,121, or 21.1 percent more than the 4,866,700 counted in 1990.

The Seattle-Bellevue-Everett Primary Metropolitan Statistical Area (the "Seattle PMSA") is the biggest single component of the state's economy, with a population of 2,414,616 in 2000, up 18.8 percent since 1990. King County and the adjacent counties to the north, Snohomish and Island Counties, comprise the Seattle PMSA, which is the fourth largest metropolitan center on the Pacific Coast. The city of Seattle, located in northwestern Washington, is the largest city in the Pacific Northwest and serves as the King County seat. The population trends of King County and the Seattle PMSA show continued growth at a higher rate than Seattle's, reflecting the stable economy of the area and the greater availability of residential construction sites outside Seattle.

In the eastern half of the state, population in the Spokane area grew to 417,939 in 2000, an increase of 15.7 percent over 1990, and the Yakima area's population increased to 222,581, growing by 17.9 percent since 1990.

Infrastructure. The state is the home of two full-facility sea ports, located in Seattle and Tacoma, and the Seattle-Tacoma International Airport ("Sea-Tac"). The state also is served by the federal interstate highway system and Union Pacific and Burlington Northern-Santa Fe railroads, as well as Amtrak passenger lines.

Human Resources. The concentration of technical, engineering, managerial, scientific, and other professional skills within the state's work force is due in part to the state's state-supported higher education system, which consists of two major universities, four regional universities and a system of community colleges. In addition, the state has 18 private colleges.

Economic Base. The economic base of the state includes manufacturing and service industries as well as agricultural and timber production. Industry sectors exhibiting growth include transportation, communication and utilities employment; finance, insurance and real estate; and services. Boeing, the state's largest private employer, is preeminent in aircraft manufacture and exerts a significant impact on overall state production, employment and labor earnings. The state ranks fourth among 12 leading states in the percentage of its work force employed in technology-related industries and ranks third among the largest software development centers. The state is the home of approximately 1,000 advanced technology firms, including Microsoft Corporation. The state's leading export industries are aerospace, forest products, agriculture, and food processing.

Annual Retail Sales Activity

The state is home to a number of specialty retail companies that have reached national stature, including Nordstrom, Eddie Bauer, Costco, and Recreational Equipment Inc. The following table provides a history of retail sales activity in the state.

FISCAL YEAR RETAIL SALES ACTIVITY 1996-2003
(Dollars in Billions)

Fiscal Year	Washington	% Change	United States	% Change
1996	62.8	1.5	2,577.6	5.3%
1997	66.7	6.2	2,715.3	5.3
1998	72.1	8.1	2,845.7	4.8
1999	77.2	7.1	3,026.3	6.3

2001	85.6	2.7	3,418.3	3.9
2002	84.4	(1.4)	3,520.8	3.0
2003	86.2	2.1	3,660.5	4.0

Source: Washington State Office of the Forecast Council and the U.S. Department of Commerce

Trade

One in six jobs in the state is related to international trade. The state, particularly the Puget Sound corridor, is a trade center for the Northwest and the state of Alaska. During the past 20 years, the state consistently has ranked number one or number two in the nation in international exports per capita.

Ports. The Ports of Seattle and Tacoma serve as one of the three major gateways for marine commerce into the United States from the Pacific Rim, and each rank among the top 20 ports in the world based upon volume of containerized cargo shipped. The ten largest shipping lines in the world call at these ports, and on a combined basis, these ports rank as the second-largest load center for the shipment of containerized cargo in the United States.

Approximately 70 percent of the cargo passing through the Ports of Seattle and Tacoma has an ultimate destination outside of the Pacific Northwest. Therefore, trade levels depend largely on national and world economic conditions, rather than local economic conditions.

Airport. The city of Seattle is the commercial center for the state and is near a major international airport, Sea-Tac, which has scheduled passenger service by 15 major/national, three regional/commuter and ten foreign flag carriers. In addition, 16 all-cargo carriers have scheduled cargo service at Sea-Tac. Sea-Tac is the 23rd busiest airport in the nation for aircraft operations and the 20th busiest cargo airport.

Manufacturing

The state's manufacturing base includes aircraft manufacture, with the aerospace industry currently representing approximately eight percent of all taxable business income generated in the state. Boeing remains the largest employer in the Puget Sound area, although total employment within the company dropped from 238,600 to 160,600 and employment within the State dropped from 103,420 to 57,000 between February 1998 and June 2003. In September 2001, the company relocated its corporate headquarters to Chicago, Illinois, a move that affected approximately one-half of the 1,000 people who worked in the Seattle location.

The following table shows the record of sales and earnings reported by Boeing for the last five years:

BOEING SALES AND EARNINGS

Year	Sales (Billions) ⁽¹⁾	Earnings (Millions)
2000	\$ 51.3	\$ 2,128
2001	58.2	2,827
2002	53.8	492 ⁽²⁾
2003	50.3	718 ⁽³⁾
2004	52.5	1,872

(1) Includes firm orders; excludes options, orders without signed contracts, and orders from firms that have filed for bankruptcy.

(2) Restated to show cumulative effect of accounting change.

(3) Decrease in total earnings in 2003 due primarily to decreases in commercial airplanes and launch and orbital systems divisions earnings.

Source: The Boeing Company

While Boeing has dominated manufacturing employment, other manufacturers also have experienced growth, thus reducing Boeing's percentage of total manufacturing jobs in the state.

Technology-Related Industries

The most significant growth in manufacturing jobs, exclusive of aerospace, has occurred in high technology-based companies. The state ranks fourth among all states in the percentage of its work force employed in technology-related industries and ranks third among the largest software development centers. The state is the home of approximately 1,000 advanced technology firms; nearly 50 percent of these firms are computer-related businesses. Microsoft, which is headquartered in Redmond, Washington, is the largest microcomputer software company in the world. Microsoft's fiscal year 2004 revenues were \$36.8 billion, compared to \$32.2 billion in fiscal year 2003.

Services/Tourism

As the business, legal and financial center of the state, Seattle ranks ninth in the country in the number of downtown hotel rooms (7,600 rooms in 50 hotels and motels). The Washington State Convention and Trade Center opened in June 1988, with the capacity for events involving as many as 11,000 people. An expansion

of the Convention and Trade Center that doubled the exhibition space and added a private office tower, hotel and museum was completed in 2001.

Timber

Natural forests cover more than 40 percent of the state's land area. Forest products rank second behind aerospace in value of total production. The Weyerhaeuser Company is the state's largest forest products employer.

A continued decline in overall production during the next few years is expected due to federally imposed limitations on the harvest of old-growth timber and the inability to maintain the recent record levels of production increases. The decline is not expected to have a significant effect on the state's overall economic performance.

Agriculture and Food Processing

Agriculture, combined with food processing, is an important state industry. The state's major products—wheat, apples, milk, and cattle—comprise more than half of total production. The values and uses of farmland in the state are expected to change in the future, with the listing of local salmon runs as endangered by the U.S. Environmental Protection Agency.

Construction

The following table provides information on housing units for the state and the United States.

**HOUSING UNITS AUTHORIZED IN WASHINGTON AND THE UNITED STATES
1999-2006**

<u>Calendar Year</u>	<u>Washington</u>	<u>United States ⁽¹⁾</u>
1999	42,752	1,647,250
2000	39,021	1,573,333
2001	38,345	1,601,167
2002	40,200	1,710,250
2003	42,825	1,852,500
2004	50,089	1,951,833
2005 ⁽²⁾	48,268	2,068,669
2006 ⁽²⁾	46,812	1,835,291

(1) Actual housing starts prior to current year.

(2) 2005 and 2006 figures are based on the June 2005 forecast.

Source: *Washington State Office of the Forecast Council and the Department of Commerce*

Federal, State and Local Government

On a combined basis, employment in the government sector represents approximately 18.7 percent of all wage and salary employment in the state. Seattle is the regional headquarters of a number of federal government agencies, and the state receives an above-average share of defense expenditures.

Summary

The following diagram provides an overall description of business income by industry sector for 2004.

APPENDIX B

DEFINITIONS AND SUMMARY OF CERTAIN LEGAL DOCUMENTS

This page left blank intentionally

DEFINITIONS AND SUMMARY OF CERTAIN LEGAL DOCUMENTS

The following is a summary of certain provisions of the Master Financing Lease, Trust Agreement, Master Assignment, Site Leases and Financing Leases, including certain defined terms used within this Official Statement. Reference is directed to each of such documents for the complete text thereof. Copies of such documents are available from the Office of the State Treasurer.

CERTAIN DEFINITIONS

The following are definitions of certain terms used in this Appendix B and elsewhere in this Official Statement.

Act means Chapter 365 of the Laws of Washington, 1989, codified as Chapter 39.94 RCW, as supplemented and amended.

Additional Rent means all costs, expenses, insurance premiums, Impositions and other payments, including Administrative Fees and Expenses, that are the obligations of the State Treasurer or the Agency pursuant to the terms of the Master Financing Lease or each Financing Lease, as the case may be.

Administrative Fees and Expenses means all application, commitment, financing or similar fees charged, or administrative or other expenses incurred, with respect to the administration and maintenance of the Certificates and the Series 2005D Agreements.

Agency means a State Agency or Local Agency.

Agency Event of Default has the meaning given such term in the related Financing Lease.

Agency Rent Payments means the rent payments to be made by each Agency as set forth in the related Agency Financing Lease.

Agency Rent Payment Dates means each December 1 and June 1, as specified in each Financing Lease, on which an Agency Rent Payment is due.

Agency Rent Payment Fund means the fund of that name maintained by the State Treasurer pursuant to the Master Financing Lease.

Authorized Agency Representative means the natural person (a) designated on the certificate of the each Agency in the form set forth in the related Financing Lease and includes any other officer appointed by the chief elected official or administrative official of such Agency and (b) whose signature is on file with the Fiscal Agent and the Treasurer Representative.

Authorized Corporation Representative means the President from time to time of the Corporation, unless such President shall have designated another officer of the Corporation, in which case "Authorized Corporation Representative" shall mean such other officer.

Authorized Denomination means \$5,000 and any integral multiple thereof.

Base Rent Payment means a rent payment to be made by the State Treasurer as set forth in the Master Financing Lease.

Base Rent Payment Date means each January 1 and July 1, as specified in the Trust Agreement, on which a Base Rent Payment evidenced and represented by the Certificates is due.

Beneficial Owner means any Person that has or shares the power, directly or indirectly, to make investment decisions concerning ownership of any Certificates (including Persons holding Certificates through nominees, depositories or other intermediaries).

Biennium means the fiscal period of the State.

Business Day means any day other than (i) a Saturday, (ii) a Sunday, (iii) a day on which banking institutions located in the state of Washington are authorized or required by law to remain closed, or (iv) a day on which the Principal Office of the Fiscal Agent or the New York Stock Exchange is closed.

Certificate of the State Treasurer, Written Request of the State Treasurer and Written Order of the State Treasurer each mean an instrument in writing signed by a Treasurer Representative.

Certificate Counsel means a firm of attorneys appointed by the State Treasurer of recognized national standing in the field of law relating to the issuance of certificates of participation, bonds and other obligations by states and their political subdivisions, and the exclusion of interest thereon from gross income for federal income tax purposes.

Certificate Fund means the “State of Washington Certificates of Participation, Series 2005D Certificate Fund” established pursuant to the Trust Agreement.

Certificate Payment Date means each Principal Payment Date and each corresponding Interest Payment Date on which a Principal Component and the corresponding Interest Component are due as set forth in the Trust Agreement.

Certificate Register means the records for the registration of the Certificates maintained by the Fiscal Agent.

Certificates means the certificates of participation in the Base Rent Payments executed and delivered by the Fiscal Agent pursuant to the Trust Agreement in the Initial Principal Amount and designated as the “State of Washington Certificates of Participation, Series 2005D.”

Closing Date means the date on which the Certificates are delivered to the Underwriter in exchange for payment therefor.

Code means the Internal Revenue Code of 1986, as amended, together with all regulations promulgated by the United States Department of the Treasury thereunder.

Corporation means the Washington Finance Officers Association or any other Washington nonprofit corporation selected by the State Treasurer's Office from time to time, and any successors and permitted assigns thereof, including without limitation the Fiscal Agent as assignee pursuant to the Master Assignment.

Costs of Issuance means administrative expenses, legal, accounting, financial and printing expenses, and all other expenses incurred in connection with the preparation, execution and delivery of the Series 2005D Agreements and the Certificates.

Dated Date means the date of initial delivery, expected to be September 1, 2005.

Disclosure Agreement means an agreement for ongoing disclosure in compliance with the Rule, dated as of the Dated Date, executed and delivered by the Treasurer Representative and/or by the Authorized Agency Representative with respect to the Certificates.

DTC means The Depository Company, New York, New York, a limited purpose trust company organized under the laws of the State of New York, as depository for the Certificates, or any successor or substitute depository for the Certificates.

Event of Default means an Event of Default as set forth in the Master Financing Lease.

Executive Order, for purposes of the Master Financing Lease, means an order issued by the Governor of the State pursuant to sections 43.88.050 and 43.88.110 RCW, as amended or re-enacted.

Financing Lease means each Local Agency Financing Lease or State Agency Financing Lease Addendum.

Fiscal Agent means The Bank of New York, a banking corporation duly organized and existing under and by virtue of the laws of the State of New York, and its successors and assigns, or any other bank or trust company which may at any time be substituted in its place pursuant to the Trust Agreement.

Fitch means Fitch IBCA, Inc., and its successors and assigns, and, if such organization shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, "Fitch" shall be deemed to refer to any other nationally recognized securities rating agency (other than Moody's and S&P) designated by the Treasurer Representative with the consent of the Fiscal Agent.

Government Obligations means obligations described in paragraph (a) of the definition of Qualified Investments below.

Impositions means all federal, State and local real and personal property taxes and assessments (including assessments for public improvements), license and permit fees, charges for public utilities, leasehold excise taxes, other excise taxes, levies, use and occupancy taxes, privilege taxes, business and occupation taxes and all other governmental impositions and charges of every kind and nature, general and special, ordinary and extraordinary, foreseen and unforeseen, which are imposed, levied upon or assessed against or which arise with respect to the

applicable Property (or any portion thereof), any Base Rent Payments, Agency Payments, Prepaid Site Lease Rent or Additional Rent, or other sums payable under the Master Financing Lease, the Financing Leases or the Site Leases, the leasehold estate created by the applicable Site Leases, the Master Financing Lease or the applicable Local Agency Financing Leases, or the operation, use or possession of the applicable Property, and all income, gross receipts or similar taxes imposed, levied upon, assessed against or measured by any Agency Payments, Base Rent Payments, Prepaid Site Lease Rent, Additional Rent or other sums payable under the applicable Site Leases, the Master Financing Lease, or the applicable Financing Leases, and all sales, value added, *ad valorem*, use and similar taxes levied, assessed or payable on account of the leasing, use, possession, control or operation of the Property, and all charges, fees and assessments for utilities, communications and similar services provided to the Property.

Information Services means Financial Information, Inc.'s "Daily Bond Service," 30 Montgomery Street, 10th Floor, Jersey City, New Jersey 07302, Attention: Editor; Kenny Information Services' "Called Bond Service," 55 Broad Street, 28th Floor, New York, New York 10004; Moody's "Municipal and Government," 99 Church Street, 8th Floor, New York, New York 10007, Attention: Municipal News Reports; and Standard and Poor's "Called Bond Record," 25 Broadway, 3rd Floor, New York, New York 10004; or, in accordance with then-current guidelines of the SEC, such other addresses and/or such other services providing information with respect to called bonds, as the State Treasurer may designate in a Certificate of the State Treasurer delivered to the Fiscal Agent.

Initial Principal Amount means the aggregate initial Principal Components evidenced and represented by the applicable Certificates as set forth in the Trust Agreement.

Interest Account means the account by that name established pursuant to the Trust Agreement.

Interest Component means that portion of each State Payment denominated as and comprising interest as set forth in the Master Financing Lease.

Interest Payment Date means each January 1 and July 1 on which an Interest Component is due as set forth in the Master Financing Lease.

Letter of Representation means the blanket issuer letter of representations from the State Treasurer to DTC.

Local Agency means any "other agency" as that term is now or thereafter defined in the Act.

Local Agency Financing Lease means the Local Agency Financing Lease, dated as of the Dated Date, by and between the State, acting by and through the State Treasurer, and the Local Agency.

LGIP means the Local Government Investment Pool administered by the Office of the State Treasurer.

Master Assignment means each Master Assignment, dated as of the Dated Date, executed and delivered in connection with the Certificates.

Master Financing Lease means the Master Financing Lease, dated as of the Dated Date, by and between the Corporation and the State, acting by and through the State Treasurer, as supplemented and amended.

Moody's means Moody's Investors Service, and its successors and assigns, and, if such organization shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, "Moody's" shall be deemed to refer to any other nationally recognized securities rating agency (other than Fitch and S&P) designated by the Treasurer Representative with the consent of the Fiscal Agent.

MSRB means the Municipal Securities Rulemaking Board or any successor to its functions.

Notice of Intent means the Notice of Intent in the form attached to each Financing Lease.

NRMSIR means a nationally recognized municipal securities information repository as designated by the SEC.

OFM means the State Office of Financial Management established in the Office of the Governor of the State pursuant to Chapter 43.41 RCW, or any successor to the functions of the OFM, charged with responsibility of submitting budgets to the State Legislature.

Opinion of Counsel means a written opinion of Certificate Counsel satisfactory to the State Treasurer and the Fiscal Agent.

Outstanding means all Certificates executed and delivered pursuant to the Trust Agreement, except:

- (i) Certificates theretofore canceled by the Fiscal Agent, or delivered to the Fiscal Agent for cancellation;
- (ii) Certificates for which the payment or prepayment of the Base Rent Payments evidenced and represented thereby has been made or duly provided for pursuant to the Master Financing Lease and the Trust Agreement; and
- (iii) Certificates in lieu of or in substitution for which other Certificates have been executed and delivered pursuant to the Trust Agreement.

Owner means the registered owner of a Certificate as set forth on the Certificate Register.

Parties means, as the context requires, the State, the Corporation, each Agency, and/or the Fiscal Agent.

Paying Agent means any paying agent for the Certificates appointed pursuant to the Trust Agreement.

Permitted Encumbrances means, as of any particular time:

- (i) Liens for general *ad valorem* taxes and assessments, if any, that are not then delinquent;
- (ii) The Site Leases;
- (iii) The Master Financing Lease;
- (iv) The Master Assignment;
- (v) The Financing Leases;
- (vi) Any right or claim of any mechanic, laborer, materialmen, supplier or vendor filed or perfected in the manner provided by law;
- (vii) Easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions or restrictions which (a) exist of record as of the Dated Date and which the respective Agency certifies in writing will not materially impair the use of the Property by such Agency, and (b) arise thereafter and to which the State Treasurer and the Corporation consent in writing; and
- (viii) Exceptions shown on the respective title insurance policies issued with respect to the Property as of the date of execution and delivery of the Certificates.

Permitted Termination Date means with respect to a Permitted Termination Event occurring as a result of an election by the State Legislature not to appropriate, the end of the last Biennium for which funding has been provided; or, with respect to a Permitted Termination Event occurring as a result of an Executive Order reduction in funding, the end of the last month for which funding is available to pay Agency Payments due from State Agencies.

Permitted Termination Event means, with respect to a State Agency: (a)(i) sufficient funds have not been appropriated within any biennial budget for the purpose of paying Agency Rent Payments in the next occurring Biennium or, (ii) the Governor of the State has issued an Executive Order mandating an emergency reduction in State funding; and (b) the Treasurer Representative has delivered written notice to the Fiscal Agent, within five (5) Business Days following the enactment of such budget or within thirty (30) days following such an emergency reduction in State funding, as the case may be, describing the election not to appropriate the necessary funds or the insufficiency of funds as a result of an emergency reduction in funding and stating the Permitted Termination Date.

Person or ***persons*** means an individual, corporation, firm, association, partnership, trust, or other legal entity or group of entities, including a governmental entity or any agency or political subdivision thereof.

Prepaid Site Lease Rent has the meaning given such term in each Site Lease.

Prepayment Account means the account by that name established pursuant to the Trust Agreement.

Prepayment Date means each date, other than a Principal Payment Date, on which Principal Component evidenced and represented by the Certificates is to be prepaid.

Prepayment Price means the price payable pursuant to the Master Financing Lease upon any optional or mandatory prepayment of Principal Components evidenced and represented by the Certificates.

Principal Account means the account by that name established pursuant to the Trust Agreement.

Principal Component means that portion of each Base Rent Payment or Installment Payment denominated as and comprising principal as set forth in the Master Financing Lease.

Principal Office means, with respect to the State Treasurer, the office in Olympia, Washington, designated in writing by the State Treasurer to the Fiscal Agent, and, with respect to the Fiscal Agent, the corporate trust office of the Fiscal Agent located in New York, New York, designated in writing by the Fiscal Agent to the State Treasurer.

Principal Payment Date means each January 1 and July 1 on which a Principal Component is due as set forth in the Master Financing Lease.

Project means the improvements acquired or constructed on each Site, if any, pursuant to each respective Financing Lease.

Project Costs means all costs incurred by or on behalf of the Corporation, or the State or the Agency, as agent of the Corporation, on, prior to or after the effective date of the Master Financing Lease in connection with the acquisition or construction of the Property or the Project thereunder, as applicable, and shall include, but not be limited to, (a) the cost of such Property or the Project (including, but not limited to, charges for design, testing and similar charges); (b) the expenses of the State Treasurer and the Agency in connection with the acquisition or construction of the Property or the Project, including but not limited to the Costs of Issuance; (c) any taxes, assessments and other charges, if any, payable in connection with the acquisition or construction of the Property or the Project; and (d) any amounts required to reimburse the State Treasurer or the Agency for advances or payments made prior to the effective date of the Master Financing Lease for any of the above costs.

Project Fund means the “State of Washington Certificates of Participation, Series 2005D Project Fund” established by the State Treasurer pursuant to the Trust Agreement and the Master Financing Lease.

Property means, with respect to each Financing Lease, the Site and the Project leased by the State Treasurer to the Agency, and, with respect to the Master Financing Lease, means collectively all of such Property.

Qualified Investments shall include the following:

(i) Any securities (including obligations held or issued in book-entry form on the books of the Department of the Treasury of the United States of America) which constitute direct obligations of, or the timely payment of the principal of and interest on which is unconditionally guaranteed by, the United States of America;

(ii) Federal Home Loan Bank Bonds and Discount Notes; Federal National Mortgage Association Bonds and Discount Notes; Federal Farm Credit Banks Consolidated System-Wide Bonds and Discount Notes; Federal Home Loan Mortgage Corporation Bonds and Discount Notes; Government National Mortgage Association Bonds; Student Loan Marketing Association Bonds and Discount Notes; Small Business Administration Bonds; Export-Import Bank Bonds; Maritime Administration Bonds; and Obligations of any other Government Sponsored Corporation whose obligations are or may become eligible as collateral for advances to member banks as determined by the Board of Governors of the Federal Reserve System;

(iii) Bankers acceptances, which are eligible for purchase by the Federal Reserve System, drawn on and accepted by a commercial bank (which may include the Fiscal Agent) having a combined capital and surplus of not less than \$100,000,000, which bank has at the time of investment one of the two highest ratings of a Rating Agency;

(iv) Commercial paper having original maturities of not more than 365 days which has at the time of investment one of the two highest ratings of a Rating Agency, which is issued by a corporation organized and operating in the United States with total assets in excess of \$100,000,000;

(v) Bonds of the State and any local government in the State, which bonds have at the time of investment one of the three highest credit ratings of a Rating Agency;

(vi) General obligation bonds of a state other than the State and general obligation bonds of a local government of a state other than the State, which bonds have at the time of investment one of the three highest credit ratings of a Rating Agency;

(vii) Any investments authorized by law for the State Treasurer or any local government of the State;

(viii) Shares of money market funds with portfolios consisting of only U.S. Treasury and agency securities or repurchase agreements, which have at the time of investment one of the three highest ratings of a Rating Agency;

(ix) Any repurchase agreement with any bank or trust company organized under the laws of any state of the United States or any national banking association (including the Fiscal Agent) or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in clauses (i) or (ii) above;

(x) The LGIP; and

(xi) Any other legal investment for funds held by the State Treasurer.

RCW means the Revised Code of Washington, as supplemented and amended.

Rating Agency means Fitch, Moody's or S&P.

Rating Category means the generic rating categories of the Rating Agency, without regard to any refinement or gradation of such rating category by a numerical modifier or otherwise.

Rebate Fund means the "State of Washington Certificates of Participation, Series 2005D Rebate Fund" which may be established pursuant to the Master Financing Lease.

Rebate Requirement has the meaning given to such term in the Tax Certificate.

Record Date means the 15th day of the month immediately preceding each Interest Payment Date and Principal Payment Date.

Resolution means Resolution No. 987 adopted by the State Finance Committee on October 7, 2003 or Resolution No. 1018 adopted by the State Finance Committee on July 12, 2005, as the context may require.

Rule means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SEC means the Securities and Exchange Commission.

SID means a state information depository for the state of Washington, if any.

S&P means Standard & Poor's Ratings Group, and its successors and assigns, and, if such organization shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, "S&P" shall be deemed to refer to any other nationally recognized securities rating agency (other than Fitch and Moody's) designated by the Treasurer Representative with the consent of the Fiscal Agent.

Securities Depositories means The Depository Trust Company, 711 Stewart Avenue, Garden City, New York 11530, Fax-(516) 227-4039 or 4190; Midwest Securities Trust Company, Capital Structures-Call Notification, 440 South LaSalle Street, Chicago, Illinois 60605, Fax-(312) 663-2343; Philadelphia Depository Trust Company, Reorganization Division, 1900 Market Street, Philadelphia, Pennsylvania 19103, Attention: Bond Department, Fax-(215) 496-5058; or, in accordance with then-current guidelines of the SEC, such other addresses and/or such other securities depositories as the State Treasurer may designate in a Certificate of the State Treasurer delivered to the Fiscal Agent.

Series 2005D Agreement means, as the context requires, the Trust Agreement, the Site Leases, the Master Financing Lease, the Financing Leases, the Master Assignment or the Disclosure Agreement, and collectively means all such agreements in connection with the Certificates.

Site means the real property legally described in the Site Lease, including the improvements thereon as of the Dated Date.

Site Lease means each Site Lease, dated as of the Dated Date, by and between the Agency and the Corporation for the lease of a parcel or parcels of the Property by the Agency to the Corporation.

State means the state of Washington.

State Agency means any state agency permitted to enter into financing contracts under the Act.

State Agency Financing Lease Addendum means each State Agency Financing Lease Addendum to the Master Financing Lease, dated as of the Dated Date, executed by the Treasurer Representative and the State Agency.

State Finance Committee means the state finance committee as constituted from time to time pursuant to Chapter 43.33 RCW.

State Legislature means the Legislature of the state of Washington.

State Payment means each Installment Payment and each Base Rent Payment.

State Reimbursement Rate means the average rate of return on the LGIP over the period the reimbursement payment by the Agency to the State Treasurer is delinquent, as determined by the State Treasurer, which determination shall be binding and conclusive against the Agency absent manifest error.

State Sublease Termination Date has the meaning given such term in the Master Financing Lease.

State Treasurer means the Treasurer of the state of Washington.

Supplemental Agreement means any agreement duly authorized and entered into following the Closing Date between or among the State Treasurer, the Corporation, and the Fiscal Agent (in the case of the Trust Agreement, the Master Financing Agreements, or the Master Assignment), or the Agency (in the case of the Financing Leases or the Site Leases) supplementing, modifying or amending the Trust Agreement, a Site Lease, a Master Financing Lease, a Master Assignment or a Financing Lease.

Tax Certificate means the Tax Certificate and Agreement executed and delivered by the Treasurer Representative and/or Authorized Agency Representatives regarding compliance with applicable provisions of the Code in connection with the Site Leases, the Master Financing Lease, the Financing Leases and the Certificates.

Term Certificates means the Certificates identified as such in the Trust Agreement.

Toxic or Hazardous Substances shall be interpreted broadly to include, but not be limited to, any material or substance that is defined or classified under federal, State or local laws as: (a) a “hazardous substance” pursuant to the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. § 9601(14) or Section 311 of the Federal Water Pollution Control Act, 33 U.S.C. § 1321, each as now or thereafter amended; (b) a “hazardous waste” pursuant to Section 1004 or Section 3001 of the Resource Conservation and Recovery Act, 42 U.S.C. § 6903, 42 U.S.C. § 6921, as now or thereafter amended; (c) a toxic pollutant under Section 307(1)(a) of the Federal Water Pollution Control Act, 33 U.S.C. § 1317(1)(a); (d) a “hazardous air pollutant” under Section 112 of the Clean Air Act, 42 U.S.C. § 7412, as now or thereafter amended; (e) a “hazardous material” under the Hazardous Material Transportation Act, 49 U.S.C. § 1802(2), as now or thereafter amended; (f) toxic or hazardous pursuant to regulations promulgated now or thereafter under the aforementioned laws; or (g) presenting a risk to human health or the environment under other applicable federal, State or local laws, ordinances, or regulations, as now or as may be posed or promulgated in the future. “Toxic or Hazardous Substances” shall also mean any substance that after release into the environment and upon exposure, ingestion, inhalation or assimilation, either directly from the environment or indirectly by ingestion through food chains, will or may reasonably be anticipated to cause death, disease, behavior abnormalities, cancer or genetic abnormalities. “Toxic or Hazardous Substances” specifically includes, but is not limited to, asbestos, polychlorinated biphenyls (PCBs), petroleum and petroleum-based derivatives, flammable explosives, radioactive materials and urea formaldehyde.

Treasurer Representative means the State Treasurer, the Assistant State Treasurer or the Deputy State Treasurer of the State, and shall include any other natural person who at the time and from time to time may be designated by a Certificate of the State Treasurer delivered to the Party relying thereon. Such Certificate shall contain the specimen signature of such person, and shall be signed on behalf of the State by the State Treasurer, the Assistant State Treasurer or the Deputy State Treasurer.

Trust Agreement means the Trust Agreement, dated as of the Dated Date, by and among the State Treasurer, the Corporation and the Fiscal Agent, as supplemented and amended in accordance therewith.

Underwriter means the original purchaser of the Certificates.

MASTER FINANCING LEASE

Sublease of Property

The Corporation subleases to the State, and the State hires from the Corporation, upon the terms and conditions set forth in the Master Financing Lease, the real property and all improvements thereon, including but not limited to the Projects, described in the Master Financing Lease, subject to all easements, covenants, conditions and restrictions existing as of the date of the Master Financing Lease. The State agrees to pay in consideration thereof the Base Rent Payments and Additional Rent therefor in accordance with the Master Financing

Lease, and all other amounts required to be paid by the State thereunder. The Corporation reserves the right for any of its duly authorized representatives to enter upon the Property at any reasonable time (or in an emergency at any time) to inspect the same, or to make any repairs, improvements or changes necessary for the preservation thereof, or otherwise in connection with the Corporation's rights and obligations thereunder. The State and its authorized assignees and sublessees at all times during the term of the Master Financing Lease, may peaceably and quietly have, hold and enjoy all of the Property without suit, trouble or hindrance from the Corporation.

Appointment of Agents; Acquisition and Construction of Projects; Substitution and Release of Property

Appointment of Agents. The Corporation appoints, and ratifies, approves and confirms its appointment of, the State Treasurer and the respective State Agencies and the Local Agency pursuant to the Notices of Intent as its agents in connection with the disbursement of the proceeds of the Certificates and the design, acquisition and/or construction and financing or refinancing of the Projects, respectively, and the State Treasurer accepts and agrees to such designation and appointment.

Acquisition and Construction of Projects. The State Treasurer agrees that it has caused or will cause each Project to be designed, acquired and/or constructed and financed or refinanced with all reasonable dispatch by the respective Agency, as agent for the Corporation, in accordance with the plans, specifications, bidding documents, and construction and other contracts approved by such Agency, and in accordance with applicable laws and regulations. The State further agrees that it will pay or cause to be paid the Project Costs solely from funds available to it pursuant to the Master Financing Lease, the Trust Agreement and the Financing Leases. This appointment of the State Treasurer and the respective Agencies to act as agents of the Corporation in connection with the disbursement of the proceeds of the Certificates and the design, acquisition and/or construction and financing or refinancing of the Projects, respectively, and all authority conferred is made and conferred irrevocably by the Corporation, and should not be terminated by any act of the State, any Agency, the Corporation or otherwise.

Changes to Projects; Additions to Property. The State Treasurer may revise or consent to the revision of any Project to be acquired, constructed, financed or refinanced with proceeds of the Certificates, or the description thereof; *provided*, that (i) such Project as so revised must satisfy the requirements under the Master Financing Lease with respect to the substitution of Property previously acquired, constructed, financed or refinanced; (ii) the Project Costs must not be materially reduced thereby; and (iii) any such revision will not relieve the State or any Agency of its obligation to design, acquire, construct, finance or refinance the Project in accordance therewith and with the Financing Leases with respect thereto.

The State Treasurer has the right during the term of the Master Financing Lease, at the cost and expense of the State or the Agency, to make or permit additions, betterments and improvements to the Property, and to attach fixtures, structures and signs thereto; *provided*, that such additions, betterments and improvements and fixtures, structures and signs (i) must be constructed and installed in accordance with applicable laws and regulations, and not in violation of any easements, restrictions, conditions or covenants affecting title to the Property; and (ii) must not diminish the value, capacity or usefulness of the Property.

The State Treasurer also has the right during the term of the Master Financing Lease, without the consent of any Owners, to enter into additional Master Financing Leases with the Corporation to finance all or any portion of the cost of such additions, betterments and improvements to the Property so long as such leases do not reduce the obligation of the State to perform its obligations under the Master Financing Lease, including without limitation its obligation to make Base Rent Payments, and will not, in an Opinion of Counsel, adversely affect the tax-exempt status of the Interest Component of Base Rent Payments evidenced and represented by the Certificates. If the State Treasurer enters into any additional Master Financing Lease for this purpose, the Corporation may be granted an interest in the Property under an additional Site Lease of all or any portion of the Property, which leasehold interest may be assigned to the Fiscal Agent for the benefit of owners of certificates of participation in such additional Master Financing Lease. The occurrence of an Event of Default or Permitted Termination Event with respect to the Master Financing Lease shall constitute a like event under any additional Master Financing Lease, and the occurrence of any such like event under any additional Master Financing Lease shall constitute an Event of Default or Permitted Termination Event, as the case may be, under the Master Financing Lease. The owners of certificates of participation in any additional Master Financing Lease shall be secured *pari passu* with the Owners with respect to any amounts received by the Fiscal Agent with respect to the Property following the occurrence of an Event of Default or Permitted Termination Event.

Substitution of Property. After acquisition, construction, financing or refinancing of any Project, the State Treasurer may substitute and consent to the substitution, for a Property, another parcel or parcels of real property by first filing with the Fiscal Agent, as assignee of the Corporation, (i) an Opinion of Counsel to the effect that such substitution (A) is permitted under the Master Financing Lease, and (B) in and of itself, will not adversely effect the exclusion from gross income for federal income tax purposes of the Interest Component of the Certificates; (ii) an appraisal or other written evidence from an independent, disinterested real property appraiser acceptable to the State Treasurer and the Fiscal Agent to the effect that such substitute Property has an estimated fair rental value for the remaining term of the respective Financing Lease equal to or greater than the Agency Rent Payments due thereunder from time to time; (iii) a certificate of the Agency to the effect that such substitute Property (A) is free and clear of any mortgages, deeds of trust, liens or other similar encumbrances, other than Permitted Encumbrances, and (B) is essential to the Agency's ability to carry out its governmental functions and responsibilities; and (iv) written evidence from each Rating Agency then rating the Certificates that such substitution, in and of itself, will not result in the suspension, reduction or withdrawal of any ratings on the Certificates by such Rating Agency. The State Treasurer, the Fiscal Agent, as assignee of the Corporation, and the Agency will execute, deliver and record such amendments and modifications to the Site Lease, the Master Financing Lease, the Master Assignment (Real Property), the Financing Lease, and such other documents, agreements and instruments, as the State Treasurer or the Fiscal Agent deems necessary or desirable in connection with such substitution.

Release of Property. After acquisition, construction, financing or refinancing of any Project, the State Treasurer may release and consent to the release of a portion of the Property leased under any Site Lease, and subleased under and pursuant to the Master Financing Lease and the related Financing Lease, by first filing with the Fiscal Agent, as assignee of the Corporation, (i) an Opinion of Counsel to the effect that such release (A) is permitted under the

Master Financing Lease, and (B) in and of itself, will not adversely effect the exclusion from gross income for federal income tax purposes of the Interest Component of the Certificates; (ii) an appraisal or other written evidence from an independent, disinterested real property appraiser acceptable to the State Treasurer and the Fiscal Agent to the effect that the remaining portion of the Property has an estimated fair rental value for the remaining term of the respective Financing Lease equal to or greater than the Agency Rent Payments due from time to time thereunder; (iii) provision by such Agency of any necessary easements, reciprocal agreements or other rights as may be necessary to provide comparable pedestrian and vehicular access, and other uses and amenities (including but not limited to water, sewer, electrical, gas, telephone and other utilities) as existed prior to such release; and (iv) written evidence from each Rating Agency then rating the Certificates that such release, in and of itself, will not result in the suspension, reduction or withdrawal of any ratings on the Certificates by such Rating Agency. The State Treasurer, the Fiscal Agent, as assignee of the Corporation, and the Agency will execute, deliver and record such amendments and modifications to the Site Lease, the Master Financing Lease, the Master Assignment (Real Property) or the applicable Financing Lease, and such other documents, agreements and instruments, as the State Treasurer or the Fiscal Agent deems necessary or desirable in connection with such release.

Title to the Property

Fee title to the Property, subject to Permitted Encumbrances, and all additions, modifications, repairs and improvements thereto, remains and vests in the respective Agencies, subject to the respective leasehold estates under the 2000 Ground Lease, the 2000 Financing Contract, the Site Leases, the Master Financing Lease and the Financing Leases, without any further action by the State, the State Agencies, the Local Agency or the Corporation.

Assignment; Attornment

The State assigns and transfers to the Corporation the State's interest in the Financing Leases and all rentals, income and profits therefrom, including without limitation the Agency Rent Payments; *provided*, that until an Event of Default occurs and is continuing thereunder, the State may receive, collect, enjoy and apply the rents accruing under the Financing Leases as otherwise provided therein and in the Master Financing Lease. Upon the occurrence and continuance of an Event of Default thereunder, the Corporation may, at its option, either (i) terminate the respective Financing Lease; (ii) elect to receive and collect, directly from the Agencies, the Agency Rent Payments and other amounts due and to become due under the Financing Leases, or (iii) elect to succeed to the State's interest in the Financing Leases and cause the Agencies to attorn to the Corporation, as sublessor. The Corporation covenants to credit the State with any Agency Rent Payments received as a result of such assignment; *provided*, that the acceptance by the Corporation of any such payment should not be deemed to be (A) an attornment by the Corporation to the Agency, or by the Agency to the Corporation, or (B) a waiver by the Corporation of any provision of the Master Financing Lease or (c) a release of the State from any obligation or liability thereunder.

Disclaimer of Warranties

The State acknowledges and agrees that it has had adequate opportunity to inspect the Property, and that such Property, including but not limited to the structures and improvements thereon, is acceptable to the State in its present condition. The State subleases the Property in its present condition, “as is.” THE CORPORATION MAKES NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, AND ASSUMES NO RESPONSIBILITY, LIABILITY OR OBLIGATION, AS TO THE VALUE, DESIGN, STRUCTURAL OR OTHER CONDITION, USE, USABILITY, SUITABILITY, OCCUPANCY OR MANAGEMENT OF THE PROPERTY, AS TO THE INCOME FROM OR EXPENSE OF THE USE OR OPERATION THEREOF, AS TO TITLE TO THE PROPERTY, AS TO COMPLIANCE WITH APPLICABLE ZONING, SUBDIVISION, PLANNING, SAFETY, FIRE, HEALTH OR ENVIRONMENTAL LAWS, REGULATIONS, ORDINANCES, CODES OR REQUIREMENTS, OR AS TO COMPLIANCE WITH APPLICABLE COVENANTS, CONDITIONS OR RESTRICTIONS, OR ANY OTHER REPRESENTATION OR WARRANTY WITH RESPECT TO THE PROPERTY. IN NO EVENT SHALL THE CORPORATION BE LIABLE OR RESPONSIBLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH OR ARISING OUT OF THE MASTER FINANCING LEASE OR THE CONSTRUCTION OR USE BY ANY AGENCY OF ANY ITEM OF PROPERTY. IN NO EVENT SHALL THE CORPORATION BE LIABLE OR RESPONSIBLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH OR ARISING OUT OF THE MASTER FINANCING LEASE OR THE CONSTRUCTION OR USE BY ANY AGENCY OF ANY ITEM OF PROPERTY.

Rent Payments

The State promises to pay to the Corporation, as rental for the use and occupancy of the Property, the following amounts at the following times:

Base Rent Payments. On each Base Rent Payment Date, the Base Rent Payment, consisting of a Principal Component and/or an Interest Component; and

Additional Rent. All Additional Rent incurred by the Corporation in connection with the lease of the Sites from the State Agencies and the Local Agency, the sublease of the Property to the State, the execution and delivery of the Certificates, and the observance and performance of the agreements entered into between the parties hereto (the “Series 2005D Agreements”), within thirty (30) days following receipt of an invoice from the Corporation with respect thereto which includes (i) a brief description of each item of such Additional Rent, (ii) the party to whom payment is due, (iii) the amount thereof, and (iv) such additional information as the State Treasurer may reasonably request.

Such payments of Base Rent Payments and Additional Rent for each rental payment period during the term of the Master Financing Lease should constitute the total rental due for such period, and should be paid for and in consideration of the use and occupancy and continued quiet enjoyment of the Property for such period. The Parties hereto have determined and agreed that such total rental does not exceed the fair rental value of the Property for each such rental

period, given the purposes, terms and provisions of the Master Financing Lease. Anything in the Master Financing Lease to the contrary notwithstanding, the State waives any right that it may have under the laws of the State to a rebate or repayment of any portion of such rental in the event that there is substantial interference with the use or right to possession by the State of the Property or any portion thereof as a result of material damage, destruction or condemnation.

Each Base Rent Payment consists of a Principal Component and/or an Interest Component as set forth in the Master Financing Lease. Interest accrues and is calculated as provided in the Trust Agreement. Each Base Rent Payment consists of the aggregate of the Agency Rent Payments payable by each Agency pursuant to its Financing Lease. Each Base Rent Payment payable thereunder is required to be paid by electronic funds transfer in lawful money of the United States of America. Payments of Additional Rent should be made to or upon the order of the Corporation. Each Base Rent Payment should be applied first to the Interest Component due thereunder, and then to the Principal Component due thereunder.

The Corporation directs the State Treasurer, and the State Treasurer agrees, to make all Base Rent Payments directly to the Fiscal Agent, as assignee of the Corporation.

Sources of Payment of Base Rent Payments

State Agency Lease Addenda. The State is subleasing a portion of the Property for and on behalf of the respective State Agencies set forth in the Master Financing Lease. Concurrently with the execution of the Master Financing Lease, each such State Agency is required to execute and deliver a State Agency Financing Lease Addendum pursuant to which such State Agency agrees to sublease its respective Property and to make Agency Rent Payments therefor, at such times and in such amounts as provided therein. Such Agency Rent Payments must be sufficient in the aggregate to pay, on each Base Rent Payment Date, the Base Rent Payment for the Property subleased thereunder by the State from the Corporation for and on behalf of such State Agencies.

The Base Rent Payments allocable to Agency Rent Payments of State Agencies is required to be payable by the State solely from the Agency Rent Payments to be made by the respective State Agencies. The obligation of each State Agency to make its Agency Rent Payments is subject to appropriation by the State Legislature and Executive Order reduction by the Governor. The State is not obligated to pay the Base Rent Payments allocable to State Agency Rent Payments other than from appropriated funds of the respective State Agencies.

Local Agency Financing Lease. The State is subleasing a portion of the Property for and on behalf of the Local Agency. Concurrently with the execution of the Master Financing Lease, each such Local Agency covenants to execute and deliver a Local Agency Financing Lease pursuant to which such Local Agency agrees to sublease its respective Property and to make Agency Rent Payments therefor, at such times and in such amounts as provided therein. Such Agency Rent Payments must be sufficient in the aggregate to pay, on each Base Rent Payment Date, the Base Rent Payment for the Property subleased thereunder by the State from the Corporation for and on behalf of such Local Agencies.

The Base Rent Payments allocable to Agency Rent Payments of the Local Agency is payable by the State solely from the Agency Rent Payments to be made by the Local Agency, except as otherwise provided in the Master Financing Lease. The obligation of the Local Agency to make its Agency Rent Payments is a direct and general obligation of the Local Agency to which the full faith and credit of such Local Agency is pledged. The State is not obligated to pay the Base Rent Payments other than from Agency Rent Payments paid by the Local Agency, except as otherwise provided in the Master Financing Lease.

Intercept of Local Agency Share of State Revenues. In the event that the Local Agency fails to make any payment due under its Local Agency Financing Lease, the State Treasurer is required to withhold an amount sufficient to make such payment from the Local Agency's share of State revenues or other amounts authorized or required by law to be distributed by the State to such Local Agency, including but not limited to leasehold excise taxes, sales and use taxes, excise taxes, property taxes and liquor control board receipts; *provided*, that the use of any such revenues or amounts to make such payments is otherwise authorized or permitted by State law. Such withholding should continue until all such payments due thereunder have been made. Amounts withheld by the State Treasurer should be applied to make any such payment due under the Local Agency Financing Lease on behalf of the Local Agency, or to reimburse the State Treasurer for any such payment made pursuant to the Master Financing Lease.

Conditional Payment of Local Agency Rent Payments. Upon the failure of the Local Agency to make any Agency Rent Payment at such time and in such amount as required pursuant to its Local Agency Financing Lease, the State Treasurer covenants, to the extent of legally available appropriated funds and subject to any Executive Order reduction, make such payment into the Agency Rent Payment Fund on behalf of such Local Agency within ten (10) Business Days after such Agency Rent Payment was due. The State Treasurer is entitled to reimbursement for any such payments made on behalf of the Local Agency as provided in the Local Agency Financing Lease.

Agency Rent Payments; Deposit and Investment

Agency Rent Payments is payable on each Agency Rent Payment Date and should be deposited in a special fund or funds maintained by the State Treasurer (the "Agency Rent Payment Fund"). Payments of Agency Rent Payments from State Agencies shall be accounted for separately from payments from the Local Agency. The Agency Rent Payments due on each Agency Rent Payment Date should be at least sufficient, in the aggregate, to make the Base Rent Payment next coming due thereunder. Amounts in the Agency Rent Payment Fund, including investment earnings thereon, should be used and applied, *first*, to make the Base Rent Payment next coming due, *and thereafter*, but prior to the next Agency Rent Payment Date, to the extent that amounts remain in such Fund after such Base Rent Payment is made, to pay Additional Rent or for any other lawful purpose of the State Treasurer. Amounts in the Agency Rent Payment Fund must be invested in Qualified Investments, and must be separately accounted for, but may be commingled with other moneys on deposit with the State Treasurer solely for investment purposes.

Net Lease

The Master Financing Lease is a “triple net lease,” and the State is required to pay absolutely net during the term of the Master Financing Lease the Base Rent Payments, Additional Rent and all other amounts due thereunder, without notice or demand, and free of any charges, assessments, impositions or deductions whatsoever, and without any diminution, reduction, postponement, abatement, counterclaim, defense or set-off as a result of any dispute, claim or right of action by, against among the State, the Corporation, the Fiscal Agent, any Agency, and/or any other Person, or for any other reason; *provided*, that nothing in this subsection should be construed to release or excuse the Corporation from the observance or performance of its obligations thereunder. If the Corporation fails to observe or perform any such obligation, the State may institute such legal action and pursue such other remedies against the Corporation as the State deems necessary or desirable, including, but not limited to actions for specific performance, injunction and/or the recovery of damages.

Limited Obligation

THE MASTER FINANCING LEASE CONSTITUTES A SPECIAL, LIMITED OBLIGATION OF THE STATE PAYABLE SOLELY FROM THE SOURCES AND SUBJECT TO THE LIMITATIONS SET FORTH THEREIN. THE MASTER FINANCING LEASE DOES NOT CONSTITUTE A DEBT OR A GENERAL OBLIGATION OF THE STATE, THE CONTRACTING OF AN INDEBTEDNESS BY THE STATE, OR A PLEDGE OF THE FAITH AND CREDIT OR TAXING POWER OF THE STATE, FOR PURPOSES OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION UPON DEBT OR THE CONTRACTING OF INDEBTEDNESS. THE OBLIGATION OF THE STATE TO MAKE AGENCY RENT PAYMENTS ON BEHALF OF THE STATE AGENCIES AND THE LOCAL AGENCY IS SUBJECT TO APPROPRIATION AND TO EMERGENCY REDUCTION IN FUNDING UNDER CERTAIN CIRCUMSTANCES, ALL AS SET FORTH IN THE MASTER FINANCING LEASE. NOTHING IN THE MASTER FINANCING LEASE SHOULD BE CONSIDERED AS OR CONSTRUED TO IMPLY A MORAL OBLIGATION ON THE PART OF THE STATE TO MAKE THE BASE RENT PAYMENTS DUE THEREUNDER.

Assignment

Concurrently with the execution and delivery of the Master Financing Lease, the Corporation will unconditionally grant, sell, assign, transfer and convey to the Fiscal Agent pursuant to the Master Assignment, without recourse, (i) all of its rights to the Sites pursuant to the Site Leases, (ii) all of its rights to receive the Base Rent Payments and any Additional Rent under and pursuant to the Master Financing Lease; (ii) its right to take all actions, exercise all remedies, and give all consents under and pursuant to the Site Leases and the Master Financing Lease; (iii) all of its remaining right, title and interest in, to and under the Site Leases, the Master Financing Lease and the Financing Leases, and in and to the Property (including any security interest therein) and any rents or profits generated therefrom; and (iv) its right of access more particularly described in the Master Financing Lease, all in consideration for the payment by the Fiscal Agent to the State Treasurer, as agent of the Corporation, of the proceeds of the sale of the Certificates. The State Treasurer and the Corporation acknowledge and agree that such grant, sale, assignment, transfer and conveyance by the Corporation is intended to be a true sale of the

Corporation's right, title and interest, and that upon such grant, sale, assignment, transfer and conveyance, the Corporation ceases to have any rights, duties or obligations under the Site Leases, the Master Financing Lease, the Financing Leases, or with respect to the Property, and the Fiscal Agent should thereafter have all the rights, duties and obligations of the Corporation thereunder and thereunder as if the Fiscal Agent had been the original party thereto and hereto, and every reference therein and in the Master Financing Lease to the Corporation is deemed and construed to refer to the Fiscal Agent, except where the context otherwise requires. Anything in the Master Financing Lease to the contrary notwithstanding, such grant, sale, assignment, transfer and conveyance does not confer any rights or impose any duties or obligations on the Fiscal Agent other than as expressly set forth in the Trust Agreement and the Master Assignment.

Mandatory Prepayment; Special Prepayment

Eminent Domain; Loss of Title. The State covenants to, upon the special mandatory prepayment of Agency Rent Payments by any Agency pursuant to its Financing Lease, prepay or cause to be prepaid from eminent domain awards or sale proceeds received pursuant to the Master Financing Lease, and from the net proceeds of title insurance pursuant to the Master Financing Lease, the Principal Components of Base Rent Payments then unpaid, in whole or in part on any date, in Authorized Denominations, so that the aggregate annual Base Rent Payments for the related Property from and after such Prepayment Date are in approximately equal amounts, at a Prepayment Price equal to the sum of the Principal Components so prepaid, without premium, plus accrued interest evidenced and represented thereby to the Prepayment Date.

Insurance Proceeds. The State covenants to, upon the special optional prepayment of Agency Rent Payments by any Agency pursuant to its Financing Lease, prepay or cause to be prepaid from net insurance proceeds received pursuant to the Master Financing Lease, the Principal Components of Base Rent Payments then unpaid, in whole or in part on any date, in Authorized Denominations, so that the aggregate annual Base Rent Payments for the related Property from and after such Prepayment Date are in approximately equal amounts, at a Prepayment Price equal to the sum of the Principal Components so prepaid, without premium, plus accrued interest evidenced and represented thereby to the Prepayment Date.

To the extent such award, sale proceeds or net proceeds are not sufficient, in whole or in part, to prepay or cause the prepayment of Principal Components of Base Rent Payments in Authorized Denominations, such amounts must be applied by the State Treasurer to provide for the payment thereof pursuant to the Master Financing Lease.

Notice to Fiscal Agent

The State Treasurer is required to provide the Fiscal Agent, as assignee of the Corporation, with not less than 45 days' prior written notice of its intention (i) to prepay any Principal Components, which notice is required to specify the reason for such prepayment, the Prepayment Date, and the amount and the Principal Payment Dates of the Principal Components to be prepaid, and (ii) to provide for the payment of any Base Rent Payments pursuant to the Master Financing Lease.

Revision of Base Rent Payments upon Prepayment

The Principal Components and Interest Components due on each Base Rent Payment Date on and after a Prepayment Date pursuant to the Master Financing Lease may be reduced by the Fiscal Agent, as assignee of the Corporation, to reflect such prepayment, in Authorized Denominations, in such amounts and on such Base Rent Payment Dates as the State Treasurer elects in a written notice to the Fiscal Agent, as assignee of the Corporation; *provided*, that the aggregate reduction in such Principal Components is equal to the aggregate Principal Components prepaid by the State Treasurer; and *provided further*, that the reduction in Principal Components and Interest Components due on each Base Rent Payment Date is equal to the corresponding reduction in the Agency Rent Payments due on each Agency Rent Payment Date.

Discharge of Master Financing Lease

All right, title and interest of the Corporation in the Master Financing Lease and all obligations of the State thereunder cease, terminate, become void and are completely discharged and satisfied (except for the right of the Fiscal Agent, as assignee of the Corporation, and the obligation of the State to have the moneys and Government Obligations so set aside applied to make the remaining Base Rent Payments) when either:

(i) all Base Rent Payments and all Additional Rent and other amounts due thereunder have been paid in accordance therewith; or

(ii) (a) the State Treasurer has delivered a written notice to the Corporation and the Fiscal Agent of its intention to prepay all of the Base Rent Payments remaining unpaid; (b) the State Treasurer causes to be deposited with the Fiscal Agent, as assignee of the Corporation, (A) moneys and/or Government Obligations in accordance with the Trust Agreement; and (B) an Opinion of Counsel to the effect that such actions are permitted thereunder and will not cause interest evidenced and represented by the Certificates to be includable in gross income for federal income tax purposes under the Code; and (iii) for so long as any Base Rent Payments remain unpaid, provision has been made satisfactory to the Corporation and the Fiscal Agent for payment of all Additional Rent, including but not limited to the fees and expenses of the Fiscal Agent.

Eminent Domain

If all of the Property subleased to the State pursuant hereto and to any Agency pursuant to a Financing Lease, or so much thereof so as to render the remainder unsuitable for the purposes for which it was used by the Agency at the time of such taking, should be taken under the power of eminent domain (or sold under threat of condemnation), the sublease of such Property pursuant to the Master Financing Lease and the Financing Lease ceases as of the day that the State and the Agency is required to vacate such Property. If less than all of such Property is taken under the power of eminent domain (or sold under threat of condemnation), and the remainder is suitable for the purposes for which it was used by the Agency at the time of such taking, as reasonably determined by the State Treasurer, then the sublease thereof pursuant to the Master Financing Lease and the Financing Lease continues in full force and effect as to such remainder, and the Parties waive any benefits of the law to the contrary. In such event, there

should be no abatement of the rental due thereunder or thereunder. So long as any Agency Rent Payments under the related Financing Lease remain unpaid, any eminent domain award and any proceeds of sale under threat of condemnation for all or any part of the Property should be applied to the prepayment of Agency Rent Payments and Base Rent Payments as provided in the applicable Financing Lease and the Master Financing Lease. Any award or proceeds in excess of the amount necessary to prepay such Agency Rent Payments due under such Financing Lease, and thereby to prepay or provide for the payment of the corresponding portion of the Base Rent Payments thereunder, should be paid to the Corporation, the State and the Agency as their respective interests may appear.

Loss of Title

If there is a loss of title to the Property subleased to the State pursuant hereto and to any Agency pursuant to a Financing Lease which is insured under a policy or policies of title insurance, or so much thereof so as to render the remainder unsuitable for the purposes for which it was used by the State and the Agency at the time of such loss, the sublease of such Property pursuant to the Master Financing Lease and the Financing Lease ceases as of the day that the State and the Agency is required to vacate such Property. If there is a loss of title to less than all of such Property, and the remainder is suitable for the purposes for which it was used by the Agency at the time of such loss, as reasonably determined by the State Treasurer, then the sublease thereof pursuant to the Master Financing Lease and the Financing Lease continues in full force and effect as to such remainder, and the Parties waive any benefits of the law to the contrary. In such event, there should be no abatement of the rental due thereunder or thereunder. So long as any Agency Rent Payments under the related Financing Lease remain unpaid, any payments under such title insurance policy or policies with respect to such Property should be applied to the prepayment of Agency Rent Payments and Base Rent Payments as provided in the Financing Leases and the Master Financing Lease. Any payment in excess of the amount necessary to prepay such Agency Rent Payments due under such Financing Lease, and thereby to prepay or provide for the payment of the corresponding portion of the Base Rent Payments due thereunder, should be paid to the Corporation, the State and the Agency as their respective interests may appear.

Damage or Destruction

If all or any portion of the Property subleased to the State pursuant hereto and to any Agency pursuant to a Financing Lease is damaged or destroyed by fire or other casualty, the sublease thereof pursuant to the Master Financing Lease and the Financing Lease will not terminate, nor will there be any abatement of the rent payable thereunder and thereunder. So long as any Agency Rent Payments under the related Financing Lease remain unpaid, any payments under the property insurance policy or policies with respect to such Property may be applied to the prepayment of Agency Rent Payments and Base Rent Payments as provided in the Financing Leases and the Master Financing Lease, or may be paid to the State Treasurer and applied as provided in the Trust Agreement.

Covenants and Agreements of the State

Budget. The State Treasurer covenants to (i) include in its biennial budget all scheduled Agency Rent Payments under the Financing Leases due during such Biennium; (ii) submit such budget to OFM at such times and in such manner as required by law; (iii) use its best efforts to obtain appropriations by the State Legislature in amounts sufficient to make any such payments; (iv) include all such payments in its statements of proposed expenditures for each fiscal period required by law to be submitted to OFM; and (v) use its best efforts to obtain allotments by OFM of appropriated funds sufficient to make all such payments.

Financing Leases. Concurrently with the execution and delivery of the Master Financing Lease, the State Treasurer covenants to enter into a Local Agency Financing Lease with the Local Agency with respect to the sublease of the respective Property and the acquisition and/or construction of the related Project. Concurrently with the execution and delivery of the Master Financing Lease, the State Treasurer is required to enter into a State Agency Financing Lease Addendum with each State Agency with respect to the sublease of the respective Property and the acquisition and/or construction of the related Project. Each State Agency Financing Lease Addendum constitutes a part of the Master Financing Lease.

Tax-Exemption. The State shall not make any use of the proceeds of the Master Financing Lease or the Certificates or of any other amounts, regardless of the source, or of any property, and shall not take or refrain from taking any action, that would cause the Master Financing Lease or the Certificates to be “arbitrage bonds” within the meaning of Section 148 of the Code. The State shall not use or permit the use of the Property or any part thereof by any Person other than a “governmental unit” as that term is defined in Section 141 of the Code, in such manner or to such extent as would result in the loss of the exclusion from gross income for federal income tax purposes of the Interest Component of the Base Rent Payments under Section 103 of the Code. The State shall not make any use of the proceeds of the Master Financing Lease or the Certificates or of any other amounts, and shall not take or refrain from taking any action, that would cause the Master Financing Lease or the Certificates to be “federally guaranteed” within the meaning of Section 149(b) of the Code, or “private activity bonds” within the meaning of Section 141 of the Code, or “hedge bonds” within the meaning of Section 149 of the Code. To that end, for so long as any Base Rent Payments remain unpaid, the State, with respect to such proceeds and other amounts, will comply with all requirements under such Sections and all applicable regulations of the United States Department of the Treasury promulgated thereunder. The State will at all times do and perform all acts and things permitted by law which are necessary or desirable in order to assure that the Interest Components of the Base Rent Payments will not be included in gross income of the Owners of the Certificates for federal income tax purposes under the Code, and will take no action that would result in such interest being so included. The State shall comply with the provisions of the Tax Certificate and Agreement.

The State Treasurer may establish and maintain a separate account designated as the “State of Washington Certificates of Participation, Series 2005D Rebate Fund” (the “Rebate Fund”). The State shall deposit in the Rebate Fund the Rebate Requirement as provided in the Tax Certificate. Subject to the other provisions of this subsection, moneys held in the Rebate Fund are pledged to secure the rebate payments to the United States, and the State, the Agencies,

the Corporation, the Fiscal Agent and the Owners shall have no rights in or claim to such moneys.

Without limiting the generality of the foregoing, the State agrees that there shall be paid from time to time all amounts required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive the discharge of the Master Financing Lease and the payment in full or defeasance of the Certificates. The State specifically covenants to pay or cause to be paid to the United States at the times and in the amounts determined under this subsection, the Rebate Requirement as provided by the Tax Certificate.

Notwithstanding any provision of this subsection, if the State shall provide to the Fiscal Agent an Opinion of Counsel to the effect that any specified action required under this subsection is no longer required or that some further or different action is required to maintain the tax-exempt status of interest evidenced and represented by the Certificates, the Fiscal Agent may conclusively rely on such opinion, and the covenants of the State thereunder shall be deemed to be modified to that extent.

Duties Imposed by Law. To the extent permitted by law, the covenants, agreements and other obligations on the part of the State contained in the Master Financing Lease shall be deemed and construed to be ministerial and non-discretionary duties imposed by law, and it shall be the duty of the State and each and every public official to take such actions in the performance of the official duties of such officials to enable the State to observe and perform the covenants, agreements, terms, conditions and other obligations contained in the Master Financing Lease and in the other Series 2005D Agreements to which the State is a party to be observed and performed by the State.

Liens. The State shall not create, incur, assume or suffer to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Property or any part thereof, except for Permitted Encumbrances. The State shall promptly, at its own expense, take such action as may be necessary to duly discharge any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time.

Assignments and Subleases. The State shall not (and shall not permit any Agency to) grant, sell, assign, pledge, transfer, convey, mortgage, pledge, sublet or otherwise dispose any of its right, title or interest in, to or under the Master Financing Lease or the Property other than to the respective Agencies pursuant to the Financing Leases or as otherwise provided in the Master Financing Lease or therein, and any such attempted grant, sale, transfer, assignment, pledge, conveyance or disposal shall be void. The Corporation consents to the sublease of the Property pursuant to the Financing Leases. Such subleases shall be subject and subordinate to the Master Financing Lease. Such subleases shall not release or alter the obligations or liability of the State under the Master Financing Lease. Upon the occurrence and continuance of an Agency Event of Default with respect to any Property, the State Treasurer shall have the right, pursuant to the Financing Lease, to sublease all or any portion of such Property.

Performance. The State shall punctually pay the Base Rent Payments and Additional Rent in strict conformity with the terms and provisions of the Master Financing Lease, and will faithfully observe and perform all the covenants, agreements, terms, conditions and other

obligations contained in the Master Financing Lease required to be observed and performed by the State. Except for Permitted Termination Events, the State will not suffer or permit any default to occur thereunder, or do or permit anything to be done, or omit or refrain from doing anything, in any case where any such act done or permitted to be done, or any such omission or refraining from doing anything, would or might be ground for cancellation or termination of the Master Financing Lease.

Corporation Not Liable. The Corporation and its directors, officers and employees shall not be liable to the State or to any other Person whomsoever for any death, injury or damage that may result to any Person or property by or from any cause whatsoever in, on, about or relating to the Property.

Accounting Records and Report. The State Treasurer will keep or cause to be kept proper accounting records in which complete and correct entries shall be made of all transactions relating to the receipt, investment, deposit, application and disbursement of the Agency Rent Payments, and such accounting records shall be available for inspection by the Fiscal Agent, as assignee of the Corporation, or its agent duly authorized in writing at reasonable hours and under reasonable conditions.

Further Assurances. The State will preserve and protect the rights of the Corporation and the Fiscal Agent, as assignee of the Corporation, thereunder, and will warrant and defend such rights against all claims and demands of all Persons. The State Treasurer will promptly execute, make, deliver, file and record any and all further assurances, instruments and agreements, and do or cause to be done such other and further things, as may be necessary or proper to carry out the intention or to facilitate the performance of the Master Financing Lease and for the better assuring and confirming to the Corporation the rights and benefits provided to it thereunder.

Disclosure Agreement. Concurrently with the execution and delivery of the Master Financing Lease, the State Treasurer will execute and deliver the Disclosure Agreement in order to assist the Underwriter in complying with the requirements under the Rule. The State Treasurer shall comply with the requirements of the Disclosure Agreement; *provided*, that failure to so comply shall not constitute a default thereunder.

Events of Default

Each of the following shall constitute an “Event of Default” under the Master Financing Lease:

(i) Failure by the State (other than as a result of a Permitted Termination Event) to pay or cause to be paid any Base Rent Payment required to be paid thereunder at the time set forth in the Master Financing Lease; and

(ii) Failure by the State (other than as a result of a Permitted Termination Event) to observe or perform any covenant, agreement, term or condition on its part to be observed or performed thereunder, other than as set forth in paragraph (a), above, for a period of thirty (30) days after written notice from the Corporation, or from the Owners of not less than 25% in aggregate Principal Component evidenced and represented by the Certificates then Outstanding, to the State Treasurer specifying such failure and requesting that it be remedied; provided,

however, that such period shall be extended for not more than sixty (60) days if such failure cannot be corrected within such period, and corrective action is commenced by the State within such period and diligently pursued until the failure is corrected; and

(iii) If the State's interest under the Master Financing Lease or any part of the Master Financing Lease shall be assigned, sublet or transferred other than as provided in the Master Financing Lease, either voluntarily or by operation of law; and

(iv) The occurrence of an Agency Event of Default.

Notwithstanding the foregoing provisions of this subheading, if by reason of *force majeure* the State is unable in whole or in part to carry out the covenants, agreements, terms and conditions on its part contained in the Master Financing Lease, the State shall not be deemed in default during the continuance of such inability. The term "*force majeure*" means the following: acts of God; strikes; lockouts or other industrial disturbances or disputes; acts of public enemies; orders or restraints of any kind of the government of the United States of America or any of its departments, agencies or officials, or of its civil or military authorities; orders or restraints of the State or of any of its departments, agencies or officials or civil or military authorities of the State; wars, rebellions, insurrections; riots; civil disorders; blockade or embargo; landslides; earthquakes; fires; storms; droughts; floods; explosions; or any other cause or event not within the control of the State.

The Corporation may, at its election, waive any default or Event of Default and its consequences thereunder and annul any notice thereof by written notice to the State Treasurer to such effect, and thereupon the respective rights of the Parties thereunder shall be as they would have been if such default or Event of Default had not occurred.

ANYTHING HEREIN TO THE CONTRARY NOTWITHSTANDING, A PERMITTED TERMINATION EVENT SHALL NOT CONSTITUTE AN EVENT OF DEFAULT HEREUNDER.

Remedies

Whenever an Event of Default under the Master Financing Lease shall have occurred and be continuing, the Corporation shall have the following rights and remedies:

(i) *Continuation; Reentry and Reletting.* The Corporation may continue the Master Financing Lease in full force and effect, and (a) collect rent and other amounts as they become due thereunder, (b) enforce every other term and provision of the Master Financing Lease to be observed or performed by the State, and (c) exercise any and all rights of entry and reentry upon the Property. In the event that the Corporation does not elect to terminate the Master Financing Lease in the manner provided pursuant to paragraph (ii) of this Subheading, the State agrees to observe and perform all terms and provisions in the Master Financing Lease to be observed or performed by it, and, if the Property is not relet, to pay the full amount of the rent and other amounts due thereunder for the term of the Master Financing Lease, or, if the Property or any part thereof is relet, to pay any deficiency that results therefrom, in each case at the same time and in the same manner as otherwise provided in the Master Financing Lease, and notwithstanding any reentry or reletting by the Corporation, or suit in unlawful detainer or

otherwise brought by the Corporation for the purpose of effecting such re-entry or obtaining possession of all or any part of the Property. Should the Corporation elect to re-enter or obtain possession of all or any part of the Property, the State irrevocably appoints the Corporation as the State's agent and attorney-in-fact (a) to relet the Property, or any part thereof, from time to time, either in the name of the Corporation or otherwise, upon such terms and conditions and for such use and period as the Corporation may determine in its discretion, (b) to remove all persons in possession thereof and all personal property whatsoever situated upon the Property, and (c) to place such personal property in storage in any warehouse or other suitable place for the State in the county in which such personal property is located, for the account of and at the expense of the State. The State shall be liable for, and agrees to pay the Corporation, the Corporation's costs and expenses in connection with reentry of the Property, removal and storage of any personal property, and reletting of the Property. The State agrees that the terms of the Master Financing Lease constitute full and sufficient notice of the right of the Corporation to reenter and relet the Property or any part thereof without effecting a surrender or termination of the Master Financing Lease. Termination of the Master Financing Lease upon an Event of Default shall be effected solely as provided in paragraph (ii) of this Subheading. The State further waives any right to, and releases, any rental obtained by the Corporation upon reletting in excess of the rental and other amounts otherwise due thereunder.

(ii) *Termination.* The Corporation may terminate the Master Financing Lease, but solely upon written notice by the Corporation to the State Treasurer of such election. No notice to pay rent, notice of default, or notice to deliver possession of the Property or of any part thereof, nor any entry or reentry upon the Property or any part thereof by the Corporation, nor any proceeding in unlawful detainer or otherwise brought by the Corporation for the purpose of effecting such reentry or obtaining possession, nor any other act shall operate to terminate the Master Financing Lease, and no termination of the Master Financing Lease on an account of an Event of Default shall be or become effective by operation of law or acts of the Parties hereto or otherwise, unless and until such notice of termination shall have been given by the Corporation. The State agrees that no surrender of the Property or any part thereof, nor any termination of the Master Financing Lease by the State shall be valid or effective in any manner or for any purpose whatsoever unless such notice of termination shall have been given by the Corporation. Upon such termination, the Corporation may (a) reenter the Property or any part thereof and remove all persons in possession thereof and all personal property whatsoever situated upon the Property, and (b) to place such personal property in storage in any warehouse or other suitable place for the State in the county in which such personal property is located, for the account of and at the expense of the State. Upon such termination, the State's right to possession of the Property shall terminate, and the State shall surrender possession thereof to the Corporation. In the event of such termination, the State shall remain liable to the Corporation for damages in an amount equal to the rent and other amounts that would have been due thereunder for the balance of the term of the Master Financing Lease, less the net proceeds, if any, of any reletting of the Property or any part thereof by the Corporation subsequent to such termination, after deducting the expenses incurred by the Corporation in connection with any such reentry, removal and storage of personal property, and reletting. The Corporation shall be entitled to collect damages from the State on the respective Base Rent Payment Dates, or alternatively, the Corporation may accelerate the State's obligations under the Master Financing Lease and recover from the State (a) the worth at the time of award of the unpaid rental which had been earned at the time of termination, (b) the worth at the time of award of the amount by which the unpaid rental which

would have been earned after the termination until the time of award exceeds the amount of such rental loss that the State proves could have been reasonably avoided, (c) the worth at the time of award by which the unpaid rental for the balance of the term of the Master Financing Lease after the time of award exceeds the amount of rental loss that the State proves could reasonably have been avoided, and (d) any other amount necessary to compensate the Corporation for all the detriment proximately caused by the State's failure to perform its obligations thereunder, or which in the ordinary course would be likely to result therefrom, including but not limited to the Corporation's expenses in connection with reentry of the Property, removal and storage of any personal property, and reletting of the Property. The worth at the time of award shall be computed using a discount rate equal to the composite Interest Component evidenced and represented by the Certificates.

(iii) *Other Remedies.* In addition to the other remedies set forth in this Subheading, upon the occurrence and continuance of an Event of Default, the Corporation shall be entitled to proceed to protect and enforce the rights vested in them by the Master Financing Lease or by law. The terms and provisions of the Master Financing Lease and the duties and obligations of the State thereunder, and the officers and employees thereof, shall be enforceable by the Corporation by an action at law or in equity, for damages or for specific performance, or for writ of mandate, or by other appropriate action, suit or proceeding in any court of competent jurisdiction. Without limiting the generality of the foregoing, the Corporation shall have the right to bring the following actions:

(a) Accounting. By action or suit in equity to require the State or any Agency and its officers and employees to account as the trustee of an express trust;

(b) Injunction. By action or suit in equity to enjoin the violation of the rights of the Corporation.

(c) Mandate. By writ of mandate or other action, suit or proceeding at law or in equity to enforce the Corporation's rights against the State or any Agency and its officers and employees, and to compel the State to perform and carry out its duties and obligations under the law and its covenants and agreements with the Corporation as provided in the Master Financing Lease.

In the event that the Corporation shall prevail in any action, suit or proceeding brought to enforce any of the terms or provisions of the Master Financing Lease, the State shall be liable for the reasonable attorneys' fees of the Corporation in connection therewith.

The State waives any and all claims for damages caused or which may be caused by the Corporation in reentering and taking possession of the Property or any part thereof as provided in the Master Financing Lease, and all claims for damages that may result from the destruction of or injury to the Property or any part thereof, and all claims for damages to or loss of any personal property that may be in or upon the Property.

ANYTHING HEREIN TO THE CONTRARY NOTWITHSTANDING, IF THE EVENT OF DEFAULT CONSISTS OF AN AGENCY EVENT OF DEFAULT, THE REMEDIES OF

THE CORPORATION SHALL BE LIMITED TO THOSE SET FORTH IN THE RELATED FINANCING LEASE AND THE MASTER FINANCING LEASE.

No Remedy Exclusive; Non-Waiver

No remedy conferred upon or reserved to the Corporation thereunder or under applicable law is intended to or shall be exclusive, and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Master Financing Lease or now or existing at law or in equity. No delay or omission to exercise any right or remedy accruing upon a default or an Event of Default thereunder shall impair any such right or remedy or shall be construed to be a waiver of such default or Event of Default, but any such right or remedy may be exercised from time to time and as often as may be deemed necessary or expedient. In order to exercise any remedy reserved to the Corporation thereunder, it shall not be necessary to give any notice, other than such notice as may be required thereunder. A waiver by the Corporation of any default or Event of Default thereunder shall not constitute a waiver of any subsequent default or Event of Default thereunder, and shall not affect or impair the rights or remedies of the Corporation in connection with any such subsequent default or Event of Default.

No acceptance of less than the full amount of a rental payment due thereunder shall constitute an accord and satisfaction or compromise of any such payment unless the Corporation specifically agrees to such accord and satisfaction or compromise in writing.

Default by the Corporation

Anything in the Master Financing Lease to the contrary notwithstanding, the Corporation shall not be in default in the observance or performance of any of the covenants, agreements, terms or conditions to be observed or performed by it thereunder unless and until the Corporation shall have failed to observe or perform such covenant, agreement, term or condition for a period of sixty (60) days after written notice by the State Treasurer to the Corporation specifying such failure and requesting that it be remedied; *provided, however*, that such period shall be extended for such additional time as shall be reasonably required to correct such failure if corrective action is commenced by the Corporation within such period and diligently pursued until the failure is corrected.

Term

The term of the Master Financing Lease shall commence on the Dated Date, and shall end on July 1, 2025, unless such term is extended or sooner terminated as provided in the Master Financing Lease. If on such date, all amounts due thereunder shall not have been paid or the payment thereof duly provided for pursuant to the Master Financing Lease, then the term of the Master Financing Lease shall be extended until ten (10) days after all amounts due thereunder shall have been paid or the payment thereof so provided for, except that the term of the Master Financing Lease shall in no event be extended beyond July 1, 2030. If prior to July 1, 2025, all amounts due thereunder shall have been paid or the payment thereof so provided for, the term of the Master Financing Lease shall end ten (10) days thereafter or ten (10) days after written notice by the State Treasurer to the Corporation, whichever is earlier.

Anything in the Master Financing Lease to the contrary notwithstanding, the lease of any parcel of Property pursuant to the Master Financing Lease shall terminate when all Agency Rent Payments and other amounts due under the respective Financing Lease have been paid or the payment thereof duly provided for pursuant thereto.

Termination

The State agrees, upon the termination or expiration of the Master Financing Lease as to any parcel of Property, to quit and surrender such Property in the same good order, condition and repair as the same was in at the time of commencement of the term thereunder, except for acts of God, reasonable wear and tear, and any actions by any Agency in accordance therewith and with any Financing Lease that affect the condition of such Property. The State agrees that any permanent improvements and structures existing upon the Property at the time of such termination or expiration of the applicable Site Lease shall remain thereon. The State shall thereafter execute, acknowledge and deliver to the Corporation such instruments of further assurance as in the reasonable opinion of the Corporation are necessary or desirable to confirm the Corporation's leasehold right, title and interest in and to such Property.

TRUST AGREEMENT

Project Fund

The State Treasurer shall establish and maintain the Project Fund as agent for the Corporation. The moneys in the Project Fund shall be held by the State Treasurer in trust for the benefit of the Owners and applied to the payment of the Project Costs (including reimbursement to the Corporation, or to the State Treasurer or any Agency, in its capacity as agent of the Corporation, for any such costs theretofore paid by such Party), including but not limited to the Costs of Issuance. Moneys in the Project Fund shall be invested by the State Treasurer in Qualified Investments. Disbursements by the State Treasurer from the Project Fund to pay or reimburse the Project Costs of the related Property or the Projects to be acquired, constructed, financed or refinanced by each Agency shall not exceed the amount in the Project Fund allocable to such Agency, as determined by the State Treasurer. When the Projects and the related Property have been acquired, constructed, financed, or refinanced and all of the Project Costs and Costs of Issuance have been paid, the State Treasurer shall transfer any remaining balance in the Project Fund to the Agency Rent Payment Fund.

Base Rent Payments; Funds and Accounts; Investments

Base Rent Payments Held in Trust. The Base Rent Payments are irrevocably pledged and shall be applied to pay the Principal Component and Interest Component evidenced and represented by the Certificates when due, and shall not be used or applied for any other purpose while any of the Certificates remain Outstanding. The pledge shall constitute a first and exclusive lien on and security interest in the Base Rent Payments for the benefit of the Owners of the Certificates.

All Base Rent Payments shall be paid directly by the State Treasurer to the Fiscal Agent, as assignee of the Corporation, and if received by the Corporation at any time shall be deposited by the Corporation with the Fiscal Agent within one (1) Business Day after the receipt thereof. All Base Rent Payments shall be immediately deposited by the Fiscal Agent in the appropriate funds provided in the Trust Agreement, whereupon they shall be applied immediately to the payment or prepayment, as appropriate, of Certificates except as otherwise expressly provided in the Trust Agreement, but if for any reason not so applied, held in trust by the Fiscal Agent in such fund for the benefit of the Owners from time to time.

Deposit of Base Rent Payments. The Fiscal Agent agrees to establish, maintain and hold in trust the Certificate Fund for so long as any Certificates remain Outstanding. The Fiscal Agent shall deposit all Base Rent Payments, including prepayments, in the following Accounts within the Certificate Fund, each of which the Fiscal Agent agrees to establish and maintain, at the times, in the manner and in the order of priority as set forth below, and the moneys in each of such Accounts shall be disbursed only for the purposes and uses authorized.

(i) *Interest Account.* On each Interest Payment Date, the Fiscal Agent shall deposit in the Interest Account that amount of moneys evidencing the Interest Components due on such Interest Payment Date. Moneys in the Interest Account shall be withdrawn and used by the Fiscal Agent solely for the purpose of paying the interest evidenced and represented by the Certificates due and payable on such Interest Payment Date.

(ii) *Principal Account.* On each Principal Payment Date, the Fiscal Agent shall deposit in the Principal Account that amount of moneys evidencing the Principal Components due on such Principal Payment Date. Moneys in the Principal Account shall be withdrawn and used by the Fiscal Agent solely for the purpose of paying the principal evidenced and represented by the Certificates due and payable on such Principal Payment Date.

(iii) *Prepayment Account.* On each date on which the State Treasurer makes a prepayment of Principal Components at the Prepayment Price therefor (and related payments of Interest Components, if any) pursuant to the Master Financing Lease, the Fiscal Agent shall deposit in the Prepayment Account the amount of such prepayment and related payments. Moneys in the Prepayment Account shall be withdrawn and used by the Fiscal Agent solely for the purpose of paying the Prepayment Price evidenced and represented by Certificates prepaid on such date pursuant to the Trust Agreement and the accrued interest, if any, evidenced and represented by the Certificates so prepaid.

Application of Insurance Proceeds and Eminent Domain Awards. The proceeds of any casualty insurance with respect to any of the Property, if received by the State or any Agency, shall immediately be paid to the Fiscal Agent. Within ninety (90) days of payment of such proceeds to the Fiscal Agent, the respective Agency shall notify the Fiscal Agent in writing as to whether it elects to repair or replace such Property. In the event that the Agency elects to repair or replace such Property, such amounts shall be disbursed by the Fiscal Agent to pay the costs of such repair or replacement. In the event that the Agency elects not to repair or replace the property damaged, destroyed or taken, the Fiscal Agent shall transfer all such amounts to the Prepayment Account and apply such amounts to the prepayment of Outstanding Certificates pursuant to the Trust Agreement at the earliest possible Prepayment Date. Any eminent domain

award, the proceeds of any sale under threat of condemnation, and the net proceeds of any title insurance in connection with a loss of title with respect to any Property, if received by the State or any Agency, shall immediately be paid to the Fiscal Agent. The Fiscal Agent shall transfer all such amounts to the Prepayment Account and apply such amounts to the prepayment of Outstanding Certificates pursuant to the Trust Agreement at the earliest possible Prepayment Date. To the extent that such amounts are not sufficient, in whole or in part, to prepay Principal Components evidenced and represented by the Certificates in Authorized Denominations, such amounts shall be applied to provide for the payment thereof pursuant to the Trust Agreement.

Investment of Moneys. All moneys in any of the funds or accounts established and maintained by the Fiscal Agent pursuant to the Trust Agreement shall be invested by the Fiscal Agent, at the written direction of the State Treasurer, solely in Qualified Investments. The written investment instruction to the Fiscal Agent shall contain a statement that such investments are Qualified Investments as required by the Trust Agreement. Notwithstanding anything to the contrary contained in the Trust Agreement, in the absence of written investment instructions directing the Fiscal Agent by noon of the Business Day preceding the day when investments are to be made, the Fiscal Agent is directed to invest available funds in Qualified Investments described in the Trust Agreement, until such written instruction is received by the Fiscal Agent.

Qualified Investments may be purchased at such prices as the Fiscal Agent may in its discretion determine or as may be directed by the State Treasurer. All investment instructions to the Fiscal Agent shall be subject to the limitations set forth in the Trust Agreement and such additional limitations or requirements consistent with the foregoing as may be established by the State Treasurer.

Moneys in all funds and accounts maintained by the Fiscal Agent shall be invested in Qualified Investments maturing not later than the date on which such moneys will be required for the purposes specified in the Trust Agreement. Notwithstanding any provisions in the Trust Agreement to the contrary, any moneys held for the payment of Certificates pursuant to the Trust Agreement, shall be invested only at the written direction of the State Treasurer and only in Government Obligations (or in shares of a taxable government money market fund restricted to Government Obligations rated in the highest rating category applicable to such funds by at least one Rating Agency) which mature not later than the date on which it is estimated that such moneys will be required to pay such Certificates (but in any event maturing in not more than thirty days).

All interest, profits and other income received from the investment of moneys in any fund or account established pursuant to the Trust Agreement shall be deposited in the fund or account which gave rise to the investment earnings. For the purpose of determining the amount in any fund or account, all Qualified Investments credited to such fund or account shall be valued at the lesser of cost or par value.

Subject to any written instruction from the State Treasurer pursuant to the Trust Agreement, moneys in any and all funds and accounts may be commingled for investment purposes; *provided*, that the Fiscal Agent shall at all times account for such investments strictly in accordance with the funds and accounts to which they are credited and otherwise as provided in the Trust Agreement. The Fiscal Agent and its affiliates may act as principal or agent in the

making or disposing of any investment. The Fiscal Agent may sell or present for redemption any Qualified Investments so purchased whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the fund or account to which such Qualified Investment is credited, and the Fiscal Agent shall not be liable or responsible for any loss resulting from such investment or disposition. The Fiscal Agent and its affiliates may act as sponsor, advisor or depository with regard to any Qualified Investments.

Non-Presentation of Certificates. In the event that any Certificates shall not be presented for payment when the principal or Prepayment Price evidenced and represented thereby becomes due, either at a Principal Payment Date, Prepayment Date or otherwise, if moneys sufficient to pay such principal or Prepayment Price shall have been deposited in the Principal Account or the Prepayment Account, as applicable, all liability of the Fiscal Agent and the State to the Owner thereof for payment with respect to such Certificate shall forthwith cease, terminate and be completely discharged, and thereupon it shall be the duty of the Fiscal Agent to hold such moneys (subject to the Trust Agreement), without liability for interest thereon, for the benefit of the Owner of such Certificate who shall thereafter be restricted exclusively to such moneys, for any claim of whatever nature on his or her part under the Trust Agreement or on or with respect to such Certificate.

Repayment to State Treasurer. When there are no longer any Certificates Outstanding, and all fees, charges and expenses of the Fiscal Agent and any Paying Agents have been paid or provided for, and all expenses of the Corporation and the State Treasurer relating to the Master Financing Lease and the Trust Agreement have been paid or provided for, and all other amounts payable under the Trust Agreement and under the Master Financing Lease have been paid, and the Trust Agreement has been discharged and satisfied, the Fiscal Agent shall pay to the State Treasurer any amounts remaining in any fund or account established and held under the Trust Agreement.

Covenants Of The Corporation, The State And The Fiscal Agent

Compliance with Trust Agreement. The Fiscal Agent will not execute or deliver any Certificates in any manner other than in accordance with the provisions of the Trust Agreement. The Corporation, the State and the Fiscal Agent will faithfully comply with, keep, observe and perform all the agreements, conditions, covenants and terms of the Trust Agreement required to be complied with, kept, observed and performed by each of them.

Compliance with and Amendment of Master Financing Lease. The Corporation, the State and the Fiscal Agent, as assignee of the Corporation, will faithfully comply with, keep, observe and perform all the agreements, conditions, covenants and terms contained in the Master Financing Lease required to be complied with, kept, observed and performed by each of them, and the Fiscal Agent will, to the extent required under the Trust Agreement, enforce such agreement against the State in accordance with its terms.

The State will not alter, amend or modify the Master Financing Lease without the prior written consent of the Fiscal Agent. Such consent of the Fiscal Agent shall be given only (i) if the Fiscal Agent receives an Opinion of Counsel to the effect that such alterations, amendments or modifications will not have a material adverse effect on the interests of the Owners of the

Certificates, or (ii) if the Fiscal Agent first obtains the written consent of the Owners of a majority in aggregate Principal Component evidenced and represented by the Certificates then Outstanding to such alterations, amendments or modifications; *provided*, that no such alteration, amendment or modification shall reduce the amount or extend the time for payment of any State Payment without the prior written consent of the Owners of the Certificates evidencing and representing any portion thereof.

Other Liens. So long as any Certificates are Outstanding, the Corporation, the State and the Fiscal Agent will not create or suffer to be created any pledge of, lien on or security interest in the Base Rent Payments other than the pledge and lien of the Trust Agreement and security interest under the Trust Agreement.

Prosecution and Defense of Suits. The State will defend against every action, suit or other proceeding at any time brought against the Corporation, the Fiscal Agent or any Owner upon any claim arising out of the receipt, deposit or disbursement of any of the Base Rent Payments or involving the rights or obligations of the Corporation, the Fiscal Agent or any Owner under the Trust Agreement; *provided*, however, that the Corporation, the Fiscal Agent or any Owner, at its election and at its sole cost and expense, may appear in and defend any such action, suit or other proceeding.

Accounting Records and Statements. The Fiscal Agent will keep proper accounting records in accordance with corporate trust accounting standards in which complete and correct entries shall be made of all transactions relating to the receipt, investment, deposit, application and disbursement of the Base Rent Payments, and such accounting records shall be available for inspection by the State Treasurer or any Owner or agent duly authorized in writing at reasonable hours and under reasonable conditions. Not later than December 1 in each year, commencing on December 1, 2006, and continuing for so long as any Certificates are Outstanding, the Fiscal Agent will furnish, or cause to be furnished to the State Treasurer and any Owner who may so request (at the expense of such Owner) a complete statement covering the receipts, investment, deposits, application and disbursements of the Base Rent Payments for the twelve-month period ending on the preceding July 1.

Such records shall specify the fund or account to which each investment (or portion thereof) held pursuant to the Trust Agreement is to be allocated and shall set forth, in the case of each Qualified Investment, (a) its purchase price, (b) identifying information, including par amount, coupon rate, and payment dates, (c) the amount received at maturity or its sale price, as the case may be, (d) the amounts and dates of any payments made with respect thereto, and (e) such other documentation as is required by the State Treasurer in writing.

Recording and Filing. The Fiscal Agent, upon receipt of a written request of the State Treasurer, shall file, record, register, renew, refile and rerecord all such documents, including but not limited to the Site Leases, the Master Financing Lease, the Financing Leases and the Master Assignment as may be required by law in order to maintain a security interest in the Base Rent Payments, all in such manner, at such times and in such places as may be required and to the extent permitted by law in order to fully perfect, preserve and protect the security of the Owners and the rights and interests of the Fiscal Agent; *provided, however*, that the Fiscal Agent will not be required to execute a special or general consent to service of process, or to qualify as a foreign

corporation in connection with any such filing, recording, registration, refiling or rerecording in any jurisdiction in which it is not now so subject.

Further Assurances. Whenever and so often as requested to do so by the Fiscal Agent or any Owner, the Corporation and the State Treasurer will promptly execute and deliver or cause to be executed and delivered all such other and further assurances, documents or instruments and promptly do or cause to be done all such other and further things as may be necessary or desirable in order to further and more fully vest in the Fiscal Agent and the Owners all advantages, benefits, interests, powers, privileges and rights conferred upon them and by the Master Financing Lease.

Events Of Default; Remedies

Events of Default; Remedies; Waiver. If an Event of Default shall occur and be continuing, then such Event of Default shall constitute a default under the Trust Agreement, and in each and every such case during the continuance of such Event of Default, the Fiscal Agent may, and upon the written request of the Owners of not less than a majority in aggregate Principal Component evidenced and represented by the Certificates then Outstanding and receipt of indemnity satisfactory to it shall, exercise the remedies provided to the Corporation and the Fiscal Agent, as assignee of the Corporation, under the Trust Agreement and under the Master Financing Lease.

Pursuant to Section 12 of the 2000 Financing Contract, following an Agency Default Event (as defined in the 2000 Financing Contract) the Owners shall be secured *pari passu* with the owners of the State of Washington Certificates of Participation, State Board for Community and Technical Colleges, Series 2000A with respect to any payments received by an Owners Trustee (as defined in the 2000 Financing Contract) with respect to the portion of the Property described in Exhibit A to each of the Financing Leases acknowledged by Columbia Basin Community College.

The Fiscal Agent may, in its discretion, waive any default or Event of Default and its consequences under the Trust Agreement and annul any notice thereof by written notice to the State Treasurer to such effect, and thereupon the respective rights of the Parties under the Trust Agreement shall be as they would have been if such default or Event of Default had not occurred.

Other Remedies of the Fiscal Agent. The Fiscal Agent may, and upon the written request of the Owners of not less than a majority in aggregate Principal Component evidenced and represented by the Certificates then Outstanding and receipt of indemnity satisfactory to it, shall:

(i) by mandamus or other action or proceeding or suit, action or proceeding at law or in equity enforce its rights against the State or any Agency or any officer or employee thereof, and to compel the State or any such Agency or any such officer or employee to perform or carry out its duties under law and the agreements and covenants required to be performed by it or him or her contained in the Trust Agreement and in the Master Financing Lease;

(ii) by suit in equity to enjoin any acts or things which are unlawful or violate the rights of the Fiscal Agent; or

(iii) by suit in equity upon the happening of any default under the Trust Agreement to require the State or any Agency and its officers and employees to account as the trustee of an express trust.

Application of Moneys. If an Event of Default shall have occurred and be continuing, all moneys received by the Fiscal Agent shall be applied, first, to the payment of the reasonable costs and expenses incurred by the Fiscal Agent and the Owners to declare such default (including but not limited to the reasonable fees and expenses of their counsel and agents); second, to the payment of the Interest Components evidenced and represented by the Certificates accrued to the date of application thereof *pro rata* among the Owners entitled thereto; third, to the payment of the Principal Components evidenced and represented by the Certificates and the Prepayment Price, if any, then due under the Trust Agreement *pro rata* among the Owners entitled thereto; and fourth, when no Certificates remain Outstanding, to pay or reimburse the State for its costs and expenses, including reasonable attorneys' fees, incurred in connection with the Certificates, the Master Financing Lease, the Financing Leases and the Trust Agreement.

Non-Waiver. A waiver of any default or breach of duty or contract by the Fiscal Agent shall not affect any subsequent default or breach of duty or contract or impair any rights or remedies on any such subsequent default or breach of duty or contract. No delay or omission by the Fiscal Agent to exercise any right or remedy accruing upon any default or breach of duty or contract shall impair any such right or remedy or shall be construed to be a waiver of any such default or breach of duty or contract or an acquiescence therein, and every right or remedy conferred upon the Fiscal Agent by law or by such article may be enforced and exercised from time to time and as often as shall be deemed expedient by the Fiscal Agent.

If any action, proceeding or suit to enforce any right or to exercise any remedy is abandoned or determined adversely to the Fiscal Agent, the Fiscal Agent, the Corporation and the State Treasurer shall be restored to their former positions, rights and remedies as if such action, proceeding or suit had not been brought or taken.

Remedies Not Exclusive. No remedy in the Trust Agreement conferred upon or reserved to the Fiscal Agent is intended to be exclusive of any other remedy, and each such remedy shall be cumulative and shall be in addition to every other remedy given under the Trust Agreement or now or thereafter existing in law or in equity or by statute or otherwise and may be exercised without exhausting and without regard to any other remedy conferred by any law.

Fiscal Agent May Enforce Claims Without Possession of Certificates. All rights of action and claims under the Trust Agreement or the Certificates may be prosecuted and enforced by the Fiscal Agent without the possession of any of the Certificates or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Fiscal Agent shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Fiscal Agent, its agents and counsel, be for the ratable benefit of the Owners of the Certificates in respect of which such judgment has been recovered.

Limitation on Actions by Owners. The Owners of not less than a majority in aggregate Principal Component evidenced and represented by the Certificates then Outstanding shall have

the right to direct the method and place of conducting any proceeding or remedy available to the Fiscal Agent, or exercising any trust or power conferred on the Fiscal Agent, under the Trust Agreement or under the Master Financing Lease in connection with the enforcement of the covenants, agreement, terms and conditions of the Trust Agreement and thereof; *provided*, that any such direction shall not be contrary to law, the Trust Agreement or the Master Financing Lease, and is not unduly prejudicial to the interest of the Owners not joining in such direction; and *provided further*, that the Fiscal Agent may take any other action which it deems necessary or appropriate and not inconsistent with such direction.

No Owner shall have the right to institute any action, suit or proceeding for the enforcement of the Trust Agreement or the Master Financing Lease, or to pursue any remedy available under the Trust Agreement or under the Master Financing Lease unless:

(i) the Fiscal Agent shall have been given written notice of an Event of Default by such Owner;

(ii) the Owners of at least a majority in aggregate Principal Component evidenced and represented by the Certificates then Outstanding respecting which there has been an Event of Default shall have requested the Trustee, in writing, to exercise the powers granted by the Trust Agreement or the Master Financing Lease, or to institute such action, suit or proceeding, or to pursue such remedy in it or their name or names;

(iii) the Fiscal Agent shall have been offered indemnity satisfactory to it against its costs, expenses and liabilities in connection therewith; and

(iv) the Fiscal Agent shall have failed to comply with such request within sixty (60) days, or such shorter period as shall be reasonable under the circumstances.

No Liability by the Corporation to the Owners. Except for the observance and performance of the agreements and covenants required to be observed and performed by it contained in the Trust Agreement, the Corporation shall not have any obligation or liability to the Owners with respect to the Trust Agreement, or the payment when due of the Base Rent Payments by the State, or with respect to the observance or performance by the State of the other agreements and covenants required to be observed and performed by the State contained in the Master Financing Lease or in the Trust Agreement, or with respect to preparation, execution, delivery or transfer of the Certificates or the disbursement of the Base Rent Payments by the Fiscal Agent to the Owners, or with respect to the observance or performance by the Fiscal Agent of any agreements, covenants, terms or obligations required to be performed or observed by it contained in the Trust Agreement.

No Liability by the State to the Owners. Except for the payment when due of the Base Rent Payments and the observance and performance of the other agreements and covenants required to be observed and performed by it contained in the Master Financing Lease and in the Trust Agreement, the State shall not have any obligation or liability to the Owners with respect to the Trust Agreement, or the preparation, execution, delivery or transfer of the Certificates or the disbursement of the Base Rent Payments by the Fiscal Agent to the Owners, or with respect

to the observance or performance by the Fiscal Agent of any agreements, covenants, terms or obligations required to be observed or performed by it contained in the Trust Agreement.

No Liability by the Fiscal Agent to the Owners. Except as expressly provided in the Trust Agreement, the Fiscal Agent shall not have any obligation or liability to the Owners with respect to the payment when due of the Base Rent Payments by the State, with respect to the observance or performance by the State of the other agreements and covenants required to be observed and performed by it contained in the Master Financing Lease or in the Trust Agreement or with respect to the observance or performance by the Corporation of the agreements and covenants required to be observed and performed by it contained in the Trust Agreement.

Amendment or Supplement of Trust Agreement

Amendment or Supplement; Consents. The Trust Agreement and the rights and obligations of the State, the Owners, the Fiscal Agent or any Paying Agent under the Trust Agreement may be amended or supplemented at any time as provided in the Appendix of the Trust Agreement. No such amendment or supplement shall (1) extend the stated Principal Payment Date of any Certificate, or reduce the rate of interest evidenced and represented thereby, or extend the time of payment of such interest, or reduce the amount of the Principal Component evidenced and represented thereby, or reduce any Prepayment Price evidenced and represented thereby, without the prior written consent of the Owner of the Certificate so affected; or (2) reduce the percentage of Owners whose consent is required for the execution of any amendment of the Trust Agreement or supplement hereto; or (3) modify any of the rights or obligations of the Fiscal Agent or any Paying Agent without its prior written consent thereto.

Disqualified Certificates. Certificates owned or held by or for the account of the State (but excluding Certificates held in any pension or retirement fund of the State) or any Agency shall not be deemed Outstanding for the purpose of any consent or other action or any calculation of Outstanding Certificates provided in the Trust Agreement, and shall not be entitled to consent to or take any other action provided in the Trust Agreement, and the Fiscal Agent may adopt appropriate regulations to require each Owner, before consent provided for in the Trust Agreement shall be deemed effective, to reveal if the Certificates as to which such consent is given are disqualified as provided in the Trust Agreement.

Endorsement or Replacement of Certificates After Amendment or Supplement. After the effective date of any action taken as provided above, the Fiscal Agent may determine that the Certificates may bear a notation by endorsement in a form approved by the Fiscal Agent as to such action, and in that case upon demand of the Owner of any Outstanding Certificate and presentation of such Owner's Certificate for such purpose at the Principal Office of the Fiscal Agent a suitable notation as to such action shall be made on such Certificate. If the Fiscal Agent shall so determine, new Certificates so modified as in the opinion of the Fiscal Agent shall be necessary to conform to such action shall be prepared, and in that case upon demand of the Owner of any Outstanding Certificates such new Certificates shall be exchanged at the Principal Office of the Fiscal Agent without cost to each Owner for Certificates then Outstanding upon surrender of such Outstanding Certificates.

Amendment by Mutual Consent. The amendment provisions of the Trust Agreement shall not prevent any Owner from accepting any amendment to the particular Certificates held by it; *provided*, that due notation thereof is made on such Certificates.

Defeasance of Certificates; Discharge of Trust Agreement

Discharge of Trust Agreement. When the obligations of the State under the Master Financing Lease shall cease (except for the right of the Fiscal Agent and the obligation of the State to have the money and Qualified Investments referenced therein applied to the payment of Base Rent Payments as therein set forth), then and in that case the obligations created by the Trust Agreement shall thereupon cease, terminate, become void and be completely discharged except for the right of the Owners and the obligation of the Fiscal Agent to apply such moneys and Qualified Investments to the payment of the Certificates as in the Trust Agreement set forth and the right of the Fiscal Agent to collect any fees or expenses due under the Trust Agreement. The Fiscal Agent shall turn over to the State Treasurer, as an overpayment of Base Rent Payments, any surplus in the Certificate Fund and all balances remaining in any other funds or accounts other than moneys and Qualified Investments held for the payment of the Certificates on the Principal Payment Dates or Prepayment Dates thereof, which moneys and Qualified Investments shall continue to be held by the Fiscal Agent in trust for the benefit of the Owners and shall be applied by the Fiscal Agent to the payment, when due, of the principal, Prepayment Price and interest evidenced and represented by the Certificates, and after such payment, the Trust Agreement shall become void. The Fiscal Agent shall thereafter execute and deliver to the State such other documents and instruments as may be necessary or desirable to evidence such discharge and satisfaction of the Trust Agreement.

Defeasance of Certificates. Any Outstanding Certificates shall be deemed to have been paid with the meaning and effect expressed in the immediately preceding paragraph if there shall be irrevocably deposited and held in trust by the Fiscal Agent moneys or Qualified Investments in the amount necessary to pay or prepay the principal or Prepayment Price and interest evidenced and represented thereby as provided in the Trust Agreement.

If moneys or Qualified Investments are deposited with and held by the Fiscal Agent as thereinabove provided, the Fiscal Agent shall within thirty (30) days after such moneys or Qualified Investments shall have been deposited with it, mail a notice, first class postage prepaid, to the Owners of the Certificates that have been defeased at the addresses listed on the registration books kept by the Fiscal Agent pursuant to the Trust Agreement, setting forth (a) the date or dates fixed for payment or prepayment of the Certificates, (b) a description of the moneys or Qualified Investments so held by it, and (c) that such Certificates have been defeased and are no longer deemed to be Outstanding under the Trust Agreement, and/or that the Trust Agreement has been released and discharged in accordance with the provisions of the Trust Agreement.

Deposit of Money or Securities with Fiscal Agent. Whenever in the Trust Agreement or in the Master Financing Lease it is provided or permitted that there be deposited with or held in trust by the Fiscal Agent money or securities (certified to be sufficient by a report of an independent certified public accountant or firm of accountants, or an independent financial advisor or consultant or firm of such advisors or consultants) in the necessary amount to pay or prepay the principal and interest evidenced and represented by all or a portion of the Certificates,

the money or securities to be so deposited or held may include money or securities held by the Fiscal Agent in the funds and accounts established pursuant to the Trust Agreement and shall be:

(i) lawful money of the United States of America in an amount equal to the principal amount evidenced and represented by such Certificates and all unpaid interest evidenced and represented thereby to the respective Principal Payment Dates thereof, except that, in the case of Certificates which are to be prepaid prior to their respective Principal Payment Dates and in respect of which notice of such prepayment shall have been given as in the Trust Agreement provided or provision satisfactory to the Fiscal Agent shall have been made for the giving of such notice, the amount to be deposited or held shall be the Prepayment Price plus accrued interest to such date of prepayment, if any, evidenced and represented by such Certificates; or

(ii) Government Obligations, the principal of and interest on which when due will provide money sufficient, without reinvestment, to pay the principal or Prepayment Price, and accrued interest to the Principal Payment Date or to the Prepayment Date, as the case may be, evidenced and represented by the Certificates to be paid or prepaid, as such amounts become due; *provided* that, in the case of Certificates which are to be prepaid prior to the Principal Payment Date thereof, notice of such prepayment shall have been given as in the Trust Agreement provided or provision satisfactory to the Fiscal Agent shall have been made for the giving of such notice;

further provided, in each case, that the Fiscal Agent shall have been irrevocably instructed (by the terms of the Trust Agreement and the Master Financing Lease or by Written Request of the State Treasurer) to apply such money to the payment of such principal, Prepayment Price and interest, if any, evidenced and represented by such Certificates.

Unclaimed Moneys. Anything contained in the Trust Agreement to the contrary notwithstanding, any moneys held by the Fiscal Agent in trust for the payment and discharge of the principal, Prepayment Price or interest evidenced and represented by any of the Certificates which remain unclaimed for two (2) years after the date when the principal, Prepayment Price or interest evidenced and represented by such Certificates have become payable, shall at the written request of the State Treasurer be repaid by the Fiscal Agent to the State Treasurer as its property free from trust, and the Fiscal Agent shall thereupon be released and discharged with respect thereto and the Owners shall look only to the State Treasurer for the payment of the principal, Prepayment Price or interest evidenced and represented by such Certificates.

Miscellaneous

Funds and Accounts. Any fund required to be established and maintained in the Trust Agreement by the Fiscal Agent or the State Treasurer may be established and maintained in the accounting records of the Fiscal Agent or the State Treasurer, respectively, either as an account or a fund, and may, for the purposes of such accounting records, any audits thereof, and any reports or statements with respect thereto, be treated either as an account or a fund; but all such records with respect to all such funds shall at all times be maintained in accordance with prudent accounting practice and with due regard for the protection of the security of the Certificates and the right of the Owners.

Notices to Rating Agencies. The Fiscal Agent shall provide to each Rating Agency then rating the Certificates prompt written notice of (i) the appointment of any successor Fiscal Agent or Paying Agent; (ii) any material amendment to the Trust Agreement or the Master Financing Lease; (iii) any prepayment of the Certificates; and (iv) any defeasance or discharge of the Certificates or the Trust Agreement.

MASTER ASSIGNMENT

Under the Master Assignment the Corporation unconditionally grants, sells, assigns, transfers and conveys to the Fiscal Agent without recourse (i) all of its rights to the Sites pursuant to the Site Leases; (ii) all of its rights to receive the Base Rent Payments and any Additional Rent under and pursuant to the Master Financing Lease; (iii) its right to take all actions, exercise all remedies, and give all consents under and pursuant to the Site Leases and the Master Financing Lease; (iv) all of its remaining right, title and interest in, to and under the Site Leases, the Master Financing Lease, the Financing Leases and in and to the Property and any rents or profits generated therefrom; and (v) its right of access more particularly described in the Master Financing Lease.

SITE LEASES

Lease of the Site; Ownership

Under each Site Lease, the State leases to the Corporation and the Corporation hires from the State, the real property and all improvements thereon as described in each of the Site Leases, subject to all easements, covenants, conditions and restrictions existing as of the date of the respective Site Lease. Under each Site Lease, the Agency represents and warrants that it is the owner in fee of the Site, subject only to Permitted Encumbrances.

Term

The term of each Site Lease commences on the Dated Date, and ends on the Termination Date of the related Financing Lease, unless such term is extended or sooner terminated. If on such date, the Financing Lease shall not be discharged by its terms, then the term of the Site Lease shall be extended until ten (10) days after all amounts due under the Financing Lease shall have been paid and the Financing Lease shall have been discharged by its terms, except that the term of the Site Lease shall in no event be extended beyond five years after the term date indicated by the Agency. If, prior to scheduled termination date of the Site Lease, all amounts due under the Financing Lease shall have been paid and the Financing Lease shall have been discharged by its terms, the term of the Site Lease shall end ten (10) days thereafter or ten (10) days after written notice by the Agency to the Corporation, whichever is earlier.

Assignments and Subleases

Under each Site Lease, the Corporation is not permitted to grant, sell, assign, mortgage, pledge, sublet or transfer any of its right, title or interest in, to or under such Site Lease or the Site except as expressly provided in the Master Assignment, the Master Financing Lease and the related Financing Lease, without the prior written consent of the Agency. The State consents to

the sublease of the applicable Property pursuant to the Financing Lease, and the assignment of the Corporation's right, title and interest under the Site Lease to the Fiscal Agent pursuant to the Master Assignment for the benefit of the Owners of the Certificates.

Upon the occurrence and continuance of an Event of Default or a Permitted Termination Event with respect to the applicable Property, the Corporation has the right, pursuant to the Master Assignment, the Trust Agreement, the Financing Lease and the Master Financing Lease, to sublease all or any portion of such Property; *provided*, that the subtenant and the terms and provisions of the sublease shall be subject to the prior written approval of the State, which approval shall not be unreasonably withheld or delayed.

Eminent Domain; Loss of Title

In the event the whole or any part of the applicable Property is taken permanently or temporarily under the power of eminent domain (or sold under threat of condemnation), or there is a loss of title to the whole or any part of such Property, the interest of the Corporation in such Property shall be recognized and is determined to be an amount not less than the then unpaid indebtedness incurred by the Agency under its Financing Lease. The term "unpaid indebtedness," as used in the preceding sentence, includes all unpaid Agency Principal Components, Agency Interest Components and all other payments required to be made by the Agency pursuant to the Financing Lease, until all Agency Rent Payments due thereunder have been paid or the payment thereof provided for in accordance therewith. The amount of any such award, judgment or payment shall be paid to the Corporation, and the balance, if any, in excess of the unpaid indebtedness shall be paid to the State Agency.

The Columbia Basin Site Leases

In the Columbia Basin Site Leases, the State and the Corporation acknowledge that it is the intent of the parties to such Site Leases that the Site Leases shall survive and remain in full force and effect in the event the 2000 Ground Lease expires pursuant to its terms or for any other reason is not in effect or does not cover the Columbia Basin Sites. In the event the 2000 Ground Lease expires pursuant to its terms or for any other reason is not in effect or does not cover the Columbia Basin Sites (a) the parties to the Site Leases shall no longer be subject to the terms, conditions and restrictions of the 2000 Ground Lease or the 2000 Financing Contract, and (b) all references to the 2000 Ground Lease and the 2000 Financing Contract in the Columbia Basin Site Leases shall have no force or effect.

THE FINANCING LEASES

Appointment of Agents; Acquisition and Construction of the Project; Substitution and Release of Property

Appointment of Agents. The Corporation appoints the State Treasurer and the Agency, respectively, as its designation and appointment as its agents in connection with the disbursement of the proceeds of the Certificates and the design, acquisition and/or construction of the Project.

Changes to the Project; Additions to the Property. The Agency, with the prior written consent of the State Treasurer, may revise the Project to be acquired, constructed, financed or

refinanced pursuant hereto; provided, that (i) such Project as so revised shall satisfy the requirements under the Financing Lease with respect to the substitution of Property; (ii) the Project Costs shall not be materially reduced thereby; and (iii) any such revision shall not relieve the Agency of any obligation to design, acquire, construct, finance or refinance the Project or the Property in accordance therewith.

The Agency shall have the right during the term of the Financing Lease, at its cost and expense, to make or permit additions, betterments and improvements to the Property, and to attach fixtures, structures and signs thereto; provided, that such additions, betterments and improvements and fixtures, structures and signs (i) shall be constructed and installed in accordance with applicable laws and regulations, and not in violation of any easements, restrictions, conditions or covenants affecting title to the Property; and (ii) shall not diminish the value, capacity or usefulness of the Property.

The State Treasurer also shall have the right during the term of the Financing Lease to enter into additional Master Financing Leases to finance all or any portion of the cost of such additions, betterments and improvements to the Property pursuant to the Master Financing Lease.

Substitution of Property. After design, acquisition, construction, financing or refinancing of the Project or the Property, the Agency, with the prior written consent of the State Treasurer and only upon the satisfaction of the requirements set forth in the Master Financing Lease, may substitute for the Property, another parcel or parcels of real property. As a condition to any such substitution, the Agency shall deliver to the State Treasurer (i) an appraisal or other written evidence from an independent, disinterested real property appraiser acceptable to the State Treasurer and the Fiscal Agent to the effect that such substitute Property has an estimated fair rental value for the remaining term of the Financing Lease equal to or greater than the Agency Rent Payments due under the Financing Lease from time to time thereafter; (ii) a certificate of the Agency to the effect that such substitute Property (A) is free and clear of any mortgages, deeds of trust, liens or other similar encumbrances, other than Permitted Encumbrances, and (B) is essential to the Agency's ability to carry out its governmental functions and responsibilities. The State Treasurer, the Fiscal Agent, as assignee of the Corporation, and the Agency shall execute, deliver and record such amendments and modifications to the Site Lease, the Master Financing Lease, the Master Assignment and the Financing Lease, and such other documents, agreements and instruments, as the State Treasurer or the Fiscal Agent deems necessary or desirable in connection with such substitution.

Release of Property. After design, acquisition, construction, financing or refinancing of the Project, the Agency, with the prior written consent of the State Treasurer and only upon the satisfaction of the requirements set forth in the Master Financing Lease, may release a portion of the Property leased under the Site Lease, and subleased under and pursuant to the Master Financing Lease and the Financing Lease. As a condition to any such release, the Agency shall (i) deliver to the State Treasurer an appraisal or other written evidence from an independent, disinterested real property appraiser acceptable to the State Treasurer and the Fiscal Agent to the effect that the remaining portion of the Property has an estimated fair rental value for the remaining term of the Financing Lease equal to or greater than the Agency Rent Payments due from time to time under the Financing Lease; (ii) provide any necessary easements, reciprocal agreements or other rights as may be necessary to provide comparable pedestrian and vehicular

access, and other uses and amenities (including but not limited to water, sewer, electrical, gas, telephone and other utilities) as existed prior to such release. The State Treasurer, the Fiscal Agent, as assignee of the Corporation, and the Agency shall execute, deliver and record such amendments and modifications to the Site Lease, the Master Financing Lease, the Master Assignment and the Financing Lease, and such other documents, agreements and instruments, as the State Treasurer or the Fiscal Agent deems necessary or desirable in connection with such release.

Title to the Property

Fee title to the Property and all additions, modifications, repairs and improvements thereto, remain and vest in the Agency, subject to the respective leasehold estates under the 2000 Ground Lease, the 2000 Financing Contract, the Site Leases, the Master Financing Lease and the Financing Leases, without any further action by the State Treasurer, the Agency or the Corporation.

Agency Rent Payments

Each Agency Rent Payment shall consist of a Principal Component and/or an Interest Component. Interest shall accrue and be calculated as provided in the Trust Agreement. Each Agency Rent Payment payable under the Financing Lease shall be paid by electronic funds transfer in lawful money of the United States of America. Payments of Additional Rent shall be made to or upon the order of the Corporation. Each Agency Rent Payment shall be applied first to the Interest Component due under the Financing Lease, and then to the Principal Component due under the Financing Lease.

The Corporation directs the State Treasurer, and the State Treasurer agrees to transfer all Agency Rent Payments directly to the Fiscal Agent, as assignee of the Corporation; *provided, however*, that the State Treasurer is not thereby agreeing to obligate its funds to make Agency Rent Payments.

Such payments of Agency Rent Payments and Additional Rent for each rental payment period during the term of the Financing Lease shall constitute the total rental due for such period, and shall be paid for and in consideration of the use and occupancy and continued quiet enjoyment of the Property for such period. The Parties hereto have determined and agreed that such total rental does not exceed the fair rental value of the Property for each such rental period, given the purposes, terms and provisions of the Financing Lease. Anything in the Financing Lease to the contrary notwithstanding, the Agency waives any right that it may have under the laws of the State to a rebate or repayment of any portion of such rental in the event that there is substantial interference with the use or right to possession by the Agency of the Property or any portion thereof as a result of material damage, destruction or condemnation.

Payment of Local Agency Rent Payments

The obligation of each Local Agency to make its Agency Rent Payments is a direct and general obligation of the Local Agency to which the full faith and credit of such Local Agency is pledged.

Intercept of Local Agency Share of State Revenues. In the event that the Local Agency fails to make any payment due under the Local Agency Financing Lease, the State Treasurer shall withhold an amount sufficient to make such payment from the Local Agency's share of State revenues or other amounts authorized or required by law to be distributed by the State to the Local Agency, including but not limited to leasehold excise taxes, sales and use taxes, excise taxes, property taxes and liquor control board receipts; *provided*, that the use of any such revenues or amounts to make such payments is otherwise authorized or permitted by State law. Such withholding shall continue until all such delinquent payments have been made. Amounts withheld by the State Treasurer shall be applied to make any such payment due under the Local Agency Financing Lease on behalf of the Local Agency, or to reimburse the State Treasurer for any such payment made pursuant to the Local Agency Financing Lease. The Local Agency authorizes, approves and consents to any such withholding.

Conditional Payment of Local Agency Rent Payments. Upon the failure of the Local Agency to make any Agency Rent Payment at such time and in such amount as required pursuant to the Local Agency Financing Lease, the State Treasurer shall, to the extent of legally available appropriated funds and subject to any Executive Order reduction, make such payment into the Agency Rent Payment Fund, defined below, on behalf of such Local Agency within ten (10) Business Days after such Agency Rent Payment Date. The Local Agency shall reimburse the State for such payments made on its behalf immediately thereafter and in any case not later than ten (10) Business Days after such Agency Rent Payment Date, together with interest thereon at a rate equal to the State Reimbursement Rate. Anything in the Local Agency Financing Lease to the contrary notwithstanding, failure of the Local Agency to reimburse the State Treasurer for any such payment shall not constitute an Agency Event of Default under the Local Agency Financing Lease, but the State may institute such legal action and pursue such other remedies against the Local Agency as the State deems necessary or desirable including but not limited to actions for specific performance, injunction and/or the recovery of damages.

Payments by Local Agency Treasurer. The treasurer of the Local Agency is authorized and directed to establish and/or maintain a special fund in the "bonds payable" category of accounts of the Local Agency for the purposes of paying the Local Agency's Agency Rent Payments and Additional Rent. The treasurer of the Local Agency is further authorized and directed to remit each payment of Agency Rent Payments to the State Treasurer or its assignee on each Agency Rent Payment Date and any Additional Rent when due under the Local Agency Financing Lease. Such payment shall be made from any legally available funds of the Local Agency.

Local Agency Financing Lease. The Local Agency acknowledges and agrees that the State is subleasing the Property from the Corporation for and on behalf of the Local Agency. Concurrently with the execution of the Financing Lease, the State shall execute and deliver (i) the Master Financing Lease with the Corporation, pursuant to which the State shall agree to make Base Rent Payments for the sublease of the Property for and on behalf of the respective Agencies, at such times and in such amounts as provided therein; and (ii) the Financing Leases with the respective Agencies, pursuant to which each such Agency shall agree to sublease its respective Property and to make Agency Rent Payments therefor, at such times and in such amounts as provided therein. Such Agency Rent Payments shall be sufficient in the aggregate to pay, on each Base Rent Payment Date, the Base Rent Payment for the Property subleased by the

State from the Corporation for and on behalf of such Local Agencies under the Master Financing Lease.

The portion of the Base Rent Payments allocable to Local Agencies shall be payable by the State solely from Agency Rent Payments to be made by the respective Local Agencies, including the Local Agency, except as otherwise provided in the Master Financing Lease. The obligation of each Local Agency to make its Agency Rent Payments shall be a direct and general obligation of the Local Agency to which the full faith and credit of such Local Agency is pledged. The State shall not be obligated to pay the Base Rent Payments allocable to Local Agencies other than from Agency Rent Payments paid by the respective Local Agencies, except as otherwise provided in the Master Financing Lease.

Payment of State Agency Rent Payments. The State Agency acknowledges and agrees that the State is subleasing the Property from the Corporation for and on behalf of the State Agency. Concurrently with the execution of the State Agency Financing Lease Addendum, the State shall execute and deliver the (i) Master Financing Lease with the Corporation, pursuant to which the State shall agree to make Base Rent Payments for the sublease of the Property for and on behalf of the State Agency, at such times and in such amounts as provided therein; and (ii) the State Agency Financing Lease Addendum, pursuant to which the State Agency shall agree to sublease its respective Property and to make Agency Rent Payments therefor, at such times and in such amounts as provided therein. Such Agency Rent Payments shall be an amount sufficient in the aggregate to pay the Agency Rent Payment of the Property to be subleased by the State from the Corporation for and on behalf of the State Agency under the Master Financing Lease.

Obligation of State Agency Subject to Appropriation. That portion of the Base Rent Payments that is allocable to the Agency Rent Payments of the State Agency shall be payable by the State solely from Agency Rent Payments to be made by the State Agency. The obligation of the State Agency to make its Agency Rent Payments shall be subject to appropriation by the State Legislature and to Executive Order reduction. The State shall not be obligated to pay that portion of the Base Rent Payments that is allocable to the Agency Rent Payments of the State Agency and interest thereon other than from appropriated funds of the State Agency.

Deposit and Investment of Agency Rent Payments

The Agency acknowledges and agrees that the Agency Rent Payments shall be deposited in a special fund or funds maintained by the State Treasurer (the "Agency Rent Payment Fund"). The Agency Rent Payments due on each Agency Rent Payment Date shall be at least sufficient, in the aggregate, to make the Base Rent Payment next coming due under the Master Financing Lease. Amounts in the Agency Rent Payment Fund, including investment earnings thereon, shall be used and applied, *first*, to make the Base Rent Payment next coming due, *and thereafter*, but prior to the next Agency Rent Payment Date, to the extent that amounts remain in such Fund after such Base Rent Payment is made, to pay Additional Rent or for any other lawful purpose of the State Treasurer. Amounts in the Agency Rent Payment Fund shall be invested in the Qualified Investments, and shall be separately accounted for, but may be commingled with other moneys on deposit with the State Treasurer solely for investment purposes. The Agency shall have no right, title or interest in or to the amounts on deposit from time to time in the Agency Rent Payment Fund.

Optional Prepayment

The Agency may, at its option, prepay all or any portion of its Agency Rent Payments then unpaid, in whole or in part on any date, by causing to be deposited with the State Treasurer money and/or Government Obligations in an amount sufficient for the State Treasurer to prepay or defease the portion of its Base Rent Payments corresponding thereto in accordance with the Master Financing Lease and to pay any Additional Rent in connection therewith.

The Agency shall provide the State Treasurer with not less than 60 days' prior written notice of its intention to prepay any of its Agency Rent Payments which notice shall specify the date of prepayment, and the amount and the Agency Rent Payment Dates of the Agency Rent Payments to be prepaid. The State Treasurer shall notify the Agency within fifteen (15) Business Days after receipt of such notice from the Agency as to the amount required to be paid in connection with such prepayment or defeasance of the corresponding Base Rent Payments, including any Additional Rent in connection therewith. The determination by the State Treasurer of the amount to be paid by the Agency shall be binding and conclusive against the Agency, absent manifest error.

Mandatory Prepayment; Special Prepayment

Eminent Domain; Loss of Title. The Agency shall prepay or cause to be prepaid from eminent domain awards or sale proceeds received pursuant to the Financing Lease, and from the net proceeds of title insurance received pursuant to the Financing Lease, the Agency Rent Payments then unpaid, in whole or in part on any date, so that the aggregate annual Agency Rent Payments for the related Property from and after such prepayment date shall be in approximately equal amounts, at a Prepayment Price equal to the sum of the Agency Rent Payments so prepaid, without premium, plus accrued interest evidenced and represented thereby to the date of prepayment.

Insurance Proceeds. The Agency may, at its option, prepay or cause to be prepaid from net insurance proceeds received pursuant to the Financing Lease, the Agency Rent Payments then unpaid, in whole or in part on any date, so that the aggregate annual Agency Rent Payments for the related Property from and after such prepayment date shall be in approximately equal amounts, at a Prepayment Price equal to the sum of the Agency Rent Payments prepaid, without premium, plus accrued interest evidenced and represented thereby to the date of prepayment.

Revisions to Agency Rent Payment Schedule

The Agency Principal Components and Agency Interest Components of the Agency Rent Payments due on each Agency Rent Payment Date on and after the date of any prepayment pursuant to the Financing Lease, as set forth in the Financing Lease, shall be reduced by the State Treasurer to reflect such prepayment, in Authorized Denominations, in such amounts and on such Agency Rent Payment Dates as the Agency shall elect in its written notice to the State Treasurer pursuant to the Financing Lease.

Discharge of Financing Lease

All right, title and interest of the Corporation in the Financing Lease and all obligations of the Agency under the Financing Lease shall cease, terminate, become void and be completely discharged and satisfied (except for the right of the Fiscal Agent, as assignee of the Corporation, and the obligation of the Agency to have the moneys and Government Obligations so set aside applied to make the remaining Agency Rent Payments) when either:

(a) all Agency Rent Payments and all Additional Rent and other amounts due under the Financing Lease have been paid in accordance therewith; or

(b) (i) the Agency shall have delivered a written notice to the State Treasurer of its intention to prepay all of the Agency Rent Payments remaining unpaid; (ii) the Agency shall have caused to be deposited with the State Treasurer (A) moneys and/or Government Obligations in accordance with the Financing Lease; and (B) an Opinion of Counsel to the effect that such actions are permitted under the Financing Lease and will not cause interest evidenced and represented by the Certificates to be includable in gross income for federal income tax purposes under the Code; and (iii) for so long as any Agency Rent Payments remain unpaid, provision shall have been made satisfactory to the Corporation and the Fiscal Agent for payment of all Additional Rent.

Eminent Domain

If the Property subleased to the Agency pursuant to the Financing Lease, or so much thereof so as to render the remainder unsuitable for the purposes for which it was used by the Agency at the time of such taking shall be taken under the power of eminent domain (or sold under threat of condemnation), the sublease of such Property pursuant to the Financing Lease shall cease as of the day that the Agency is required to vacate such Property. If less than all of such Property is taken under the power of eminent domain (or sold under threat of condemnation), and the remainder is suitable for the purposes for which it was used by the Agency at the time of such taking, as reasonably determined by the State Treasurer, then the sublease thereof pursuant to the Financing Lease shall continue in full force and effect as to such remainder, and the Parties waive any benefits of the law to the contrary. In such event, there shall be no abatement of the rental due under the Financing Lease or under the Financing Lease. So long as any Agency Rent Payments under the Financing Lease remain unpaid, any eminent domain award and any proceeds of sale under threat of condemnation for all or any part of the Property shall be applied to the prepayment of Agency Rent Payments as provided in the Financing Lease. Any award or proceeds in excess of the amount necessary to prepay such Agency Rent Payments due under the Financing Lease, shall be paid to the Corporation and the Agency as their respective interests may appear.

Loss of Title

If there is a loss of title to the Property subleased to the Agency pursuant to the Financing Lease which is insured under a policy or policies of title insurance, or so much thereof so as to render the remainder unsuitable for the purposes for which it was used by the Agency at the time of such loss, the sublease of such Property pursuant to the Financing Lease shall cease as of the

day that the Agency is required to vacate such Property. If there is a loss of title to less than all of such Property, and the remainder is suitable for the purposes for which it was used by the Agency at the time of such loss, as reasonably determined by the State Treasurer, then the sublease thereof pursuant to the Financing Lease shall continue in full force and effect as to such remainder, and the Parties waive any benefits of the law to the contrary. In such event, there shall be no abatement of the rental due under the Financing Lease. So long as any Agency Rent Payments under the Financing Lease remain unpaid, any payments under such title insurance policy or policies with respect to such Property shall be applied to the prepayment of Agency Rent Payments as provided in the Financing Lease. Any payment in excess of the amount necessary to prepay such Agency Rent Payments, shall be paid to the Corporation, the State and the Agency as their respective interests may appear.

Damage or Destruction

If all or any portion of the Property subleased to the Agency pursuant to the Financing Lease shall be damaged or destroyed by fire or other casualty, the sublease thereof pursuant to the Financing Lease shall not terminate, nor shall there be any abatement of the rent payable under the Financing Lease. So long as any Agency Rent Payments under the Financing Lease remain unpaid, any payments under the property insurance policy or policies with respect to such Property may be applied to the prepayment of Agency Rent Payments as provided in the Financing Lease, or may be paid to the State Treasurer and applied as provided in the Trust Agreement.

Certain Covenants and Agreements of the Agency

Budget. The Local Agency covenants and agrees to take such action as may be necessary to include all the Agency Rent Payments and Additional Rent due under the Local Agency Financing Lease in its annual budget and to make the necessary annual appropriations for all such Agency Rent Payments and Additional Rent.

The State Agency covenants and agrees to (i) include in its biennial budget any scheduled Agency Rent Payments that may be required to be made by the State Agency during such Biennium under the State Agency Financing Lease Addendum; (ii) submit such budget to OFM at such times and in such manner as required by law; (iii) use its best efforts to obtain appropriations by the State Legislature in amounts sufficient to make any such payments; (iv) include all such payments in its statements of proposed expenditures for each fiscal period required by law to be submitted to OFM; and (v) use its best efforts to obtain allotments by OFM of appropriated funds sufficient to make all such payments.

Tax-Exemption. The Agency covenants and agrees to not make any use of the proceeds of the Financing Lease or the Certificates or of any other amounts, regardless of the source, or of any property, and shall not take or refrain from taking any action, that would cause the Financing Lease or the Certificates to be “arbitrage bonds” within the meaning of Section 148 of the Code. The Agency shall not use or permit the use of the Property or any part thereof by any Person other than a “governmental unit” as that term is defined in Section 141 of the Code, in such manner or to such extent as would result in the loss of the exclusion from gross income for federal income tax purposes of the Interest Component of the Agency Rent Payments under

Section 103 of the Code. The Agency shall not make any use of the proceeds of the Financing Lease or the Certificates or of any other amounts, and shall not take or refrain from taking any action, that would cause the Financing Lease or the Certificates to be “federally guaranteed” within the meaning of Section 149(b) of the Code, or “private activity bonds” within the meaning of Section 141 of the Code, or “hedge bonds” within the meaning of Section 149 of the Code. To that end, for so long as any Agency Rent Payments remain unpaid, the Agency, with respect to such proceeds and other amounts, will comply with all requirements under such Sections and all applicable regulations of the United States Department of the Treasury promulgated under the Financing Lease. The Agency will at all times do and perform all acts and things permitted by law which are necessary or desirable in order to assure that the Interest Components of the Agency Rent Payments will not be included in gross income of the Owners of the Certificates for federal income tax purposes under the Code, and will take no action that would result in such interest being so included. The Agency shall comply with the applicable provisions of the Tax Certificate.

Liens; Assignments and Subleases. The Agency covenants and agrees not to create, incur, assume or suffer to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Property or any part thereof, except for Permitted Encumbrances. The Agency shall promptly, at its own expense, take such action as may be necessary to duly discharge any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time. The Agency shall not grant, sell, assign, pledge, transfer, convey, mortgage, sublet or otherwise dispose any of its right, title or interest in, to or under this Financing Lease or the Property except as otherwise provided herein, and any such attempted grant, sale, assignment, pledge, transfer, conveyance, mortgage, sublease or disposal shall be void.

Pledge of Funds and Credit of Local Agency. The obligations of the Local Agency under the Local Agency Financing Lease constitute a debt and a general obligation of the Local Agency, and a contracting of an indebtedness by the Local Agency, to which the full faith and credit of the Local Agency are pledged. If and to the extent authorized by law, the Local Agency covenants and agrees that it will levy taxes in such amounts and at such times as shall be necessary, within and as a part of the tax levy, if any, permitted to the Local Agency without a vote of its electors, to provide funds, together with other legally available moneys, sufficient to make the Agency Rent Payments and the other payments required under the Local Agency Financing Lease.

Use of Property. During the term of the Local Agency Financing Lease, the Local Agency covenants and agrees to use the Property for the purposes of performing one or more of its essential governmental functions or responsibilities.

During the term of the State Agency Financing Addendum, the State Agency covenants and agrees to use the Property for the purposes of performing one or more of its essential governmental functions or responsibilities. The State Agency will not permit the Property to be used or operated other than by authorized employees, agents and contractors of the State Agency.

Maintenance; Repairs. For so long as the Agency is in possession of the Property, the Agency covenants and agrees to be solely responsible for the maintenance and repair, both ordinary and extraordinary, thereof. The Agency will (i) keep and maintain the Property in good

repair and condition, protect the same from deterioration other than normal wear and tear, and pay or cause to be paid all charges for utility services to the Property; (ii) comply with the requirements of applicable laws, ordinances and regulations and the requirements of any insurance or self-insurance program required under the Financing Lease in connection with the use, occupation and maintenance of the Property; (iii) obtain all permits and licenses, if any, required by law for the use, occupation and maintenance of the Property; and (iv) pay all costs, claims, damages, fees and charges arising out of its possession, use or maintenance of the Property.

Agency Event of Default.

(i) Failure by the Agency to pay or cause to be paid any Agency Rent Payment required to be paid under the Financing Lease;

(ii) Failure by the Agency to observe or perform any covenant, agreement, term or condition on its part to be observed or performed under the Financing Lease, other than as set forth in paragraph (i) above, for a period of thirty (30) days after written notice from the Corporation, or from the Owners of not less than 25% in aggregate Principal Component evidenced and represented by the Certificates then Outstanding, to the State Treasurer specifying such failure and requesting that it be remedied; *provided, however*, that such period shall be extended for not more than sixty (60) days if such failure cannot be corrected within such period, and the corrective action is commenced by the Agency within such period and diligently pursued until the failure is corrected;

(iii) If any statement, representation, or warranty made by the Agency in the Financing Lease is false, misleading, or erroneous in any material respect;

(iv) If the Agency's interest under the Financing Lease or any part of the Financing Lease shall be assigned, sublet or transferred other than as provided in the Financing Lease, either voluntarily or by operation of law;

(v) If the Agency shall abandon or vacate the Property; and

(vi) Inability of the Agency to generally pay its debts as such debts become due, or admission by the Agency, in writing, of its inability to pay its debts generally, or the making by the Agency of a general assignment for the benefit of creditors, or the institution of any proceeding by or against the Agency seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding-up, reorganization, reimbursement, adjustment, protection, relief or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or for appointment of a receiver, trustee, or other similar officer of it or any substantial part of its property, or the taking of any action by the Agency to authorize any of the actions set forth above in the Financing Lease.

Notwithstanding the foregoing, if by reason of *force majeure* the Agency is unable in whole or in part to carry out the covenants, agreements, terms and conditions on its part contained in the Financing Lease, the Agency shall not be deemed in default during the continuance of such inability. The term "*force majeure*" means the following: acts of God; strikes; lockouts or other industrial disturbances or disputes; acts of public enemies; orders or

restraints of any kind of the government of the United States of America or any of its departments, agencies or officials, or of its civil or military authorities; orders or restraints of the State or of any of its departments, agencies or officials or civil or military authorities of the State; wars, rebellions, insurrections; riots; civil disorders; blockade or embargo; landslides; earthquakes; fires; storms; droughts; floods; explosions; or any other cause or event not within the control of the Agency.

The State Treasurer, with the prior written consent of the Fiscal Agent, may, at its election, waive any default or Agency Event of Default and its consequences under the Financing Lease and annul any notice thereof by written notice to the Agency to such effect, and thereupon the respective rights of the Parties under the Financing Lease shall be as they would have been if such default or Agency Event of Default had not occurred.

The Columbia Basin Financing Leases. In addition to the Agency Events of Default described above, the Columbia Basin Financing Leases also include the occurrence of an Agency Default Event under the 2000 Financing Contract as an Agency Event of Default.

Rights of State Treasurer Following Agency Default Event

(i) *Continuation; Reentry and Reletting.* The State may continue the Financing Lease in full force and effect, and (i) collect rent and other amounts as they become due under the Financing Lease, (ii) enforce every other term and provision of the Financing Lease to be observed or performed by the Agency, and (iii) exercise any and all rights of entry and reentry upon the Property. In the event that the State does not elect to terminate the Financing Lease in the manner provided pursuant to paragraph (ii) of this Subheading, the Agency agrees to observe and perform all terms and provisions in the Financing Lease to be observed or performed by it, and, if the Property is not relet, to pay the full amount of the rent and other amounts due under the Financing Lease for the term of the Financing Lease, or, if the Property or any part thereof is relet, to pay any deficiency that results therefrom, in each case at the same time and in the same manner as otherwise provided in the Financing Lease, and notwithstanding any reentry or reletting by the State, or suit in unlawful detainer or otherwise brought by the State for the purpose of effecting such re-entry or obtaining possession of all or any part of the Property. Should the State elect to re-enter or obtain possession of all or any part of the Property, the Agency irrevocably appoints the State as the Agency's agent and attorney-in-fact (i) to relet the Property, or any part thereof, from time to time, either in the name of the State or otherwise, upon such terms and conditions and for such use and period as the State may determine in its discretion, (ii) to remove all persons in possession thereof and all personal property whatsoever situated upon the Property, and (iii) to place such personal property in storage in any warehouse or other suitable place for the State in the county in which such personal property is located, for the account of and at the expense of the Agency. The Agency shall be liable for, and agrees to pay the State, the State's costs and expenses in connection with reentry of the Property, removal and storage of any personal property, and reletting of the Property. The Agency agrees that the terms of the Financing Lease constitute full and sufficient notice of the right of the State Treasurer to reenter and relet the Property or any part thereof without effecting ^a surrender or termination of the Financing Lease. Termination of the Financing Lease upon an Agency Event of Default shall be effected solely as provided in paragraph (ii) of this Subheading. The Agency

further waives any right to, and releases, any rental obtained by the State upon reletting in excess of the rental and other amounts otherwise due under the Financing Lease.

(ii) *Termination.* The State Treasurer may terminate the Financing Lease, but solely upon written notice by the State Treasurer to the Agency of such election. No notice to pay rent, notice of default, or notice to deliver possession of the Property or of any part thereof, nor any entry or reentry upon the Property or any part thereof by the State Treasurer, nor any proceeding in unlawful detainer or otherwise brought by the State Treasurer for the purpose of effecting such reentry or obtaining possession, nor any other act shall operate to terminate the Financing Lease, and no termination of the Financing Lease on an account of an Event of Default shall be or become effective by operation of law or acts of the Parties hereto or otherwise, unless and until such notice of termination shall have been given by the State Treasurer. The Agency agrees that no surrender of the Property or any part thereof, nor any termination of the Financing Lease by the State shall be valid or effective in any manner or for any purpose whatsoever unless such notice of termination shall have been given by the State Treasurer. Upon such termination, the State may (a) reenter the Property or any part thereof and remove all persons in possession thereof and all personal property whatsoever situated upon the Property, and (b) to place such personal property in storage in any warehouse or other suitable place for the State in the county in which such personal property is located, for the account of and at the expense of the Agency. Upon such termination, the Agency's right to possession of the Property shall terminate, and the Agency shall surrender possession thereof to the State. In the event of such termination, the Agency shall remain liable to the State for damages in an amount equal to the rent and other amounts that would have been due under the Financing Lease for the balance of the term of the Financing Lease, less the net proceeds, if any, of any reletting of the Property or any part thereof by the State subsequent to such termination, after deducting the expenses incurred by the State in connection with any such reentry, removal and storage of personal property, and reletting. The State shall be entitled to collect damages from the Agency on the respective Agency Rent Payment Dates, or alternatively, the State Treasurer may accelerate the Agency's obligations under the Financing Lease and recover from the Agency (a) the worth at the time of award of the unpaid rental which had been earned at the time of termination, (b) the worth at the time of award of the amount by which the unpaid rental which would have been earned after the termination until the time of award exceeds the amount of such rental loss that the Agency proves could have been reasonably avoided, (c) the worth at the time of award by which the unpaid rental for the balance of the term of the Financing Lease after the time of award exceeds the amount of rental loss that the Agency proves could reasonably have been avoided, and (d) any other amount necessary to compensate the State for all the detriment proximately caused by the Agency's failure to perform its obligations under the Financing Lease, or which in the ordinary course would be likely to result therefrom, including but not limited to the State's expenses in connection with reentry of the Property, removal and storage of any personal property, and reletting of the Property. The worth at the time of award shall be computed using a discount rate equal to the composite Interest Component evidenced and represented by the Certificates.

(iii) *Other Remedies.* In addition to the other remedies set forth in the Financing Lease, upon the occurrence and continuance of an Event of Default, the State shall be entitled to proceed to protect and enforce the rights vested in them by the Financing Lease or by law. The terms and provisions of the Financing Lease and the duties and obligations of the Agency under

the Financing Lease, and the officers and employees thereof, shall be enforceable by the State Treasurer by an action at law or in equity, for damages or for specific performance, or for writ of mandate, or by other appropriate action, suit or proceeding in any court of competent jurisdiction. Without limiting the generality of the foregoing, the State shall have the right to bring the following actions:

(a) Accounting. By action or suit in equity to require the Agency and its officers and employees to account as the trustee of an express trust;

(b) Injunction. By action or suit in equity to enjoin the violation of the rights of the State Treasurer.

(c) Mandate. By writ of mandate or other action, suit or proceeding at law or in equity to enforce the State Treasurer's rights against the Agency and its officers and employees, and to compel the Agency to perform and carry out its duties and obligations under the law and its covenants and agreements with the State Treasurer as provided in the Financing Lease.

In the event that the State shall prevail in any action, suit or proceeding brought to enforce any of the terms of provisions of the Financing Lease, the Agency shall be liable for the reasonable attorneys' fees of the State Treasurer in connection therewith.

The State Agency waives any and all claims for damages caused or which may be caused by the State Treasurer in reentering and taking possession of the Property or any part thereof as provided herein, and all claims for damages that may result from the destruction of or injury to the Property or any part thereof, and all claims for damages to or loss of any personal property that may be in or upon the Property.

No Remedy Exclusive; Non-Waiver

No remedy conferred upon or reserved to the State under the Financing Lease or under applicable law is intended to or shall be exclusive, and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Financing Lease or now or existing at law or in equity. No delay or omission to exercise any right or remedy accruing upon a default or an Event of Default under the Financing Lease shall impair any such right or remedy or shall be construed to be a waiver of such default or Event of Default, but any such right or remedy may be exercised from time to time and as often as may be deemed necessary or expedient. In order to exercise any remedy reserved to the State Treasurer under the Financing Lease, it shall not be necessary to give any notice, other than such notice as may be required under the Financing Lease. A waiver by the State Treasurer of any default or Agency Event of Default under the Financing Lease shall not constitute a waiver of any subsequent default or Event of Default under the Financing Lease, and shall not affect or impair the rights or remedies of the State Treasurer in connection with any such subsequent default or Event of Default.

No acceptance of less than the full amount of a rental payment due under the Financing Lease shall constitute an accord and satisfaction or compromise of any such payment unless the State Treasurer specifically agrees to such accord and satisfaction or compromise in writing.

Default by State

Anything in the Financing Lease to the contrary notwithstanding, the State shall not be in default in the observance or performance of any of the covenants, agreements, terms or conditions to be observed or performed by it unless and until the State shall have failed to observe or perform such covenant, agreement, term or condition for a period of sixty (60) days after written notice by the Agency to the State Treasurer specifying such failure and requesting that it be remedied; *provided, however*, that such period shall be extended for such additional time as shall be reasonably required to correct such failure if corrective action is commenced by the State within such period and diligently pursued until the failure is corrected.

Term Extension

If on the scheduled termination date for the Financing Lease as set forth in the Financing Lease, all amounts due under the Financing Lease shall not have been paid or the payment thereof duly provided for pursuant to the Financing Lease, then the term of the Financing Lease shall be extended until ten (10) days after all amounts due under the Financing Lease shall have been paid or the payment thereof so provided for, except that the term of the Financing Lease shall in no event be extended more than five (5) years beyond such scheduled termination date. If prior to the scheduled termination date, all amounts due under the Financing Lease shall have been paid or the payment thereof so provided for, the term of the Financing Lease shall end ten (10) days thereafter or ten (10) days after written notice by the Agency to the State Treasurer, whichever is earlier.

APPENDIX C

PROPOSED FORM OF CERTIFICATE COUNSEL OPINION

This page left blank intentionally

September 1, 2005

State of Washington
Office of the State Treasurer
Olympia, Washington

\$16,615,000
State of Washington Certificates of Participation, Series 2005D
(Final Opinion)

Ladies and Gentlemen:

We have acted as special counsel in connection with the execution and delivery of \$16,615,000 aggregate principal amount of State of Washington Certificates of Participation, Series 2005D (the "Certificates") pursuant to Chapter 39.94 of the Revised Code of Washington. In such connection, we have reviewed (i) the Master Financing Lease, dated as of September 1, 2005 (the "Master Financing Lease"), among the Washington Finance Officers Association ("WFOA"), and the state of Washington (the "State"), acting by and through the State Treasurer (the "State Treasurer"); (ii) the State Agency Financing Lease Addendum, dated as of September 1, 2005, by and between the State, acting by and through the State Treasurer and the Washington State Department of Transportation, and WFOA, the State Agency Financing Lease Addenda, each dated as of September 1, 2005, by and between the State, acting by and through the State Treasurer and the State Board for Technical and Community Colleges, and WFOA, and the Local Agency Financing Lease, dated as of September 1, 2005, by and between Adams County, Washington and the State (collectively, the "Financing Leases") (iii) the Site Lease, dated as of September 1, 2005, by and between the State, acting by and through the State Treasurer and the Washington State Department of Transportation, and WFOA, the Site Leases, each dated as of September 1, 2005, by and between the State, acting by and through the State Treasurer and the State Board for Technical and Community Colleges, and WFOA, and the Site Lease, dated as of September 1, 2005, by and between Adams County, Washington and WFOA (collectively, the "Site Leases"); (iv) the Trust Agreement, dated as of September 1, 2005 (the "Trust Agreement"), among WFOA, the State and The Bank of New York, as trustee and fiscal agent thereunder (the "Fiscal Agent"); (v) the Master Assignment, dated as of September 1, 2005 between WFOA and the Fiscal Agent (the "Assignment"); (vi) a tax certificate of the State, dated as of September 1, 2005 (the "Tax Certificate"); (vii) certificates of the State (including certificates of the State Agency and the State Treasurer), WFOA, the Fiscal Agent and others; and (viii) such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Master Financing Lease.

Certain agreements, requirements and procedures contained or referred to in the Master Financing Lease, the Financing Leases, the Site Leases, the Assignment, the Trust Agreement, the Tax Certificate and other relevant documents may be changed and certain actions (including, without limitation, defeasance of the

September __, 2005

Certificates) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. No opinion is expressed herein as to any Certificate or the interest portion of any Base Rent Payment if any such change occurs or action is taken or omitted upon the advice or approval of counsel other than ourselves.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Our engagement with respect to the Certificates has concluded with their execution and delivery, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the State. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinion(s) referred to in the first paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Master Financing Lease, the Financing Leases, the Site Leases, the Trust Agreement, the Tax Certificate and the Assignment including (without limitation) covenants and agreements, compliance with which is necessary to assure that future actions, omissions or events will not cause the interest portion of Base Rent Payments to be included in gross income for federal income tax purposes.

In addition, we call attention to the fact that the rights and obligations under the Certificates, the Master Financing Lease, the Financing Leases, the Site Leases, the Trust Agreement, the Tax Certificate and the Assignment and their enforceability are subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against the State and its agencies. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, waiver or non-substitution provisions contained in the foregoing documents, nor do we express any opinion with respect to the state or quality of title to or interest in any of the real or personal property described in or subject to the Master Financing Lease, the Financing Leases, the Site Leases, the Assignment or the Trust Agreement or the accuracy or sufficiency of the description contained therein of, or scope of remedies available to enforce liens on, any such property. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement or other offering material relating to the Certificates and express no opinion with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Master Financing Lease, the Financing Leases, the Site Leases and the Trust Agreement have been duly executed and delivered by, and constitute valid and binding obligations of, the State.

September __, 2005

2. The obligation of the State to make the Base Rent Payments during the term of the Master Financing Lease constitutes a valid and binding obligation of the State, payable from funds of the State lawfully available therefor.
3. Assuming due authorization, execution and delivery of the Trust Agreement and the Certificates by the Fiscal Agent, the Certificates are entitled to the benefits of the Trust Agreement.
4. The portion of each Base Rent Payment designated as and constituting interest paid by the State under the Master Financing Lease and received by the registered owners of the Certificates is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. Such interest is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although we observe that it is included in adjusted current earnings when calculating corporate alternative minimum taxable income. We express no opinion regarding other tax consequences related to the accrual or receipt of such interest or the ownership or disposition of the Certificates.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP

INDEPENDENT AUDITOR'S REPORT

December 16, 2004

The Honorable Gary Locke
Governor, State of Washington

Dear Governor Locke:

We have audited the accompanying basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the State of Washington as of and for the fiscal year ended June 30, 2004, as listed in the table of contents. These financial statements are the responsibility of the state's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Department of Retirement Systems and the Local Government Investment Pool, which represent 14 percent and 51 percent, respectively of the assets and revenues/additions of the aggregate discretely presented component units and remaining fund information. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Department of Retirement Systems and the Local Government Investment Pool, is based upon their reports.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our report and the report of other auditors, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the State of Washington as of June 30, 2004, and the results of its operations and cash flows of its proprietary funds for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards* in the United States of America, we will issue our report on our consideration of the State of Washington's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's discussion and analysis and the required supplementary information are not a required part of the basic financial statements, but are supplementary information the Governmental Accounting Standards Board requires. We applied limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion thereon.

Our audit was made for the purpose of forming opinions on the financial statements that collectively comprise the State of Washington's basic financial statements. The combining and individual fund statements and schedules listed in the table of contents, and the budgetary reports (CAF1054) referenced in Note 1.E.1 are for purposes of additional analysis, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The other data included in this report, designated as the introductory and statistical sections in the table of contents, has not been audited by us and, accordingly, we express no opinion on such data.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Sonntag", written in a cursive style.

BRIAN SONNTAG, CGFM
STATE AUDITOR

State of Washington

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets

June 30, 2004
(expressed in thousands)

Total fund balances for governmental funds	\$	8,163,513
--	----	-----------

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

Non-depreciable assets	\$	14,798,014	
Depreciable assets, net of depreciation		6,172,043	
Total capital assets			20,970,057

Some of the state's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds.		1,370,760
---	--	-----------

Accrued current interest on general obligation bonds		(185,674)
--	--	-----------

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.		(70,828)
---	--	----------

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:

Bonds and notes payable	(10,096,005)	
Accrued interest on bonds	(44,213)	
Claims and judgments	(77,425)	
Other obligations	(383,820)	
Total long-term liabilities		(10,601,463)

Net assets of governmental activities	\$	19,646,365
---------------------------------------	----	------------

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

State of Washington **Reconciliation of the Statement of Revenues, Expenditures and** **Changes in Fund Balances of Governmental Funds** **to the Statement of Activities**

For the Fiscal Year Ended June 30, 2004
(expressed in thousands)

Net change in fund balances--total governmental funds \$ 813,498

Amounts reported for governmental activities in the statement of activities
are different because:

Capital outlays are reported as expenditures in governmental funds. However, in
the statement of activities, the cost of capital assets is allocated over
their estimated useful lives as depreciation expense. In the current
period, these amounts are:

Capital outlay	1,585,173	
Depreciation expense	(350,079)	
Excess of capital outlay over depreciation expense		1,235,094

Bond proceeds provide current financial resources to governmental
funds, however, issuing debt increases long-term liabilities in the
statement of net assets. In the current period, proceeds were
received from:

Bonds and bond anticipation notes issued	(1,167,659)	
Refunding bonds issued	(456,675)	
Notes issued	(18,115)	
Bond issue premium	(70,881)	
Capital leases issued	(44)	
Total bond proceeds		(1,713,374)

Repayment of long-term debt is reported as an expenditure in
governmental funds, but the repayment reduces long-term liabilities
in the statement of net assets. In the current year, these amounts
consist of:

Bond principal retirement	414,728	
Payments to the bond refunding agent	481,000	
Total long-term debt repayment		895,728

Internal service funds are used by management to charge the costs of
certain activities to individual funds. The net revenue of the internal
service funds is reported with governmental activities. 39,213

Because some revenues will not be collected for several months after the state's fiscal
year end, they are not considered "available" revenues in the governmental funds.
Deferred revenues increased by this amount this year. (9,524)

Some items reported in the statement of activities do not require the use
of current financial resources and therefore are not reported as
expenditures in governmental funds. These activities consist of:

Increase in accrued and accreted interest	(36,186)	
Increase in compensated absences	(10,438)	
Increase in miscellaneous liabilities	(6,973)	
Increase in claims and judgments	(3,436)	
Total additional expenditures		(57,033)

Change in net assets of governmental activities		\$ 1,203,602
---	--	--------------

The notes to the financial statements are an integral part of this statement.

Note 1 - Summary of Significant Accounting Policies

The accompanying financial statements of the state of Washington have been prepared in conformity with generally accepted accounting principles (GAAP). The Office of Financial Management (OFM) is the primary authority for the state's accounting and reporting requirements. OFM has adopted the pronouncements of the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles nationally. For government-wide and enterprise fund reporting, the state follows only those private-sector standards issued on or before November 30, 1989, unless those pronouncements conflict with or contradict the pronouncements of the GASB. Following is a summary of the significant accounting policies:

A. Reporting Entity

In evaluating how to define the state of Washington, for financial reporting purposes, management has considered: all funds, organizations, institutions, agencies, departments, and offices that are legally part of the state (the primary government); organizations for which the state is financially accountable; and other organizations for which the nature and significance of their relationship with the state are such that exclusion would cause the state's financial statements to be misleading or incomplete.

Financial accountability exists when the primary government appoints a voting majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government, or a jointly appointed board. An organization is fiscally dependent if it is unable to determine its budget without another government having the substantive authority to approve or modify that budget, to levy taxes or set rates or charges without substantive approval by another government, or to issue bonded debt without substantive approval by another government.

Based on these criteria, the following are included in the financial statements of the primary government:

STATE AGENCIES - Except as otherwise described herein, all state elected offices, departments, agencies, commissions, boards, committees, authorities, and councils (agencies) and all funds and subsidiary accounts of the state are included in the primary government. Executives of these agencies are either elected, directly appointed by the Governor, appointed by a board which is appointed by the Governor, or appointed by a board which is in part appointed by the Governor.

Additionally, a small number of board positions are established by statute or independently elected. The state Legislature creates these agencies, assigns their programs, approves operational funding, and requires financial accountability. The Legislature also authorizes all bond issuances for capital construction projects for the benefit of state agencies. The legal liability for these bonds and the ownership of agency assets resides with the state.

COLLEGES AND UNIVERSITIES - The governing boards of the five state universities, the state college, and the 34 state community and technical colleges are appointed by the Governor. Each college's governing board appoints a president to function as chief administrator. The state Legislature approves budgets and budget amendments for the colleges' appropriated funds, which include the state's General Fund as well as certain capital projects funds. The state Treasurer issues general obligation debt for major campus construction projects. However, the colleges are authorized to issue revenue bonds for construction of facilities for certain revenue generating activities such as housing, dining, and parking. These revenue bonds are payable solely from and secured by fees and revenues derived from the operation of constructed facilities; the legal liability for the bonds and the ownership of the college assets reside with the state. Colleges do not have separate corporate powers and sue and are sued as part of the state with legal representation provided through the state Attorney General's Office. Since the colleges are legally part of the state, their financial operations, including their blended component units, are reported in the primary government financial statements using the fund structure prescribed by GASB, not discretely reported according to the fund structure of the American Institute of Certified Public Accountants college and university reporting model.

RETIREMENT SYSTEMS - The state of Washington, through the Department of Retirement Systems, administers seven retirement systems for public employees of the state and political subdivisions: the Public Employees' Retirement System, the Teachers' Retirement System, the School Employees' Retirement System, the Law Enforcement Officers' and Fire Fighters' Retirement System, the Washington State Patrol Retirement System, the Judicial Retirement System, and the Judges' Retirement Fund. The director of the Department of Retirement Systems is appointed by the Governor.

There are two additional retirement systems administered outside of the Department of Retirement Systems. The Volunteer Fire Fighters' and Reserve Officers' Relief and Pension Fund is administered through the Board for Volunteer Fire Fighters, which is appointed by the Governor. The Judicial Retirement Account is administered through the Administrator for the Courts under the direction of the Board for Judicial Administration.

The state Legislature establishes laws pertaining to the creation and administration of all public retirement systems. The participants of the public retirement systems together with the state provide funding for all costs of the systems based upon actuarial valuations. The state establishes benefit levels and approves the actuarial assumptions used in determining contribution levels.

All nine of the aforementioned retirement systems are included in the primary government's financial statements.

BLENDING COMPONENT UNIT

Blended component units, although legally separate entities, are part of the state's operations in substance. Accordingly, they are reported as part of the state and blended into the appropriate funds. The following is blended in the state's financial statements:

Tobacco Settlement Authority (TSA) – The TSA was created by the Washington State Legislature in March 2002 as a public instrumentality separate and distinct from the state. It is governed by a five-member board appointed by the governor. It was created to issue bonds to securitize a portion of the state's future tobacco settlement revenue in order to generate funds for increased costs of health care, long-term care, and other programs of the state. In November 2002, the TSA issued \$517 million in bonds and transferred \$450 million to the state in exchange for 29.2 percent of the state's tobacco settlement revenue stream for the estimated 17-year period that the bonds remain outstanding.

Financial reports for the TSA may be obtained from the authority at the following address:

Tobacco Settlement Authority
1000 Second Ave, Suite 2700
Seattle, WA 98104-1046

DISCRETE COMPONENT UNITS

Discretely presented component units are reported in a separate column in the government-wide financial statements. Discretely presented component units are legally separate from the state and primarily serve or benefit those outside of the state. They are financially accountable to the state, or have relationships with the state such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. These entities are reported as discrete component units because state officials either serve on or appoint the members of the governing bodies of the authorities. The state also has the ability to influence the operations of the authorities through legislation. The following entities are discretely presented in the financial statements of the state in the component units column:

The Washington State Housing Finance Commission, the Washington Higher Education Facilities Authority, the Washington Health Care Facilities Authority, and the Washington Economic Development Finance Authority (financing authorities) were created by the state Legislature in a way that specifically prevents them from causing the state to be liable or responsible for their acts and obligations, including, but not limited to, any obligation to pay principal and interest on financing authority bonds. The financing authorities cannot obligate the state, either legally or morally, and the state has not assumed any obligation of, or with respect to, the financing authorities.

Financial reports of these financing authorities may be obtained from each authority at the following addresses:

Washington Health Care Facilities Authority
410 - 11th Avenue SE, Suite 201
PO Box 40935
Olympia, WA 98504-0935

Washington State Housing Finance Commission
Washington Higher Education Facilities Authority
Washington Economic Development Finance Authority
1000 Second Avenue, Suite 2700
Seattle, WA 98104-1046

The Washington State Public Stadium Authority (PSA) was created by the state Legislature to acquire, construct, own, and operate a football/soccer stadium, exhibition center, and parking garage. Construction was completed in 2002. PSA capital assets, net of accumulated depreciation, total \$467 million. The state issued general

obligation bonds for a portion of the cost of the stadium construction. The total public share of the stadium and exhibition center cost did not exceed \$300 million from all state and local government funding sources, as defined in statute. Project costs in excess of \$300 million were the responsibility of the project's private partner, First & Goal, Inc. The bonds are being repaid through new state lottery games, a state sales tax credit, extension of the local hotel/motel tax, and parking and admissions taxes at the new facility. Financial reports of the PSA may be obtained at the following address:

Washington State Public Stadium Authority
401 Second Avenue South, Suite 520
Seattle, WA 98104-0280

B. Government-wide and Fund Financial Statements

Government-wide Financial Statements

The state presents two basic government-wide financial statements: the Statement of Net Assets and the Statement of Activities. These government-wide financial statements report information on all non-fiduciary activities of the primary government and its component units. The financial information for the primary government is distinguished between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services.

Statement of Net Assets – The Statement of Net Assets presents the state's non-fiduciary assets and liabilities. As a general rule, balances between governmental and business-type activities are eliminated.

Assets and liabilities are presented in a net assets format in order of liquidity. Net assets are classified into three categories:

- Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds, notes and other debt that are attributed to the acquisition, construction, or improvement of those assets.
- Restricted net assets result when constraints are placed on net asset use either by external parties or by law through constitutional provision or enabling legislation.

- Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories.

Statement of Activities - The Statement of Activities reports the extent to which each major state program is supported by general state revenues or is self-financed through fees and intergovernmental aid. For governmental activities, a major program is defined as a function. For business-type activities, a major program is an identifiable activity.

Program revenues offset the direct expenses of major programs. Direct expenses are those that are clearly identifiable within a specific function or activity. Program revenues are identified using the following criteria:

- Charges to customers for goods and services of the program. A customer is one who directly benefits from the goods or services or is otherwise directly affected by the program, such as a state citizen or taxpayer, or other governments or nongovernmental entities.
- Amounts received from outside entities that are restricted to one or more specific program. These amounts can be operating or capital in nature.
- Earnings on investments that are restricted to a specific program are also considered program revenues.

General revenues consist of taxes and other items not meeting the definition of program revenues.

Generally the effect of internal activities is eliminated. Exceptions to this rule include charges between the health insurance and workers' compensation insurance programs and various other state programs and functions. Elimination of these charges would distort the direct costs and revenues reported for the various activities involved.

Fund Financial Statements

The state uses 536 accounts that are combined into 55 rollup funds. The state presents separate financial statements for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major individual proprietary funds are reported in separate columns in the fund financial statements, with nonmajor funds being combined into a single column regardless of fund type. Internal service and fiduciary funds are reported by fund type. Major funds include:

Major Governmental Funds:

- **General Fund** is the state's primary operating fund. This fund accounts for all financial resources and transactions not accounted for in other funds.
- **Higher Education Special Revenue Fund** primarily accounts for grants and contracts received for research and other educational purposes. This fund also accounts for charges for services by state institutions of higher education.
- **Higher Education Endowment Permanent Fund** accounts for gifts and bequests that the donors have specified must remain intact. Each gift is governed by various restrictions on the investment and use of the funds.
- **Debt Service Funds** account for the accumulation of resources for, and the payment of, principal and interest on the state's bonds issued in support of governmental activities.
- **Capital Projects Funds** account for the acquisition, construction, or improvement of major capital facilities including higher education facilities.
- **Common School Permanent Fund** accounts for the principal derived from the sale of timber. Interest earned is used for the benefit of common schools.

Major Enterprise Funds:

- **Workers' Compensation Fund** accounts for the workers' compensation program that provides medical, time-loss, and disability benefit payments to qualifying individuals sustaining work-related injuries.
- **Unemployment Compensation Fund** accounts for the unemployment compensation program. It accounts for the deposit of funds requisitioned from the Federal Unemployment Trust Fund, to provide services to eligible participants within the state, and to pay unemployment benefits.
- **Higher Education Student Services Fund** is used by colleges and universities principally for bookstore, cafeteria, parking, student housing, food service, and hospital business enterprise activities.

The state includes the following governmental and proprietary fund types within nonmajor funds:

Nonmajor Governmental Funds:

- **Special Revenue Funds** account for the proceeds of specific revenue sources (other than trusts for individuals, private organizations, or other governments, or for major capital projects) that are legally restricted to expenditures for specific purposes. These include a variety of state programs including public safety and health assistance programs; natural resource and wildlife protection and management programs; the state's transportation programs which include the operation of the state's ferry system and maintenance and preservation of non-interstate highway system; K-12 school construction; and construction and loan programs for local public works projects.

Nonmajor Proprietary Funds:

- **Enterprise Funds** account for the state's business type operations for which a fee is charged to external users for goods or services including: the health insurance program; the state lottery; state liquor stores; the guaranteed college tuition program; and the convention and trade center.
- **Internal Service Funds** account for the provision of legal, motor pool, data processing, risk management, and other services by one department or agency to other departments or agencies of the state on a cost-reimbursement basis.

The state reports the following fiduciary funds:

- **Pension (and other employee benefit) Trust Funds** are used to report resources that are required to be held in trust by the state for the members and beneficiaries of defined benefit pension plans, defined contribution pension plans, and other employee benefit plans.
- **Investment Trust Fund** accounts for the external portion of the Local Government Investment Pool (LGIP), which is reported by the state as the sponsoring government.
- **Private-Purpose Trust Funds** are used to report trust arrangements, other than pension and investment trusts, under which principal and income benefit individuals, private organizations, or other governments such as the administration of unclaimed property.
- **Agency Funds** account for resources held by the state in a custodial capacity for other governments, private organizations or individuals.

Operating and Nonoperating Revenues and Expenses

– The state’s proprietary funds make a distinction between operating and nonoperating revenues and expenses. Operating revenues and expenses generally result from providing goods and services directly related to the principal operations of the funds. For example, operating revenues for the state’s workers’ compensation and health insurance funds consist of premiums collected and investment earnings. Operating expenses consist of claims paid to covered individuals, claims adjustment expenses, costs of commercial insurance coverage and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating, including interest expense and investment gains and losses.

Application of Restricted/Unrestricted Resources –

When both restricted and unrestricted resources are available for use, it is the state’s policy to use restricted resources first and then use unrestricted resources as they are needed.

C. Measurement Focus and Basis of Accounting

For government-wide reporting purposes, the state uses the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

For fund statement reporting purposes, the state uses the current financial resources measurement focus and modified accrual basis of accounting for governmental funds. With the current financial resources measurement focus, generally only current assets and current liabilities are included on the governmental funds balance sheet. Operating statements for these funds present inflows (i.e., revenues and other financing sources) and outflows (i.e., expenditures and other financing uses) of expendable financial resources.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). “Measurable” means the amount of the transaction can be reasonably estimated. “Available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Primary revenues that are determined to be susceptible to accrual include sales taxes, business and occupation taxes, motor fuel taxes, federal grants-in-aid, and charges for services.

Revenues from property taxes are determined to be available if collected within 60 days. Taxes imposed on exchange transactions are accrued when the underlying exchange transaction occurs if collectible within one year. Revenue for timber cutting contracts is accrued when the timber is harvested. Revenues from licenses, permits, and fees are recognized when received in cash. Revenues related to expenditure driven grant agreements are recognized when both the qualifying expenditures are made and the revenues are considered available. Pledges are accrued when the eligibility requirements are met provided that they are verifiable, unconditional, probable of collection, measurable and available. All other accrued revenue sources are determined to be available if collectible within 12 months.

Property taxes are levied in December for the following calendar year. The first half-year collections are due by April 30, and the second half-year collections are due by October 31. Since the state is on a fiscal year ending June 30, the first half-year collections are recognized as revenue, if collected within 60 days of the fiscal year end. The second half-year collections are recognized as receivables offset by deferred revenue. The lien date on property taxes is January 1 of the tax levy year.

Under modified accrual accounting, expenditures are recognized when the related liability is incurred. Exceptions to the general modified accrual expenditure recognition criteria include unmatured interest on general long-term obligations which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

The state reports deferred revenues on its governmental fund balance sheet under certain conditions. Deferred revenues arise when a potential revenue does not meet both the “measurable” and the “available” criteria for revenue recognition in the current period. Deferred revenues also arise when resources are received by the state before it has a legal claim to them, such as when grant monies are received prior to the incurrence of qualifying expenditures.

All proprietary and trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operations of these funds are included on their respective statements of net assets. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. Net assets are presented as 1) invested in capital assets, net of related debt, 2) restricted and 3) unrestricted.

All proprietary and trust funds are reported using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when incurred.

D. Assets, Liabilities, and Net Assets or Equity

1. Cash and Investments

Investments of surplus or pooled cash balances are reported on the accompanying Statements of Net Assets, Balance Sheets and Statements of Cash Flows as “Cash and Pooled Investments.” The Office of the State Treasurer invests state treasury cash surpluses where funds can be disbursed at any time without prior notice or penalty. As a result, the cash balances of funds with surplus pooled balances are not reduced for these investments. For reporting purposes, pooled cash is stated at fair value or amortized cost, which approximates fair value. For the purposes of the Statement of Cash Flows, the state considers cash and short-term, highly-liquid investments, that are both readily convertible to cash and are so near their maturity dates that they present insignificant risk of changes in value because of changes in interest rates, to be cash equivalents.

The method of accounting for noncurrent investments varies depending upon the fund classification. Investments in the state’s Local Government Investment Pool (LGIP), an external investment pool operated in a manner consistent with the SEC’s Rule 2a-7 of the Investment Company Act of 1940, are reported at amortized cost. The Office of the State Treasurer prepares a stand-alone LGIP financial report. A copy of the report is available from the Office of the State Treasurer, PO Box 40200, Olympia, Washington 98504-0200, phone number (360) 902-9000 or TTY (360) 902-8963.

Long-term investments are reported at fair value. Fair values are based on published market prices, quotations from national security exchanges and security pricing services, or by the respective fund managers for securities that are not actively traded. Privately held mortgages are valued at cost, which approximates fair value. Certain pension trust fund investments, including real estate and private equity, are valued based on appraisals or independent advisors. Additional disclosure describing investments is provided in Note 3.

2. Receivables and Payables

Receivables in the state’s governmental funds consist primarily of taxes and federal revenues. Receivables in all other funds have arisen in the ordinary course of business. Receivables are recorded when either the asset or revenue recognition criteria (refer to Note 1.C) have

been met. All receivables are reported net of an allowance for accounts estimated to be uncollectible.

For government-wide reporting purposes, amounts recorded as interfund/interagency receivables and payables are eliminated in the governmental and business-type activities columns on the Statement of Net Assets, except for the net residual balances due between the governmental and business-type activities, which are reported as internal balances. Amounts recorded in governmental and business-type activities as due to or from fiduciary funds have been reported as due to or from other governments.

3. Inventories

Consumable inventories, consisting of expendable materials and supplies held for consumption, are valued and reported in the state’s financial statements if the fiscal year-end balance on hand within an agency is estimated to be \$25,000 or more. Consumable inventories are generally valued at cost using the weighted average method. Donated consumable inventories are recorded at fair market value.

Merchandise inventories are generally valued at cost using the first-in, first-out method. All merchandise inventories are considered reportable for financial statement purposes.

Inventories of governmental funds are valued at cost and recorded using the consumption method. Proprietary funds expense inventories when used or sold.

For governmental fund financial reporting, inventory balances are also recorded as a reservation of fund balance indicating that they do not constitute “available spendable resources” except for \$1.7 million in federally donated consumable inventories, which are offset by deferred revenues because they do not constitute an “available” resource until consumed.

4. Capital Assets

Except as noted below, it is the state’s policy to capitalize:

- all land;
- all additions and improvements to the state highway system;
- infrastructure, other than the state highway system, with a cost of \$100,000 or more;
- all other capital assets with a unit cost of \$5,000 or more.
- Capital assets acquired by capital leases with a net present value or fair market value, whichever is less, of less than \$10,000 are not capitalized.

Purchased capital assets are valued at cost where historical records are available and at estimated historical cost where no historical records exist. Capital asset costs include the purchase price plus those costs necessary to place the asset in its intended location and condition for use. Normal maintenance and repair costs that do not materially add to the value or extend the life of the state's capital assets are not capitalized.

Donated capital assets are valued at their estimated fair market value on the date of donation, plus all appropriate ancillary costs. When the fair market value is not practically determinable due to lack of sufficient records, estimated cost is used. Where necessary, estimates of original cost and fair market value are derived by factoring price levels from the current period to the time of acquisition.

The value of assets constructed by agencies for their own use includes all direct construction costs and indirect costs that are related to the construction. In proprietary and trust funds, net interest costs (if material) incurred during the period of construction are capitalized.

Art collections, library reserve collections, and museum and historical collections, that are considered inexhaustible in that their value does not diminish over time, are not capitalized by the state if all of the following conditions are met:

- The collection is held for public exhibition, education or research in furtherance of public service, rather than financial gain.
- The collection is protected, kept unencumbered, cared for, and preserved.
- The collection is subject to policy requirements that the proceeds from sales of collection items be used to acquire other items for the collection.

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Generally, estimated useful lives are as follows:

Buildings & building components	5-50 years
Furnishings, equipment & collections	3-50 years
Other improvements	3-50 years
Infrastructure	20-50 years

The cost and related accumulated depreciation of capital assets retired from service, or disposed of, are removed from the accounting records.

The state capitalizes the state highway system as a network but does not depreciate it since the system is being preserved approximately at or above a condition level established by the state. That condition level is documented and disclosed. Additionally, the highway

system is managed using an asset management system that includes:

- Maintenance of an up-to-date inventory of system assets,
- Performance of condition assessments of the assets at least every three years with summarization of the results using a measurement scale, and
- Annual estimation of the amount to maintain and preserve the assets at the condition level established and disclosed.

All state highway system expenditures that preserve the useful life of the system are expensed in the period incurred. Additions and improvements that increase the capacity or efficiency of the system are capitalized. This approach of reporting condition instead of depreciating the highway system is called the Modified Approach.

For government-wide financial reporting purposes, capital assets of the state are reported as assets in the applicable governmental or business-type activities column on the Statement of Net Assets. Depreciation expense related to capital assets is also reported in the Statement of Activities. Capital assets and the related depreciation expense are also reported in the proprietary fund financial statements.

In governmental funds, capital assets are not capitalized in the accounts that acquire or construct them. Instead, capital acquisitions and construction are reflected as expenditures in the year acquired. No depreciation is reported.

5. Compensated Absences

State employees accrue vested annual leave at a variable rate based on years of service. In general, accrued annual leave cannot exceed 30 days at the employee's anniversary date.

Employees accrue sick leave at the rate of one day per month without limitation on the amount that can be accumulated. Sick leave is not vested; i.e., the state does not pay employees for unused sick leave upon termination except upon employee death or retirement. At death or retirement, the state is liable for 25 percent of the employee's accumulated sick leave. In addition, the state has a "sick leave buyout option" in which each January, employees who accumulate sick leave in excess of 60 days may redeem sick leave earned but not taken during the previous year at the rate of one day's pay in exchange for each four days of sick leave.

It is the state's policy to liquidate unpaid compensated absences leave outstanding at June 30 with future resources rather than advance funding it with currently available expendable financial resources.

For government-wide reporting purposes, the state reports compensated absences obligations as liabilities in the applicable governmental or business-type activities columns on the Statement of Net Assets.

For fund statement reporting purposes, governmental funds recognize an expenditure for annual and sick leave when it is paid. Proprietary and trust funds recognize the expense and accrue a liability for annual leave and estimated sick leave buyout, including related payroll taxes and benefits as applicable, as the leave is earned.

6. Long-Term Liabilities

In the government-wide and proprietary fund financial statements, long-term obligations of the state are reported as liabilities on the Statement of Net Assets. Bonds payable are reported net of applicable original issuance premium or discount. When material, bond premiums, discounts, and issue costs are deferred and amortized over the life of the bonds.

For governmental fund financial reporting, the face (par) amount of debt issued is reported as other financing sources. Original issuance premiums and discounts on debt issuance are also reported as other financing sources and uses respectively. Issue costs are reported as debt service expenditures.

7. Fund Equity

In the fund financial statements, governmental funds report the difference between fund assets and fund liabilities as “fund balance.” Reserved fund balance represents that portion of fund balance that is: (1) not available for appropriation or expenditure, and/or (2) legally segregated for a specific future use. Unreserved, designated fund balance indicates tentative plans for future use of financial resources. Unreserved, undesignated fund balance represents the amount available for appropriation.

In proprietary funds, fund equity is called net assets. Net assets is comprised of three components – invested in capital assets, net of related debt; restricted; and unrestricted.

E. Other Information

1. General Budgetary Policies and Procedures

The legal level of budgetary control is at the fund/account, agency, and appropriation level, with administrative controls established at lower levels of detail in certain instances. The accompanying budgetary schedules presented as Required Supplementary Information (RSI) are not presented at the legal level of budgetary control. This is due to the large number of appropriations within individual agencies that would make such a presentation in the accompanying financial

schedules extremely cumbersome. Section 2400.121 of the GASB Codification of Governmental Accounting and Financial Reporting Standards provides for the preparation of a separate report in these extreme cases. For the state of Washington, a separate report has been prepared for the 2003-2005 Biennium to illustrate legal budgetary compliance. Appropriated budget versus actual expenditures, and estimated versus actual revenues and other financing sources (uses) for appropriated funds at agency and appropriation level are presented in Report CAF1054 for governmental funds. A copy of this report is available at the Office of Financial Management, 6639 Capitol Boulevard, PO Box 43113, Olympia, Washington 98504-3113. For additional budgetary information, please refer to the notes to RSI presented later in this report.

2. Insurance Activities

Workers' Compensation

Title 51 RCW establishes the state of Washington's workers' compensation program. The statute requires all applicable employers to insure payment of benefits for job related injuries and diseases through the Workers' Compensation Fund or through self-insurance. Direct private insurance is not authorized, although self-insurers are permitted to reinsure up to 80 percent of their obligations through private insurers.

The Workers' Compensation Fund, an enterprise fund, is used to account for the workers' compensation program which provides time-loss, medical, disability, and pension payments to qualifying individuals sustaining work-related injuries. The main benefit plans of the workers' compensation program are funded based on rates that will keep these plans solvent in accordance with recognized actuarial principles. The supplemental pension cost-of-living adjustments (COLA) granted for time-loss and disability payments, however, are funded on a pay-as-you-go basis. By statute, the state is only allowed to collect enough revenue to fund the current COLA payments.

Premiums are based on individual employers' reported payroll hours and insurance rates based on each employer's risk classification(s) and past experience. In addition to its regular premium plans, the Workers' Compensation Fund offers a retrospective premium rating plan under which premiums are adjusted annually for up to four years following the plan year based on individual employers' loss experience. Initial adjustments to the standard premiums are paid to or collected from the employers approximately ten months after the end of each plan year.

The Workers' Compensation Fund establishes claims liabilities based on estimates of the ultimate cost of claims (including future claims adjustment expenses) that have been reported but not settled, and of claims that

have been incurred but not reported (IBNR). The length of time for which such costs must be estimated varies depending on the benefit involved. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liabilities, claims adjudication, and judgments, the process used in computing claims liabilities does not necessarily result in an exact amount. Claims liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic, legal, and social factors. A provision for inflation in the calculation of estimated future claim costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

Risk Management

Washington State operates a risk management liability program pursuant to RCW 4.92.130. The state manages its tort claims as an insurance business activity rather than a general governmental activity. The state's policy is generally not to purchase commercial insurance for the risk of losses to which it is exposed. Instead, the state management believes it is more economical to manage its risks internally and set aside assets for claims settlement in the Risk Management Fund, an internal service fund. A limited amount of commercial insurance is purchased for employee bonds and to limit the exposure to catastrophic losses. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. Otherwise, the risk management liability program services all claims against the state for injuries and property damage to third parties. The majority of state funds and agencies participate in the risk management liability program in proportion to the anticipated exposure to liability losses.

Health Insurance

The state of Washington administers and provides medical, dental, basic life, and long-term disability insurance coverage for eligible state employees. In addition, the state offers coverage to K-12 school districts, educational service districts, political subdivisions and employee organizations representing state civil service workers. The state establishes eligibility requirements and approves plan benefits of all participating health care organizations.

The state's share of the cost of coverage for state employees is based on a per capita amount determined

annually by the Legislature and allocated to state agencies. The Health Care Authority, as administrator of the health care benefits program, collects this monthly "premium" from agencies for each active employee enrolled in the program. State employees self-pay for coverage beyond the state's contribution. Cost of coverage for non-state employees is paid by their respective employers. Most coverage is also available on a self-paid basis to eligible retirees, former employees, and employees who are temporarily not in pay status.

The state secures commercial insurance for certain coverage offered, but self-insures the risk of loss for the Uniform Medical Plan. The Uniform Medical Plan enrolled 45 percent of the eligible subscribers in Fiscal Year 2004. Claims are paid from premiums collected, and claims adjudication is contracted through a third-party administrator. Considerations in calculating liabilities include frequency of claims, administrative costs, industry inflation trends, advances in medical technology, and other social and economic factors. Liabilities include an amount for claims incurred but not reported.

3. Interfund/Interagency Activities

The state engages in two major categories of interfund/interagency activity: reciprocal and nonreciprocal.

Reciprocal interfund/interagency activity is the internal counterpart to exchange and exchange-like transactions and includes both interfund loans and services provided and used. Nonreciprocal activity is nonexchange in nature and includes both transfers and reimbursements.

4. Donor-restricted Endowments

The state reports endowments in higher education endowment permanent accounts. These accounts are established outside of the state treasury for use by the higher education institutions. State law permits the governing boards of the institutions to appropriate for expenditure as much of the net appreciation, realized and unrealized, in the fair value of the assets of an endowment fund as is deemed prudent under the facts and circumstances prevailing at the time.

Generally, the institutions use a 5 percent spending rate policy for authorizing and spending investment income.

The net appreciation available for authorization for expenditure by the governing board totaled \$98.4 million and is reported in the nonexpendable portion of the reserve for permanent funds.

Note 2 - Accounting and Reporting Changes

Fund equity at July 1, 2003, has been restated as follows (expressed in thousands):

	Fund equity at June 30, 2003, as previously reported	Fund Reclassification	Prior Period Adjustment	Fund equity as restated, July 1, 2003
Governmental Funds:				
General	\$ 1,368,201	-	-	\$ 1,368,201
Higher Education Special Revenue	952,690	49,913	-	1,002,603
Higher Education Endowment	1,744,473	-	-	1,744,473
Nonmajor Governmental	3,136,256	62,454	36,028	3,234,738
Proprietary Funds:				
Enterprise Funds:				
Workers' Compensation	(6,246,013)	-	-	(6,246,013)
Unemployment Compensation	1,513,465	-	-	1,513,465
Higher Education Student Services	-	810,288	(508)	809,780
Nonmajor Enterprise Funds	764,103	(368,854)	-	395,249
Internal Service Funds:				
Nonmajor Internal Service Funds	(106,966)	(11,352)	8,277	(110,041)
Fiduciary Funds:				
Private Purpose Trust	62,816	(56,405)	-	6,411
Local Government Investment Pool	4,984,179	-	-	4,984,179
Pension and Other Employee Benefit Plans	41,671,977	-	-	41,671,977
Component Units:				
Public Stadium	472,826	-	-	472,826
Nonmajor Component Units	53,121	-	-	53,121

Fund Reclassification – The state reported the Tobacco Settlement Authority (TSA), a blended component unit, as an enterprise fund in Fiscal Year 2003. With the issuance of GASB Technical Bulletin No. 2004-1 the state discovered that the TSA was more properly recorded as a governmental activity. As a result, certain beginning balances were required to be restated to effect proper fund classification.

The state discovered that certain accounts were misclassified as private purpose trust funds. As a result, certain beginning fund balances were restated to effect proper fund classification.

The Office of the Secretary of State reclassified certain activities to effect a more proper fund classification. Certain activities previously accounted for within an internal service fund were reclassified to a non-major governmental fund and a non-major enterprise fund.

The state reported the Higher Education Student Services Fund as a non-major enterprise fund in Fiscal Year 2003. In Fiscal Year 2004, this fund meets the criteria established by GASB Statement No. 34 to be reported as a major fund and is reclassified accordingly.

Prior Period Adjustment – Prior period adjustments of \$45 million and \$19 million respectively were recorded in the following non-major governmental funds: the Human Services Fund and the Tobacco Settlement Securitization Bond Fund. These adjustments properly reflect the accrual of tobacco settlement revenues for Fiscal Year 2003, which were collected in Fiscal Year 2004.

The Department of Ecology recorded a prior period adjustment in the General Obligation Bond Fund, which is a non-major governmental fund. The \$28 million adjustment corrected the prior year recording of a certificates of participation refunding.

The University of Washington recorded a prior period adjustment in the General Services Fund, which is a non-major internal service fund. This adjustment of \$8 million corrected amounts previously recorded as capital lease obligations. The University also recorded a \$.5 million prior period adjustment in the Higher Education Student Services Fund, which is a major enterprise fund.

Note 3 - Deposits and Investments

As of June 30, 2004, the carrying amount of Washington's cash and investments was \$76.8 billion. Total cash and investments at fiscal year-end amounted to \$77 billion, including cash from outstanding checks and warrants. Of this amount, cash on hand amounted to

\$687 thousand, deposits with financial institutions amounted to \$1.4 billion, and deposits in the federal Unemployment Trust Fund amounted to \$1 billion. The remaining \$ 74.6 billion represented the total carrying amount of investments.

Deposits by type, at June 30, 2004, are as follows (expressed in thousands):

Type of Deposit	Carrying Amount	Bank Balance	Insured/ Collateralized	Uninsured/ Uncollateralized
Demand deposits	\$ 279,326	\$ 409,579	\$ 347,249	\$ 62,330
Certificates of deposit	893,425	893,425	887,425	6,000
Cash with fiscal and escrow agents	81,373	80,493	52,859	27,634
Total Deposits	\$ 1,254,124	\$ 1,383,497	\$ 1,287,533	\$ 95,964

DEPOSITS - At fiscal year end, 93.1 percent of the state's deposits with financial institutions were either insured or collateralized, with the remainder uninsured/uncollateralized. The Federal Deposit Insurance Corporation (FDIC) covers the state's insured deposits. The Washington Public Deposit Protection Commission (PDPC) provides collateral protection. The PDPC (established under Chapter 39.58 of the Revised Code of Washington) constitutes a multiple financial institution collateral pool. Pledged securities under the PDPC collateral pool are held by the PDPC's agent in the name of the collateral pool.

INVESTMENTS - The State Investment Board, the Office of the State Treasurer, and the University of Washington manage approximately 96.3 percent of the state's investing activity. Management responsibilities and investment instruments as authorized by statute follow:

STATE INVESTMENT BOARD (SIB) - Statute designates SIB as having investment management responsibility for pension funds, the Workers' Compensation Fund, permanent funds (established at statehood), and other specific funds. Pursuant to statute (Chapter 43.33A RCW) and SIB policy, SIB is authorized and invests in the following: Treasury Bills; discount notes; repurchase agreements; reverse repurchase agreements; banker's acceptances; commercial paper; guaranteed investment contracts; U.S. government and agency (government sponsored corporations eligible for collateral purposes at the Federal Reserve) securities; nondollar bonds; investment grade corporate bonds; publicly traded mortgage-backed securities; privately placed mortgages; private placements of corporate debt; U.S. and foreign common stock; U.S. preferred stock; convertible securities; private equity including but not limited to investment corporations, partnerships, and limited liability

companies for venture capital, leveraged buy-outs, real estate, or other forms of private equity; asset backed securities; and derivative securities including futures, options, options on futures, forward contracts, and swap transactions.

The SIB is authorized to utilize various derivative financial instruments, including mortgage-backed securities, financial futures, forward contracts, interest rate and equity swaps, and options, to manage its exposure to fluctuations in interest and currency rates while increasing portfolio returns. Derivative transactions involve, to varying degrees, market and credit risk. SIB mitigates market risks arising from derivative transactions by requiring collateral in cash and investments to be maintained equal to the securities positions outstanding, and thereby prohibiting the use of leverage or speculation. Credit risks arising from derivative transactions are mitigated by selecting and monitoring creditworthy counterparties and collateral issuers.

Consistent with the SIB authority to invest in derivatives, international active equity managers may make limited investment in financial futures, forward contracts, or other derivative securities to manage exposure to currency rate risk and equitize excess cash holdings. No such derivative securities were held as of June 30, 2004. Domestic and foreign passive equity index fund managers may also utilize various derivative securities to manage exposure to risk and increase portfolio returns. Information on the extent of the use, and holdings of derivative securities by passive equity index fund managers is unavailable. At June 30, 2004, the only derivative securities held directly by SIB were collateralized mortgage obligations (CMO's) of \$2.9 billion.

State law and Board policy permit the SIB to participate in securities lending transactions. The Board has entered into agreements with State Street Corporation (SSC) to act as agent for the SIB in securities lending transactions. As SSC is the custodian bank for the SIB, it is counterparty to securities lending transactions. Therefore, all cash collateral reinvested by SSC is reflected as Category 3 for custodial credit risk disclosure purposes.

Securities were loaned and collateralized by the SIB's agents with cash and U.S. government securities (exclusive of mortgage backed securities and letters of credit), and irrevocable letters of credit. When the loaned securities were denominated in United States dollars, or were securities whose primary trading market was located in the United States, or were sovereign debt that was issued by foreign governments, the collateral requirement was 102 percent of the market value of the securities loaned. When the loaned securities were not denominated in United States dollars or were securities whose primary trading market was not located in the United States, the collateral requirement was 105 percent of the market value of the loaned securities. The collateral held and market value of securities on loan at June 30, 2004 approximated \$4.9 and \$4.8 billion, respectively.

During Fiscal Year 2004, securities lending transactions could be terminated on demand by either the SIB or the borrower. The average term of overall loans was 45 days.

Cash collateral was invested by the SIBs agents in securities issued or guaranteed by the U.S. government, the SIBs short-term investment pool (average weighted maturity of 358 days), or term loans. Because the securities lending agreements were terminable at will, their duration did not generally match the duration of the investments made with the cash collateral. Noncash collateral could not be pledged or sold absent borrower default. There are no restrictions on the amount of securities that can be lent.

Securities were loaned with the agreement that they could be returned in the future for exchange of the collateral. SSC indemnified the SIB by agreeing to purchase replacement securities or return the cash collateral in the event a borrower failed to return the loaned securities or pay distributions thereon. SSC responsibilities included performing appropriate borrower and collateral investment credit analyses, demanding adequate types and levels of collateral, and complying with applicable federal regulations concerning securities lending.

During Fiscal Year 2004, there were no significant violations of legal or contractual provisions nor failures by any borrower to return loaned securities or to pay distributions thereon. Further, the SIB incurred no losses

during Fiscal Year 2004 resulting from a default by either the borrowers or the securities lending agents.

The SIB has entered into a number of agreements that commit the state, upon request, to make additional investment purchases up to a stated amount. As of June 30, 2004, the state had the following unfunded investment commitments (expressed in thousands):

Private equity partnerships	\$ 4,634,432
Real estate	677,372

OFFICE OF THE STATE TREASURER (OST) - The OST operates the state's Cash Management Account for investing cash in excess of daily requirements. Statute authorizes the OST to buy and sell the following types of instruments: U.S. government and agency securities, banker's acceptances, commercial paper, and certificates of deposit with qualified public depositories. Securities underlying repurchase and reverse repurchase agreements are limited to those stated above.

State statutes permit the OST to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The OST, which has contracted with a lending agent to lend securities, earns a fee for this activity. The OST lending agent lends U.S. Government and U.S. Agency securities and receives collateral, which can be in the form of cash or other securities. The collateral, which must be valued at 102 percent of the fair value of the loaned securities, is priced daily and, if necessary, action is taken to maintain the collateralization level at 102 percent. The cash is invested by the lending agent in repurchase agreements or money market instruments, in accordance with investment guidelines approved by the OST. The securities held as collateral and the securities underlying the cash collateral are held by the custodian. The contract with the lending agent requires them to indemnify the OST if the borrowers fail to return the securities (and if the collateral is inadequate to replace the securities lent) or if the borrower fails to pay the OST for income distribution by the securities' issuers while the securities are on loan. The OST cannot pledge or sell collateral securities received unless the borrower defaults.

At June 30, 2004, securities on loan approximated \$886 million. All OST securities on loan were collateralized by cash and other securities and are classified in the schedule of custodial credit risk according to the category for the collateral received on the securities lent. On June 30, 2004, the average life of both the loans and the investment of cash received as collateral was one day.

The OST investment policy requires that any securities on loan be made available by the lending agent for next day liquidity at the option of the OST. During Fiscal Year 2004, the OST had no credit risk exposure to

borrowers because the amounts owed to the borrowers exceeded the amounts the borrowers owed the OST. There were no violations of legal or contractual provisions or any losses resulting from a default of a borrower or lending agent during the fiscal year.

Repurchase agreements are collateralized at 102 percent. The collateral is priced daily and held by the OST's custodian in the state's name. Collateral for mortgage-backed repurchase agreements with a maturity date longer than seven days will be priced at 105 percent of fair value, plus accrued interest. Collateralized Mortgage Obligations (CMO) used as collateral for repurchase agreements must pass the Federal Financial Institutions Examination Council (FFIEC) test, or not exceed a volatility rating of V-5 by Fitch Investor Services, or a similar rating of a nationally recognized rating agency.

State law also permits the OST to enter into reverse repurchase agreements, which are, by contract, sales of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contract rate of interest. The fair value of the securities pledged as collateral by the OST underlying the reverse repurchase agreements normally exceeds the cash received, providing the dealers a margin against a decline in the fair value of the securities. If the dealers default on their obligations to resell these securities to the OST or to provide equal value in securities or cash, the OST would suffer an economic loss equal to the differences between the fair value plus accrued interest of the underlying securities and the agreement obligation, including accrued interest. The OST investment policy limits the amount of reverse repurchase agreements to 30 percent of the total portfolio. During the fiscal year, the OST did not enter into any reverse repurchase agreements and there were no obligations under reverse repurchase agreements outstanding at year-end.

UNIVERSITY OF WASHINGTON – The University's investment policies permit it to lend its securities to

broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The University's custodian lends securities of the type on loan at year-end for collateral in the form of cash or other securities. U.S. securities are loaned versus collateral valued at 102 percent of the fair value of the securities plus any accrued interest. Non-U.S. securities are loaned versus collateral valued at 105 percent of the fair value of the securities plus any accrued interest. At year-end, the University has no credit risk exposure to borrowers because the amounts the University owes the borrowers exceed the amounts the borrowers owe the University. The contract with the custodian requires it to indemnify the University if the borrowers fail to return the securities (and if the collateral is inadequate to replace the securities lent) or fail to pay the University for income distributions by the securities' issuers while the securities are on loan. Either the University or the borrower can terminate all securities loans on demand, although the average term of overall loans is ten days. Cash collateral is invested in a short-term investment pool. The relationship between the maturities of the investment pool and the University's loans is affected by the maturities of the securities loans made by other entities that use the custodian's pool, which the University cannot determine. Non-cash collateral cannot be sold unless the borrower defaults. Securities on loan at June 30, 2004, totaled \$366 million.

The University's investments include certain derivative instruments and structured notes that derive their value from a security, asset, or index. Such investments are governed by the University's Investment Policies and Guidelines, which effectively constrain their use by establishing (a) duration parameters which limit price sensitivity to interest rate fluctuations (market risk), (b) minimum quality ratings at both the security and portfolio level, and (c) a market index as a performance benchmark.

INVESTMENT ACTIVITY - The state's investments are categorized below per GASB Statement No. 3 to give an indication of the level of risk assumed at year-end. Category 1 includes investments that are insured, registered, or held by the state or its agent in the state's name. Category 2 includes uninsured and unregistered

investments that are held by the counterparties' trust departments or agents in the state's name. Category 3 includes uninsured and unregistered investments held by counterparties, or their trust departments or agents, but not in the state's name.

Investments at June 30, 2004, by investment type, are listed below (expressed in thousands):

Investment Type	Carrying Amount by GASB Categories			Carrying Amount	Fair Value
	1	2	3		
Corporate bonds	\$ 8,981,350	\$ -	\$ 68,716	\$ 9,050,066	\$ 9,041,479

Note 4 - Receivables and Deferred Revenues

A. Governmental Funds

Taxes Receivable

Taxes receivable at June 30, 2004, consisted of the following (expressed in thousands):

Taxes Receivable	General	Higher Education Special Revenue	Higher Education Endowment	Nonmajor	Total
				Governmental Funds	
Property	\$ 818,737	\$ -	\$ -	\$ 721	\$ 819,458
Sales	1,139,537	-	-	16,174	1,155,711
Business and occupation	339,616	-	-	-	339,616
Estate	17,948	-	-	-	17,948
Fuel	-	-	-	79,099	79,099
Other	73,166	-	-	6,138	79,304
Subtotals	2,389,004	-	-	102,132	2,491,136
Less: Allowance for uncollectible receivables	27,887	-	-	140	28,027
Total Taxes Receivable	\$ 2,361,117	\$ -	\$ -	\$ 101,992	\$ 2,463,109

Other Receivables

Other receivables at June 30, 2004, consisted of the following (expressed in thousands):

Other Receivables	General	Higher Education Special Revenue	Higher Education Endowment	Nonmajor	Total
				Governmental Funds	
Public assistance	\$ 1,199,238	\$ -	\$ -	\$ -	\$ 1,199,238
Accounts receivable	16,502	80,717	768	54,706	152,693
Interest	-	7,326	6,970	4,933	19,229
Loans	865	121,806	-	231,568	354,239
Long-term contracts	2,719	-	8,245	107,729	118,693
Miscellaneous	10,997	15,881	8,122	85,623	120,623
Subtotals	1,230,321	225,730	24,105	484,559	1,964,715
Less: Allowance for uncollectible receivables	940,063	17,938	75	21,184	979,260
Total Other Receivables	\$ 290,258	\$ 207,792	\$ 24,030	\$ 463,375	\$ 985,455

Note: Public assistance receivables mainly represent amounts owed the state as a part of the Support Enforcement Program at the Department of Social and Health Services for the amounts due from persons required to pay support for individuals currently on state assistance, and have a low realization expectation. Accordingly, the receivable is offset by a large allowance for uncollectible receivables.

Deferred Revenues

Deferred revenues at June 30, 2004, consisted of the following (expressed in thousands):

Deferred Revenues	General Fund	Higher Education Special Revenue	Higher Education Endowment	Nonmajor	Total
				Governmental Funds	
Property taxes	\$ 795,969	\$ -	\$ -	\$ -	\$ 795,969

Nonmajor Enterprise Funds	9,993	-	-	550	-	-	30
Internal Service Funds	21,555	747	-	15,957	5,862	-	-
Fiduciary Funds	261,148	449	171,331	19,646	95	-	31,830
Totals	\$ 498,021	\$ 44,053	\$ 173,534	\$ 175,540	\$ 18,725	\$ 344	\$ 47,157

All interfund balances are expected to be paid within one year from the date of the financial statements. These balances resulted from the time lag between the dates

that (1) interfund goods and services were provided and when the payments occurred, and (2) interfund transfers were accrued and when the liquidations occurred.

Nonmajor Enterprise Funds	Internal Service Funds	Fiduciary Funds	Totals
\$ 6,112	\$ 362	\$ 17,384	\$ 131,972
8,199	4,958	72,228	144,285
-	-	39	39
5,303	1,296	22,893	240,842
-	54	10	11,264
-	-	182	3,566
6,321	91	12,848	44,493
37,508	330	101	48,512
2,753	13,474	953	61,301
206	178	30,715	515,598
\$ 66,402	\$ 20,743	\$ 157,353	\$ 1,201,872

B. Interfund Transfers

Interfund transfers as reported in the financial statements reflect transfers between agencies and accounts reported within the same fund.

Net transfers between funds for the year ended June 30, 2004, consisted of the following (expressed in thousands):

Transferred From	Transferred To						
	General Fund	Higher Education Special Revenue	Higher Education Endowment	Nonmajor Governmental Funds	Workers Compensation Fund	Higher Education Student Services	Nonmajor Enterprise Funds
General Fund	\$ 116,522	\$ 8,369	\$ -	\$ 753,700	\$ -	\$ -	\$ -
Higher Educ. Special Revenue	411	145,077	1,714	76,168	-	-	26,195
Higher Education Endowment	-	16,868	-	26,728	-	-	28
Nonmajor Governmental Funds	88,562	3,521	2,516	578,557	52	-	1,002
Workers' Compensation Fund	-	-	-	1,317	296,222	-	-
Higher Educ. Student Services	-	-	-	-	-	155,712	7,030
Nonmajor Enterprise Funds	53,612	33,452	-	138,067	-	-	8,815
Internal Service Funds	16	626	-	5,111	-	-	-
Private Purpose Funds	48,985	-	-	-	-	-	-
Totals	\$ 308,108	\$ 207,913	\$ 4,230	\$ 1,579,648	\$ 296,274	\$ 155,712	\$ 43,070

Additionally, there are transfers within the state's Pension Funds. The transfers from Pension Funds are into other Pension Funds.

Transfers are used to 1) move revenues from the fund that statute requires to collect them to the fund that statute requires to expend them, 2) move receipts designated for debt service from the funds collecting the receipts to the debt service fund as debt service payments

become due, 3) move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, 4) move profits from the Liquor Revolving Account and the State Lottery Account as required by law, and 5) transfer amounts to and from the General Fund as required by law.

Internal Service Funds	Private Purpose Funds	Totals
\$ 10,932	\$ 5,483	\$ 895,006
974	-	250,539
-	-	43,624

Accumulated depreciation	(92,363)	(18,022)	-	(110,385)
Net infrastructure (other)	178,534			205,349
Total capital assets, being depreciated, net	5,963,177			6,459,675
Governmental activities capital assets, net	\$ 20,102,870			\$ 21,293,538

*Beginning balances have been restated to reflect fund type reclassifications.

**The state first reported infrastructure under the new requirements of the Governmental Accounting Standards Board Statement Number 34 in Fiscal Year 2002. The state accounts for the State Highway System and Emergency Airfields using the modified approach and reports them as non-depreciable Highway System Infrastructure. The state's short rail line is depreciated and is reported as depreciable Infrastructure (other). Under the modified approach, rather than recording depreciation, asset condition is reported. The rating scales for pavements, bridges, and airfields are further explained in Required Supplementary Information.

B. Business-type Capital Assets

The following is a summary of business-type capital asset activity for the year ended June 30, 2004, (expressed in thousands):

Capital Assets	Balances July 1, 2003*	Additions	Deletions	Balances June 30, 2004
Capital assets, not being depreciated:				
Land	\$ 86,061	14,671	(106)	\$ 100,626
Construction in Progress	263,547	44,303	(220,848)	87,002
Art Collections	35	2	-	37
Total capital assets, not being depreciated	349,643			187,665
Capital assets, being depreciated:				
Buildings	1,290,689	248,748	(6,111)	1,533,326
Accumulated depreciation	(394,424)	(41,336)	1,753	(434,007)

Total capital assets, being depreciated, net	1,028,007			1,264,369
Business-type activities capital assets, net	\$ 1,377,650			\$ 1,452,034

*Beginning balances have been restated to reflect fund type reclassifications and prior period error correction.

C. Depreciation

Depreciation expense was charged to functions of the primary government as follows (expressed in thousands):

	Amount
Governmental Activities:	
General Government	\$ 38,189
Education - Elementary and Secondary (K-12)	2,400
Education - Higher Education	221,492
Human Services	23,146
Adult Corrections	23,176
Natural Resources and Recreation	22,452
Transportation	72,672
Total Depreciation Expense - Governmental Activities	\$ 403,527
Business-Type Activities:	
Workers' Compensation	\$ 6,261
Unemployment Compensation	-
Higher Education Student Services	51,116
Health Insurance Programs	216
Other	16,368
Total Depreciation Expense - Business-Type Activities	\$ 73,961

*Includes \$53.4 million internal service fund depreciation that was allocated to functions as a part of the net internal service fund activity.

D. Construction in Progress

Major construction commitments of the state at June 30, 2004, are as follows (expressed in thousands):

D- Construction in Progress

Agency/Project Commitments	Construction In Progress June 30, 2004	Remaining Project Commitments
Office of the Secretary of State:		
Eastern Washington Regional Archives Building	\$ 13,862	\$ 1,382
Department of General Administration:		
Legislative and other buildings rehab., new office buildings, and other projects	157,566	347,670
Washington State Patrol:

Washington State University	30,346	231,085
Eastern Washington University	12,851	40,869
Central Washington University	50,501	5,259
The Evergreen State College	46,261	2,462
Western Washington University	21,782	11,895
Community and Technical Colleges	115,129	243,831
Other Agencies Miscellaneous Projects	31,892	34,718
Total Construction in Progress	\$ 1,118,964	\$ 2,251,854

Note 7 – Long-Term Liabilities

A. Bonds Payable

Bonds payable at June 30, 2004, are reported by the state of Washington within Governmental Activities and Business-Type Activities, as applicable.

The State Constitution and enabling statutes authorize the incurrence of state general obligation debt, to which the state's full faith, credit, and taxing power are pledged, either by the State Legislature or by a body designated by statute (presently the State Finance Committee). Legislative authorization arises from an affirmative vote of 60 percent of both legislative houses without voter consent, or from an affirmative vote of more than 50 percent of both legislative houses and a majority of the voters voting thereon. The State Finance Committee debt authorization does not require voter approval; however, it is limited to providing for: (1) temporary deficiencies in the state treasury (must be discharged within 12 months of the date of incurrence); (2) appropriations already made by the legislature; or (3) refunding of outstanding obligations of the state.

Legal Debt Limitation

The State Constitution and current statutes generally limit debt authorized in the preceding procedures. The limitations prohibit the issuance of new debt if it would cause the maximum annual debt service, on all thereafter-outstanding general obligation debt, to exceed a specified percentage of the arithmetic mean of general state revenues for the preceding three fiscal years. These limitations are on the incurrence of new debt, not on the amount of debt service that may be paid by the state in future years.

As certified by the State Treasurer, the maximum debt authorization subject to limitation for Fiscal Year 2004 was \$6.3 billion, under the then current constitutional and statutory limitation. This computation excludes specific bond issues and types, which are not secured by general state revenues. Based on the debt limitation calculation, the debt service requirements as of June 30, 2004, did not exceed the authorized debt service limitation.

Computation of Legal Debt Limitation (expressed in millions)¹	
Three year mean, general state revenues	\$ 9,130
Legal Debt Limitation:	
Debt service limitation (7 percent of above)	\$ 639
Less: Projected maximum annual debt service of outstanding bonds	594
Uncommitted Portion of Debt Service Limitation	\$ 45
 Remaining State general obligation debt capacity	 \$ 607
Plus: Debt outstanding subject to limitation	5,693
Maximum Debt Authorization Subject to Limitation	\$ 6,300

¹ Source: Office of the State Treasurer – Certification of the Debt Limitation of the State of Washington for Fiscal Year 2004.

Authorized but unissued

The state had a total of \$6,103 million in bonds authorized but unissued as of June 30, 2004, for the purpose of public building and schools construction and renovation, higher education purposes, and highways construction and improvement.

Interest rates

Interest rates on fixed rate general obligation bonds ranged from 1.1 to 7.0 percent. Variable rate demand obligations (VRDO) of \$174.4 million as of June 30, 2004, are remarketed on a weekly basis. Interest rates on revenue bonds range from 2.0 to 9.0 percent.

DEBT SERVICE REQUIREMENTS TO MATURITY

General obligation bonds have been authorized and issued primarily to provide funds for acquisition and

construction of capital facilities for public and common schools, higher education, public and mental health, corrections, conservation, and construction and improvements of highways, roads, and bridges. The state has also issued bonds for assistance to municipalities for construction of water and sewage treatment facilities and corrections facilities. In addition, bonds are authorized and issued to provide for the refunding of general obligation bonds outstanding. Outstanding general obligations bonds are presented in the Washington State Treasurer's Annual Report for 2004. A copy of the report is available from the Office of the State Treasurer, PO Box 40200, Olympia, Washington, 98504-0200, phone number (360) 902-9000 or TTY (360) 902-8963.

Total debt service requirements to maturity for general obligation bonds, as of June 30, 2004, are as follows (expressed in thousands):

General Obligation Bonds	Governmental Activities		Business-Type Activities		Totals	
	Principal	Interest	Principal	Interest	Principal	Interest
By Fiscal Year:						
2005	\$ 422,663	\$ 444,850	\$ 16,960	\$ 6,407	\$ 439,623	\$ 451,257

Total Debt Service Requirements	\$ 9,173,381	\$ 5,731,835	\$ 155,360	\$ 97,651	\$ 9,328,741	\$ 5,829,486

Revenue Bonds are authorized under current state statutes, which provide for the issuance of bonds that are not supported, or not intended to be supported, by the full faith and credit of the state. These bonds pledge income derived from acquired or constructed assets for retirement of the debt and payment of the related interest.

secured by the TSA's right to receive 29.2 percent of the state's tobacco settlement revenue stream. These bonds are recorded as a governmental activity. The state's Colleges and Universities issue revenue bonds for the purpose of housing, dining, parking, and student facilities construction. These bonds are recorded as a business-type activity.

The Tobacco Settlement Authority (TSA), a blended component unit of the state, issued revenue bonds

Total debt service requirements for revenue bonds to maturity as of June 30, 2004, are as follows (expressed in thousands):

Revenue Bonds	Governmental Activities		Business-Type Activities		Totals	
	Principal	Interest	Principal	Interest	Principal	Interest
By Fiscal Year:						
2005	\$ 550	\$ 32,814	\$ 11,648	\$ 26,408	\$ 12,198	\$ 59,222

Total Debt Service Requirements	\$ 510,655	\$ 609,162	\$ 520,179	\$ 418,710	\$ 1,030,834	\$ 1,027,872

DEBT REFUNDINGS

When advantageous and permitted by statute and bond covenants, the State Finance Committee authorizes the refunding of outstanding bonds. When the state refunds outstanding bonds, the net proceeds of each refunding issue are used to purchase U.S. government securities that are placed in irrevocable trusts with escrow agents to provide for all future debt service payments on the refunded bonds. As a result, the refunded bonds are considered defeased and the liability has been removed from the government-wide statement of net assets.

CURRENT YEAR DEFEASANCES

Governmental Activities:

On March 9, 2004, the state issued \$119 million of Various Purpose General Obligation Refunding Bonds (Series R-2004C) with an average interest rate of 4.47 percent to refund \$118.2 million of Various Purpose General Obligation Bonds from several different series with an average interest rate of 5.48 percent. The refunding resulted in an \$11.9 million gross debt service savings over the next 17 years and an economic gain of \$10.4 million.

On March 9, 2004, the state issued \$156.5 million in Motor Vehicle Fuel Tax General Obligation Refunding Bonds (Series R-2004D) with an average interest rate of 4.49 percent to refund \$151.3 million of Motor Vehicle Fuel Tax General Obligation bonds from several series with an average interest rate of 5.65 percent. The refunding resulted in a \$15.8 million gross debt service savings over the next 18 years and an economic gain of \$12.1 million.

On October 23, 2003, the state issued \$124.1 million of Various Purpose General Obligation Refunding Bonds (Series R-2004A) with an average interest rate of 4.78 percent to refund \$119.7 million of Various Purpose General Obligation Bonds from several series with an average interest rate of 5.80 percent. The refunding

resulted in an \$11.3 million gross debt service savings over the next 16 years and an economic gain of \$8.3 million.

On October 23, 2003, the state issued \$57 million of Motor Vehicle Fuel Tax General Obligation Refunding Bonds (Series RE-2004B) with an average interest rate of 4.81 percent to refund the remaining \$55.3 million of Motor Vehicle Fuel Tax General Obligation Bonds from several series with an average interest rate of 5.94 percent. The refunding resulted in a \$6.4 million gross debt service savings over the next 16 years and an economic gain of \$4.2 million.

Business-Type Activities:

On April 6, 2004, University of Washington issued \$4.38 million in Housing and Dining System Revenue and Refunding Bonds (Series 2004), with an average interest rate of 2.88 percent, to refund \$4.16 million in outstanding Housing and Dining System Revenue Bonds with an average interest rate of 2.91 percent. The refunding resulted in \$456,984 gross debt service savings over the next nine years and an economic gain of \$387,691.

PRIOR YEAR DEFEASANCES

In prior years, the state defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the prior bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the state's financial statements.

General Obligation Bond Debt:

On June 30, 2004, \$530.8 million of general obligation bonded debt outstanding is considered defeased.

Revenue Bond Debt:

On June 30, 2004, \$21.1 million of proprietary revenue bonded debt outstanding is considered defeased.

B. Certificates of Participation

Current state law authorizes the state to enter into long-term financing contracts for the acquisition of real or personal property and for the issuance of certificates of participation in the contracts. These certificates of participation do not fall under the general obligation debt

limitations and are generally payable only from annual appropriations by the Legislature. Other specific provisions could also affect the state's obligation under certain agreements. The certificates of participation are recorded for financial reporting purposes if the possibility of the state not meeting the terms of the agreements is considered remote.

Total debt service requirements for certificates of participation to maturity as of June 30, 2004, are as follows (expressed in thousands):

Certificates of Participation	Governmental Activities		Business-Type Activities		Totals	
	Principal	Interest	Principal	Interest	Principal	Interest
By Fiscal Year:						
2005	\$ 27,707	\$ 14,677	\$ 31,311	\$ 16,587	\$ 59,018	\$ 31,264
2006	19,498	11,205	15,961	10,318	35,459	21,523
2007	18,041	10,421	15,220	9,663	33,261	20,084
2008	16,527	9,680	14,356	9,026	30,883	18,706
2009	19,621	8,976	17,637	8,406	37,258	17,382
2010-2014	100,400	33,866	83,526	28,175	183,926	62,041
2015-2019	59,563	9,193	56,482	8,722	116,045	17,915
2020-2024	12,704	1,210	12,056	1,148	24,760	2,358
2025-2029	-	-	-	-	-	-
Total Debt Service Requirements	\$ 274,061	\$ 99,228	\$ 246,549	\$ 92,045	\$ 520,610	\$ 191,273

C. Claims and Judgments

Claims and judgments are materially related to three activities: workers' compensation, risk management, and health insurance. Workers' compensation and health insurance are business-type activities, and risk management is a governmental activity. A description of the risks to which the state is exposed by these activities,

and the ways in which the state handles the risks, is presented in Note 1E.

Workers' Compensation

Changes in the balances of workers' compensation claims liabilities during Fiscal Years 2003 and 2004 were as follows (expressed in thousands):

	Balances Beginning of Fiscal Year	Incurred Claims and Changes in Estimates	Claim Payments	Balances End of Fiscal Year
Workers' Compensation Fund				
FY 2003	\$ 14,883,099	2,489,547	(1,508,794)	\$ 15,863,852
FY 2004	\$ 15,863,852	2,267,506	(1,540,260)	\$ 16,591,098

At June 30, 2004, \$36.3 billion of unpaid claims and claim adjustment expenses are presented at their net present and settlement value of \$16.6 billion. These claims are discounted at assumed interest rates of 4.0 percent (time loss and medical) to 6.5 percent (pensions) and adjusted at 4.0 percent (accident, medical aid, and claim adjustment expense) for a provision of uncertainty to arrive at a settlement value that is net of third party recoveries.

The claims and claim adjustment liabilities of \$16.6 billion, as of June 30, 2004, include \$8.2 billion for supplemental pension cost of living adjustments

(COLAs) that by statute are not to be fully funded. These COLA payments are funded on a pay-as-you-go basis, and the Workers' Compensation actuaries have indicated that future premium payments will be sufficient to pay these claims as they come due. The remaining claims liabilities of \$8.4 billion are fully funded by long-term investments, net of obligations under securities lending agreements.

Risk Management

Changes in the balances of risk management claims liabilities during Fiscal Years 2003 and 2004 were as follows (expressed in thousands):

	Balances Beginning of Fiscal Year	Incurred Claims and Changes in Estimates	Claim Payments	Tort Defense Payments	Balances End of Fiscal Year
Risk Management Fund					
FY 2003	\$ 402,470	153,250	(40,082)	(16,724)	\$ 498,914
FY 2004	\$ 498,914	59,882	(29,755)	(15,710)	\$ 513,331

Risk Management reports claims and judgment liabilities when it becomes probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an actuarially determined amount for claims that have been incurred but not reported. It also includes an actuarial estimate of loss adjustment expenses for tort defense. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, it should be recognized that future loss emergence will likely deviate, perhaps materially, from the actuarial estimates. Claims liabilities are re-evaluated annually to take into

consideration recently settled claims, the frequency of claims, and other economic or social factors.

The state is a defendant in a significant number of lawsuits pertaining to property and casualty matters. As of June 30, 2004, outstanding and actuarially determined claims against the state and its public authorities were \$513.3 million for which the state has recorded a liability. The state is restricted by law from accumulating funds in the Self Insurance Liability Program in excess of 50 percent of total outstanding and actuarially determined claims. At June 30, 2004, the Risk Management Fund held \$71.0 million in cash and

pooled investments designated for payment of these claims under the state's Self Insurance Liability Program.

Health Insurance

Changes in the balances of Health Insurance claim liabilities during Fiscal Years 2003 and 2004 were as follows (expressed in thousands):

Health Insurance Fund	Balances Beginning of Fiscal Year	Incurred Claims and Changes in Estimates	Claim Payments	Balances End of Fiscal Year
FY 2003	\$ 46,926	332,047	(331,039)	\$ 47,934
FY 2004	\$ 47,934	431,539	(412,594)	\$ 66,879

The Health Insurance Fund establishes a liability when it becomes probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an actuarially determined amount for claims that have been incurred but not reported. Because actual claims liabilities depend on various complex factors, the process used in computing claims liabilities does not always result in an exact amount. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

At June 30, 2004, health insurance claims liabilities totaling \$66.9 million are fully funded with cash and investments, net of obligations under securities lending agreements.

D. Leases

The state leases land, office facilities, office and computer equipment, and other assets under a variety of agreements. Although lease terms vary, most leases are subject to appropriation from the state Legislature to continue the obligation. If the possibility of receiving no funding from the Legislature is remote, leases are considered noncancelable for financial reporting purposes. Leases that represent acquisitions are classified as capital leases, and the related assets and liabilities are recorded in the financial records at the inception of the lease. Other leases are classified as operating leases with the lease payments recorded as expenditures or expenses during the life of the lease. Certain operating leases are renewable for specified periods. In most cases, management expects that the leases will be renewed or replaced by other leases.

Leased land, buildings and equipment under capital leases as of June 30, 2004, include the following (expressed in thousands):

	Governmental Activities	Business-Type Activities
Land (non-depreciable)	\$ 1,918	\$ -
Buildings	39,355	6,271
Equipment	3,632	870
Less: Accumulated Depreciation	(8,315)	(1,143)
Totals	\$ 36,590	\$ 5,998

The following schedule presents future minimum payments for capital and operating leases as of June 30, 2004, (expressed in thousands):

	Capital Leases		Operating Leases	
	Governmental Activities	Business-Type Activities	Governmental Activities	Business-Type Activities
Capital and Operating Leases				
By Fiscal Year:				
2005	\$ 6,300	\$ 2,094	\$ 102,462	\$ 20,996
2006	6,865	2,617	88,430	20,225
2007	4,817	2,538	72,332	19,510
2008	2,801	2,248	59,415	17,382
2009	2,873	2,125	54,796	16,568
2010-2014	7,096	3,162	153,098	4,241
2015-2019	550	1,925	56,009	-
2020-2024	315	1,203	43,049	-
2025-2029	-	-	42,771	-
2030-2034	-	-	36,285	-
Total Future Minimum Payments	31,617	17,912	708,647	98,922
Less: Executory costs and interest costs	3,874	3,668	-	-
Net Present Value of future minimum lease payments	\$ 27,743	\$ 14,244	\$ 708,647	\$ 98,922

The total operating lease rental expense for Fiscal Year 2004 was \$291.5 million.

E. Long-Term Liability Activity

Long-term liability activity for the Fiscal Year 2004 (expressed in thousands) was as follows:

	Beginning Balance *			Ending Balance	Amounts Due Within
Governmental Activities:	July 1, 2003	Additions	Reductions	June 30, 2004	One Year
Long-term Debt:					
GO Bonds Payable -					
General obligation (GO) bonds	\$ 7,912,225	\$ 1,424,350	\$ 814,200	\$ 8,522,375	\$ 406,645
GO - zero coupon bonds (principal)	464,342	199,984	13,320	651,006	16,018

Total	\$ 10,572,213	\$ 3,184,937	\$ 2,431,820	\$ 11,325,338	\$ 688,348

* Beginning balance as restated, refer to Note 2.

For Governmental Activities, payments on the certificates of participation are being repaid directly from various governmental funds. The compensated absences liability will be liquidated approximately 53 percent by the General Fund, 24 percent by the Higher Education Special Revenue Funds, and the balance by various other governmental funds. The claims and judgments liability will be liquidated primarily through the risk management fund, an internal service fund. Leases, installment contract obligations, and other liabilities will be repaid from various other governmental funds.

The revenue bonds were issued by the Tobacco Settlement Authority (TSA), which is a blended component unit of the state. The bonds are obligations of the TSA and are secured solely by the TSA's right to receive 29.2 percent of the state's tobacco settlement revenues, restricted investments of the TSA, and undistributed TSA bond proceeds. These bonds do not constitute either a legal or moral obligation of the state, nor does the state pledge its full faith, credit or taxing power for payment of these bonds.

Note 8 - No Commitment Debt

The Washington State Housing Finance Commission, Washington Higher Education Facilities Authority, Washington Health Care Facilities Authority, and Washington Economic Development Finance Authority (financing authorities) were created by the state Legislature. For financial reporting purposes, they are discretely presented as component units. These financing authorities issue bonds for the purpose of making loans to qualified borrowers for capital acquisitions, construction, and related improvements.

These bonds do not constitute either a legal or moral obligation of the state or these financing authorities, nor does the state or these financing authorities pledge their faith and credit for the payment of such bonds. Debt service on the bonds is payable solely from payments made by the borrowers pursuant to loan agreements. Due to their no commitment nature, the bonds issued by these financing authorities are excluded from the state's financial statements.

The table below presents the latest available balances for the "No Commitment" debt of the state's financing authorities (expressed in thousands):

No Commitment Debt	Principal Balance
Washington State Housing Finance Commission	\$ 2,197,004
Washington Higher Education Facilities Authority	385,871
Washington Health Care Facilities Authority	2,800,000
Washington Economic Development Finance Authority	306,337
Total No Commitment Debt	\$ 5,689,212

Note 9 – Fund Balances Reserved for Other Specific Purposes

The nature and purposes of fund balances reserved for other specific purposes as of June 30, 2004, are listed below (expressed in thousands):

Fund Balances	General	Higher Education Special Revenue	Higher Education Endowment	Nonmajor Governmental Funds	Totals
Reserved for Other Specific Purposes:					
Long-term student loans	\$ -	\$ 93,121	\$ -	\$ -	\$ 93,121
Investments with trustees	601	-	-	453	1,054
Long-term receivables	35,949	688	-	1,171,100	1,207,737
Long-term investments	-	73,917	-	22,323	96,240
Emergency reserve	-	-	-	43	43
Petty cash	657	4,767	-	828	6,252
Total Reserved for Other Specific Purposes	\$ 37,207	\$ 172,493	\$ -	\$ 1,194,747	\$ 1,404,447

Note 10 - Deficit Net Assets

At June 30, 2004, there were two proprietary funds with deficit net assets.

The Workers' Compensation Fund, an enterprise fund, had deficit net assets of \$6.9 billion at June 30, 2004. The fund is used to account for the workers' compensation program, which provides time-loss, medical, disability, and pension payments to qualifying individuals sustaining work-related injuries. The main

benefit plans of the workers' compensation program are funded based on rates that will keep these plans solvent in accordance with recognized actuarial principles. The supplemental pension cost-of-living adjustments (COLA) granted for time-loss and disability payments, however, are funded on a pay-as-you-go basis. By statute, the state is only allowed to collect enough revenue to fund the current COLA payments.

The following schedule details the changes in total net assets for the Workers' Compensation Fund during the fiscal year ended June 30, 2004 (expressed in thousands):

	Net Assets (Deficit)
Workers' Compensation Fund	
Balance, July 1, 2003	\$ (6,246,013)
Fiscal Year 2004 activity	(696,007)
Balance, June 30, 2004	\$ (6,942,020)

The Risk Management Fund, an internal service fund, had deficit net assets of \$445.0 million at June 30, 2004. The Risk Management Fund is used to account for the claims, torts, judgments generally arising from automobile and general government operations, and loss adjustment expenses for tort defense. These costs are supported by premium assessments to state agencies that are designed to cover current and future claim losses. Outstanding and incurred but not reported claims are actuarially determined and accrued, resulting in the deficit net assets.

The Self Insurance Liability Program, initiated in 1990, is intended to provide funds for the payment of all claims and loss adjustment expenses for tort defense.

The state is restricted by law from accumulating funds in the Self Insurance Liability Program in excess of 50 percent of total outstanding and actuarially determined claims.

The following schedule details the changes in net assets for the Risk Management Fund during the fiscal year ended June 30, 2004 (expressed in thousands):

	Net Assets (Deficit)
Risk Management Fund	
Balance, July 1, 2003	\$ (484,313)
Fiscal Year 2004 activity	39,284
Balance, June 30, 2004	\$ (445,029)

Note 11 - Retirement Plans

A. General

The state of Washington, through the Department of Retirement Systems, the Board for Volunteer Fire Fighters, and the Administrator for the Courts, administers 12 defined benefit retirement plans, three combination defined benefit/defined contribution retirement plans, and one defined contribution retirement plan covering eligible employees of the state and local governments. Pension plans administered by the state are accounted for using the accrual basis of accounting. Under the accrual basis of accounting, employee and employer contributions are recognized in the period in which employee services are performed; investment gains and losses are recognized as incurred; and benefits and refunds are recognized when due and payable in accordance with the terms of the applicable plan.

DEPARTMENT OF RETIREMENT SYSTEMS

As established in chapter 41.50 of the Revised Code of Washington (RCW), the Department of Retirement Systems (DRS) administers seven retirement systems comprising 11 defined benefit pension plans and three combination defined benefit/defined contribution plans as follows:

Public Employees' Retirement System (PERS)

- Plan 1 - defined benefit
- Plan 2 - defined benefit
- Plan 3 - defined benefit/defined contribution

Teachers' Retirement System (TRS)

- Plan 1 - defined benefit
- Plan 2 - defined benefit
- Plan 3 - defined benefit/defined contribution

School Employees' Retirement System (SERS)

- Plan 2 - defined benefit
- Plan 3 - defined benefit/defined contribution

Law Enforcement Officers' and Fire Fighters'

Retirement System (LEOFF)

- Plan 1 - defined benefit
- Plan 2 - defined benefit

Washington State Patrol Retirement System (WSPRS)

- Plan 1 - defined benefit
- Plan 2 - defined benefit

Judicial Retirement System (JRS)

- Defined benefit plan

Judges' Retirement Fund (Judges)

- Defined benefit plan

Although some assets of the plans are commingled for investment purposes, each plan's assets may be used only for the payment of benefits to the members of that plan in accordance with the terms of the plan.

Administration of the PERS, TRS, SERS, and LEOFF systems and plans was funded by an employer rate of .22 percent of employee salaries. Administration of the WSPRS, JRS, and Judges plans is funded by means of legislative appropriations.

The Department of Retirement Systems prepares a stand-alone financial report. Copies of the report that include financial statements and required supplementary information may be obtained by writing to Washington State Department of Retirement Systems, PO Box 48380, Olympia, Washington 98504-8380.

BOARD FOR VOLUNTEER FIRE FIGHTERS

As established in chapter 41.24 RCW, the Washington Board for Volunteer Fire Fighters' administers the Volunteer Fire Fighters' and Reserve Officers' Relief and Pension Fund (VFFRPF), a defined benefit plan. Administration of VFFRPF is funded through legislative appropriation.

ADMINISTRATOR FOR THE COURTS

As established in chapter 2.14 RCW, the Administrator for the Courts administers the Judicial Retirement Account (JRA), a defined contribution plan. Administration of JRA is funded through member fees.

TIAA/CREF

In addition to the retirement plans administered by the state of Washington, eligible higher education state employees may participate in the Teachers' Insurance and Annuity Association/College Retirement Equity Fund (TIAA/CREF) which is a privately administered defined contribution plan.

Plan descriptions, funding policies, and a table of employer contributions required and paid for defined benefit plans follow at Notes 11.B through D respectively. For information related to defined contribution plans, refer to Note 11.I. Details on plan net assets and changes in plan net assets of pension plans administered by the state are presented at Note 11.J.

Membership of each state administered plan consisted of the following at September 30, 2003, the date of the latest actuarial valuation for all plans except for VFFRPF which had an actuarial valuation performed on December 31, 2003.

Number of Participating Members					
Defined Benefit Plans Administered by the State	Retirees and Beneficiaries Receiving Benefits	Terminated Members Entitled to but not yet Receiving Benefits	Active Plan Members Vested	Active Plan Members Nonvested	Total Members

JRS	3	-	-	-
Judges	-	-	-	-
JRA	3	-	-	-
VFFRPF	-	-	-	650

Employers can participate in multiple systems and/or plans.

B. Plan Description

Public Employees' Retirement System (PERS)

PERS is a cost-sharing multiple-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a combination defined benefit/defined contribution plan. PERS participants who joined the system by September 30, 1977, are Plan 1 members. Those who joined on or after October 1, 1977, and by either, February 28, 2002, for state and higher education employees, or August 31, 2002, for local government employees, are Plan 2 members unless they exercise an option to transfer their membership to Plan 3. PERS participants joining the system on or after March 1, 2002, for state and higher education employees, or September 1, 2002, for local government employees, have the irrevocable option of choosing membership in either PERS Plan 2 or PERS Plan 3. The option must be exercised within 90 days of employment. An employee is reported in Plan 2 until a choice is made. Employees who fail to choose within 90 days default to PERS Plan 3.

PERS is comprised of three separate plans for reporting purposes: Plan 1, Plan 2/3, and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is considered to be a single plan for reporting purposes.

PERS defined benefit retirement benefits are financed from a combination of investment earnings and employer and employee contributions. Employee contributions to the PERS Plan 1 and 2 defined benefit plans accrue interest at a rate specified by DRS. During Fiscal Year 2004, the DRS-established rate on employee contributions was 5.5 percent compounded quarterly. Employees in PERS Plan 1 and 2 can elect to withdraw total employee contributions and interest thereon upon separation from PERS-covered employment. PERS Plan 3 defined contribution benefits are financed from employee contributions and investment earnings. Employees in PERS Plan 3 can elect to withdraw total employee contributions adjusted by earnings and losses from the investment of those contributions upon separation from PERS-covered employment.

The Legislature established PERS in 1947. Membership in the system includes: elected officials; state employees; employees of the Supreme, Appeals, and Superior Courts (other than judges currently in a judicial retirement system); employees of legislative committees; community and technical colleges, college and university employees not in national higher education retirement programs such as Teachers' Insurance and Annuity Association/College Retirement Equity Fund (TIAA/CREF); judges of district and municipal courts; and employees of local governments. TIAA/CREF is not administered by DRS. Approximately 51 percent of PERS salaries are accounted for by state employment. PERS retirement benefit provisions are established in state statute and may be amended only by the state Legislature.

PERS Plan 1 retirement benefits are vested after an employee completes five years of eligible service. Plan 1 members are eligible for retirement after 30 years of service, or at the age of 60 with five years of service, or at the age of 55 with 25 years of service. The annual benefit is 2 percent of the average final compensation (AFC) per year of service (AFC is based on the greatest compensation during any 24 eligible consecutive compensation months), capped at 60 percent.

PERS Plan 2 retirement benefits are vested after an employee completes five years of eligible service. Plan 2 members may retire at the age of 65 with five years of service, or at the age of 55 with 20 years of service, with an allowance of 2 percent of the AFC per year of service. (AFC is based on the greatest compensation during any eligible consecutive 60-month period.) Plan 2 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and a cost-of-living allowance is granted (indexed to the Seattle Consumer Price Index), capped at 3 percent annually.

PERS Plan 3 has a dual benefit structure. Employer contributions finance a defined benefit component, and member contributions finance a defined contribution component. The defined benefit portion provides a benefit calculated at 1 percent of the AFC per year of service. (AFC is based on the greatest compensation during any eligible consecutive 60-month period.) Plan 3 members become eligible for retirement if they have: at least ten years of service; or five years including 12 months that were earned after age 54; or five service credit years earned in PERS Plan 2 prior to June 1, 2003. Plan 3 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and Plan 3

provides the same cost-of-living allowance as Plan 2. Refer to section I of this note for a description of the defined contribution component of PERS Plan 3.

PERS Plan 1 provides duty and non-duty disability benefits. Duty disability retirement benefits for disablement prior to the age of 60 consist of a temporary life annuity payable to the age of 60. The allowance amount is \$350 a month, or two-thirds of the monthly AFC, whichever is less. The benefit is reduced by any worker's compensation benefit and is payable as long as the member remains disabled or until the member attains the age of 60. A member with five years of membership service is eligible for non-duty disability retirement. Prior to the age of 55, the allowance amount is 2 percent of the AFC for each year of service reduced by 2 percent for each year that the member's age is less than 55. The total benefit is limited to 60 percent of the AFC.

PERS Plan 2 and Plan 3 provide disability benefits. There is no minimum amount of service credit required for eligibility. The Plan 2 allowance amount is 2 percent of the AFC for each year of service. For Plan 3 the allowance amount is 1 percent of the AFC for each year of service. Benefits are actuarially reduced for each year that the member's age is less than 65, and to reflect the choice of a survivor option.

The laws of 2004 established a Plan 1 minimum monthly benefit of \$1,000, before optional payment reductions, for those members with at least 25 years of service and who have been retired at least 20 years.

There were no other material changes in PERS benefit provisions for the fiscal year ended June 30, 2004.

PERS pension benefit provisions have been established by chapter 41.40 RCW.

Teachers' Retirement System (TRS)

TRS is a cost-sharing multiple-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a combination defined benefit/defined contribution plan. TRS participants who joined the system by September 30, 1977, are Plan 1 members. Those who joined on or after October 1, 1977, and by June 30, 1996, are Plan 2 members unless they exercised an option to transfer their membership to Plan 3. TRS participants joining the system on or after July 1, 1996, and those who exercised their transfer option, are members of TRS Plan 3.

TRS is comprised of three separate plans for reporting purposes: Plan 1, Plan 2/3, and Plan 3. Plan 1 accounts for the defined benefits of Plan 1 members. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3

members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is considered to be a single plan for reporting purposes.

TRS defined benefit retirement benefits are financed from a combination of investment earnings and employer and employee contributions. Employee contributions to the TRS Plan 1 and 2 defined benefit plans accrue interest at a rate specified by DRS. During Fiscal Year 2004, the DRS-established rate on employee contributions was 5.5 percent compounded quarterly. Employees in TRS Plan 1 and 2 can elect to withdraw total employee contributions and interest thereon upon separation from TRS-covered employment. TRS Plan 3 defined contribution benefits are financed from employee contributions and investment earnings. Employees in TRS Plan 3 can elect to withdraw total employee contributions adjusted by earnings and losses from the investment of those contributions upon separation from TRS-covered employment.

TRS was legislatively established in 1938. Eligibility for membership requires service as a certificated employee in grades K-12 in the public schools. TRS is comprised principally of non-state employees. TRS retirement benefit provisions are established in state statute and may be amended only by the state Legislature.

TRS Plan 1 retirement benefits are vested after an employee completes five years of eligible service. Plan 1 members are eligible for retirement after 30 years of service, or at the age of 60 with five years of service, or at the age of 55 with 25 years of service. The annual pension is 2 percent of the average final compensation (AFC) per year of service (AFC is based on the greatest compensation during the highest of any consecutive two compensation contract years), capped at 60 percent.

TRS Plan 2 retirement benefits are vested after an employee completes five years of eligible service. Plan 2 members may retire at the age of 65 with five years of service, or at the age of 55 with 20 years of service, with an allowance of 2 percent of the AFC per year of service. (AFC is based on the greatest compensation during any eligible consecutive 60-month period.) Plan 2 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and a cost-of-

living allowance is granted (indexed to the Seattle Consumer Price Index), capped at 3 percent annually.

TRS Plan 3 has a dual benefit structure. Employer contributions finance a defined benefit component, and member contributions finance a defined contribution component. The defined benefit portion provides a benefit calculated at 1 percent of the AFC per year of service. (AFC is based on the greatest compensation during any eligible consecutive 60-month period.) Plan 3 members become eligible for retirement if they have: at least ten years of service; or five years including 12 months that were earned after age 54; or five service credit years earned in TRS Plan 2 by July 1, 1996, and transferred to Plan 3. Plan 3 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and Plan 3 provides the same cost-of-living allowance as Plan 2. Refer to section I of this note for a description of the defined contribution component of TRS Plan 3.

TRS Plan 1 provides death and duty disability benefits. TRS Plan 1 members receive the following additional lump sum death benefits: retired members-\$400 (if at least 10 years of membership service), active members-\$600. Members on temporary disability receive a temporary life annuity of \$180 per month payable up to two years. After five years of service, members on a disability retirement receive an allowance based on their salary and service to date of disability. Members enrolled in TRS prior to April 25, 1973, may elect a benefit based on the formula in effect at that time.

TRS Plan 2 and Plan 3 provide disability benefits. There is no minimum amount of service credit required for eligibility. The Plan 2 allowance amount is 2 percent of the AFC for each year of service. For Plan 3, the allowance amount is 1 percent of the AFC for each year of service. Benefits are actuarially reduced for each year that the member's age is less than 65, and to reflect the choice of a survivor option.

The laws of 2004 established a Plan 1 minimum monthly benefit of \$1,000, before optional payment reductions, for those members with at least 25 years of service and who have been retired at least 20 years.

There were no other material changes in TRS benefit provisions for the fiscal year ended June 30, 2004.

TRS pension benefit provisions have been established by chapters 41.32 and 41.34 RCW.

School Employees' Retirement System (SERS)

SERS is a cost-sharing multiple-employer retirement system comprised of two separate plans for membership

purposes: Plan 2 is a defined benefit plan and Plan 3 is a combination defined benefit/defined contribution plan. As of September 1, 2000, the membership of classified school employees in PERS Plan 2 was transferred to SERS Plan 2. Those who joined on or after October 1, 1977, and by August 31, 2000, are SERS Plan 2 members unless they exercised an option to transfer their membership to Plan 3. SERS participants joining the system on or after September 1, 2000, and those who exercised their transfer option, are members of SERS Plan 3.

SERS is comprised of two separate plans for reporting purposes: Plan 2/3 and Plan 3. Plan 2/3 accounts for the defined benefits of Plan 2 members and the defined benefit portion of benefits for Plan 3 members. Plan 3 accounts for the defined contribution portion of benefits for Plan 3 members. Although members can only be a member of either Plan 2 or Plan 3, the defined benefit portions of Plan 2 and Plan 3 are accounted for in the same pension trust fund. All assets of this Plan 2/3 defined benefit plan may legally be used to pay the defined benefits of any of the Plan 2 or Plan 3 members or beneficiaries, as defined by the terms of the plan. Therefore, Plan 2/3 is considered to be a single plan for reporting purposes.

SERS defined benefit retirement benefits are financed from a combination of investment earnings and employer and employee contributions. Employee contributions to the SERS Plan 2 defined benefit plan accrue interest at a rate specified by DRS. During Fiscal Year 2004, the DRS-established rate on employee contributions was 5.5 percent compounded quarterly. Employees in SERS Plan 2 can elect to withdraw total employee contributions and interest thereon upon separation from SERS-covered employment. SERS Plan 3 defined contribution benefits are financed from employee contributions and investment earnings. Employees in SERS Plan 3 can elect to withdraw total employee contributions adjusted by earnings and losses from the investment of those contributions upon separation from SERS-covered employment.

The Legislature established SERS in 2000. Membership in the system includes all classified employees of school districts or educational service districts. SERS is comprised principally of non-state employees. SERS retirement benefit provisions are established in state statute and may be amended only by the State Legislature.

SERS Plan 2 retirement benefits are vested after an employee completes five years of eligible service. Plan 2 members may retire at the age of 65 with five years of service, or at the age of 55 with 20 years of service, with an allowance of 2 percent of the average final compensation (AFC) per year of service. (AFC is based

on the greatest compensation during any eligible consecutive 60-month period.) Plan 2 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and a cost-of-living allowance is granted (indexed to the Seattle Consumer Price Index), capped at 3 percent annually.

SERS Plan 3 has a dual benefit structure. Employer contributions finance a defined benefit component, and member contributions finance a defined contribution component. The defined benefit portion provides a benefit calculated at 1 percent of the AFC per year of service. (AFC is based on the greatest compensation during any eligible consecutive 60-month period.) Plan 3 members become eligible for retirement if they have: at least ten years of service; or five years including 12 months that were earned after age 54; or five service credit years earned in PERS Plan 2 prior to September 1, 2000. Plan 3 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and Plan 3 provides the same cost-of-living allowance as Plan 2. Refer to section I of this note for a description of the defined contribution component of SERS Plan 3.

SERS Plan 2 and Plan 3 provide disability benefits. There is no minimum amount of service credit required for eligibility. The Plan 2 allowance amount is 2 percent of the AFC for each year of service. For Plan 3 the allowance amount is 1 percent of the AFC for each year of service. Benefits are actuarially reduced for each year that the member's age is less than 65, and to reflect the choice of a survivor option.

There were no material changes in SERS benefit provisions for the fiscal year ended June 30, 2004.

SERS pension benefit provisions have been established by chapter 41.35 RCW.

Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF)

LEOFF is a cost-sharing multiple-employer retirement system comprised of two separate defined benefit plans. LEOFF participants who joined the system by September 30, 1977 are Plan 1 members. Those who joined on or after October 1, 1977, are Plan 2 members.

LEOFF defined benefit retirement benefits are financed from a combination of investment earnings, employer and employee contributions, and a special funding situation in which the state pays through state legislative appropriations. Employee contributions to the LEOFF

Plan 1 and 2 defined benefit plans accrue interest at a rate specified by DRS. During Fiscal Year 2004, the DRS-established rate on employee contributions was 5.5 percent compounded quarterly. Employees in LEOFF Plan 1 and 2 can elect to withdraw total employee contributions and interest earnings thereon upon separation from LEOFF-covered employment.

LEOFF was established in 1970 by the Legislature. Membership includes all full-time, fully compensated, local law enforcement officers and firefighters. LEOFF membership is comprised primarily of non-state employees, with Department of Fish and Wildlife enforcement officers who were first included prospectively effective July 27, 2003, being a major exception. LEOFF retirement benefit provisions are established in state statute and may be amended only by the state Legislature. Effective July 1, 2003, the LEOFF Plan 2 Retirement Board was established by Initiative 790 to provide governance of LEOFF Plan 2. The Board's duties include adopting contribution rates and recommending policy changes to the Legislature for the LEOFF Plan 2 retirement plan.

LEOFF Plan 1 retirement benefits are vested after an employee completes five years of eligible service. Plan 1 members are eligible for retirement with five years of service at the age of 50. The benefit per year of service calculated as a percent of final average salary (FAS) is as follows:

Term of Service	Percent of FAS
20+	2.0%
10-19	1.5%
5-9	1.0%

The FAS is the basic monthly salary received at the time of retirement, provided a member has held the same position or rank for 12 months preceding the date of retirement. Otherwise, it is the average of the highest consecutive 24 months' salary within the last 10 years of service. If membership was established in LEOFF after February 18, 1974, the service retirement benefit is capped at 60 percent of FAS. A cost-of-living allowance is granted (indexed to the Seattle Consumer Price Index).

LEOFF Plan 2 retirement benefits are vested after an employee completes five years of eligible service. Plan 2 members may retire at the age of 50 with 20 years of service, or at the age of 53 with five years of service, with an allowance of 2 percent of the FAS per year of service (FAS is based on the highest consecutive 60 months). Plan 2 retirements prior to the age of 53 are reduced 3 percent for each year that the benefit commences prior to age 53. There is no cap on years of service credit; and a cost-of-living allowance is granted (indexed to the Seattle Consumer Price Index), capped at 3 percent annually.

LEOFF Plan 1 provides death and disability benefits. Death benefits for Plan 1 members on active duty consist of the following: (1) If eligible spouse, 50 percent of the FAS, plus 5 percent of FAS for each surviving child, with a limitation on the combined allowances of 60 percent of the FAS; or (2) If no eligible spouse, 30 percent of FAS for the first child plus 10 percent for each additional child, subject to a 60 percent limitation of FAS. In addition, a duty death benefit of \$150,000 is provided to Plan 1 and Plan 2 members.

The LEOFF Plan 1 disability allowance is 50 percent of the FAS plus 5 percent for each child up to a maximum of 60 percent. Upon recovery from disability before the age of 50, a member is restored to service with full credit for service while disabled. Upon recovery after the age of 50, the benefit continues as the greater of the member's disability allowance or service retirement allowance.

LEOFF Plan 2 provides non-duty disability benefits. There is no minimum amount of service credit required for eligibility. The Plan 2 allowance amount is 2 percent of the FAS for each year of service. Benefits are actuarially reduced for each year that the member's age is less than 53, and to reflect the choice of a survivor option.

Legislation passed in the 2004 session allows members of LEOFF Plan 2 who leave service because of a line of duty disability to withdraw 150 percent of accumulated member contributions. This withdrawal benefit is not subject to federal income tax. Alternatively, members of LEOFF Plan 2 who leave service because of a line of duty disability may be eligible to receive a retirement allowance of at least 10 percent of FAS. If the 2 percent per year of service disability benefit, actuarially reduced for the difference between age 53 and age at retirement, results in a greater benefit than the minimum 10 percent, the member receives the greater benefit. The first 10 percent of the line-duty disability benefit is not subject to federal income tax. The line-duty disability benefit applies to all LEOFF Plan 2 members disabled in the line of duty on or after January 1, 2001.

Legislation passed in the 2004 session provides LEOFF Plan 2 survivors with a survivor allowance not subject to an actuarial reduction if the member was killed in the course of employment after having accumulated 10 years of service.

There were no other material changes in LEOFF benefit provisions for the fiscal year ended June 30, 2004.

LEOFF pension benefit provisions have been established by chapter 41.26 RCW.

Washington State Patrol Retirement System (WSPRS)

WSPRS is a single-employer defined benefit retirement system. WSPRS participants who joined the system by December 31, 2002, are Plan 1 members. Those who joined on or after January 1, 2003, are Plan 2 members. For financial reporting and investment purposes, however, both plans are accounted for in the same pension fund.

WSPRS retirement benefits are financed from a combination of investment earnings and employer and employee contributions. Employee contributions to WSPRS accrue interest at a rate specified by DRS. During Fiscal Year 2004, the DRS-established rate on employee contributions was 5.5 percent compounded annually and posted monthly. Employees in WSPRS can elect to withdraw total employee contributions and interest earnings thereon upon separation from WSPRS-covered employment.

WSPRS was established by the Legislature in 1947. Any commissioned employee of the Washington State Patrol is eligible to participate. WSPRS benefits are established in state statute and may be amended only by the state Legislature.

WSPRS retirement benefits are vested after an employee completes five years of eligible service. Members are eligible for retirement at the age of 55 with five years of service, or after 25 years of service. The annual pension is 2 percent of the average final salary (AFS), capped at 75 percent, per year of service. A cost-of-living allowance is granted (indexed to the Seattle Consumer Price Index), capped at 3 percent annually.

WSPRS benefit provisions include death benefits; however, the system provides no disability benefits. Disability benefits may be available from the Washington State Patrol. If disability benefits are received, the member may be eligible to acquire service credit for the period of disability. In addition, a duty death benefit of \$150,000 is provided to all WSPRS members.

For WSPRS Plan 1 members, AFS is based on the average of the two highest-paid service credit years and excludes voluntary overtime. Death benefits for Plan 1 members on active duty consist of the following: (1) If eligible spouse, 50 percent of the AFS, plus 5 percent of the AFS for each surviving child, with a limitation on the combined allowances of 60 percent of the AFS; or (2) If no eligible spouse, 30 percent of AFS for the first child plus 10 percent for each additional child, subject to a 60 percent limitation of AFS.

For WSPRS Plan 2 members, AFS is based on the average of the five consecutive highest-paid service

credit years and excludes both voluntary overtime and cash-outs of annual and holiday leave. At retirement, Plan 2 members also have the option of selecting an actuarially reduced benefit in order to provide for post-retirement survivor benefits. Death benefits for active-duty Plan 2 members consist of the following: (1) If the member is single or has less than 10 years of service, the return of the member's accumulated contributions; or (2) If the member is married, has an eligible child, or has completed 10 years of service, a reduced benefit allowance reflecting a joint and 100 percent survivor option *or* 150 percent of the member's accumulated contributions, at the survivor's option.

Legislation passed in the 2004 session provides that beneficiaries of a WSPRS Plan 2 member with 10 years of service who is killed in the course of employment would receive retirement benefits without actuarial reduction for prior to normal retirement. The legislation applies to any member killed in the course of employment, as determined by the director of the Department of Labor and Industries, on or after June 10, 2004.

There were no other material changes in WSPRS benefit provisions for the fiscal year ended June 30, 2004.

WSPRS pension benefit provisions have been established by chapter 43.43 RCW.

Judicial Retirement System (JRS)

JRS is an agent multiple-employer retirement system comprised of a single defined benefit plan. JRS retirement benefits are financed on a pay-as-you-go basis from a combination of investment earnings, employer contributions, employee contributions, and a special funding situation in which the state pays the remaining contributions. JRS employees accrue no interest on contributions and may not elect to withdraw their contributions upon termination.

JRS was established by the Legislature in 1971. Membership includes judges elected or appointed to the Supreme Court, Court of Appeals, and Superior Courts on or after August 9, 1971. The system was closed to new entrants on July 1, 1988, with new judges joining PERS Plan 2. JRS retirement benefit provisions are established in state statute and may be amended only by the state Legislature.

JRS members are eligible for retirement at the age of 60 with 15 years of service, or at the age of 60 after 12 years of service (if the member left office involuntarily) with at least 15 years after beginning judicial service.

The benefit per year of service calculated as a percent of average final compensation (AFC) is as follows:

<u>Term of Service</u>	<u>Percent of AFC</u>
15+	3.5%
10-14	3.0%

Death and disability benefits are also provided. Eligibility for death benefits while on active duty requires ten or more years of service. A monthly spousal benefit is provided which is equal to 50 percent of the benefit a member would have received if retired. If the member is retired, the surviving spouse receives the greater of 50 percent of the member's retirement benefit or 25 percent of the AFC. For members with ten or more years of service, a disability benefit of 50 percent of AFC is provided.

There were no material changes in JRS benefit provisions for the fiscal year ended June 30, 2004.

JRS pension benefit provisions have been established by chapter 2.10 RCW.

Judges' Retirement Fund (Judges)

The Judges' Retirement Fund is an agent multiple-employer retirement system comprised of a single defined benefit plan. Retirement benefits are financed on a pay-as-you-go basis from a combination of employee contributions, employer contributions, and a special funding situation in which the state pays the remaining contributions. Employees do not earn interest on their contributions, nor can they elect to withdraw their contributions upon termination.

The Judges' Retirement Fund was created by the Legislature on March 22, 1937, pursuant to RCW 2.12, to provide retirement benefits to judges of the Supreme Court, Court of Appeals, or Superior Courts of the state of Washington. Subsequent legislation required that all judges first appointed or elected to office on or after August 9, 1971, enter the Judicial Retirement System. Judges' retirement benefit provisions are established in state statute and may be amended only by the State Legislature.

Judges' members are eligible for retirement at the age of 70 with ten years of service, or at any age with 18 years of service. Members are eligible to receive a partial retirement allowance after 12 years of credited service as a judge. With the exception of a partial retirement allowance, the member receives a benefit equal to one-half of the monthly salary being received as a judge at the time of retirement, or at the end of the term immediately prior to retirement if retirement occurs after the expiration of the member's term in office. A partial retirement allowance is based on the proportion of the member's 12 or more years of service in relation to 18 years of service.

There were no material changes in Judges' benefit provisions for the fiscal year ended June 30, 2004.

Judges' pension benefit provisions have been established by chapter 2.12 RCW.

The Volunteer Fire Fighters' and Reserve Officers' Relief and Pension Fund (VFFRPF)

VFFRPF is a cost-sharing multiple-employer retirement system that provides death and active duty disability benefits to all members, and optional defined benefit pension plan payments.

VFFRPF retirement benefits are financed from a combination of investment earnings, member contributions, municipality contributions, and a special funding situation where the state pays the remaining contributions. VFFRPF members accrue no interest on contributions and may elect to withdraw their contributions upon termination.

The Volunteer Fire Fighters' Relief Act was created by the Legislature in 1935 and the pension portion of the act was added in 1945. Membership in the system requires volunteer firefighter service with a fire department of an electing municipality of Washington State, emergency work as an emergency medical technician with an emergency medical service district, or work as a commissioned reserve law enforcement officer.

Retirement benefits are established in state statute and may be amended only by the state Legislature. Since retirement benefits cover volunteer service, benefits are paid based on years of service not salary. Members are vested after ten years of service.

After 25 years of active membership, members having reached the age of 65 and who have paid their annual retirement fee for 25 years are entitled to receive a monthly benefit of \$50 plus \$10 per year of service. The maximum monthly benefit is \$300. Reduced pensions are available for members under the age of 65 or with less than 25 years of service.

Death and active duty disability benefits are provided at no cost to the member. Death benefits in the line of duty consist of a lump sum of \$152,000. Funeral and burial expenses are also paid in a lump sum of \$2,000 for members on active duty. Members receiving disability benefits at the time of death shall be paid \$500. Members on active duty shall receive disability payments of \$2,550 per month for up to six months; thereafter, payments are reduced. Disabled members receive \$1,275 per month, their spouse \$255, and dependent children \$110. Benefit provisions for VFFRPF are established under the authority of chapter 41.24 RCW.

Effective July 1, 2001, the disability income benefits and the maximum survivor benefits under the Relief Plan are increased for increases in the CPI.

There were no material changes in VFFRPF benefit provisions for the fiscal year ended June 30, 2004.

C. Funding Policies

Contributions towards the amortization of the PERS 1 and TRS 1 unfunded actuarial accrued liability are suspended for the 2003-2005 biennium.

The estimated value of gain-sharing benefits is included in the liabilities for accounting disclosure purposes. However, the actual contribution rates at the close of the fiscal year ending 2004 were based on the 2001 actuarial valuations, which did not include the value of gain-sharing benefits.

Public Employees' Retirement System (PERS)

Each biennium, the state Pension Funding Council adopts Plan 1 employer contribution rates, Plan 2 employer and employee contribution rates, and Plan 3 employer contribution rates. Employee contribution rates for Plan 1 are established by statute at 6 percent for state agencies and local government unit employees, and at 7.5 percent for state government elected officials. The employer and employee contribution rates for Plan 2 and the employer contribution rate for Plan 3 are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. All employers are required to contribute at the level established by the Legislature. There are no employer contributions to PERS Plan 3 defined contribution. Employees who participate in the defined contribution portion of PERS Plan 3 contribute to the defined contribution plan instead of the defined benefit portion of PERS Plan 3. The employee chooses from six rate options provided in statute ranging from 5 to 15 percent, two of the options are graduated rates dependent on the employee's age. The Employee Retirement Benefits Board sets Plan 3 employee contribution rates.

The methods used to determine the contribution requirements are established under state statute in accordance with chapters 41.40 and 41.45 RCW.

Required contribution rates (expressed as a percentage of current year covered payroll) at the close of Fiscal Year 2004 were as follows:

PERS Actual Contribution Rates

	PLAN 1	PLAN 2	PLAN 3
Employer Rates:			
State agencies*	1.40%	1.40%	1.40%**
Local governmental units*	1.40%	1.40%	1.40%**
State gov't elected officials*	1.99%	1.40%	1.40%**
Employee Rates:			
State agencies	6.00%	1.18%	***
Local governmental units	6.00%	1.18%	***
State gov't elected officials	7.50%	1.18%	***

*The employer rates include an administrative expense rate of 0.22 percent.

**Plan 3 defined benefit portion only.

***Variable from 5% to 15% based on rate selected by the member.

Teachers' Retirement System (TRS)

Each biennium the state Pension Funding Council adopts Plan 1 employer contribution rates, Plan 2 employer and employee contribution rates, and Plan 3 employer contribution rates. Employee contribution rates for Plan 1 are established by statute at 6 percent for state agencies and local government unit employees, and at 7.5 percent for state elected officials. . The employer and employee contribution rates for Plan 2 and the employer contribution rate for Plan 3 are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. All employers are required to contribute at the level established by the Legislature. There are no employer contributions to TRS Plan 3 defined contribution. Employees who participate in the defined contribution portion of TRS Plan 3 contribute to the defined contribution plan instead of the defined benefit portion of TRS Plan 3. The employee chooses from six rate options provided in statute ranging from 5 to 15 percent, two of the options are graduated rates dependent on the employee's age. The Employee Retirement Benefits Board sets Plan 3 employee contribution rates.

The methods used to determine the contribution requirements are established under state statute in accordance with chapters 41.32 and 41.45 RCW.

Required contribution rates (expressed as a percentage of current-year covered payroll) at the close of Fiscal Year 2004 were as follows:

TRS Actual Contribution Rates

	PLAN 1	PLAN 2	PLAN 3
Employer Rates *	1.39%	1.39%	1.39%**
Employee Rates:			
State agencies	6.00%	0.87%	***
Local governmental units	6.00%	0.87%	***
State gov't elected officials	7.50%	0.87%	***

*The employer rates include an administrative expense rate of 0.22 percent.

** Plan 3 defined benefit portion only.

*** Variable from 5% to 15% based on rate selected by the member.

School Employees' Retirement System (SERS)

Each biennium the state Pension Funding Council adopts Plan 2 employer and employee contribution rates and Plan 3 employer contribution rates. The employer and employee contribution rates for Plan 2 and the employer contribution rate for Plan 3 are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. All employers are required to contribute at the level established by the Legislature. There are no employer contributions to SERS Plan 3 defined contribution. Employees who participate in the defined contribution portion of SERS Plan 3 contribute to the defined contribution plan instead of the defined benefit portion of SERS Plan 3. The employee chooses from six rate options provided in statute ranging from 5 to 15 percent, two of the options are graduated rates dependent on the employee's age. The Employee Retirement Benefits Board sets Plan 3 employee contribution rates.

The methods used to determine the contribution requirements are established under state statute in chapters 41.35 and 41.45 RCW.

Required contribution rates (expressed as a percentage of current year covered payroll) at the close of Fiscal Year 2004 were as follows:

SERS Actual Contribution Rates

	PLAN 2	PLAN 3
Employer Rates:		
State agencies*	1.07%	1.07% **
Local governmental units*	1.07%	1.07% **
Employee Rates:		
State Agencies	0.85%	***
Local Governmental Units	0.85%	***

*The employer rates include an administrative expense rate of 0.22 percent.

**Plan 3 defined benefit portion only.

***Variable from 5% to 15% based on rate selected by the member.

Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF)

Beginning July 1, 2000, Plan 1 employers and employees contribute zero percent as long as the plan remains fully funded. Employer and employee contribution rates are developed by the Office of the State Actuary to fully fund the plan. Plan 1 employers and employees are required to pay at the level adopted by the Department of Retirement Systems in accordance with chapter 41.45 RCW. All employers are required to contribute at the level required by state statute.

Required contribution rates (expressed as a percentage of current year covered payroll) at the close of Fiscal Year 2004 were as follows:

LEOFF Actual Contribution Rates		
	PLAN 1	PLAN 2
Employer Rates:		
Ports and Universities*	NA	5.29%
Local governmental units* (cities, counties, fire districts, etc)	0.22%	3.26%
Employee Rates:		
Ports and Universities	NA	5.07%
Local governmental units (cities, counties, fire districts, etc)	NA	5.07%
State of Washington	NA	2.03%

*The employer rates include an administrative expense rate of 0.22 percent.

The Legislature, by means of a special funding arrangement, appropriated money from the state General Fund to supplement the current service liability and fund the prior service costs of Plan 1 in accordance with the requirements of the Pension Funding Council. However, this special funding situation is not mandated by the State Constitution and this funding requirement could be returned to the employers by a change of statute. For Fiscal Year 2004, the state contributed \$20.2 million to LEOFF Plan 2.

Washington State Patrol Retirement System (WSPRS)

State statute (chapter 43.43 RCW) obligates employees to contribute at a fixed rate of 2 percent for Fiscal Year 2004. The Pension Funding Council in accordance with chapter 41.45 RCW adopts contribution rates for the employee and the state. The employee and the state are required to contribute at the level required by state statute.

Required contribution rates (expressed as a percentage of current year covered payroll) at the close of Fiscal Year 2004 were as follows:

WSPRS Actual Contribution Rates		
	PLAN 1	PLAN 2
Employer rate	NA	NA
Employee rate	2.00%	2.00%

Judicial Retirement System (JRS)

Contributions made are based on rates set in chapter 2.10 RCW. By statute, employees are required to contribute 7.5 percent with an equal amount contributed by the state. In addition, the state guarantees the solvency of the JRS on a pay-as-you-go basis. Each biennium, the Legislature, through biennial appropriations from the state General Fund, contributes amounts sufficient to meet benefit payment requirements. For Fiscal Year 2004, the state contributed \$6 million.

Judges' Retirement Fund (Judges)

Contributions made are based on rates set in chapter 2.12 RCW. By statute, employees are required to contribute 6.5 percent with an equal amount contributed by the state. In addition, the state guarantees the solvency of the Judges' Retirement Fund on a pay-as-you-go basis. Each biennium, the Legislature, through biennial appropriations from the state General Fund, contributes amounts sufficient to meet benefit payment requirements. For Fiscal Year 2004, the state contributed \$0.5 million.

The Volunteer Fire Fighters' and Reserve Officers' Relief and Pension Fund (VFFRPF)

The retirement provisions of VFFRPF is funded through member contributions of \$30 per year, employer contributions of \$30 per year, and 40 percent of the Fire Insurance Premium Tax, as per chapter 41.24 RCW. VFFRPF members earn no interest on contributions and may elect to withdraw their contributions upon termination. The death and disability provisions of VFFRPF are funded by an employer contribution rate of \$10 per member.

Administrative expenses are funded through fire insurance premium taxes and are maintained in a separate fund. Amounts not needed for administrative expenses are transferred to VFFRPF.

D. Employer Contributions Required and Paid

The following table presents the state of Washington's required contributions in millions of dollars to cost-sharing plans in accordance with the funding policy. All contributions required by the funding method were paid.

	2004	2003	2002
PERS Plan 1	\$11.5	\$28.8	\$35.3
PERS Plan 2/3	34.3	18.5	26.2
TRS Plan 1	0.3	0.6	1.7
TRS Plan 2/3	0.2	0.1	0.4
SERS Plan 2/3	0.0	0.0	0.0
LEOFF Plan 1	0.0	0.0	0.0
LEOFF Plan 2	20.5	16.6	15.8
VFFRPF	4.4	3.3	3.3

There are no long-term contracts for contributions for any of the retirement plans administered by the state.

E. Annual Pension Cost and Net Pension Obligation

The state's annual pension cost and net pension obligation (NPO), in millions, to the plans listed for the current year were as follows:

	WSPRS	JRS	Judges
Annual Required Contribution	\$2.6	\$18.5	\$0.2
Interest on NPO	(2.3)	4.0	(0.2)
Adjustment to annual required contribution	3.5	(10.7)	0.6
Annual Pension Cost	3.8	11.8	0.6
Less Contributions Made	0.0	6.2	0.5
Increase (decrease) in NPO	3.8	5.6	0.1
NPO at beginning of year	(28.4)	49.9	(2.7)
NPO at end of year	(24.6)	55.5	(2.6)

The valuation date for the plans is September 30, 2003. The actuarial cost method for WSPRS is aggregate and for JRS and Judges is entry age normal. The unfunded or surplus amount is being amortized as a level dollar amount to December 31, 2008, for Judges and JRS. All other methods and assumptions are the same as used in funding and disclosed in "Notes to the Required Supplementary Information – Defined Benefit Pension Plans."

F. Three Year Trend Information

The following table presents three-year trend information in millions for the plans listed:

	2004	2003	2002
WSPRS			
Annual Pension Cost	\$3.8	\$1.2	\$1.3
% of APC contributed	0.0	0.0	0.0
NPO	\$(24.6)	\$(28.4)	\$(29.6)
JRS			
Annual Pension Cost	\$11.8	\$11.4	\$10.7
% of APC contributed	52.5	54.6	57.9
NPO	\$55.5	\$49.9	\$44.7
Judges			
Annual Pension Cost	\$0.6	\$0.4	\$0.5
% of APC contributed	83.3	75.0	60.0
NPO	\$(2.6)	\$(2.7)	\$(2.8)

There are no long-term contracts for contributions for any of the retirement plans administered by the state.

G. Changes in Actuarial Assumptions and Methods

A 30 percent market corridor was added to the asset valuation method for PERS, TRS, SERS, LEOFF and WSPRS. The corridor did not affect the results of the 9/30/03 actuarial valuations as the actuarial values of assets were within the 70 percent to 130 percent market value of assets corridor.

The methods used for the actuarial valuations were changed to include the value of gain-sharing benefits for PERS, TRS, and SERS. The revised methods were used for GASB purposes beginning with the 9/30/02 valuations, and for funding purposes beginning with the 9/30/03 valuations.

H. Changes in Benefit Provisions

As noted in Note 11B, the 2004 legislative session provided for the following changes in benefit provisions: A \$1,000 minimum monthly benefit is established in PERS Plan 1 and TRS Plan 1, before optional payment reductions, for those members with at least 25 years of service and who have been retired at least 20 years.

Members of LEOFF Plan 2 who leave service because of a line of duty disability may be eligible to receive a retirement allowance of at least 10 percent of final average salary.

Survivors of a LEOFF Plan 2 member with 10 years of service who is killed in the course of employment will receive retirement benefits without actuarial reduction.

Beneficiaries of a WSPRS Plan 2 member with 10 years of service who is killed in the course of employment will receive retirement benefits without actuarial reduction.

Chapter 242, Laws of 2004 creates the Public Safety Employees Retirement System (PSERS) effective July 1, 2006. The current actuarial valuations have not been adjusted for this law.

I. Defined Contribution Plans

Public Employees' Retirement System Plan 3 (PERS 3)

The Public Employees' Retirement System (PERS) Plan 3 is a combination defined benefit/defined contribution plan administered by the state through the Department of Retirement Systems (DRS). Eligible employees include: elected officials; state employees; employees of the Supreme, Appeals, and Superior Courts (other than judges currently in a judicial retirement system); employees of legislative committees; community and technical colleges, college and university employees not in national higher education retirement programs such as Teachers' Insurance and Annuity Association/College Retirement Equity Fund (TIAA/CREF); judges of district and municipal courts; and employees of local governments. PERS participants who joined on or after October 1, 1977, and by either, February 28, 2002, for state and higher education employees, or August 31, 2002, for local government employees, are Plan 2 members unless they exercise an option to transfer their membership to Plan 3. PERS participants who joined the system on or after March 1, 2002, for state and higher education employees, or September 1, 2002, for local government employees have the irrevocable option of choosing membership in either PERS Plan 2 or PERS Plan 3. The option must be exercised within 90 days of employment. An employee is reported in Plan 2 until a choice is made. Employees who fail to choose within 90 days default to PERS Plan 3. Refer to section B of this note for PERS plan descriptions.

PERS Plan 3 has a dual benefit structure. Employer contributions finance a defined benefit component, and member contributions finance a defined contribution component. As established by RCW 41.40, employee contribution rates to the defined contribution component range from 5 to 15 percent of salaries based on member choice. There are currently no requirements for employer contributions to the defined contribution component of PERS Plan 3.

PERS Plan 3 defined contribution retirement benefits are solely dependent upon the results of investment activities. Members may elect to self-direct the investment of their contributions as authorized by the Employee Retirement Benefits Board. Any expenses caused in conjunction with self-directed investments are to be paid by members. Absent a member's self-direction, PERS Plan 3 investments are made in the same portfolio as that of the PERS 2/3 defined benefit plan.

For Fiscal Year 2004, employee contributions required and made were \$53.2 million, and plan refunds paid out were \$26.6 million.

Teachers' Retirement System Plan 3 (TRS 3)

The Teachers' Retirement System (TRS) Plan 3 is a combination defined benefit/defined contribution plan administered by the state through the Department of Retirement Systems (DRS). Eligible employees include certificated employees in grades K-12 in the public schools. TRS participants who joined on or after October 1, 1977, and by June 30, 1996, are Plan 2 members unless they exercised an option to transfer their membership to Plan 3. TRS participants joining the system on or after July 1, 1996, and those who exercised their transfer option, are members of TRS Plan 3. Refer to Section B of this note for TRS plan descriptions.

TRS Plan 3 has a dual benefit structure. Employer contributions finance a defined benefit component, and member contributions finance a defined contribution component. As established by RCW 41.34, employee contribution rates to the defined contribution component range from 5 to 15 percent of salaries based on member choice. There are currently no requirements for employer contributions to the defined contribution component of TRS Plan 3.

TRS Plan 3 defined contribution retirement benefits are solely dependent upon the results of investment activities. Members may elect to self-direct the investment of their contributions as authorized by the Employee Retirement Benefits Board. Any expenses caused in conjunction with self-directed investments are to be paid by members. Absent a member's self-direction, TRS Plan 3 investments are made in the same portfolio as that of the TRS 2/3 defined benefit plan.

For Fiscal Year 2004, employee contributions required and made were \$173.1 million and plan refunds paid out were \$25.9 million.

School Employees' Retirement System Plan 3 (SERS 3)

The School Employees' Retirement System (SERS) Plan 3 is a combination defined benefit/defined contribution plan administered by the state through the Department of Retirement Systems (DRS). Eligible employees include classified employees of school districts and educational service districts who joined PERS Plan 2 on or after October 1, 1977, and by August 31, 2000, and were transferred to SERS Plan 2 on September 1, 2000. Members transferred from PERS Plan 2 to SERS Plan 2 may exercise an option to transfer their membership to SERS Plan 3. SERS participants joining the system on or after September 1, 2000, are also members of SERS Plan 3. Refer to Section B of this note for SERS plan descriptions.

SERS Plan 3 has a dual benefit structure. Employer contributions finance a defined benefit component, and member contributions finance a defined contribution component. As established by RCW 41.35, employee contribution rates to the defined contribution component range from 5 to 15 percent of salaries based on member choice. There are currently no requirements for employer contributions to the defined contribution component of SERS Plan 3.

SERS Plan 3 defined contribution retirement benefits are solely dependent upon the results of investment activities. Members may elect to self-direct the investment of their contributions as authorized by the Employee Retirement Benefits Board. Any expenses caused in conjunction with self-directed investments are to be paid by members. Absent a member's self-direction, SERS Plan 3 investments are made in the same portfolio as that of the SERS 2/3 defined benefit plan.

For Fiscal Year 2004, employee contributions required and made were \$43.8 million and plan refunds paid out were \$12.4 million.

Judicial Retirement Account (JRA)

The Judicial Retirement Account Plan was established by the Legislature in 1988 to provide supplemental retirement benefits. It is a defined contribution plan administered by the state Office of the Administrator for the Courts, under the direction of the Board for Judicial Administration. Membership includes judges elected or appointed to the Supreme Court, Court of Appeals, and Superior Courts, and who are members of the PERS for their services as a judge. Vesting is full and immediate. There are three participating employers in JRA.

Member contributions equal 2.5 percent of covered salary and the state, as employer, matches this amount. Contributions are collected by the Office of the Administrator for the Courts. The employer and employee obligations to contribute are established per chapter 2.14 RCW. Plan provisions and contribution requirements are established in state statute and may be amended only by the State Legislature.

Current-year covered payroll for JRA employees was \$22.8 million for the fiscal year ended June 30, 2004. For Fiscal Year 2004, the contribution requirement for JRA was \$1.1 million. Actual employer and employee contributions were \$570 thousand each, for a total of \$1.1 million. Plan benefits paid out for Fiscal Year 2004 totaled \$282 thousand.

A JRA member who separates from judicial service for any reason is entitled to receive a lump-sum distribution of the accumulated contributions. If a member dies, the amount of accumulated contributions standing to the member's credit at the time of the member's death shall

be paid to such a person or persons having an insurable interest in the member's life, per written designation of the member.

Teachers' Insurance and Annuity Association/College Retirement Equity Fund (TIAA/CREF)

TIAA/CREF, privately administered defined contribution plans, provide individual retirement fund contracts for each eligible employee. There are 37 state participating employers in the TIAA/CREF plan. Eligible employees include higher education faculty and other positions as designated by each institution; participation was established under chapter 28B.10 RCW. The employee must commence participation within the first two years of employment. Once eligible to participate in this system, members are vested immediately.

Employee contribution rates, which are based on age, range from 5 to 10 percent of salary. These rates are matched by the institution and sent to TIAA/CREF. The employer and employee obligations to contribute are established per chapter 28B.10 RCW. For Fiscal Year 2004, covered payroll for TIAA/CREF employees was \$1.3 billion and the contribution requirement for TIAA/CREF was \$215 million. Actual employer and employee contributions were \$107 million each, for a total of \$215 million. These contribution amounts represent approximately 8 percent each of covered payroll for employers and employees.

TIAA/CREF benefits are payable upon termination at the member's option unless the participant is reemployed in another institution which participates in TIAA/CREF. Upon retirement, participant accumulations are used to purchase an annuity. The benefits are determined as follows: TIAA - accumulations are converted to a fixed guaranteed annuity payable for life. In addition to the guaranteed annuity, a dividend payment is declared each year depending on investment performance; CREF - at retirement the value of the fund is converted to a variable annuity. This means the annuity is not guaranteed but rises and falls with the value of equity investments.

J. Plan Net Assets and Changes in Plan Net Assets

Pension plan investments are presented at fair value. Fair values are based on published market prices, quotations from national security exchanges and security pricing services, or by the respective fund managers for securities that are not actively traded. Privately held mortgages are valued at cost, which approximates fair value. Certain pension trust fund investments, including real estate and private equity, are valued based on appraisals or independent advisors. The pension funds have no investments of any commercial or industrial organization whose market value exceeds five percent of

each plan's net assets. Additional disclosure describing investments is provided in Note 3.

The Combining Statement of Changes in Plan Net Assets presents the additions and deductions to plan net assets.

The Combining Statement of Plan Net Assets that follows presents the principal components of receivables, investments, and liabilities.

Note 12 - Commitments and Contingencies

A. Construction and Other Commitments

Outstanding commitments related to state facility construction, improvement, and/or renovation totaled \$2.3 billion at June 30, 2004.

B. Summary of Significant Litigation

The state and its agencies are parties to numerous routine legal proceedings that normally occur in governmental operations. At any given point, there may be numerous lawsuits involving state agencies that could impact expenditures. There is a recurring volume of tort and other claims for compensation and damages against the state and some specific state agencies, including the Departments of Transportation, Corrections, Social and Health Services, and the University of Washington. A significant portion of pending litigation relates to the implementation of specific state programs, and funds are reserved each biennium for handling this litigation. The collective impact of these claims, however, is not likely to have a material impact on state revenues or expenditures.

Social Service Program Administration Litigation

During the reporting period, there have been additional challenges or developments in pending cases involving the administration of state social service programs. These include:

Pierce County, et al. v. DSHS, et al. This case is a challenge to the state's mental health system, which contemplates a joint state-local responsibility for providing a continuum of services. The county asserts that the state agency and the Legislature have failed in their duty to provide care for the mentally ill and developmentally disabled. If relief is granted to the plaintiff, it is difficult to estimate the cost to the agency to comply with the court order but program costs of \$5 million annually are possible, with additional damages of \$1 to \$5 million or higher.

Arc of Washington v. Quasim; Boyle v. Braddock. Both of these cases involve challenges to DSHS's administration of programs for developmentally disabled clients. A proposed settlement in the *Arc* case was rejected by the federal court and the case was dismissed. An appeal was taken by plaintiffs to the Ninth Circuit Court of Appeals. The *Boyle* case is a related class action, also dismissed by the federal district court and with an appeal also pending. Biennial costs of providing the expanded program services sought by the so far unsuccessful plaintiffs range from approximately \$165 to \$222 million.

Braam v. State. This case involves several years of litigation over the state's foster care system. A post-appeal mediation has resulted in a plan to implement changes in the system. DSHS estimates a cost of approximately \$50 million to comply with the settlement.

Townsend v. Braddock. This is a class action on behalf of elderly and disabled adults under the Americans with Disabilities Act (ADA). At issue is whether there will be an expansion of eligibility for a home and community based care program (COPES-like program). Potential costs to the state are unknown but could be in the \$5 million per year range. The case is currently stayed.

Higher Education Litigation

School Districts' Alliance for Adequate Funding of Special Education v. State. Plaintiffs, a group of school districts, challenge the Legislature's funding formula for special education. The case has a potential fiscal impact of \$200 million a biennium. There is also a threatened challenge to the state's funding of all basic education, which would be an even more significant financial exposure for the state. That lawsuit is expected within the next six to twelve months, if not sooner.

Brown and WEA v. State. Plaintiffs challenge the Legislature's funding of two learning improvement days instead of three, alleging a violation of Initiative 732. The potential fiscal impact is in the range of \$15 to \$60 million.

Personnel Administration

WPEA v. State. In this class action, employees in "common classes" in general government agencies and higher education institutions seek back pay representing salary differentials between higher and lower paid in each set of common classes. The potential fiscal impact is \$10 million per year, beginning in 1996.

Tax and Medical Assistance Litigation

There is a recurring volume of lawsuits seeking refunds of taxes paid to the state. All are not reported here. However, *Estate of Hemphill v. Department of Revenue* is a significant estate tax case pending in the State Supreme Court. Should the Department of Revenue not prevail, the refund amounts at issue are approximately \$36 million for 2002, \$65 million for 2003, \$96 million for 2004, and \$113 million in 2005.

There also have in the past been a number of cases involving Medicaid reimbursement claims of significant magnitude or claims related to DSHS medical reimbursement programs. Two cases are currently of significance:

Capital Medical Center v. State. This case involves reimbursement to hospitals for emergency care provided to indigent patients. The potential fiscal impact is \$20 million.

Group Health v. DSHS. This is a breach of contract claim involving disenrollment of SSI receipts. The potential fiscal impact is estimated at above \$14 million.

Natural Resources/State Land Management

U.S. v. Washington - Phase II treaty rights litigation. WSDOT has estimated \$200 million in remedial costs associated with existing fish passage barriers which they intend to address over the next 20 years. The Tribes are seeking some “significantly” accelerated remedial schedule and possible a broader definition of “fish passage barrier.” Either result would likely have a significant financial impact on WSDOT. This case has been in settlement discussions for the past two years. In a recent development, the case is now heading to trial (trial date to be established). An earlier trial date and accelerated remedial schedule could increase the short-term liability to the state.

C. Federal Assistance

The state has received federal financial assistance for specific purposes that are generally subject to review or audit by the grantor agencies. Entitlement to this assistance is generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of assistance for allowable purposes. Any disallowance resulting from a review or audit may become a liability of the state. The state does estimate and recognize a claims and judgments liability for disallowances when determined by the grantor agency or for probable disallowances based on experience pertaining to these grants; however, these recognized liabilities and any unrecognized disallowances are considered immaterial to the state’s overall financial condition.

D. Arbitrage Rebate

Rebatable arbitrage is defined by the Internal Revenue Service Code Section 148 as earnings on investments purchased from the gross proceeds of a bond issue that are in excess of the amount that would have been earned if the investments were invested at a yield equal to the yield on the bond issue. The rebatable arbitrage must be

paid to the federal government. State agencies and universities responsible for investments from bond proceeds carefully monitor their investments to restrict earnings to a yield less than the bond issue, and therefore limit any state arbitrage liability. The state estimates that rebatable arbitrage liability, if any, will be immaterial to its overall financial condition.

E. Other Commitments and Contingencies

School Bond Guarantee Program

Washington voters passed a constitutional amendment in November 1999, creating the Washington State School Bond Guarantee Program. The program’s purpose is to provide savings to state taxpayers by pledging the full faith and credit of the state of Washington to the full and timely payment of voter-approved school district general obligation bonds in the event a school district is unable to make a payment. The issuing school district remains responsible for the repayment of the bonds, including any payment the state makes under the guarantee.

The State Treasurer introduced the School Bond Guarantee Program in March 2000. At the end of Fiscal Year 2004, the state had guaranteed 157 school districts’ voter-approved general obligation debt with a total outstanding principal of \$3.8 billion. The state estimates that school bond guarantee liability, if any, will be immaterial to its overall financial condition.

Local Option Capital Asset Lending Program (LOCAL)

On September 1, 1998, the state lease-purchase program was extended to local governments seeking low cost financing of essential equipment. The program allows local governments to pool their financing requests together with Washington State agencies in Certificates of Participation (COPs). Refer to Note 7.B for the state’s COP disclosure. These COP’s do not constitute a debt or pledge of the faith and credit of the state, rather local governments pledge their full faith and credit in a general obligation pledge. In the event that any local government fails to make any payment, the state is obligated to withhold an amount sufficient to make such payment from the local government’s share, if any, of state revenues or other amounts authorized or required by law to be distributed by the state to such local government, if otherwise legally permissible. Upon failure of any local government to make a payment, the state is further obligated, to the extent of legally available appropriated funds to make such payment on behalf of such local government. The local government remains obligated to make all COP payments and reimburse the state for any conditional payments.

As of June 30, 2004, outstanding certificates of participation notes totaled \$43 million for 165 local governments participating in LOCAL. The state estimates that LOCAL program liability, if any, will be immaterial to its overall financial condition.

Office Building Lease

The 2001 Legislature authorized the state to lease-develop an office building in Tumwater, Washington. On October 23, 2003, the state entered into a ground lease and a lease agreement with Tumwater Office Properties (TOP), a Washington nonprofit corporation. The agreements call for TOP to design and construct an

office building and to finance it with tax-exempt obligations that meet the requirements of Revenue Ruling 63-20 and Revenue Procedure 82-26 issued by the Internal Revenue Service. The state is required to make monthly payments that equal the required debt service on the bonds. Additional amounts may also be due per the terms of the lease agreement. The lease agreements provide the state with options to purchase the building during the term of the lease and transfer ownership of the building to the state at the end of the lease. The office building is scheduled for occupancy in September 2005.

Note 13 - Subsequent Events

A. Bond Issues

In July 2004, the state issued \$45.4 million in General Obligation Taxable Bonds, Series 2005T.

In July 2004, the state issued \$350 million in Various Purpose General Obligation Bonds, Series 2005A, \$173.7 million in Motor Vehicle Fuel Tax General Obligation Bonds, Series 2005B, and \$65 million in Motor Vehicle Fuel Tax General Obligation Bonds, Series, 2005C.

B. Certificates of Participation

In July 2004, the state issued \$38.9 million in Certificates of Participation for various state and local government equipment purchases, Series 2004D.

In September 2004, the state issued \$9.8 million in Certificates of Participation for various state and local government equipment purchases, Series 2004E.

In November 2004, the state issued \$8.5 million in Certificates of Participation for various state and local government equipment purchases, Series 2004F.

In December 2004, the state issued \$12 million in Certificates of Participation for various state and local government equipment purchases, Series 2004G.

Budgetary Information

Notes to Required Supplementary Information

General Budgetary Policies and Procedures

The Governor is required to submit a budget to the state Legislature no later than December 20 of the year preceding odd-numbered year sessions of the Legislature. The budget is a proposal for expenditures in the ensuing biennial period based upon anticipated revenues from the sources and rates existing by law at the time of submission of the budget. The Governor may additionally submit, as an appendix to the budget, a proposal for expenditures in the ensuing biennium from revenue sources derived from proposed changes in existing statutes.

The appropriated budget and any necessary supplemental budgets are legally required to be adopted through the passage of appropriation bills by the Legislature and approved by the Governor. Operating appropriations are generally made at the fund/account and agency level; however, in a few cases, appropriations are made at the fund/account and agency/program level. Operating appropriations cover either the entire biennium or a single fiscal year within the biennium. Capital appropriations are biennial and are generally made at the fund/account, agency, and project level.

The legal level of budgetary control is at the fund/account, agency, and appropriation level, with administrative controls established at lower levels of detail in certain instances. The accompanying budgetary schedules are not presented at the legal level of budgetary control. This is due to the large number of appropriations within individual agencies that would make such a presentation in the accompanying financial schedules extremely cumbersome. Section 2400.121 of the GASB Codification of Governmental Accounting and Financial Reporting Standards provides for the preparation of a separate report in these extreme cases. For the state of Washington, a separate report has been prepared for the 2003-2005 Biennium to illustrate legal budgetary compliance. Appropriated budget versus actual expenditures, and estimated versus actual revenues and other financing sources (uses) for appropriated funds at agency and appropriation level are presented in Report CAF1054 for governmental funds. A copy of this report is available at the Office of Financial Management, 6639 Capitol Boulevard, PO Box 43113, Olympia, Washington 98504-3113.

Legislative appropriations are strict legal limits on expenditures/expenses, and overexpenditures are

prohibited. All appropriated and certain nonappropriated funds are further controlled by the executive branch through the allotment process. This process allocates the expenditure/expense plan into monthly allotments by program, source of funds, and object of expenditure. According to statute RCW 43.88.110(2), except under limited circumstances, the original allotments are approved by the Governor and may be revised on a quarterly basis and must be accompanied by an explanation of the reasons for significant changes. Because allotments are not the strict legal limit on expenditures/expenses, the budgetary schedules presented as required supplementary information (RSI) are shown on an appropriation versus actual comparison rather than an allotment versus actual comparison.

Proprietary funds typically earn revenues and incur expenses (i.e., depreciation or budgeted asset purchases) not covered by the allotment process. Budget estimates are generally made outside the allotment process according to prepared business plans. These proprietary fund business plan estimates are adjusted only at the beginning of each fiscal year.

Additional fiscal control is exercised through various means. OFM is authorized to make expenditure/expense allotments based on availability of unanticipated receipts, mainly federal government grant increases made during a fiscal year. State law does not preclude the over expenditure of allotments, although RCW 43.88.110(3) requires that the Legislature be provided an explanation of major variances.

Operating encumbrances lapse at the end of the applicable appropriation. Capital outlay encumbrances lapse at the end of the biennium unless reappropriated by the Legislature in the ensuing biennium. Encumbrances outstanding against continuing appropriations at fiscal year end are reported as reservations of fund balance.

Budgetary Reporting versus GAAP Reporting

Governmental funds are budgeted materially in conformance with GAAP. However, the presentation in the accompanying budgetary schedules is different in certain respects from the corresponding Statements of Revenues, Expenditures, and Changes in Fund Balance (governmental operating statement). In the accompanying budgetary schedules, budget and actual expenditures are reported only for appropriated activities. Expenditures are classified based on whether the appropriation is from the operating or capital budget. Expenditures funded by operating budget appropriations are reported as current expenditures classified by the function of the agency receiving the appropriation. Expenditures funded by capital budget appropriations are reported as capital outlays.

However, in the governmental operating statements, all governmental funds are included and expenditures are classified according to what was actually purchased. Capital outlays are fixed asset acquisitions such as land, buildings, and equipment. Debt service expenditures are principal and interest payments. Current expenditures are all other governmental fund expenditures classified based on the function of the agency making the expenditures.

Additionally, certain governmental activities are excluded from the budgetary schedules because they are not appropriated. These activities include: activities designated as nonappropriated by the Legislature, such as the Higher Education Special Revenue Fund, Higher Education Endowment Fund, federal surplus food commodities, electronic food stamp benefits, capital

leases, note proceeds, and resources collected and distributed to other governments.

Further, certain expenditures are appropriated as operating transfers. These transfers are reported as operating transfers on the budgetary schedules and as expenditures on the governmental operating statements. The factors contributing to the differences between the Budgetary Comparison Schedule and the Statement of Revenues, Expenditures, and Changes in Fund Balance are noted in the previous Budget to GAAP reconciliation.

Budgetary Fund Balance includes the following as reported on the Governmental Funds Balance Sheet: Unreserved, undesignated fund balance; Unreserved fund balance, designated for other specific purposes; and Reserved for encumbrances.

The Annual Required Contribution (ARC) changes each year with the experience of the plans. Factors influencing the experience include changes in funding methods, assumptions, plan provisions, and economic and demographic gains and losses. The methods used to derive the ARC for this accounting disclosure are different from that used to derive the actual contributions required by law. These differences include the use of different actuarial valuations (actual contributions may be based on an earlier valuation), and different actuarial cost methods. For these reasons the actual contributions will not match the Annual Required Contributions.

** SERS did not exist prior to 9/1/2000

N/A indicates data not applicable.

* Asset Valuation Method (8 year smoothed fair value): The actuarial value of assets is calculated under an adjusted market value method by starting with the market value of assets. For subsequent years the actuarial value of assets is determined by adjusting the market value of assets to reflect the difference between the actual investment return and the expected investment return during each of the last 8 years or, if fewer, the completed years since adoption, at the following rates per year (annual recognition):

Annual Gain/Loss			Annual Gain/Loss		
Rate of Return	Smoothing Period	Annual Recognition	Rate of Return	Smoothing Period	Annual Recognition
15% and up	8 years	12.50%	6-7%	2 years	50.00%
14-15%	7 years	14.29%	5-6%	3 years	33.33%
13-14%	6 years	16.67%	4-5%	4 years	25.00%
12-13%	5 years	20.00%	3-4%	5 years	20.00%
11-12%	4 years	25.00%	2-3%	6 years	16.67%
10-11%	3 years	33.33%	1-2%	7 years	14.29%
9-10%	2 years	50.00%	1% and lower	8 years	12.50%
7-9%	1 year	100.00%			

The actuarial value of assets is subject to a 30% market corridor, so it will lie between 70% and 130% of the market value of assets.

** The Uniform COLA and Gainsharing COLA.

Generally, all retirees over age 66 receive an increase in their monthly benefit at least once a year.

The Gainsharing COLA is added every even-numbered year if certain extraordinary investment gains are achieved.

In 1998 it was \$0.11. On 1/1/2000 it was \$0.28 per year of service. On 1/1/2002 and 1/1/2004 no Gainsharing COLA was added.

The Uniform COLA increase is added every July. The next Uniform COLA amount is calculated as the last Uniform COLA amount plus any Gainsharing COLA amount, all increased by 3%.

On 7/1/2000, it was $(\$0.77 + \$0.28) \times 1.03 = \$1.08$. On 7/1/2001, it was $(\$1.08 + \$0.00) \times 1.03 = \$1.11$.

On 7/1/2002, it was $(\$1.11 + \$0.00) \times 1.03 = \$1.14$. On 7/1/2003, it was $(\$1.14 + \$0.00) \times 1.03 = \$1.18$.

On 7/1/2004, it was $(\$1.18 + \$0.00) \times 1.03 = \$1.21$.

*** The aggregate cost method does not identify or separately amortize unfunded actuarial liabilities.

**** The entry age method uses pay-as-you-go as the basis for funding JRS and Judges.

Information about Infrastructure Assets Reported Using the Modified Approach

Condition Assessment

Pavement Condition

The Washington State Department of Transportation (WSDOT) owns and maintains 19,970 lane miles of highway, including ramps, collectors and special use lanes. The inclusion of special use lanes and lanes under construction in the total lane miles of highway is new this year. Special use lane miles include slow vehicle, two way turn, chain up, turn/accelerate, transit and HOV lanes. Special use lanes account for 714 of the total lane miles of highway. Lanes under construction account for 26 additional lane miles.

WSDOT has been rating pavement condition since 1969. Pavement rated in *good* condition is smooth and has few defects. Pavement in *poor* condition is characterized by cracking, patching, roughness and rutting. Pavement condition is rated using three factors: Pavement Structural Condition (PSC), International Roughness Index (IRI), and Rutting.

In 1993 the Legislature required WSDOT to rehabilitate pavements at the Lowest Life Cycle Cost (LLCC), which

has been determined to occur at a PSC range between 40 and 60, or when triggers for roughness or rutting are met. The trend over the last six years has shown that the percentage of pavements in poor or very poor condition has remained fairly stable at 8 to 10 percent except in 2000 when it was at 6.1 percent. WSDOT uses LLCC analysis to manage its pavement preservation program. The basic principles are rather simple – if rehabilitation is done too early, pavement life is wasted; if rehabilitation is done too late, very costly repair work may be required, especially if the underlying structure is compromised. WSDOT continually looks for ways to best strike the balance between these two basic principles while recognizing the goal for pavements is zero miles in ‘poor’ condition and marginally good pavements may deteriorate into poor condition during the lag time between assessment and actual rehabilitation. As a result, a small percentage of marginally good pavements will move into the ‘poor’ condition category for any given assessment period.

The Department of Transportation manages State Highways targeting the lowest life cycle cost per the Pavement Management System due date. While the department has a long-term goal of no pavements in poor condition (a pavement condition index less than 40, on a

100 point scale), the policy for the current biennium is to maintain 90 percent of all highway pavement types at a pavement condition index of 40 or better with no more

than 10 percent of its highways at a pavement condition index below 40. The most recent assessment found that State Highways were within the prescribed parameters

with only 10 percent of all pavement types with a pavement condition index below 40.

WSDOT uses the following scale for Pavement Structural Condition (PSC):

Category	PSC Range	Description
Very Good	80 – 100	Little or no distress. Example: Flexible pavement with 5% of wheel track length having “hairline” severity alligator cracking will have a PSC of 80.
Good	60 - 80	Early stage deterioration. Example: Flexible pavement with 15% of wheel track length having “hairline” alligator cracking will have a PSC of 70.
Fair	40 - 60	This is the threshold value for rehabilitation. Example: Flexible pavement with 25% of wheel track length having “hairline” alligator cracking will have a PSC of 50.
Poor	20 - 40	Structural deterioration. Example: Flexible pavement with 25% of wheel track length having “medium (spalled)” severity alligator cracking will have a PSC of 30.
Very Poor	0 - 20	Advanced structural deterioration. Example: Flexible pavement with 40% of wheel track length having “medium (spalled)” severity alligator cracking will have a PSC of 10. May require extensive repair and thicker overlays.

The PSC is a measure based on distresses such as cracking and patching, which are related to the pavement’s ability to carry loads. Pavements develop structural deficiencies due to truck traffic and cold weather. WSDOT attempts to program rehabilitation for pavement segments when they are projected to reach a PSC of 50. A PSC of 50 can occur due to various amounts and severity of distress. Refer to the table above for examples for flexible pavements such as asphalt. For rigid pavements (such as Portland cement concrete), a PSC of 50 represents 50 percent of the concrete slabs exhibiting joint faulting with a severity of 1/8 to 1/4 inch (faulting is the elevation difference at slab joints and results in a rough ride – particularly in large trucks). Further, a PSC of 50 can also be obtained if 25 percent of concrete slabs exhibit two to three cracks per panel.

The International Roughness Index (IRI) uses a scale in inches per mile. Rutting is measured in millimeters. The three indices (PSC, IRI, and Rutting) are combined to rate a section of pavement, which is assigned the lowest category of any of the three ratings. The following table shows the combined explanatory categories and the ratings for each index.

Category	PSC	IRI	Rut
Very Good	100 – 80	< 95	< 4
Good	80 – 60	95 – 170	4 – 8
Fair	60 – 40	170 – 220	8 – 12
Poor	40 – 20	220 – 320	12 – 16
Very Poor	0 – 20	> 320	> 16

Beginning in 1999, the pavement distress survey procedure changed from a windshield survey to an automated survey. In the automated survey, high-resolution video images are collected at highway speed and these video images are then rated on special workstations at 3-6 mph speed. This change has also resulted in a more detailed classification and recording of various distresses that are rated.

Pavement condition surveys are generally conducted in the fall of each year, then analyzed during the winter and spring, with the previous year’s results released in June each year. In calendar year 2003, WSDOT rated pavement condition on 17,702 of the 19,970 lane miles of highway. The chart on the following page shows recent pavement condition ratings for the State Highway System, using the combination of the three indices described above.

Condition Rating of Washington State Department of Transportation's Pavement

Percentage of Pavement in Fair or Better Condition					
	<u>2003*</u>	<u>2002*</u>	<u>2001*</u>	<u>2000*</u>	<u>1999*</u>
Statewide - Chip Seals	86	89	89	92	91

Statewide - All Pavements	90	91	91	94	92

Percentage of Pavement in Poor or Very Poor Condition					
	<u>2003*</u>	<u>2002*</u>	<u>2001*</u>	<u>2000*</u>	<u>1999*</u>
Statewide - Chip Seals	14	11	11	8	9
Statewide - Asphalt	9	9	8	5	7
Statewide - Concrete	7	8	8	8	10
Statewide - All Pavements	10	9	9	6	8

* Calendar year data. Assessments are typically made in the fall of each year, and verified during the winter and spring, with final results released in June. Years indicated are when the physical assessment was done in the fall.

Note: The All Pavements percentages are calculated from total database averages, not a statistical average of the three pavement type percentages.

More information about pavement management at the Department of Transportation may be obtained at:
<http://www.wsdot.wa.gov/biz/mats/pavement/structural.htm>

Bridge Condition

During Fiscal Year 2004 there were 3,076 state-owned vehicular structures over twenty feet in length with a total area of 43,447,898 square feet. In addition to bridges, the 3,076 structures included 77 culverts and 30 ferry terminal structures. All bridges are inspected on a two to four year interval, with no more than 10 percent of the bridges inspected less than every three years. Divers inspect underwater bridge components at least once every five years in accordance with Federal Highway Administration requirements. Special emphasis is given to the ongoing inspection and maintenance of major bridges representing a significant public investment due to size, complexity or strategic location. Information related to public bridges is maintained in the Washington State Bridge Inventory System (WSBIS). This system is used to develop preservation strategies and comprehensive recommendations for maintenance and construction, and for reporting to the Federal Highway Administration (FHWA).

While the WSDOT has a 20 year goal of no structurally deficient bridges, the policy for the current biennium is to maintain 95 percent of its bridges at a structural condition of at least fair, meaning that all primary structural elements are sound. The most recent assessment found that state-owned bridges were within the prescribed parameters with 97 percent having a condition rating of fair or better and only 3 percent of

bridges having a condition rating of poor. Bridges rated as poor may have structural deficiencies that restrict the weight and type of traffic allowed. No bridges that are currently rated as poor are unsafe for public travel. Any bridges determined to be unsafe are closed to traffic. WSDOT had no closed bridges at June 30, 2004.

WSDOT's Bridge Seismic Retrofit Program prioritizes state bridges for seismic retrofit, and performs these retrofits as funding permits. Retrofit priorities are based on seismic risk of a site, structural detail deficiencies, and route importance. From 1980 to the end of June 2003, WSDOT completed 441 full or partial seismic retrofit projects to meet current national standards. An additional 920 retrofits await programming. There are four scheduled seismic retrofits in the 2003-2005 biennium, none of which were completed by June 30, 2004.

The following condition rating data is based on the structural sufficiency standards established in the FHWA "Recording and Coding Guide for the Structural Inventory and Appraisal of the Nation's Bridges." This structural rating relates to the evaluation of bridge superstructure, deck, substructure, structural adequacy and waterway adequacy. Three categories of condition were established in relation to the FHWA criteria as follows:

Category	National Bridge Inventory Code	Description
Good	6, 7, or 8	A range from no problems noted to some minor deterioration of structural elements.
Fair	5	All primary structural elements are sound but may have deficiencies such as minor section loss, deterioration, cracking, spalling or scour.
Poor	4 or less	Advanced deficiencies such as section loss, deterioration, cracking, spalling, scour or seriously affected primary structural components.

Notes: Bridges rated in poor condition may be restricted for the weight and type of traffic allowed.

Condition Rating of Washington State Department of Transportation's Bridges

Percentage of Bridges in Fair or Better Condition						
<u>Bridge Type</u>		<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Reinforced Concrete	(1,308 bridges in FY 2004)	98	98	97	96	95
Prestressed Concrete	(1,277 bridges in FY2004)	99.5	99.5	99.5	99	99
Steel	(346 bridges* in FY 2004)	93	93	92	91	91
Timber	(65 bridges in FY 2004)	70	69	70	71	71
Statewide - All Bridges		97.4	97	96.7	96	95
(2,996 out of 3,076 bridges in FY 2004)						

Percentage of Bridges in Poor Condition						
<u>Bridge Type</u>		<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Reinforced Concrete	(24 bridges in FY 2004)	2	2	3	4	5
Prestressed Concrete	(4 bridges in FY 2004)	0.5	0.5	0.5	1	1
Steel	(24 bridges* in FY 2004)	6.5	7	8	9	9
Timber	(28 bridges in FY 2004)	30	31	30	29	29
Statewide - All Bridges (80 out of 3,076 bridges in FY 2004)		2.6	3	3.3	4	5

*The steel bridge ratings for FY2004 include 24 Ferry terminal structures rated as fair or better and six Ferry terminal structures rated as poor. While the terminals are included in a depreciable asset category, they are included here with bridge condition information since they are evaluated by the WSDOT Bridge Office on a periodic basis.

Note: Bridges rated as poor may have structural deficiencies that restricted the weight and type of traffic allowed. WSDOT currently has 12 posted bridges and

145 restricted bridges. Posted bridges have signs posted which inform of legal weight limits. Restricted bridges are those where overweight permits will not be issued for travel by overweight vehicles. Refer to <http://www.wsdot.wa.gov/freight/mcs/> for more information. Any bridges determined to be unsafe are closed to traffic. WSDOT had one closed bridge at June 30, 2004.

Additional information regarding the Department of Transportation's bridge inspection program may be obtained at:
<http://www.wsdot.wa.gov/eesc/bridge/index.cfm>.

Emergency Air Field Condition

The Washington State Department of Transportation (WSDOT), through its Aviation Division is authorized by RCW 47.68.100 to acquire and maintain airports. Under this authority, WSDOT owns eight emergency airfields and leases several others. Most of the airfields are located near or adjacent to state highways and range in character from paved to gravel or turf. The prime task of the airfields is to provide emergency facilities. Two airfields are in operational condition 12 months of the

year, and five are operational from June to October each year. One is only available for emergency search and rescue use. In accordance with WSDOT policy, maintenance is done on each airfield annually to keep it at its existing condition of use. Each airfield is inspected a minimum of three times per year.

The definitions below form the rating criteria for the current airfield condition ratings which follow.

Category	Definition
General Use Community Airport	An airport with a paved runway capable of handling aircraft with a maximum gross certificated takeoff weight of 12,500 pounds.
Limited Use Community Airport	An airport with an unpaved runway capable of handling aircraft with a maximum gross certificated takeoff weight of 12,500 pounds.
General Recreational Use Airport	An airport with a turf (unpaved) runway near access to recreational opportunities with capacity for aircraft less than 12,500 pounds.
Limited Search and Rescue Forward Operating Location	An airport with a landing pad only capable of accommodating rotorcraft.

Condition Rating of Washington State Emergency Airfields

		<u>Number of Airports</u>				
Owned airports:						
Acceptable for general use as a community airport		1				
Acceptable for limited use as a community airport		1				
Acceptable for general recreation use		5				
Limited search and rescue forward operating location		1				
Total owned airports		8				
		<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>	<u>2000</u>
Percentage of airports acceptable for general recreational use or better		88	88	88	88	88
Percentage of airports not acceptable for general recreational use or better		12	12	12	12	12

Notes: One airport is open only as a limited search and rescue operating location and is expected to remain in that status.

For pictures of specific airfields, refer to the Department of Transportation's website at:

Emergency Air Fields									
Preservation & Maint.	\$ 70	\$ 64	\$ 6	\$ 70	\$ 58	\$ 12	\$ 70	\$ 71	\$ (1)

In addition to increasing and improving the state highway system, WSDOT places a high priority on preserving and maintaining the current highway system. WSDOT breaks out preservation and maintenance into two separate functions. Preservation can be described as projects that maintain the structural integrity of the existing highway system including roadway pavements, safety features, bridges, and other structures/facilities. The Maintenance function handles the day-to-day needs that occur such as guardrail replacement, patching potholes, installing signs, vegetation control, etc.

In 1996 WSDOT embarked on an initiative to use outcome based performance measures for evaluating the effectiveness of the Maintenance Program. The Maintenance Accountability Process (MAP) is a comprehensive planning, measuring and managing process that provides a means for communicating the impacts of policy and budget decisions on program service delivery. WSDOT uses it to identify investment choices and affects of those choices in communicating with the legislature and other stakeholders. The MAP measures and communicates the outcomes of 34 distinct highway maintenance activities. Maintenance results are measured via field condition surveys and reported as Level of Service (LOS) ratings, which range from A to F. LOS targets are defined in terms of the condition of various highway features (i.e. percent of guardrail on the highway system that is damaged) and are set commensurate with the level of funding provided for the WSDOT highway maintenance program. More

information about MAP may be obtained at: <http://www.wsdot.wa.gov/maintenance/accountability.htm>.

Notes: Numbers for the Pavement and Bridges budget amounts are calculated based on the 2003-2005 biennial plan as shown in the WSDOT June 2004 *Monthly Financial Report* for sub-programs P1 (Roadway Preservation), P2 (Structures Preservation), and M2 (Roadway, Bridge & Tunnel maintenance). For FY 2004, the annual budget amount was calculated as half the biennial amount. The Preservation budgeted and actual amounts were adjusted for capitalized infrastructure and equipment in FY 2004.

The emergency airfields (program F3, State Airport Construction and Maintenance) budget amount came from the same sources as for pavements and bridges described above but is only one-fourth of the biennial

The state implemented the requirements of Statement No. 34 of the Governmental Accounting Standards Board (GASB), including the provisions related to capitalizing and reporting infrastructure on the modified approach, in Fiscal Year 2002. While budget to actual information is not available for years prior to Fiscal Year 2002 using the GASB definitions of preservation and maintenance, historical budget to actual information for the entire Construction and Maintenance programs is available by contacting the WSDOT Budget Office at (360) 705-7500.

APPENDIX E
BOOK-ENTRY TRANSFER SYSTEM

This page left blank intentionally

BOOK-ENTRY TRANSFER SYSTEM

The following information has been provided by DTC. The state makes no representation as to the accuracy or completeness thereof. Beneficial Owners should confirm the following with DTC or the Participants (as hereinafter defined).

DTC will act as securities depository for the Certificates. The Certificates will be issued as fully registered Certificates, registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered certificate will be issued for each Principal Payment Date of the Certificates, each in the aggregate principal amount of represented by such Certificates, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants (the "Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need of physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations ("Direct Participants"). DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of Certificates under the DTC system must be made by or through Direct Participants. Such Direct Participants will receive a credit for the Certificates on DTC's records. The ownership interest of each actual purchaser of each Certificate ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Certificates are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Certificates, except in the event that use of the book-entry system for the Certificates is discontinued.

To facilitate subsequent transfers, all Certificates deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Certificates with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Certificates; DTC's records reflect only the identity of the Direct Participants to whose accounts such Certificates are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to Cede & Co. If less than all of the Certificates within a Series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in Certificates to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to Certificates. Under its usual procedures, DTC mails an Omnibus Proxy to the state as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Certificates will be made to DTC. DTC's practice is to credit Direct Participants' accounts on payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Fiscal Agent or the state, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the state or the Fiscal Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Certificates at any time by giving reasonable notice to the state. Under such circumstances, in the event that a successor securities depository is not obtained, physical certificates are required to be printed and delivered.

The state may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, physical certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources the state believes to be reliable, but the state takes no responsibility for the accuracy or completeness thereof.

APPENDIX F
MUNICIPAL INSURANCE POLICY SPECIMEN

This page left blank intentionally

**MUNICIPAL BOND
INSURANCE POLICY****ISSUER:** []**Policy No:** []**BONDS:** []**Effective Date:** []

XL Capital Assurance Inc. (XLCA), a New York stock insurance company, in consideration of the payment of the premium and subject to the terms of this Policy (which includes each endorsement attached hereto), hereby agrees unconditionally and irrevocably to pay to the trustee (the "Trustee") or the paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the benefit of the Owners of the Bonds or, at the election of XLCA, to each Owner, that portion of the principal and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment.

XLCA will pay such amounts to or for the benefit of the Owners on the later of the day on which such principal and interest becomes Due for Payment or one (1) Business Day following the Business Day on which XLCA shall have received Notice of Nonpayment (provided that Notice will be deemed received on a given Business Day if it is received prior to 10:00 a.m. New York time on such Business Day; otherwise it will be deemed received on the next Business Day), but only upon receipt by XLCA, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in XLCA. Upon such disbursement, XLCA shall become the owner of the Bond, any appurtenant coupon to the Bond or the right to receipt of payment of principal and interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by XLCA hereunder. Payment by XLCA to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of XLCA under this Policy.

In the event the Trustee or Paying Agent has notice that any payment of principal or interest on a Bond which has become Due for Payment and which is made to an Owner by or on behalf of the Issuer of the Bonds has been recovered from the Owner pursuant to a final judgment by a court of competent jurisdiction that such payment constitutes an avoidable preference to such Owner within the meaning of any applicable bankruptcy law, such Owner will be entitled to payment from XLCA to the extent of such recovery if sufficient funds are not otherwise available.

The following terms shall have the meanings specified for all purposes of this Policy, except to the extent such terms are expressly modified by an endorsement to this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment", when referring to the principal of Bonds, is when the stated maturity date or a mandatory redemption date for the application of a required sinking fund installment has been reached and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by application of required sinking fund installments), acceleration or other advancement of maturity, unless XLCA shall elect, in its sole discretion, to pay such principal due upon such acceleration; and, when referring to interest on the Bonds, is when the stated date for payment of interest has been reached. "Nonpayment" means the failure of the Issuer to have provided sufficient funds to the Trustee or Paying Agent for payment in full of all principal and interest on the Bonds which are Due for Payment. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to XLCA which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

XLCA may, by giving written notice to the Trustee and the Paying Agent, appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy. From and after the date of receipt by the Trustee and the Paying Agent of such notice, which shall specify the name and notice address of the Insurer's Fiscal Agent, (a) copies of all notices required to be delivered to XLCA pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to XLCA and shall not be deemed received until received by both and (b) all payments required to be made by XLCA under this Policy may be made directly by XLCA or by the Insurer's Fiscal Agent on behalf of XLCA. The Insurer's Fiscal Agent is the agent of XLCA only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of XLCA to deposit or cause to be deposited sufficient funds to make payments due hereunder.

Except to the extent expressly modified by an endorsement hereto, (a) this Policy is non-cancelable by XLCA, and (b) the Premium on this Policy is not refundable for any reason. This Policy does not insure against loss of any prepayment or other acceleration payment which at any time may become due in respect of any Bond, other than at the sole option of XLCA, nor against any risk other than Nonpayment. This Policy sets forth the full undertaking of XLCA and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto.

THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, XLCA has caused this Policy to be executed on its behalf by its duly authorized officers.
